

2 October 2020

A welcome message from the new responsible entity

360 Capital FM Limited

Dear fellow Member,

It is our pleasure to welcome you as the new Responsible Entity of the 360 Capital Enhanced Income Fund (formerly the Australian Enhanced Income Fund). As Members would be aware, the recent change of Responsible Entity of the Australian Enhanced Income Fund (the Fund) from Elstree Investment Management to 360 Capital FM took place on 9 September 2020, with 99.84% of Members voting in favour of the change to the Fund's responsible entity and management team.

Your new Responsible Entity, 360 Capital FM Limited, is an ASX listed (ASX: TGP) diversified manager of alternative assets across real assets, private equity, public equity and credit. 360 Capital Group was founded in 2006 and is owned 34% by staff and directors, ensuring complete alignment between the responsible entity and investors in the Fund.

As outlined in the notice of meeting and presentation material provided to Members, 360 Capital Group is committed to restoring value in AYF and delivering on strategic growth aspirations.

Accordingly, your Responsible Entity has undertaken a strategic review of the Fund and will commence executing on a 90 day plan to deliver on these targets, which will include;

1. A change of name from Australian Enhanced Income Fund to **360 Capital Enhanced Income Fund**, with a new ASX ticker **TCF**. 360 Capital believes that a change to the name of the Fund will resonate with a wider group of investors (including the Group's over 9,500 investors) who are familiar with the 360 Capital brand and our investment track record of delivering above average returns to investors since inception.
2. A change and update to the Constitution of the Fund to capitalise on growth opportunities. 360 Capital believes the current constitution inhibits the ability of the Fund to raise new capital, issue new units and attract new investors. 360 intends to, subject to the approval of Members, align the Fund's constitution to a market standard for listed investment trusts.
3. A new Product Disclosure Statement (PDS) outlining the growth initiatives and broader investment remit of the Fund. 360 Capital deems the Fund as sub scale requiring a capital raising to increase to size of the Fund, improve liquidity for all Members and provide diversification of its assets.

Prior to handing over the Fund to 360 Capital, the outgoing Directors of the Responsible Entity, Elstree Investment Management, redeemed their respective units and liquidated the Fund's assets to cash. This will have the unfortunate negative impact on the short term returns of the Fund while 360 Capital deploys these funds into appropriate assets which meet the Fund's investment strategy. Consequently, it is imperative that strategic change is made to prevent any further value erosion while Fund assets remain in cash.

As outlined in previous correspondence, 360 Capital Group will make a \$0.15 special payment to Unitholders who have remained within the Fund. Members will receive a special payment of \$0.15 per Unit in respect of each Unit which is held on the Record Date (9 September 2020) and which continues to be held until 21 October 2020 (Special Payment Condition Date) and which is not the subject of a redemption or withdrawal request. It is expected that Members will receive the special payment within 10 business days of the Special Payment Condition Date.

Enclosed to this letter is a Notice of Extraordinary General Meeting outlining the details of the capital raising that will include a Priority Offer to existing Unitholders.

We encourage Members to review the material in detail and to vote in favour of the proposed resolutions in support of the strategic growth of the Fund.

Memorandum and meeting information will be made available online at the 360 Capital website, www.360capital.com.au.

Once again, it is our pleasure to welcome you as an investor of the 360 Capital Group and we look forward to meeting you in the time to come. Any Members wishing to discuss the Fund are invited to contact the Fund Manager and Head of Private Credit, Chris Chase at chris.chase@360capital.com.au.

Yours sincerely,

Resolution 2.

Approval to Issue Additional Units

To consider and, if thought fit, to pass the following as an Ordinary Resolution of the Fund:

“Subject to approval of Resolution 1, for the purposes of Listing Rule 71 and for all other purposes, that the issue of Units pursuant to a product disclosure statement to be issued by 360 Capital FM Limited ABN 15 090 664 396 AFSL 221 474 as responsible entity of the 360 Capital Enhanced Income Fund on the terms and conditions set out in the Explanatory Memorandum, is approved.”

The Responsible Entity will disregard any votes cast in favour of Resolution 2 by or on behalf of any person who is expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a holder of Units), or any associate of such a person. The Responsible Entity will endeavour to notify Members of any such postponement prior to the original date and time of the Meeting, however, the postponement of the Meeting will not be invalidated by the failure to do so. If the Meeting is adjourned for one month or more, the Responsible Entity will give new notice of the adjourned Meeting.

