

ASX Announcement

Quarterly Activities Report and Appendix 4C for September 2020

- **Online sales revenues are steadily growing whilst the Covid-19 pandemic continues to negatively affect the Company's core retail operations.**
- **Cash position remains strong due to successful efforts to control operational costs to offset the loss of retail revenue.**
- **New revenue stream opportunities being investigated.**

The Directors of **Mediland Pharm Limited** ("**Mediland**" or the "**Company**") are pleased to announce quarterly results for the period ended 30 September 2020.

As expected, the Covid-19 pandemic continues to adversely affect inbound tourism to Australia and New Zealand, as such negatively impacting the Company's performance. The Company's total cash position at 30th September was \$6.7m, down by \$590k from the previous quarter.

The Company continued its focus on driving its online sales given the challenges of maintaining its core business within Australia and New Zealand retail operations. As stated previously, however, the Company does not expect that these revenues will fully compensate for the loss of its core revenues. As a result, the Company continues to implement the previously announced range of measures to control its outgoings and operational costs, ensuring that it continues to minimise the impact of the pandemic.

Furthermore, the Company has also utilised Government schemes such as JobKeeper and *Boosting Cash Flow for Employers* to support its cost control measures.

The Company continues to maintain its relationships with its partners both external (Suppliers, Inbound Tour Operators) and internal (Staff) to ensure that it can quickly commence its operations whenever the border restrictions are lifted and tourism returns to some normality.

In the meantime, the Company's Board and Management have been diligently working to identify opportunities for adding new revenue streams to its portfolio with the aim of ensuring the Company can emerge from the pandemic in a strong position. The Company will update the market as appropriate.
