

ASX Announcement

25 August 2020

EXTENSION OF SHARE PURCHASE PLAN

iSentric Limited (ASX:ICU) ('iSentric' or the Company) wishes to advise that the closing date for the Share Purchase Plan (SPP) announced to the market on 11 August 2020 will be extended for a period of one week from 28 August 2020 to 4 September 2020.

The decision was made by the Company for the extension due to extended delivery days noted by Australia Post affecting the receipt of Application Forms by eligible holders. The extension of one week is deemed an appropriate amount of time to allow for the delays currently being experienced and to maintain a fair approach for all eligible shareholders to have access to the SPP.

An updated timetable with the new closing date for the SPP is as follows:

Event	Date
SPP Record Date	7:00pm (Sydney time), Monday, 10 August 2020
SPP Offer Opens	Friday, 14 August 2020
SPP Offer Closes	Friday, 4 September 2020
Allotment of Shares	Thursday, 10 September 2020
Normal trading of SPP Offer Shares	Friday, 11 September 2020
Dispatch of Holding Statements of SPP Offer Shares	Monday, 14 September 2020

** All dates in this announcement are indicative and may be subject to change*

About iSentric (ASX:ICU):

iSentric Limited provides fintech and digital commerce software and services that enable its institutional customers to securely authenticate end-user customers and process banking, purchase and payment transactions.

The Company's core technology platform enables large customer communities to extend their information technology applications to any mobile device and integrate mobile technology throughout their existing business. The Company's business divisions consist of Mobile Banking, Digital Payments and Digital Services which service the top 20 banks in Malaysia and leading corporates including utilities, insurance companies and telco's in Malaysia & Indonesia. iSentric also works with telecommunication network providers to provide mobile OTT (over-the-top) services that leverage their subscriber base to build active communities and digital commerce business volumes.