Resolution 1. Modification of the Constitution

The Constitution was prepared in 2005 and has not been substantively updated since that time.

The Responsible Entity proposes to take this opportunity to amend the Constitution to:

1. update provisions that, in the Responsible Entity's view, restrict its flexibility to undertake actions that are in the best interests of Members;
2. update historical provisions that have become outdated due to changes in law or the circumstances of the Fund; and
3. otherwise bring the terms of the Constitution up-to-date with what the Responsible Entity considers to be market practice.

A summary of the new proposed Constitution and a summary of the key changes from the current Constitution are set out in Annexure A.

A copy of the Supplemental Deed to amend the Constitution can be obtained by contacting 360 Capital Investor Services on 1300 082 130 or email investor.relations@360capital.com.au. A copy will also be available for inspection at the meeting.

Resolution 2. Approval to issue additional Units

Subject to approval of Resolution 1 and Resolution 2, the Responsible Entity is proposing to make an offer of new Units to existing Members and other investors in accordance with a product disclosure statement to be issued by the Responsible Entity of the Fund (the Offer).

Units issued under the Offer will be issued at a price that is no less than 95% of the Market Price. The Market Price is an amount determined by the Responsible Entity as the weighted average traded price for all sales of Units on ASX for the period of 10 Business Days prior to the relevant date. The Responsible Entity of the Fund will target gross proceeds from the Offer of up to \$70 million (being approximately 11,666,667 new Units). The Responsible Entity reserves the right to accept applications that are less than the target gross proceeds, up to \$70 million.

Proceeds from the issue of new Units will be invested in a pipeline of private credit investment opportunities with a forecast investor return of 6.00% per annum net of fees and expenses. The pipeline of investment opportunities is subject to change.

ASX Listing Rule 7.1 imposes a limit on the number of securities that an entity can issue or agree to issue in a 12 month period without securityholder approval. Generally an entity may not, without securityholder approval, issue in any 12 month period more than 15 per cent of the number of securities on issue 12 months before the date of issue.

The proposed issue of Units under the Offer will exceed the 15 per cent limit. Accordingly, Members are requested to approve the issue of Units under the Offer for the purposes of ASX Listing Rule 7.1. If Members do not approve Resolution 2, the Offer will not proceed.

Structure of the Offer

The Responsible Entity proposes to structure the Offer as follows:

1. **Priority Offer** – this offer will be open to Members who already hold Units at the Priority Record Date (proposed to be the opening of the Offer) who have a registered address in Australia or New Zealand (Priority Member). Under the Priority Offer, each Priority Member will be entitled to subscribe for new Units, in an unlimited amount, as at the Priority Record Date;
2. **360 Capital Priority Offer**: this offer will be open to persons who hold securities in 360 Capital Group Limited (ASX: TGP), 360 Capital REIT (ASX: TOT) or 360 Capital Digital Infrastructure Fund (ASX: TDI) as at the Priority Record Date who have a registered address in Australia or New Zealand (360 Capital Priority Member). Under the 360 Capital Priority Offer, each 360 Capital Priority Member will be entitled to subscribe for new Units, in an unlimited amount, as at the Priority Record Date;
3. **Broker Offer** - this offer will be open to persons who have received a firm allocation from their stockbroker or financial adviser
4. **General Offer** – any new Units not applied for under the Priority Offer or the 360 Capital Priority Offer or the Broker Offer will form part of the General Offer. The General Offer is open to any new Retail Clients or Wholesale Clients. The Responsible Entity reserves the right to accept applications under the General Offer at its discretion.

If Resolution 2 is approved by Members, the Responsible Entity intends to commence the Offer as soon as possible after the Meeting. Any Units issued under the Offer will be issued no later than 3 months after the date of the Meeting.

The Responsible Entity understands that 360 Capital FM Limited as trustee of the 360 Capital Diversified Property Fund (CDPF), which currently holds 377% of the Funds Units, does not intend to participate in the Offer. If the Offer raises the target gross proceeds of \$70 million, CDPF's interest in the Fund will be diluted to 5.5% of the Units on issue. This number may change based on the amount raised under the Offer and any further redemptions that occur.

If Resolution 2 is not approved by Members, the Responsible Entity may proceed with the Offer up to the maximum extent permitted by ASX Listing Rule 7.1.

