Dear Sir

Trimantium GrowthOps Limited (“GrowthOps” or “the Company”) (ASX:TGO) requests a trading halt of its securities pending an announcement regarding its application to have its securities delisted from the ASX.

In accordance with Listing Rule 17 and Guidance Note 16 of the ASX Listing Rules, **GrowthOps requests a trading halt of its securities.**

1. The trading halt is requested to enable GrowthOps to lodge an application with the ASX to have its securities delisted from the ASX.
2. GrowthOps seeks the trading halt while the ASX reviews its application to have its securities delisted.
3. GrowthOps expects the trading halt will conclude when it receives a response to its application, following which, the Company will make a detailed announcement to the market regarding its application.
4. The detailed announcement will outline the Company’s reasons for seeking to delist, including its: share price valuation; limited trading of its securities; share price volatility; costs and administration of being listed; inability to raise capital through issue of securities; and the alternatives available to shareholders in the delisting process.
5. GrowthOps is not aware of any reason why the trading halt should not be granted at this time.

This trading halt request has been authorised by resolution of the board of directors of Trimantium GrowthOps Ltd.

Please contact us if you require any further information.
