About Land & Homes Group Limited

Land & Homes Group Limited (LHM) is a property development company focused on the acquisition of prime sites for project development into quality residential, commercial and mixed-use apartments. The Company is listed on the Australian Securities Exchange. Its strategy is to hold a diverse portfolio of high-yield properties and projects at various stages of development and construction.

The Company's operations have been established in Brisbane to develop quality, medium to high-density residential apartments for an expanding market in the strong sustainable growth region of South East Queensland. Initially concentrating the business activity on Brisbane city, the residential products are to be developed in attractive convenient locations of inner Brisbane area suitable for a balance of both investors and owner occupiers.

The Company is well placed to leverage the credentials and track record of its major shareholder, the Lian Huat Group, in property development in Australia with strong networks and insight into the needs of investors from Asia. With this experience, LHM will realise its *Asia Vision* through the establishment of an experienced management team that has expertise in Australia's property market, urban planning, project management and finance, along with an intimate knowledge of the appetite and demands of the significant Asian market.

Directors' Report

30 June 2020

The Directors present their report on Land & Homes Group Limited (the "Company") and its subsidiaries (referred to hereafter as the "Group"), for the financial year ended 30 June 2020.

Directors

The names of the Directors of the Group in office during the financial year and up to the date of this report are:

- Choon Keng (CK) Kho – Non-Executive Chairman
- Peter Henry Mackinlay – Independent Non-Executive Director / Deputy Chairman
- Patrick Chuan Thye Kho – Non-Executive Director
- Shawn Chuan Chi Kao – Independent Non-Executive Director
- Kwee Jee Lee – Independent Non-Executive Director
- Kim Huat Koh – Independent Non-Executive Director
- Grant Archibald – Independent Non-Executive Director
- Charles Chow Cher Lim – Non-Executive Director
- Siew Goh – Non- Executive Director

Unless noted above, directors have been in office since the start of the financial year to the date of this report.

Company Secretary

- Andrew Cooke - details of the company secretary's experience are set out below under 'Information on Directors'.

Principal activities and significant changes in nature of activities

The principal activity of the Group is to develop quality, medium to high-density residential apartments initially focusing on the city of Brisbane.

Review of operations and operating results

The Land & Homes Group's business strategy is focused on property investment and multi-purpose property development in Australia. The Group's preferred property development model is to develop quality, medium to high density residential apartments in South East Queensland, focussing initially on Brisbane. The residential developments are to be in attractive, convenient locations of the inner Brisbane area suitable for a balance of both investors and owner occupiers.

The Group owns two properties in Brisbane, 207 Wharf Street, Spring Hill and 100 Barry Parade Fortitude Valley. The current focus of the Group is the redevelopment of 100 Barry Parade into a multi-story mixed use tower over the next 5 years.

The loss after income tax of the Group for the financial year amounted to \$2,093,972 (2019: loss of \$3,061,131). The loss is largely driven by holding costs attributable to both properties which currently generate minimal rental income. In the short term, the Group is considering refurbishing and leasing out 4,695 sqm of office space at the 207 Wharf St property.

Financial position

The net assets of the Group at 30 June 2020 are \$6,754,566 (2019: \$8,848,538). On 31 October 2017 the Land & Homes Group Limited announced that it would be conducting a private placement of Convertible Notes to sophisticated investors initially to raise up to \$3.0 million. The first Notes were issued on 3rd November 2017 and as at 30 June 2020, \$8,547,594 in Class A Notes and \$552,825 in Class B Notes had been issued. In addition to issuing further convertible notes, the company is also considering various options such as Joint Venture partners' participation, a further rights issue and/or private placements, to cover any cash shortfalls for working capital and development requirements.

Dividends Paid or Recommended

No dividends were paid during the period and no recommendation is made as to the payment of a dividend.

Directors' Report

30 June 2020

Significant changes in the state of affairs

There have been no significant changes in the state of the affairs of the Group for the financial year.

Events after the end of the reporting period

Since 30 June 2020, a further \$1,030,000 Convertible Note A have been issued (bringing the current total to \$9,577,594).

The Group is in the process of renewing the related party loan of SGD \$1,000,000 which matured 31 December 2019.

On the 15th of July 2019 the Group announced that it had changed its principal place of business in Brisbane to Ground Floor, 203 Wharf Street Spring Hill.

Likely developments

Other than the information disclosed elsewhere in this report, information on likely developments in the operations of the Group and the expected results of those operations in future financial years has not been included in this directors' report because it is currently difficult to determine the full extent of the impact of Covid-19. The level of uncertainty in the economy and the restrictions imposed by State governments around the country has clearly resulted in less activity in most industries. The Group will continue to monitor the situation and further updates will be provided in due course.

Environmental regulations

The Group is subject to compliance with both Commonwealth and State environment protection legislation. The directors are satisfied that adequate policies and procedures are in place to ensure the Group's compliance with the applicable legislation. The Group is not aware of any incidents that have resulted in material non-compliance with environmental regulations during the financial year and up to the date of the directors' report.

Information on directors

The names, qualifications, experience and special responsibilities of each person who has been a director during the financial year and to the date of this report are:

Mr Choon Keng (CK) Kho

Qualifications

Non-Executive Chairman

Mr CK Kho graduated with First Class Honours in BSc (Engineering) from King's College University of London. He was also awarded the President's Scholarship by the Government of Singapore.

Experience

Mr Kho served in the Singapore Civil Service until joining Lian Huat Group in Singapore in 1985 and has extensive experience in developing major property projects in Australia, Singapore and China. After joining the Lian Huat Group, Mr Kho was responsible in upgrading and modernising the group's management systems and expansion plan while preserving the qualities of the traditional Chinese ethics and culture to lead the group to be one with international perspectives and practices and yet nimble with long-term vision.

Mr Kho is the Non-Executive Chairman of LionHub Group Limited (ASX: LHB).

Deemed interest in shares

503,229,092 (June 2019: 503,159,092)

Mr Peter Henry Mackinlay

Qualifications

Non-Executive Director / Deputy Chairman

Mr Mackinlay is a Fellow of the Australian Institute of Company Directors, Fellow of FINSEA and a Life Member of the Overseas Bankers Association of Australia.

Experience

Mr Mackinlay has been in the banking industry since 1961, having commenced with the National Bank of Australasia in managerial roles in Australia, Singapore and Hong Kong. In 1995, Mr Mackinlay was recruited by Singapore based Overseas Union Bank Limited as a Regional Head for Australia and New Zealand. From 2001, Mr Mackinlay was appointed as Head of Australasia, Overseas Union Bank of Singapore and retired in March 2014 when he was CEO of Australia and New Zealand of United Overseas Bank, Singapore, following the merger with Overseas Union Bank.