2.1 Why is Resolution 2 being proposed?

Approval of Resolution 2 provides the Responsible Entity the ability to raise additional capital that will enable it to execute its stated strategy of growing the fund and taking advantage of the growing opportunity in fixed income and private credit markets.

Additionally, the new capital raised will support further flexibility in respect of future investment opportunities and general capital management initiatives that may arise from time to time. The Fund continues to actively seek investment opportunities which complement its investment strategy and forecast future portfolio requirements.

2.2 What does the Responsible Entity recommend?

The Responsible Entity considers that the issue of new Units as set out above and under the ASX Listing Rules will be in the best interests of the Members of the Fund as it provides the ability to execute on the existing pipeline of investment opportunities and continue to generate awareness and marketing of the Fund which may lead to the overall growth of the Fund for the benefit of all Members.

The Responsible Entity recommends that Members vote in favour of Resolution 2.

2.3 What are the advantages and disadvantages of the proposed Resolution for Members?

The key advantage of the issue of new Units is that the Fund will seek to capitalise on private credit opportunities identified by the Fund in Australia and New Zealand. Private credit is a growing asset class with the following dynamics:

1. Unique asset class with historically limited access for retail and wholesale investors;
2. Sector that has historically been dominated by traditional financial institutions but is now becoming more open to alternative financiers;
3. Senior secured lending arrangements that provide strong capital protection; and
4. The Responsible Entity has the expertise, origination capability and access to a pipeline of transactions to enable it to successfully pursue its strategies across Australia and New Zealand.

Disadvantages

One of the key potential disadvantages and risks associated with approving Resolution 2 is that if the Fund issues further equity by way of the Offer, the percentage holdings in the Fund of Members who do not participate in the offer will be reduced. Furthermore, the value of Members' Units may be impacted by the price at which any new Units are issued.

The Directors of the Responsible Entity are of the opinion that these potential disadvantages and risks are substantially outweighed by the potential advantages and benefits associated with the Fund increasing its capacity to issue new Units, and accordingly considers that Resolution 2 is in the best interests of all Members.

However, Members should consider their individual circumstances and make their own determination as to how to vote on Resolution 2.

2.4 What happens if Resolution 2 is not approved?

If Members do not approve Resolution 2, the Fund's ability to raise funds and participate in any suitable investment opportunity in a timely manner, or at all, is likely to be constrained.

Queries

If you have any questions regarding your investment in the Fund, the Resolutions, or what action you should take, please consult your legal, investment, taxation or other professional adviser or contact 360 Capital Investor Services on 1300 082 130 or email investor.relations@360capital.com.au.

A summary of the new proposed Constitution and a summary of the key changes from the current Constitution are set out below:

Clause	Summary	Changes
4.	<p>(Units) The beneficial interest in the Fund is divided into a changeable number of units. Each Unit confers on its holder an undivided interest in the Fund. It confers an interest in the Fund's assets as a whole and not an interest in any particular asset.</p> <p>Subject to the law and to the ASX Listing Rules, the Responsible Entity may allot and issue unissued Units (including in different classes) to any person, on any terms (including as to fees) at any time and in any numbers and having attached thereto such preferred, deferred or other rights, restrictions and obligations as the Responsible Entity thinks fit in its absolute discretion and further with power to classify or reclassify or designate or redesignate the same in any manner which the Responsible Entity thinks fit (including into classes or into a different class).</p>	No material change.
5.	<p>(Partly Paid Units) The Responsible Entity may issue partly paid Units on terms and conditions it determines.</p> <p>If a call in respect of a partly paid Unit is not paid on or before the day fixed for payment, the Responsible Entity may, in its discretion, at any time thereafter, cause the Unit to be forfeited with effect from a date determined by the Responsible Entity.</p>	<p>The current Constitution permits the issue of Units with the payment of calls but doesn't specifically regulate the arrangements that apply in respect of payment and non-payment.</p> <p>The amended Constitution proposes new standard partly-paid provisions.</p>
7.	<p>(Investment Representative Committee) The Responsible Entity may establish an Investment Representative Committee and relevant protocols in relation to the process of appointment, removal and replacement of members of the Investment Representative Committee.</p>	This is a new provision which gives the Responsible Entity the flexibility to establish an Investment Representative Committee.
8.	<p>(Member liability) Except as expressly provided for in the Constitution and subject to any contrary agreement with a Member, if there are insufficient assets in the Fund to meet the liabilities of the Responsible Entity in relation to the Fund, a Member does not have to make up the difference or indemnify or make a payment to the Responsible Entity or any of its creditors. A Member's liability is limited to the unpaid part (if any) of the issue price of its units. A Member has no liability to the creditors of the Responsible Entity.</p>	No material change.

