This Explanatory Memorandum forms part of the Notice convening the Extraordinary General Meeting of the Shareholders of **Genex Power Limited** be held by virtual technology on **18 September 2020** commencing at **10.00 a.m.** (AEST).

Specifically, the Explanatory Memorandum contains information that is intended to help Shareholders understand the background to, and the legal and other implications of, the Notice and the reasons for the Resolutions. The Notice and Explanatory Memorandum should be read in their entirety and in conjunction with each other.

ORDINARY RESOLUTIONS

Resolution 1:

Issue of Shares to Electric Power Development Co., Ltd (trading as J-POWER):

“That, for the purposes of Listing Rule 7.1 and for all other purposes, approval is given for the Company to issue and allot up to 132,510,161 Shares to Electric Power Development Co., Ltd, or its nominee, on the terms and conditions set out in the Explanatory Memorandum accompanying this Notice of Meeting.”

Background:

As announced to the market through ASX on 3 August 2020, the Company entered into a conditional subscription agreement with Electric Power Development Co., Ltd trading as J-POWER (**Subscription Agreement**).

The Subscription Agreement provides for an investment by J-POWER of up to A\$25 million by way of a subscription for Shares in Genex, with the proceeds to be principally applied towards the Company’s equity funding component for the construction of the KPSH.

The key terms of the Subscription Agreement are as follows:

1. **Maximum size of investment:** Subject to the satisfaction of a number of conditions which are outlined below (**Conditions**), J-POWER will make a capital investment of up to a maximum of A\$25 million in Genex (**Maximum Investment Amount**) in consideration for being issued with a maximum interest of 19.99% of Genex’s enlarged Share capital on Completion.
2. **Price per Share:** J-POWER will subscribe for the Shares under the Subscription Agreement at a price per Share that will be the higher of the 5-day volume weighted average price (**VWAP**) of Genex Shares for the five trading day period immediately:
 - a) preceding the date, prior to the date on which the Conditions are satisfied or waived; and
 - b) following the date, after the date on which the Conditions are satisfied or waived,

(the **Relevant VWAP**).

The price per Share payable by J-POWER is subject to:

- a) a subscription price cap, which means that J-POWER will be issued with a minimum of 15.00% of Genex's enlarged share capital in circumstances where Genex's Share price increases such that the A\$25 million investment by J-POWER would otherwise result in J-POWER being issued with less than 15.00% of Genex's enlarged share capital (which is calculated as a minimum of \$0.267 per Share based on the capital structure outlined in the table below) (the **Subscription Price Cap**); and
- b) J-POWER being issued with a maximum of 19.99% of Genex's enlarged share capital.

For purposes of ASX Listing Rule 7.3.3, the price at which the Shares will be issued to J-POWER will be either:

- (i) The higher of the 5-day VWAP preceding satisfaction of the conditions precedent under the Subscription Agreement or the 5-day VWAP following satisfaction of the conditions precedent under the Subscription Agreement; or
- (ii) the Subscription Price Cap.

whichever is the lesser between (i) and (ii).

The table below provides worked examples of J-POWER'S percentage shareholding in Genex following completion of its investment under the Subscription Agreement based on a range of hypothetical VWAPs. The table is based on there being a total of 530,372,089 Shares on issue at the time of J-POWER'S subscription on the basis of:

- (i) 498,553,907 Shares being on issue as at the date of this Notice of EGM following completion of the placement announced to the ASX on 10 August 2020; and
- (ii) A further 31,818,182 Shares being issued under the Share Purchase Plan announced through ASX on 10 August 2020, being the maximum Shares issued assuming the Share Purchase Plan is fully subscribed.

On the basis of this capital structure, the Subscription Price Cap would be calculated as \$0.267 per Share.

3. **Nominee Director:** J-POWER will have the right to appoint a nominee Director to the Board of Genex for so long as J-POWER and its related bodies corporate hold in aggregate at least 10% or more of the Shares. Any Director nominated by J-POWER must have the appropriate commercial and professional experience to fulfil the role of Director.
4. **Conditions:** As noted above, the Subscription Agreement is subject to several Conditions that remain outstanding, including:
- Genex obtaining approval for Resolution 1 at the EGM;
 - execution of a Facility Agreement (**Facility Agreement**) with Northern Australia Infrastructure Facility (**NAIF**) (further detailed below);
 - election of J-POWER's nominee Director to the Board of Genex (as detailed in Resolution 2);
 - J-POWER receiving approval of the Foreign Investment Review Board; and
 - Genex achieving financial close on the KPSH prior to 31 December 2020.

If the Conditions are not satisfied or waived by 31 December 2020, Genex or J-POWER may elect to terminate the Subscription Agreement, in which case J-POWER may not subscribe for, or be issued, Shares.