In April 2002, Mr Mackinlay was appointed by the Singapore Government as the Honorary Business Representative (Sydney) for International Enterprise Singapore and held that position until December 2008.

Directors' Report

30 June 2020

Mr Kim Huat Koh

Qualifications

Experience

Interest in shares

Non-Executive Director

Mr Koh graduated from National University of Singapore in Bachelor of Engineering (civil), 2nd Upper Honors.

Mr Koh spent many years serving the Singapore Government in different departments. They included administrative service of Singapore Government, its diplomatic mission in Shanghai and Government of Singapore Investment Corporation (GIC).

Mr Koh has extensive experience as a member on the boards of many private and publicly listed companies, including Singapore and Hong Kong-listed Rowsley Ltd, UPP Holdings Ltd, Eagle Brand Holdings Ltd and Hong Kong Fortune Ltd. He was Executive Director of Hong Kong Fortune Ltd in 1994 and retired in May 2013 as Executive Chairman of UPP Ltd. Mr Koh has intimate knowledge of China and of property development. He was head of Singapore's diplomatic missions in Shanghai from 1991 until 1994. He then went on to head up the property businesses for Chia Tai group in China. Chia Tai was then one of the largest foreign investors in China. Its property investments include the commercial downtown of Pudong, Shanghai and other cities. He was also a director of Vantage Bay, a company involved in property development in Iskandar Johor.

Mr Koh is a Non-Executive Director with LionHub Group Limited (ASX: LHB).

Nil

Mr Grant Archibald

Qualifications

Experience

Interest in shares

Non-Executive Director (Executive Director to 29 January 2018, Non-Executive Director from 30 January 2018)

Mr Archibald is a graduate in Construction Management of RMIT in Melbourne and a Full Member of the Australian Institute of Building since 1974.

Mr Archibald spent 10 years in Melbourne as a construction company executive before moving to Sydney and gaining extensive experience in the overall delivery of major hotels, large-scale retail and residential projects.

Since 1993, he has acted as CEO and director of a number of major development project companies for investors from Malaysia, Singapore and China. In this role he was responsible for the successful undertaking of substantial property investment commitments. Mr Archibald's duties and experience have included most aspects of the related fiduciary duties required for corporate formation, operation, governance and accountability. From 2008 to 2012 Mr Archibald was a senior management executive for a publicly listed development corporation based in Shanghai, where he was responsible to lead the international consultant team on developing large scale mixed use projects.

Mr Archibald returned to Australia and established a residential property development company undertaking a variety of large scale projects for Chinese and Australian investors.

Nil

Mr Charles Chow Cher Lim

Qualifications

Experience

Interest in shares

Non-Executive Director

Mr Lim holds a B.A. Hons (Economics & Finance) degree from the University of California, Los Angeles.

Mr Lim has over 20 years of experience in Finance and Management. Qualifications	LLB
Experience	Andrew has more than twenty years' experience in law and corporate finance and has served as the Company Secretary of a number of listed companies. He is responsible for the company secretarial function together with stock exchange and regulatory compliance.

REMUNERATION REPORT (AUDITED)

Remuneration policy

The remuneration policy of Land & Homes Group Limited has been designed to align Key Management Personnel (KMP) objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the Group's financial results. The Board of Land & Homes Group Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best KMP to run and manage the Group, as well as create goal congruence between directors, executives and shareholders.

The Board's policy for determining the nature and amount of remuneration for KMP of the Group is as follows:

- The remuneration policy has been developed by the Board of Directors.
- A base salary which is based on factors such as length of service and experience, and includes superannuation, fringe benefits, and performance incentives.
- Performance incentives are based on predetermined key performance indicators.
- Incentives paid in the form of options or rights are intended to align the interests of the KMP and Group with those of the shareholders. In this regard, KMP are prohibited from limiting risk attached to those instruments by use of derivatives or other means.
- The Remuneration Committee reviews KMP packages annually by reference to the Group's performance, executive performance and comparable information from industry sector. The Remuneration Committee consists of Choon Keng (CK) Kho, Patrick Chuan Thye Kho, Kwee Jee Lee and Kim Huat Koh.

The performance of KMP is measured against criteria agreed bi-annually with each executive and is based predominantly on the forecast growth of the Group's profits and shareholders' value. All bonuses and incentives must be linked to predetermined performance criteria. The Board may, however, exercise its discretion in relation to approving incentives, bonuses and options, and can recommend changes to the Committee's recommendations. Any changes must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth.

KMP receive a superannuation guarantee contribution required by the law, which is currently 9.5%, and do not receive any other retirement benefits. Some individuals, however, have chosen to sacrifice part of their salary to increase payments towards superannuation.

Upon retirement, KMP are paid employee benefit entitlements accrued to the date of retirement. Any options not exercised before or on the date of termination will lapse.

All remuneration paid to KMP is valued at the cost to the Group and expensed. The Board's policy is to remunerate non-executive directors at market rates for time, commitment and responsibilities. The Remuneration Committee determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of fees that can be paid to non-executive directors is \$600,000 as approved at the general meeting on 2 November 2015.

Directors' Report

30 June 2020

Relationship between remuneration policy and company performance

The remuneration policy has been tailored to increase goal congruence between shareholders, directors and executives. Two methods have been applied to achieve this aim, the first being a performance-based bonus based on key performance indicators, and the second being the issue of options to directors and executives to encourage the alignment of personal and shareholder interests.

Performance conditions linked to remuneration

The key performance indicators (KPIs) are set annually, with a certain level of consultation with KMP to ensure buy-in. The measures are specifically tailored to the area each individual is involved in and has a level of control over. The KPIs target areas the Board believes hold greater potential for Group expansion and profit, covering financial and non-financial as well as short and long-term goals. The level set for each KPI is based on budgeted figures for the Group and respective industry standards.

Employment details of members of KMP

The following table provides employment details of persons who were, during the financial year, members of KMP of the Group. The table also illustrates the proportion of remuneration that was performance and non-performance based and the proportion of remuneration received in the form of options.

The names of the directors of Land & Homes Group Limited and their position are set out on page 3. The other key management personnel of the Group consisted of the following Senior Executive:

Mr Theo Osakwe – Financial Controller

Directors' Report

30 June 2020

Non-audit services

The Board of Directors, in accordance with advice from the audit committee, is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the services disclosed below did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the Board of Directors prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided do not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

There were no non-audit services paid or payable to the auditor of the parent entity, its related practices and non-related audit firms during the year ended 30 June 2020 (2019: Nil).