9.	<p>Issue Price) The Constitution contains provisions regarding the calculation of the issue price of Units.</p> <p>Generally while Units are officially quoted and subject to the clauses below dealing with issue price, Units will be issued at an issue price at the market price for the Units.</p> <p>In the case of a proportionate offer to investors, subject to the Listing Rules and any applicable ASIC relief, the Responsible Entity may issue Units at a price that is up to 50% less than the issue price otherwise determined.</p> <p>In the case of a reinvestment of distributions, the Responsible Entity may issue Units at a price that is up to 50% less than the issue price otherwise determined.</p> <p>Subject to the Corporations Act, the Listing Rules and any applicable ASIC instrument, the Responsible Entity may also issue Units at a price determined by the Responsible Entity including determining the issue price by reference to a specified formula set out in a document other than in the Constitution.</p> <p>The Responsible Entity may, in its absolute discretion, accept or reject all or part of an application for Units without giving any reason.</p>	<p>Under the current Constitution, whilst the Fund is listed on ASX, Units may only be issued at a price that is the higher of the market price of a Unit (plus transaction costs of a Unit) and the price of a Unit calculated by dividing the net asset value of the Fund (plus transaction costs) by the number of Units on issue.</p> <p>Under the proposed amended Constitution, the Responsible Entity may now issue Units at the market price and also such other prices as permitted by the Constitution.</p>
10.	<p>(Redemption) Members do not have any right to have their Units redeemed.</p>	<p>No material change.</p>
10.21	<p>(Small holdings) The Responsible Entity may in its discretion from time to time sell or redeem any Units held by a Member which comprise less than a Marketable Parcel (as that term is defined in the ASX Listing Rules) as notified by the Responsible Entity to Members from time to time without request by the Member. The Responsible Entity must notify the Member in writing of its intention to sell or redeem Units. The Responsible Entity will not sell or redeem the relevant Units: (i) before the expiry of 6 weeks from the date of the notice given; or (ii) if, within the 6 weeks allowed, the Member advises The Responsible Entity that the Member wishes to retain Units.</p>	<p>No material change.</p>
10.22	<p>(Small holdings) The Responsible Entity may in its discretion from time to time sell or redeem any Units held by a Member which comprise less than a Marketable Parcel (as that term is defined in the ASX Listing Rules) as notified by the Responsible Entity to Members from time to time without request by the Member. The Responsible Entity must notify the Member in writing of its intention to sell or redeem Units. The Responsible Entity will not sell or redeem the relevant Units: (i) before the expiry of 6 weeks from the date of the notice given; or (ii) if, within the 6 weeks allowed, the Member advises The Responsible Entity that the Member wishes to retain Units.</p>	<p>No material change.</p>
13.	<p>(Transfer of Units) Subject to the rules applicable while the Fund is admitted to an uncertificated trading system and to their terms of issue, Units may be transferred by whatever written transfer form the Responsible Entity may require from time to time.</p>	<p>No material change.</p>

