Senex and Alinta Energy sign new gas sales agreement

Senex Energy Ltd (Senex, ASX: SXY) today announced a domestic gas sales agreement with energy wholesaler and retailer Alinta Energy for four petajoules (PJ) of natural gas.

Under the new two-year gas sales agreement, Senex will supply 4 PJ of natural gas from 1 January 2021. Gas will be supplied at the Wallumbilla Gas Hub in Queensland at a fixed price in line with current term contract market levels.

Alinta Energy has a national presence and is Australia's fourth largest energy retailer.

Managing Director and CEO Ian Davies said Senex is proud to supply another customer with a strong Queensland presence, supporting the powering of homes, manufacturers and jobs.

"Senex continues to work with potential customers to supply natural gas that will support Australia's gas-led recovery and creation of sustainable jobs for Queenslanders.

"Alinta Energy adds to our growing portfolio of domestic commercial and industrial customers, including CSR, Orora, Visy Glass, CleanCo Queensland and Southern Oil Refining.

"These long-term and mutually beneficial relationships reinforce Senex's importance as a material supplier of natural gas to the east coast market," Mr Davies said.

About Senex

Senex is a growing Australian oil and natural gas explorer and producer. We are focused on creating sustainable value for all stakeholders through low-cost, efficient and safe operations in the Surat and Cooper basins. Senex is helping to meet the energy challenge on the east coast of Australia through natural gas development projects which include Project Atlas, Australia's first dedicated domestic gas acreage.