New Accounting Standards Implemented

The Group adopted AASB 16: *Leases* from 1 July 2019 under the modified retrospective approach and therefore the comparative information continues to be reported under AASB 117. The new leases standard now requires companies to bring the majority of operating leases on-balance sheet. There were no changes to the Group's annual financial statement on adoption of AASB16 because the Group did not have any operating leases.

Auditor's independence declaration

The auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001*, for the year ended 30 June 2020 has been received and can be found on page 14 of the financial report.

This directors' report, incorporating the remuneration report, is signed in accordance with a resolution of the Board of Directors.

Impact of Covid-19

It is difficult to determine the full extent of the impact of Covid-19 on business operations of the Group. The level of uncertainty in the economy and the restrictions imposed by State governments around the country has clearly resulted in less activity in most industries. The Group will continue to monitor the situation and further updates will be provided in due course.

Director:
Choon Keng Kho

Dated this day 31st day of August 2020

Land and Homes Group Limited
ACN: 090 865 357

**Lead Auditor's Independence Declaration under
Section 307C of the Corporations Act 2001 to the Directors
of Land and Homes Group Limited**

I declare that, to the best of my knowledge and belief, in relation to the audit for the year ended 30 June 2020, there have been:

- i. No contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Land and Homes Group Limited and the entities it controlled during the year.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies

Corporate Information

The financial statements of Land & Homes Group Limited (the 'Group') for the year ended 30 June 2020 were authorised for issue in accordance with a resolution of the directors on 31 August 2020 and covers the consolidated entity consisting of Land & Homes Group Limited and its subsidiaries, as required by the Corporations Act 2001. Land & Homes Group Limited is a for-profit entity for the purpose of preparing these financial statements.

The financial statements are presented in Australian dollars.

Land & Homes Group Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange.

The address of the registered office is Suite 1401, Level 14 10 Eagle Street, Brisbane, Queensland, 4000, Australia, which is the principal place of business. On the 15th of July 2019 the Group announced that it had changed its principal place of business in Brisbane to Ground Floor, 203 Wharf Street Spring Hill.

(a) Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*, as appropriate for a for-profit entity.

These financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The significant accounting policies used in the preparation and presentation of these financial statements are provided below and are consistent with prior reporting periods unless otherwise stated.

This is the first set of the Group's annual financial statements in which AASB 16 *Leases* have been applied. There were no changes arising from adoption of this accounting standard.

The financial statements have been prepared on an accruals basis and are based on historical costs.

Going Concern

The financial statements have been prepared on a going concern basis which contemplates the realisation of assets and settlements of liabilities in the ordinary course of business. For the year ended 30 June 2020 the Group made a loss of \$2,093,972 and had net current liabilities at 30 June 2020 of \$41,119,247.

The ability of the Group to continue as a going concern is principally dependent upon the ability of the Group to secure funds by raising capital from equity and debt markets. These conditions indicate a material uncertainty that may cast a significant doubt on the Group's ability to continue as a going concern and therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The directors believe there are reasonable grounds that the Group will continue as a going concern, after considering the following factors:

- Subsequent to the year end a further \$1,030,000 Convertible Note A have been issued.
- Further convertible notes will be issued to cover any cash shortfalls for working capital and development funding requirements.
- The Group is considering various strategies to lease out the entire building at 207 Wharf St as commercial office space. This will generate sufficient ongoing cash inflow.
- UOB will be conducting an internal annual review of \$14,000,000 loan in September 2020 and the directors anticipate that the loan will be extended to 31 October 2021.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(a) Basis of Preparation (continued)

Going Concern (continued)

Should the Group be unable to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result, should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

(b) Basis of consolidation

Subsidiaries

The consolidated financial statements comprise the financial statements of Land & Homes Group Limited and its subsidiaries at 30 June each year. Subsidiaries are entities over which the Group has control. The Group has control over an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity, and has the ability to use its power to affect those returns. Subsidiaries are consolidated from the date on which control is transferred to the group and are deconsolidated from the date that control ceases. A list of subsidiaries is provided at Note 11.

All intercompany balances and transactions, including unrealised profits arising from intragroup transactions have been eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss and other comprehensive income and statement of financial position respectively. Total comprehensive income is attributable to owners of Land & Homes Group Limited and non-controlling interests even if this results in the non-controlling interests having a debit balance.

Changes in ownership interest

Transactions with non-controlling interests that increase or decrease the Group's ownership interest in a subsidiary, but which do not result in a change of control, are accounted for as transactions with equity owners of the Group. An adjustment is made between the carrying amount of the Group's controlling interest and the carrying amount of the non-controlling interests to reflect their relative values in the subsidiary. Any difference between the amount of the adjustment to the non-controlling interest and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of Land & Homes Group Limited.

Where the Group loses control of a subsidiary but retains significant influence, joint control, or an available-for-sale investment, the retained interest is remeasured to fair value at the date that control is lost and the difference between fair value and the carrying amount is recognised in profit or loss. This fair value is the initial carrying amount for the retained investment in associate, joint venture or available-for-sale financial asset. If no ownership interest is retained, or if any remaining investment is classified as available-for-sale, any amounts previously recognised in other comprehensive income in respect of the entity are accounted for as if the Group had directly disposed of the related assets or liabilities and may be recognised in profit or loss. To the extent that the Group retains significant influence or joint control, balances of other comprehensive income relating to the associate or joint venture entity will only be reclassified from other comprehensive income to profit or loss to the extent of the reduced ownership interest so that the balance of other comprehensive income represents the Group's proportionate share of other comprehensive income of the associate/joint venture.

If the Group's ownership interest in an associate or a joint venture is reduced, but the Group retains significant influence or control, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss, where appropriate.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(c) Business Combinations

The acquisition method of accounting is used to account for all business combinations. Consideration is measured at the fair value of the assets transferred, liabilities incurred and equity interests issued by the Group on acquisition date. Consideration also includes the acquisition date fair values of any contingent consideration arrangements, any pre-existing equity interests in the acquiree and share-based payment awards of the acquiree that are required to be replaced in a business combination. The acquisition date is the date on which the Group obtains control of the acquiree. Where equity instruments are issued as part of the consideration, the value of the equity instruments is their published market price at the acquisition date unless, in rare circumstances it can be demonstrated that the published price at acquisition date is not fair value and that other evidence and valuation methods provide a more reliable measure of fair value.