-
- 14. (Powers)** In addition to its powers arising under the Constitution and by law, the Responsible Entity has all the powers in respect of the Fund that it is possible to confer on a natural person or corporation by law and as though it were the absolute and beneficial owner of the entirety of the assets of the Fund acting in its personal capacity.
- Subject to the Corporations Act, the Responsible Entity may appoint, engage or replace delegates, sub-agents, agents, attorneys, sub-attorneys, custodians, nominees or otherwise engage any person to hold title to any asset of the Fund or to exercise or perform any of its duties, powers, discretions, and obligations in connection with the Fund.
- No material change.
-
- 15. (The Responsible Entity's fees and expenses)** The Responsible Entity is entitled to be any fees the terms of which are disclosed in any disclosure document in respect of the Fund.
- In addition to any other rights to indemnity or reimbursement which it may have under the Constitution or at law, the Responsible Entity is indemnified and entitled to be paid or reimbursed from the assets of the Fund for all expenses incurred in relation to the proper performance of its duties or exercise of its powers.
- Subject to the Corporations Act and the Listing Rules, the Responsible Entity may elect that for any period it considers appropriate it is to be issued Units in such class determined by the Responsible Entity instead of cash in payment of any of its fees or payment or reimbursement of its expenses.
- The current Constitution doesn't specify the amount of the management fee and permits the Responsible Entity to determine the amount from Time to time.
- Under the proposed amended Constitution, the relevant fees will be the terms of which are disclosed in any disclosure document in respect of the Fund.
- Separately, the current Constitution does not give the Responsible Entity the flexibility to satisfy the payment of any of its fees or payment or reimbursement of its expenses by the issue of Units.
-
- 16. Rights, limitation of liability and indemnity of the Responsible Entity)** Without limiting its liability under the Corporations Act or other relevant laws, if the Responsible Entity acts without actual fraud or gross negligence or wilful default, the Responsible Entity is not liable in contract, tort, under statute or otherwise to Members for any loss suffered in any way relating to the Fund and will not be liable to Members to any greater extent than the extent to which it is entitled to be and is indemnified for such liabilities out of the Member's assets.
- In addition to any other rights of indemnity or reimbursement which it may have under the Constitution or at law, the Responsible Entity is indemnified and is entitled to be reimbursed out of the Fund's assets for all liabilities and losses incurred by it in relation to the proper performance of its duties in relation to the operation, administration and management of the Fund or otherwise in connection with the Fund. This right of indemnity and reimbursement shall continue in favour of the Responsible Entity after it has ceased to be responsible entity of the Fund.
- Subject to the law and the ASX Listing Rules, the Responsible Entity and any one or more its associates may at any time hold Units and deal with itself in any capacity, including but without limitation subscribing for, purchasing, holding or otherwise dealing with Units.
- No material change.

-
- 17. (Distributions)** Subject to the rights attaching to any particular Unit, Members are generally entitled to share in distributions out of the Fund in proportion to the number of Units they hold.
- The Constitution includes provisions that permit the Responsible Entity to make an election under the "AMIT Regime" to determine the Fund to be an attribution managed investment trust.
- The Responsible Entity may allow Members to reinvest some or all of any distribution to acquire Units.
- The Responsible Entity may at any time also distribute capital of the Fund to Members pro rata according to the number of Units they hold. Such distributions may be in the form of cash, cheque, direct deposit or property or additional New Units.
- No material change other than the new provision that gives the Responsible Entity the flexibility to make an election under the "AMIT Regime" other than the new provision that gives the Responsible Entity the flexibility to make an election under the "AMIT Regime".
-
- 18. (Meetings)** The rights of Members to requisition, attend and vote at meetings are generally as prescribed by the Corporations Act and Listing Rules except as modified by the Constitution.
- The Responsible Entity may convene a meeting of Members or Members of a class at any time and may determine the time and place and the manner in which the meeting will be conducted.
- No material change.
-
- 22. (Stapling)** The Responsible Entity may declare by written notice that Units are stapled to any securities in one or more other stapled entities.
- While stapling applies, a Unit is stapled to other securities and there must be no dealing or disposition of any kind in relation to a Unit unless there is an identical dealing or disposition by the same parties with each other security to which the Unit is stapled. The Responsible Entity must not consolidate, subdivide, cancel or reorganise Units unless at the same time there is a corresponding consolidation, subdivision, cancellation or reorganisation of the other securities.
- In exercising its powers or discretions or performing its functions under the Constitution or in relation to the Fund, the Responsible Entity may as it sees fit:
- take into account the interests of holders of units, share or other securities in stapled entities other than in the Fund; and
 - exercise its powers and discretions or perform its functions even though to do so would be for the benefit of those persons and not for the direct benefit of Members.
- The Responsible Entity may in connection with the stapling or the relationship created by the stapling give any guarantee or indemnity or become liable for the payment of money or the performance of any contract or other obligation by any person including any stapled entity or the responsible entity of any stapled entity.
- To the extent permitted by law, the Responsible Entity must cooperate with each stapled entity or the responsible entity of each stapled entity in everything relating to the stapled securities. This includes, for example, the Responsible Entity ensuring the Fund and stapled entities: (i) comply with the ASX Listing Rules; (ii) adopt consistent accounting, investment and valuation policies; (iii) hold Members' meetings concurrently or where necessary consecutively; (iv) agree on the terms and timing of all new issues, buy backs, bonus and rights issues, placements and redemptions; (v) coordinate the announcement and payment of distributions; (vi) coordinate all distribution or dividend reinvestment plans; and (vii) report to Members consistently and at the same times.

