

## **ASX Announcement**

### **4 December 2020**

#### **Nestle Philippines places further order for Re>Pal pallets**

##### **Highlights**

- New order received for 5,000 HD pallets, with a total order value of US\$144,100
- US\$441,440 of orders received from Nestle Philippines throughout 2020

Range International Limited (ASX: RAN) (**Company** or **Range**) is pleased to announce that Nestle Philippines (**Nestle**) has further continued the roll-out of Re>Pal's 100% recycled plastic pallets to its factories in the Philippines with a new order for **5,000** HD pallets. The total value for this order (excluding delivery costs) is **US\$144,100**.

These pallets are for Nestle's Tanauan warehouse and is the first time they have used Re>Pal pallets.

Today's order is in addition to the prior orders received from Nestle throughout 2020 of 9,358 HD pallets and 540 NP pallets. The total value of orders received from Nestle in 2020, *excluding delivery costs*, is approximately US\$441,440.

Stephen Bowhill, Managing Director of Range commented "Nestle's continued orders are being driven by their desire to reduce virgin plastic use as well as transition away from timber pallets. We are delighted to be able to help Nestle transition towards a more sustainable future with our long-life 100% recycled plastic pallets. These pallets will be delivered between January and March 2021."

Nestle's payment terms are standard 60 days from delivery. The Company must deliver the pallets in accordance with an agreed delivery schedule and to an agreed, suitable quality standard.

This announcement has been approved for release by the Board of the Company.

**About Range International:**

Range is a manufacturer of plastic pallets, trading as Re>Pal™. Our ThermoFusion™ technology allows Re>Pal™ to make 'zero waste', 100% recycled and recyclable plastic.

Range currently has production lines operating in its East Java factory in Indonesia and sells its pallets under the brand Re>Pal™, supplying pallets into Indonesia and across Asia/ globally.