Identifiable assets acquired and liabilities and contingent liabilities assumed in business combinations are, with limited exceptions, initially measured at their fair values at acquisition date. Goodwill represents the excess of the consideration transferred and the amount of the non-controlling interest in the acquiree over fair value of the identifiable net assets acquired. If the consideration and non-controlling interest of the acquiree is less than the fair value of the net identifiable assets acquired, the difference is recognised in profit or loss as a bargain purchase price, but only after a reassessment of the identification and measurement of the net assets acquired.

For each business combination, the Group measures non-controlling interests at either fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Acquisition-related costs are expensed when incurred. Transaction costs arising on the issue of equity instruments are recognised directly in equity and transaction costs arising on the issue of debt as part of the consideration are accounted for in accordance with note 1(s).

Where the Group obtains control of a subsidiary that was previously accounted for as an equity accounted investment in associate or joint venture, the Group remeasures its previously held equity interest in the acquiree at its acquisition date fair value and the resulting gain or loss is recognised in profit or loss. Where the Group obtains control of a subsidiary that was previously accounted for as an available-for-sale investment, any balance on the available-for-sale reserve related to that investment is recognised in profit or loss as if the Group had disposed directly of the previously held interest.

Where settlement of any part of the cash consideration is deferred, the amounts payable in future are discounted to present value at the date of exchange using the entity's incremental borrowing rate as the discount rate.

Contingent consideration is classified as equity or financial liabilities. Amounts classified as financial liabilities are subsequently remeasured to fair value at the end of each reporting period, with changes in fair value recognised in profit or loss.

Assets and liabilities from business combinations involving entities or businesses under common control are accounted for at the carrying amounts recognised in the Group's controlling shareholder's consolidated financial statements.

(d) Revenue recognition

Revenue is recognised at the fair value of consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances and duties and taxes paid. The following specific recognition criteria must also be met before revenue is recognised:

Rental income

Rental income on investment properties is accounted for on a straight-line basis over the lease term. Contingent rentals are recognised as income in the periods when they are earned.

Interest

Revenue is recognised as interest accrues using the effective interest method. The effective interest method uses the effective interest rate which is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial asset.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(e) Income tax

The income tax expense (income) for the period is the tax payable on the current period's taxable income (loss) based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for all temporary differences, between carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases, at the tax rates expected to apply when the assets are recovered or liabilities settled, based on those tax rates which are enacted or substantively enacted for each jurisdiction. Exceptions are made for certain temporary differences arising on initial recognition of an asset or a liability if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit.

Deferred tax assets are only recognised for deductible temporary differences and unused tax losses if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and joint ventures where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Current and deferred tax balances relating to amounts recognised directly in other comprehensive income and equity are also recognised directly in other comprehensive income and equity, respectively.

Land & Homes Group Limited has formed a tax consolidated group with the wholly-owned subsidiaries Land and Homes Investment Pty Ltd, Brisbane Land Holdings Pty Ltd and BLH Wharf Pty Ltd. The tax consolidation legislation has been implemented from the date of acquisition of these entities and Land & Homes Group Limited is the head entity in the tax consolidated group. These entities are taxed as a single entity and deferred tax assets and liabilities have been offset in these consolidated financial statements.

(f) Impairment of assets

At the end of each reporting period, the Group assesses whether there is any indication that individual assets are impaired. Where impairment indicators exist, recoverable amount is determined and impairment losses are recognised in profit or loss where the asset's carrying value exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Where it is not possible to estimate recoverable amount for an individual asset, recoverable amount is determined for the cash-generating unit to which the asset belongs.

(g) Cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash and cash equivalents includes cash on hand and at bank, deposits held at call with financial institutions, other short term, highly liquid investments with maturities of three months or less, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(h) Trade receivables

Trade receivables are recognised at original invoice amounts less an allowance for uncollectible amounts and have repayment terms between 30 and 90 days. Collectability of trade receivables is assessed on an ongoing basis. Debts which are known to be uncollectible are written off. An allowance is made for doubtful debts where there is objective evidence that the Group

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(h) Trade receivables (continued)

will not be able to collect all amounts due according to the original terms. Objective evidence of impairment includes financial difficulties of the debtor, default payments or debts more than 120 days overdue. On confirmation that the trade receivable will not be collectible the gross carrying value of the asset is written off against the associated provision.

From time to time, the Group elects to renegotiate the terms of trade receivables due from customers with which it has previously had a good trading history. Such renegotiations will lead to changes in the timing of payments rather than changes to the amounts owed and are not, in the view of the directors, sufficient to require the de-recognition of the original instrument.

(i) Adoption of new and revised accounting standards

Standards and Interpretations applicable to 30 June 2020

In the period ended 30 June 2020, the directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current reporting period.

The Group adopted AASB 16: *Leases* from 1 July 2019 under the modified retrospective approach and therefore the comparative information continues to be reported under AASB 117.

Standards and Interpretations in issue not yet adopted

The directors have also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the period ended 30 June 2020.

(j) Fair Values

Fair values may be used for financial asset and liability measurement as well as for sundry disclosures.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is based on the presumption that the transaction takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market. The principal or most advantageous market must be accessible to, or by, the Group.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The fair value measurement of a non-financial asset takes into account the market participant's ability to generate economic benefits by using the asset at its highest and best use or by selling it to another market participant that would use the asset at its highest and best use. In measuring fair value, the Group uses valuation techniques that maximise the use of observable inputs and minimise the use of unobservable inputs.

(k) Plant, equipment and furniture

Plant, equipment and furniture are stated at historical cost, including costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, less depreciation and any impairments.

Depreciation on plant and equipment is calculated on a straight-line basis over the estimated useful life, or in the case of leasehold improvements and certain leased plant and equipment, the shorter lease term, as follows:

- Computer equipment 3 years
- Furniture 4 years

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(k) Plant, equipment and furniture (continued)

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period. Gains and losses on disposals are calculated as the difference between the net disposal proceeds and the asset's carrying amount and are included in profit or loss in the year that the item is derecognised.

(l) Inventories

Property held for development and resale

Property purchased for development and sale is valued at the lower of cost and net realisable value. Cost includes acquisition and subsequent development costs, and applicable borrowing costs incurred during development. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. All property held for development and sale is regarded as inventory and is classified as such in the balance sheet. Property is classified as current inventory only when sales are expected to result in realisation of cash within the next twelve months, based on management's sales forecasts.

(m) Investment property

Investment properties comprise significant portions of freehold office buildings that are held for long-term rental yields and / or for capital appreciation. Investment properties are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the estimated useful life of 45 years. The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are included in profit or loss when the changes arise.

(n) Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices.

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group. Assets and liabilities arising from a lease are initially measured on a present value basis. The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases of office premises that have a lease term of 12 months or less, and leases of low-value assets comprising certain equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred or restoration obligations, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method over the term of the lease. An impairment review is undertaken for any right-of-use lease asset that shows indicators of impairment, and an impairment loss is recognised against any right-of-use lease asset that is impaired.