22.6. (Unstapling) The Responsible Entity may by written notice declare that stapling ceases to apply to some or all of the Units. Members may, by special resolution, determine that stapling will cease to apply to some or all of the Units.

This is a new provision that regulates the arrangements that apply if stapling ceases.

In addition, stapling will automatically cease to apply to all Units if:

- the Fund is terminated by winding up;
- the units, shares or other securities in any stapled entity to which the Units are stapled cease for any reason to be transferable only with Units; or
- the law prohibits the stapling.

If stapling ceases to apply to a Unit, the clauses in the Constitution which provide the consequences of stapling cease to operate in respect of that Unit. If stapling ceases to apply to all Units, the Responsible Entity must do everything reasonably necessary to give effect to the cessation of Stapling including:

- amending any records of the managed investment scheme;
- transferring any property or paying any tax; and
- giving directions or consents to the other stapled entity.

23. (Reorganisation proposals) The Responsible Entity may at any time, without further reference to or further approval from Members, do everything it reasonably considers to be needed or desirable to implement a reorganisation proposal, which includes:

This is a new provision which gives the Responsible Entity the flexibility to implement a reorganisation proposal.

- a transaction which enables all Members to realise all or a substantial portion of their investment in the Fund;
- a proposal to consolidate, divide or convert Units in a ratio determined by the Responsible Entity;
- a proposal for stapling or a proposal for cessation of stapling;
- a proposal that each Member should exchange their Units for an equivalent value of units in the a trust of which the Responsible Entity is also the trustee and of which the only assets will, following the implementation of the proposal, be all of the Units on issue at that time;
- a proposal whereby a written offer to transfer or redeem some or all of their Units is made to Members or to specific Members in consideration of any or all of the issue or transfer of units in another trust, or interests of whatever nature in or in relation to another entity; a cash payment; or a transfer of Fund assets;
- a listing that does not involve an initial public offer; or
- any other proposal to reorganise or restructure the capital of the Fund and, if relevant, any stapled entity, in any way.

If the Responsible Entity determines to enter into a reorganisation proposal, then the Responsible Entity has power to do all things which it considers necessary, desirable or reasonably incidental to give effect to the relevant proposal.

<p>17. (Termination and winding up) The Fund terminates on the earlier of:</p> <ul style="list-style-type: none"> • the day before 80 years after the Fund was established; • the date specified by the Responsible Entity as the date the Fund is to terminate in a notice given to Members; • Members fix a date of termination, or resolve to terminate the Fund, by a resolution that has been passed at a meeting on a poll by a special resolution; and • the occurrence of an event requiring the winding up of the Fund under a provision of the Corporations Act or of any other applicable law. <p>If the Fund has been terminated then, subject to any court orders or directions to the Responsible Entity, the following provisions will apply:</p> <ul style="list-style-type: none"> • the Responsible Entity must give to each Member notice of the termination and of its intention to wind up the Fund; • no units may be issued or redeemed; • subject to the Constitution, the Responsible Entity will as soon as reasonably practicable after giving the notice under paragraph (a) above realise all of the Fund assets in such a manner as the Responsible Entity considers appropriate and pay, discharge or provide for (which provision may be made for such period of time as the Responsible Entity thinks fit) all liabilities (whether actual, contingent or prospective) and all expenses of or in connection with the Fund including those anticipated in connection with the winding up of the Fund; and • the net proceeds of realisation and all other cash forming part of the Fund assets will be distributed to the Members in proportion to the number of units held by them at the date of the distribution. 	<p>No material change other than the new provision that gives Members the right to resolve to terminate the Fund.</p>
<p>25. (Removal and retirement of Responsible Entity) Subject to the Corporations Act, while the Fund is registered the Responsible Entity may retire at such time as it thinks fit.</p> <p>Subject to the Corporations Act, while the Fund is registered the Responsible Entity may be removed, and a new trustee may be appointed, in accordance with the Corporations Act.</p>	<p>No material change.</p>
<p>30. (Amendment) While the Fund is registered, the Constitution may be modified, repealed or replaced in accordance with the Corporations Act. While the Fund Trust is not registered, the Responsible Entity may amend the Constitution by supplemental deed.</p>	<p>No material change.</p>
