Oneview Healthcare PLC launches legal claim against Regis Aged Care Pty Ltd. for breach of collaboration agreement and misleading and deceptive conduct

Oneview Healthcare PLC (ASX:ONE) intends to launch a legal claim today in the Supreme Court of Victoria, Commercial Court against aged care operator Regis Aged Care Pty Ltd (a wholly owned subsidiary of Regis Healthcare Limited) for breach of the Collaboration Agreement between the two companies seeking damages for loss of opportunity of A\$21.4 million or reliance loss in the alternative and for misleading and deceptive conduct.

The company has engaged Pikes & Verekers as its legal representative.

In April 2019 Oneview and Regis entered into a formal collaboration agreement to develop a care management solution, for work that commenced on 21 September 2018. This followed a competitive tender process carried out by Regis Aged Care in 2018.

In November 2019, Oneview announced to the ASX that its negotiations with a major aged care provider (being Regis) had reached an impasse, following a change of leadership at Regis and advice that the operator would not deploy the new care management solution.

James Fitter, CEO of Oneview said: "We are pursuing damages to cover the cost incurred by Oneview in developing the aged care solution under this collaboration agreement and for the significant loss of opportunity to further commercialise this asset and the resident experience platform. We have been contemplating this action over the past year and regret that Regis haven't been open to resolving this matter without having to resort to the courts."