The lease liability is initially measured at the present value of the remaining lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. Lease liabilities include the net present value of fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments (linked to an index or a rate), and any expected residual value guarantee payments. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

(o) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the year end and which are unpaid. These amounts are unsecured and generally have 30-day payment terms.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(o) Trade and Other Payables (continued)

They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

(p) Borrowings

All loans and borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the loans and borrowings using the effective interest method. Fees paid for establishing loan facilities are recognised as transaction costs if it is probable that some or all of the facility will be drawn down, and deferred until the draw down occurs. If it is not probable that the facility will be drawn down, fees are capitalised as prepayments for liquidity services and amortised over the period to which the facility relates.

Borrowings are derecognised from the statement of financial position when the obligation specified in the contract has been discharged, cancelled or expires. The difference between the carrying amount of the borrowing derecognised and the consideration paid is recognised in profit or loss as other income or finance costs.

Where the terms of a borrowing are renegotiated and the Group issues equity instruments to a creditor to extinguish all or part of a borrowing, the equity instruments issued as part of the debt for equity swap are measured at the fair value of the equity instruments issued, unless the fair value cannot be measured reliably, in which case, they are measured at the fair value of the debt extinguished. The difference between the carrying amount of the debt extinguished and the fair value of the equity instruments issued is recognised as a gain or loss in profit or loss. All borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

(q) Other Liabilities

Other liabilities comprise non-current amounts due to related parties that do not bear interest and are repayable within 366 days of the end of the reporting period. As these are non-interest bearing, fair value at initial recognition requires an adjustment to discount these loans using a market-rate of interest for a similar instrument with a similar credit rating (Group's incremental borrowing rate). The discount is credited to profit or loss immediately and amortised using the effective interest method.

(r) Employee Benefit Provisions

Short-term employee benefit obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave expected to be settled wholly within 12 months after the end of the reporting period are recognised in other liabilities in respect of employees' services rendered up to the end of the reporting period and are measured at amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when leave is taken and measured at the actual rates paid or payable.

Other long-term employee benefit obligations

Liabilities for long service leave and annual leave are not expected to be settled wholly within 12 months after the end of the reporting period. They are recognised as part of the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees to the end of the reporting period using the projected unit credit method. Consideration is given to expect future salaries and wages levels, experience of employee departures and periods of service. Expected future payments are discounted using corporate bond rates at the end of the reporting period with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Regardless of when settlement is expected to occur, liabilities for long service leave and annual leave are presented as current liabilities in the statement of financial position if the entity does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(r) Contributed Equity

Ordinary shares are classified as equity. Mandatorily redeemable preference shares are classified as liabilities. The fair value of a liability portion of a convertible note is determined using a market rate of interest for an equivalent non-convertible note and stated on an amortised cost basis until conversion or maturity of the notes. The remainder of the proceeds is allocated to the conversion option and is shown as equity.

Costs directly attributable to the issue of new shares or options are shown as a deduction from the equity proceeds, net of any income tax benefit. Costs directly attributable to the issue of new shares or options associated with the acquisition of a business are included as part of the purchase consideration.

(s) Dividends

No dividends have been declared in respect of the year ended 30 June 2020.

(t) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of Land & Homes Group Limited, adjusted for the after-tax effect of preference dividends on preference shares classified as equity, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares during the year.

Diluted earnings per share

Earnings used to calculate diluted earnings per share are calculated by adjusting the basic earnings by the after-tax effect of dividends and interest associated with dilutive potential ordinary shares. The weighted average number of shares used is adjusted for the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

(u) Goods and Services Tax

Revenues and expenses are recognised net of GST except where GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 1: Summary of Significant Accounting Policies (continued)

(v) Financial Guarantees

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and at the end of each subsequent reporting period at the higher of the amount determined under AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation, where appropriate.

The fair value of a financial guarantee contract is the present value of the difference between the net contractual cash flows required under a debt instrument, and the net contractual cash flows that would have been required without the guarantee.

(w) Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

Key estimates

Useful life of investment property

The investment property has been recorded at cost with a useful life of 45 years. The total cost of \$22,742,995 was allocated between land (\$6,100,000) and buildings (\$16,642,995). The remaining expected useful economic life of the building has been determined to be 45 years and the building component has been depreciated on a straight line basis. The Group has recognised a depreciation charge of \$1,609,075 since acquisition and improvements to the building of \$99,850.

Key judgements

Provision for impairment of receivables

The value of the provision for impairment of receivables is estimated by considering the ageing of receivables, communication with the debtors and prior history.

Impairment of investment property

The carrying value of the investment property, is reviewed against the market valuation for any evidence of impairment at each balance sheet date.

(x) Parent Entity Financial information

The financial information for the parent entity, Land & Homes Group Limited, included in note 21, has been prepared on the same basis as the consolidated financial statements, except as follows:

Investments in subsidiaries, associates and joint ventures

Investments in subsidiaries, associates and joint ventures are accounted for at cost. Dividends received from associates and joint ventures are recognised as revenue in the parent entity's profit or loss, rather than being deducted from the carrying amount of the investment.

Financial guarantees

Guarantees in relation to loans of subsidiaries that are provided for no compensation are accounted for as contributions and recognised as part of the cost of the investment in subsidiary.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 2: Operating Segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the chief operating decision makers in assessing performance and determining the allocation of resources.

Operating segments are determined on the basis of financial information reported to the Board which is at the consolidated entity level.

Management currently identifies the consolidated entity as having only one operating segment, being the acquisition of prime sites for project development into quality residential, commercial and mixed-use apartments. Accordingly, all significant operating decisions are based upon analysis of the consolidated entity as one segment. The financial results from the segment are equivalent to the financial statements of the Group.

