Please see the attached announcement relating to the above.

Yours faithfully
Brambles Limited

Company Secretary

Timing of FY21 First Quarter Update

In its FY20 Results ASX & Media Release dated 19 August 2020, Brambles provided an FY21 outlook statement and set out the assumptions underlying that statement. In doing so, Brambles noted that, due to the volatility arising from the Covid-19 pandemic, it was difficult to forecast with accuracy the likely impact of the pandemic on Brambles' business in FY21. As a result, Brambles stated that it will update its internal FY21 forecast after the first three months of trading and review guidance in this context.

Brambles advises the market that it expects the update of its internal FY21 forecast to be completed, and any communication of that forecast to be released to the market as part of its FY21 First-Quarter update, in early to mid-November.

This timing allows for the preparation, analysis and completion of the internal FY21 forecast review in the context of the first three months of trading.

The release of this announcement was authorised by the Brambles Board.
