Range International Limited (ASX: RAN) (**Company** or **Range**) is pleased to announce that Unilever OleoChemicals (UOI) has confirmed its reordering for Q1 2021 and has provided Re>Pal with a new order in Indonesia for **8,288 NP1090** 100% recycled plastic Re>Pal pallets. The total value for this order (excluding delivery cost) is **1,280,181,056 IDR (approximately US\$90,500)**. The pallets are to be delivered throughout Q1 2021.

These pallets are for UOI's factory in Medan Indonesia and are used for export.

Stephen Bowhill, Managing Director of Range commented "Unilever's increased volume for Q1 2021 gives me some confidence in the overall economy and that businesses are adapting to the new normal of dealing with Covid-19. Unilever remains an important foundation customer of Re>Pal and we continue to deepen our relationships with their business units across Indonesia and SE Asia, as they are also committed to making a more sustainable planet."

UOI's payment terms are standard 60 days from delivery.

This announcement has been approved for release by the Board of the Company.