Consolidated entity	
2020	2019
\$	\$

Note 3: Revenue and other income

Revenue - Rental revenue	185,790	253,766
Other income	77,405	8,723
Total	263,195	262,489

Note 4: Expenses

Loss before income tax expense includes the following specific expenses:

Depreciation expense	373,137	379,452
Wage & salary expense	519,480	642,038
Superannuation expense	30,762	52,430
Finance costs	1,146,472	1,116,605
Rental costs – Investment Property	514,551	440,963

Note 5: Income Tax Expense

(a) The major components of tax expense/(credit) comprise:

Current tax benefit	-	-
Deferred tax arising from origination and reversal of temporary differences	-	-
Total income tax expense	-	-

(b) The prima facie tax on loss from ordinary activities before income tax is reconciled to the income tax expense as follows:

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 5: Income Tax Expense (continued)

	Consolidated entity	
	2020	2019
	\$	\$
(c) Unrecognised deferred tax assets		
Deferred tax assets have not been recognised in the statement of financial position for the following items:		
Unused tax losses	9,915,417	7,978,342
Accruals	(332,546)	(18,342)
	<u>9,582,871</u>	<u>7,960,000</u>
Carried forward tax losses from prior years and the current period may not be available to be offset against future taxable profits, due to there being both a change of ownership and change in the principal activity of the business.		
Deferred tax assets not taken up at 27.5% (2019: 27.5%)	<u>2,726,740</u>	<u>2,194,044</u>

This future income tax benefit will only be obtained if:

- future assessable income is derived of a nature and of an amount sufficient to enable the benefit to be realised;
- the conditions for deductibility imposed by tax legislation continue to be complied with; and
- no changes in tax legislation adversely affect the Group in realising the benefit.

Note 6: Earnings per Share

(a) Reconciliation of earnings to profit or loss

(Loss) from continuing operations	(2,093,972)	(3,061,131)

¹ The loan from SLH Corporation Pte Ltd (SLH) is interest bearing but unsecured, and provides for a total facility of \$1 million Singapore dollars to the Group for its overhead expenses. On 22 November 2018, SLH Corporation Pte Ltd (SLH) assigned the loan to Khosland Management Pte Ltd. The term of the loan expired 31 December 2019. The Company is in the process of renegotiating an extension of this loan.

The Convertible Notes each have a face value of \$0.02 and are unsecured. The Group shall have the right to redeem the Notes by paying the full-face value together with all accrued but unpaid interest (net of any withholding tax) in full at any time after 30 months following the date of issue, subject to giving each Noteholder not less than 21 days' notice in writing.

Unless earlier converted, the face value of each Note will be repaid in Australian dollars without counterclaim on the fifth anniversary of its date of issue, or on the date that is nine months from the date of issue if shareholder approval is not obtained to the convertibility of the Note as required under the terms of the agreement. The notes are classified as current on this basis.

²The Convertible Note – Class A have a term of 5 years with interest of 9% per annum payable at the end of each quarter and on conversion or redemption.

³The Convertible Note – Class B have a term of 5 years with interest of 13.8% per annum payable on conversion or redemption.

⁴The loans from United Overseas Bank were entered into on 19 February 2016 for the purpose of purchasing the Wharf Street property (\$15,960,000) and 31st October 2016 for the purpose of buying the Barry Parade property (\$14,000,000). The loans are subject to an interest margin of 1.5% and 2.0% per annum respectively over and above the relevant period Bank Bill Swap Reference Rate and are due for repayment on 24th February 2021 and 31st October 2020, respectively.

The properties are pledged as security for the United Overseas Bank loans.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 16: Borrowings (continued)

Assets pledged as security

The bank loans are secured by way of first mortgages over the two properties. The carrying amount of the assets pledged as security for current borrowings are:

	2020 \$	2019 \$
First mortgage		
Inventories	26,638,382	24,922,905
Investment property	21,233,770	21,503,764
Total	<u>47,872,152</u>	<u>46,426,669</u>

Fair value

The fair value of financial liabilities is determined by reference to market prices where they exist or by discounting contractual cash flows by current market interest rates for liabilities with similar risk profiles.

Note 17: Issued Capital

1,049,389,293 (2019: 1,049,389,293) Ordinary shares fully paid	69,078,509	69,078,509

Total	<u>172,113,684</u>	<u>347,227,368</u>

No new Ordinary shares were issued in the year to 30 June 2020.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 17: Issued capital (continued)

Ordinary shareholders are entitled to participate in dividends and the proceeds on winding up of the Company in proportion to the number of, and amounts paid, on the shares held. Every ordinary shareholder present at a meeting in person or by proxy is entitled to one vote on a show of hands, and on a poll has one vote for each share held, but in respect of partly paid shares will have a fraction of a vote in proportion to the amount paid up on those shares.

Capital risk management

Management controls the capital of the Group in order to maintain an optimal debt to equity ratio, provide the shareholders with adequate returns and ensure that the Group can fund its operations and continue as a going concern. In order to achieve these objectives, the Group seeks to maintain a gearing ratio that balances risks and returns at an acceptable level and also maintain a sufficient funding base to enable the Group to meet its working capital and strategic investment needs. In making decisions to adjust its capital structure to achieve these aims, either through altering its dividend policy, new share issues, or the reduction of debt, the Group considers not only its short-term position but also its long-term operational and strategic objectives.

It is the Group's policy to maintain its gearing ratio within the range of 70-90%. The Group's gearing ratio at the end of the reporting period is shown below.

Gearing ratios

	Consolidated entity	
	2020	2019
	\$	\$
Net debt	40,287,808	36,777,220
Total equity	6,754,566	8,848,538
Total capital	47,042,374	45,625,758
Gearing ratio	86%	81%

Note 18: Financial Risk Management

The Group's financial instruments consist mainly of deposits with banks, accounts receivable, accounts payable, payables to related parties and borrowings.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

Financial Assets

Cash and cash equivalents	535,395	542,814
Trade and other receivables	142,204	59,382
Total financial assets	677,599	602,196

Financial Liabilities

Trade and other payables	1,525,193	1,408,061
Payables to related parties	1,227,389	1,151,913
Borrowings	39,060,419	35,625,307
Total financial liabilities	41,813,001	38,185,281

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 18: Financial Risk Management (continued)

Financial risk management policies

In common with all other businesses, the Group is exposed to risks that arise from its use of financial instruments. This note describes the Group's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

There have been no substantive changes in the Group's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

The Board of Directors has overall responsibility for the establishment of the Group's financial risk management framework. This includes the development of policies covering specific areas such as foreign exchange risk, interest rate risk, credit risk and the use of derivatives.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The day-to-day risk management is carried out by the Group's finance function under policies and objectives which have been designed and implemented by the Board of Directors. This includes monitoring the levels of exposure to interest rate and foreign exchange rate risk and assessment of market forecasts for interest rate and foreign exchange movements.

Land & Homes Group Limited does not actively engage in the trading of financial assets for speculative purposes.

Mitigation strategies for specific risks faced are described below:

(a) Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to the Group and arises principally from the Group's cash deposits and receivables.

It is the Group's policy that all customers who wish to trade on credit terms undergo a credit assessment process which takes into account the customer's financial position, past experience and other factors. Credit limits are then set based on ratings in accordance with the limits set by the Board of Directors. These limits are reviewed on a regular basis.

