The day-to-day management of the Company and investment of funds is carried out by Cadence Asset Management Pty Limited (the Investment Manager or the Manager) pursuant to a management agreement, subject at all times to any written guidelines issued by the Board of Directors of Cadence Capital Limited. Consequently, there is no need to delegate functions to senior management or for a process to evaluate the performance of senior executives under Recommendations 1.1, 1.3 and 1.7.

Board's Role and Responsibilities

The role of the Board is to set the strategic direction of the Company, approve capital management initiatives and to be responsible for the overall corporate governance of the Company. This includes:

- overseeing and monitoring the performance of the Manager's compliance with the management agreement and to ensure that the Manager is monitoring the performance of other external service providers;
- ensuring adequate internal controls exist and are appropriately monitored for compliance;
- ensuring significant business risks are identified and appropriately managed;
- approving the interim and final financial statements and related reports, and various other communications to the ASX and shareholders that the Board deems material; and
- setting appropriate business standards and codes for ethical behaviour.

The Board aims to ensure that all Directors and the Manager act with the utmost integrity, objectivity and endeavour to enhance the reputation of the Company. The Board aims to act in a manner designed to create and build sustainable value for all shareholders.

The Board will elect one of its number as the Chairman of the Board. The Chairman's role is disclosed in the Board Policy.

The Company Secretary is appointed by and accountable directly to the Board and is responsible for:

- The effective functioning of the Board and Committees in accordance with the Company's policies and procedures;

Structure of the Board

The Board structure involves:

- The number of Board members being a minimum of three and not more than ten;
- At least 50% of the Board to consist of independent non-executive directors. Whilst the Company agrees with the benefits of a majority of independent Directors, under Recommendation 2.4, it believes that it can better achieve the results of the Company with the current Board's level of expertise and without burdening shareholders with the additional costs associated with adding further independent Directors;
- The Board to contain a suitable balance of both non-executive and executive directors to ensure that decision making appropriately embraces both external and internal knowledge and experience;
- The Chairman is not an independent Director. The Company believes that an independent Chairman, under Recommendation 2.5, does not necessarily improve the function of the Board. The Company believes that when the Chairman is a significant driver behind the business, as is the case with this Company, it adds value to the Company and all shareholders benefit. The Company does not employ a Chief Executive Officer, consequently Recommendation 2.5 is not applicable.

The Company's Diversity Policy requires the Board to develop measurable objectives and the strategy to meet these objectives, including fostering gender diversity and ensuring female representation on the Board. The Board's composition is reviewed on an annual basis. In the event a vacancy arises, the Board will include diversity in its nomination process. Currently, the Company has one female Director, representing 25% of the Board. The Company is not a relevant employer under the Workplace Gender Equality Act.