Information for Shareholders in accordance with Listing Rule 7.3 for Resolution 1

Pursuant to and in accordance with ASX Listing Rule 7.3 the following information is provided in relation to Resolution 1:

- Maximum number of securities to be issued: 132,510,161 Shares.
- Date by which securities will be issued: It is expected that the Shares will be issued in conjunction with financial close of the Company's KPSH but, in any event, no later than the date that is three months following the EGM, being 18 December 2020.
- Issue price of securities: The issue price of the Shares will be set in accordance with the formula provided for in the Subscription Agreement described above. The price at which the Shares will be issued to J-POWER will be either:
 - The higher of the 5-day VWAP preceding satisfaction of the conditions precedent under the Subscription Agreement or the 5-day VWAP following satisfaction of the conditions precedent under the Subscription Agreement; or
 - The Subscription Price Cap.

whichever is the lesser between (i) and (ii).

Worked examples of the number of shares to be issued pursuant to shareholder approval sought in Resolution 1 are included in the table earlier in this section. In simple terms, the number of Shares to be issued to J-POWER is calculated by dividing \$25 million by the determined issue price with the maximum number to be issued being 132,510,161. A number of hypothetical examples of this are as follows:

- if the issue price is determined to be \$0.32, then the full \$25m will be invested and the number of Shares to be issued would be 93,595,074;
 - if the issue price is determined to be \$0.28, then the full \$25m will be invested and the number of Shares to be issued would be 93,595,074; and
 - if the issue price is determined to be \$0.18, then the amount invested will be \$23.85m and the number of Shares to be issued would be the maximum of 132,510,161.
- (d) Allottee: Electric Power Development Co., Ltd (or its nominee, being a related body corporate).
- (e) Terms of securities: The Shares will be issued on the same terms and conditions as the Company's existing Shares.
- (f) Intended use of funds raised: The funds raised will be used towards Genex's equity funding component for the construction of the KPSH and towards working capital.
- (g) The Shares will be issued in one tranche in accordance with (b) above.
- (h) A voting exclusion statement has been included in this Notice.

Listing Rule 7.1 provides that, unless an exemption applies, a company must not, without prior approval of Shareholders, issue or agree to issue Equity Securities if the Equity Securities will in themselves or when aggregated with the Equity Securities issued by the Company during the previous 12 months, exceed 15% of the number of ordinary shares on issue at the commencement of the 12 month period.

During the relevant 12 month period, the Company has used up its entire 15% placement capacity under Listing Rule 7.1 and almost all of its placement capacity under Listing Rule 7.1A. As such, the Company cannot issue the shares pursuant to Resolution 1 without shareholder approval as, to do so, would breach the Company's placement capacity. Therefore, Resolution 1 seeks the required approval of Shareholders for the purposes of Listing Rule 7.1.

If Resolution 1 is passed, Genex will be able to proceed with the issue and the Shares will be issued to J-Power under the Subscription Agreement.

If Resolution 1 is not passed, Genex will not be able to proceed with the issue and will not be able to satisfy its conditions precedent under the Subscription Agreement and the Subscription Agreement will therefore lapse at 31 December 2020. This will have a material adverse impact on Genex's ability to reach financial close for the KPSH Project.

Recommendation

The Board unanimously recommends that the Shareholders vote in favour of Resolution 1.

Resolution 2:**Election of Kenichi Seshimo as a Director**

“That, subject to Resolution 1 being passed, and for the purposes of clause 11.10 of the Company’s Constitution and for all other purposes, Kenichi Seshimo, being eligible, is elected as a Director of the Company on the date on which Shares are issued to J-POWER under the Subscription Agreement.”

Information about Kenichi Seshimo:

Kenichi Seshimo has worked in the electric power development and energy industry, in different countries, for more than 30 years.

He commenced his career with a leading Japanese energy company and held roles in which he was involved in various international overseas electric power projects. This included a period in which he was based in Ho Chi Minh City, Vietnam where he was project manager for a Gas Combined Cycle corporation.

Kenichi has been working at J-POWER since 2004. During his time at J-POWER, Kenichi has been involved in the following project development and management roles: Non-Executive Director with CBK (750MW), a Pumped Storage Hydro Power Project Company based in the Philippines; Non-Executive Director of Chia Hui Gas Fired Power Project Company (450MW) in Taiwan; CEO of PT Bhimansena Power Indonesia for 2 x 1,000MW Ultra Super Critical (USC) Coal Thermal Power Project (project cost \$4 billion in Indonesia; and Chief Operating Officer of J-POWER Australia Pty Limited, where he was responsible for developing and managing coal mines such as Clermont, Narrabri and Maules Creek in Australia.

Recommendation

Subject to the passing of Resolution 1, the Board unanimously recommends that the Shareholders vote in favour of Resolution 2.