The maximum exposure to credit risk, without taking into account the value of any collateral or other security, in the event that the other parties fail to perform their obligations under financial instruments for each class of reporting recognised financial asset at the reporting date is the carrying amount of those assets as indicated in the statement of financial position.

Refer to note 18 for a summary of the Group's exposure to credit risk relating to receivables at the end of the financial year.

Cash and cash equivalents:

In order to manage the Group's credit risk arising from cash deposits, only reputable banks and financial institutions are dealt with.

The credit risk on cash and cash equivalents is limited given that the counterparties are financial institutions with high credit ratings assigned by international credit-rating agencies.

(b) Liquidity risk

Liquidity risk is the risk that the Group may not be able to meet its financial obligations as they fall due.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 18: Financial Risk Management (continued)

(b) Liquidity risk (continued)

Financing arrangements

The following financing facilities were available to the Group at the end of the reporting period:

	Consolidated entity	
	2020	2019
	\$	\$
Bank Loans		
Used at the end of the reporting period	29,960,000	29,960,000
Unused at the end of the reporting period	-	-
	<u>29,960,000</u>	<u>29,960,000</u>

The bank loan has been fully drawn. The repayment terms are reflected in the table below.

The table below analyses the Group's financial liabilities into maturity groupings based on the remaining period from the balance date to the contractual maturity date. As amounts disclosed in the table are the contractual undiscounted cash flows including future interest payments, these balances will not necessarily agree with the amounts disclosed in the statement of financial position.

United Overseas Bank has provided two bank loans totalling \$29,960,000. The \$15,960,000 facility maturity has been renewed to 24 February 2021. The \$14,000,000 facility matures 31 October 2020.

The related party loan agreement was entered into in February 2017, with the first draw down in June 2017. Refer to note 19 for further details.

The Convertible Notes each have a face value of \$0.02 and are unsecured. Refer to note 16 for further details.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 18: Financial Risk Management (continued)

(c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates, foreign exchange rates or other market factors. The Group is not exposed to material price risk relating to equity securities or foreign exchange.

Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period, whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Group is exposed to earnings volatility on floating rate instruments.

The Group monitors its interest rate exposure continuously and also considers on a continual basis alternative financing opportunities.

The Group's exposure to interest rate risk and the effective weighted average interest rate by maturity period is set out in the below tables.

	30 June 2020		30 June 2019	
	Weighted average interest rate	Balance	Weighted average interest rate	Balance
	%	\$	%	\$
Floating Rate Balances:				
Cash and cash equivalents	0.41	535,395	1.49	542,814
Borrowings	3.86	(40,287,808)	4.61	(36,777,220)
Net exposure to interest rate risk		(39,752,413)		(36,234,406)

The Group's fixed rate borrowings and receivables are carried at amortised cost. They are therefore not subject to interest rate risk as defined in AASB 7.

Sensitivity

Based on the simulations performed, the annual impact on profit and loss of a one percent shift in interest rates, with all other variables held constant, is estimated to be a maximum increase or decrease of \$236,590.

(d) Fair value measurements

The fair value of financial assets and liabilities must be estimated for recognition and measurement or for disclosure purposes. Fair values are categorised into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
- Inputs for the asset or liability that are not based in observable market data (unobservable inputs) (level 3).

At 30 June 2020 the Group did not have any financial instruments that were measured and recorded at fair value. The aggregate fair values of all financial assets and liabilities approximate their carrying values at the balance date.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 19: Related party transactions

Ultimate parent company:

Land & Homes Group Limited

Controlled entities:

Interests in controlled entities are disclosed in note 11.

Key management personnel compensation:

	Consolidated entity	
	2020	2019
	\$	\$
Short-term employment benefits	519,480	620,663
Post-employment benefits	30,762	50,997
	<u>550,242</u>	<u>671,660</u>

Detailed remuneration disclosures are provided in the remuneration report on pages 7 to 12.

Transactions with other related parties:

The following transactions occurred with related parties:

Management and other professional fees	<u>(641,667)</u>	<u>185,000</u>
--	------------------	----------------

As at 30 June 2020, management fees that had been previously accrued by the Company were reversed. There were no written agreement in existence between the related parties to substantiate any obligation to pay the management fees to the related party. Refer to Note 22 for further details.

The following balances are outstanding at the end of the reporting period in relation to transactions with related parties:

Payables to related parties

Balance brought forward	-	-
Advances	-	-
Repayments	-	-
Total	<u>-</u>	<u>-</u>

Loans from related parties

Balance brought forward	1,151,913	1,011,320
Advances	75,476	140,593
Repayments	-	-
Total	<u>1,227,389</u>	<u>1,151,913</u>

On the 27th February 2017, Land & Homes Group Ltd entered into a loan agreement with a related party, S.LH Corporation Pte Ltd. (SLH). SLH agreed to lend up to \$1 million Singapore dollars to the Group for its overhead expenses. To date \$1,175,348 Singapore dollars has been drawn down (A\$1,227,389) from this facility including capitalised interest.

The loan is drawn down in accordance with the approved expenditure plan, is unsecured, has a 12 month term commencing from the first drawdown on 14th June 2017 and bears interest at the SIBOR rate (Singapore Inter Bank overdraft rate) plus 1.75% (approximately a total of 2.75 % to 3% at the current SIBOR rate). The loan maturity is the 11th of June 2018. Effective 1 January 2018, S.LH assigned its interest in the loan to Khosland Management Pte Ltd.

The term of the loan was extended to 31 December 2019 with an interest rate of 7% with effect from 1 April 2019. The Group is in the process of renewing this related party loan.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 20: Acquisition of Subsidiaries

There were no acquisitions in the current financial year.

Note 21: Parent entity information

The *Corporations Act 2001* requirement to prepare parent entity financial statements where consolidated financial statements are prepared has been removed and replaced by regulation 2M.3.01 which requires the following limited disclosure in regards to the parent entity Land & Homes Group Limited. The consolidated financial statements incorporate the assets, liabilities and results of the parent entity in accordance with the accounting policy described in note 1.

	Parent entity	
	2020	2019
	\$	\$
Current assets	16,340,670	13,733,690
Non-current assets	3,817,328	4,242,050
Total Assets	20,157,998	17,975,740
Current liabilities	10,347,794	1,868,487
Non-current liabilities	-	5,665,305
Total Liabilities	10,347,794	7,533,792
Net Assets	9,810,204	10,441,948
Issued capital	69,078,509	69,078,509
Retained losses	(59,268,305)	(58,636,561)
Total equity	9,810,204	10,441,948
Loss for the year	(3,004,647)	(3,448,162)
Other comprehensive losses for the year	-	-
Total comprehensive losses for the year	(3,004,647)	(3,448,162)

Note 22: Contingent Assets and Liabilities

The Group did not have any contingent assets at 30 June 2020.

These Financial Statements disclose a liability to a Director related entity in the amount of \$225,744. The amount owed to the Director related entity is in dispute. The Director related entity claims that the amount due is \$1,052,818. The Director related entity believes that it is entitled to be paid management fees. No written management agreement exists between the Company and the Director related entity or any other entity and accordingly the majority of Directors do not believe that the company has any obligation to pay the management fees claimed by the Director related party. Management fees that had been previously accrued by the Company have now been reversed in the financial records of the Company with the approval of a majority of Directors.

In the event of any legal claim arising from the Director related entity in the future, the majority of the Board are of the view that such a claim would be fully contested.

Note 23: Commitments

Lease commitments

	Consolidated entity	
	2020	2019
	\$	\$
Non-cancellable operating leases – future minimum lease payments		
Payable:

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2020

Note 24: Cash flow information

Reconciliation of loss after income tax to net cash flow from operating activities

Loss after income tax	(2,093,972)	(3,061,131)
Depreciation	373,137	379,452
Change in assets and liabilities		
Increase in inventories	(1,721,647)	(1,124,165)
Increase in trade debtors	(82,822)	(2,564)
Increase in trade payables	259,720	813,585
Net cash (used) in operating activities	<u>(3,265,584)</u>	<u>(2,994,823)</u>

Note 25: Subsequent events

Capital Raising

Since 30 June 2020, a further \$1,030,000 Convertible Note A have been issued (bringing the current total to \$9,577,594).

Renewal of Loans

Subsequent to the end of the financial period, the Group is in the process of renewing the related party loan of SGD \$1,000,000 which matured 31 December 2019. The loan is to be extended to 31 December 2020.

Impact of Covid-19

It is difficult to determine the full extent of the impact of Covid-19 on business operations of the Group. The level of uncertainty in the economy and the restrictions imposed by State governments around the country has clearly resulted in less activity in most industries. The Group will continue to monitor the situation and further updates will be provided in due course.

Directors' Declaration

30 June 2020

In the directors' opinion:

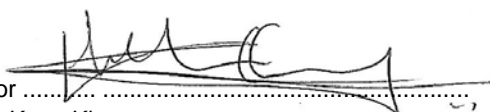

- The attached financial statements and notes thereto comply with Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- The attached financial statements and notes thereto comply with International Financials Reporting Standards as issued by the International Accounting Standards Board as described in note 1 to the financial statements;
- The attached financial statements and notes thereto give a true and fair view of the Group's financial position as at 30 June 2020 and of its performance for the financial year ended on that date;
- There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

The directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of directors made pursuant to section 295 (5)(a) of the Corporations Act 2001.

On behalf of the directors

Director
Choon Keng Kho

Dated this 31st day of August 2020

Land and Homes Group Limited

Independent Auditor's Report to the shareholders of Land and Homes Group Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Land and Homes Group Limited and Controlled Entities (the Group), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion:

- a) The accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Group's financial position as at 30 June 2020 and of their financial performance for the year then ended; and
 - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We make it happen!

Emphasis of Matter – Material Uncertainty Relating to Going Concern

We draw attention to Note 1(a) in the Financial Report, which indicates that the ability of the Group to continue as a going concern is dependent upon the future successful raising of necessary funding through debt and equity. This condition, along with other matters as set out in Note 1(a) indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.

We also draw attention to Note 22 pertaining to contingent liabilities. Directors remuneration disclosed in the Director's report is also being disputed. In the event of any of any legal claim arising from the director related entity in the future, the majority of the Board is of the view that such claim will be fully contested.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2020. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Apart from above the key audit matters are:

Key audit matters	How our audit addressed the key audit matters
Fair value of investment properties Refer to Note 14 <p>The Group's investment property is office space located at 207 Wharf Street, Sprint Hill QLD. The fair value of the investment property is the net carrying amount of cost after accumulated depreciation.</p> <p>At each reporting date, management of Land and Homes Group Limited assesses the fair value of the investment property to determine if it is impaired or not.</p> <p>This was a key audit matter because the:</p> <ul style="list-style-type: none"> Investment property balances are financially significant in the Consolidated Statement of Financial Position. The impact of changes in the fair value of the investment property can have a significant effect on the Group's comprehensive income especially in light of Covid 19. Investment property valuations are inherently subjective due to the use of assumptions in the valuation methodology. 	<ul style="list-style-type: none"> We checked the settlement sheet for the value of investment property at date of purchase. We vouched the invoices for additions to the investment property. We re-perform the building depreciation calculations. We have reviewed and corroborated the external valuation undertaken in August 2019 and external lender's confirmation on its reliance at year end which was also relied upon by Board for impairment testing for purposes of Covid 19 impact on commercial property market in Brisbane. We checked the market for prevailing sale prices for similar properties.

Key audit matters	How our audit addressed the key audit matters
<p>Going concern Refer to Note 1 (a) in the financial statements</p> <p>We identified going concern as a key audit matter due to the Group's current year loss before tax, net current liabilities and negative operating cash flows. For the year ended 30 June 2020, Management performed an assessment of the Group's ability to continue as a going concern. The following procedures were performed as part of this assessment:</p> <ul style="list-style-type: none"> • Preparing cash flow projections up to August 2021; • Reviewing options to enhance revenue stream from Investment property including its potential sale; • Seeking to confirm commitments from arm's length third party investors in the private placement of convertible notes; • Reviewing options to fund ongoing development of non-current inventory; and • Considering other debt and equity funding options. 	<p>Our audit procedures in relation to going concern included:</p> <ul style="list-style-type: none"> • We reviewed management's forecasts for the next 12 months from the date of signing the financial statements, including assessing the sensitivity and basis of the assumptions used; • We reviewed the financial position and assessed a number of key ratios; and • Reviewed FY 2021 YTD results against FY21 forecast.
<p>Contingent Liabilities We identified above as a key audit matter due to the fact that as disclosed at Note 22, there is a dispute pertaining to amount owed to directors and director related entities and respective remunerations. Dispute arose late last year as disclosed in our half year review report.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Review of solicitor confirmations; • Review of director confirmations; • Review of minutes of Board meeting; and • Reliance on management representation.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

Auditor's Responsibilities for the Audit of the Financial Report (Cont'd)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included on pages 7-10 of the directors' report for the year ended 30 June 2020.

In our opinion, the Remuneration Report of Land and Homes Group Limited, for the year ended 30 June 2020 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
