Letter from the Chairman

Dear Investors

On behalf of the Board, I enclose this Notice that sets out a proposal to staple the BlackWall Property Trust (**BWR**) to both WOTSO Ltd (**WOTSO**) and Planloc Pty Ltd (**Planloc**) (**Stapling Proposal**). Planloc is a property investment company currently owned by Pelorus Private Equity Limited (**Pelorus**), and you will recall that WOTSO was formed within BlackWall Limited (**BWF**) and was spun off into a separate structure at the start of the year.

This Notice is also a prospectus issued in accordance with Ch 6D of the Corporations Act by:

- (a) WOTSO in relation to the issue of WOTSO Shares ; and
- (b) Pelorus in relation to the transfer of Planloc Shares,

in accordance with the Stapling Proposal. On the WOTSO side, the Stapling Proposal will be implemented via a court approved scheme of arrangement between WOTSO and its shareholders (**WOTSO Scheme**). Sections of the Scheme Booklet for the WOTSO Scheme are incorporated by reference into this Notice and Prospectus. Further information in relation to the Scheme Booklet (as incorporated into the Prospectus) is set out in Section 1.4 of the Explanatory Memorandum.

A key condition of the Stapling Proposal is that BWR amend its Constitution to facilitate the transaction, which requires BWR Unitholder approval. Subject to receiving that approval, and a number of other key conditions being satisfied including member and Court approval for the WOTSO Scheme, eligible BWR Unitholders will receive newly issued WOTSO Shares and Planloc Shares, which together with their existing BWR Units will form single "stapled securities". The new combined structure will trade on the ASX as WOTSO Property (**WP**) under the ASX ticker 'WOT'. BWR will no longer trade on the ASX as a standalone entity, but will instead trade together with WOTSO and Planloc as part of a combined stapled group.

The stapled structure may seem complicated, but it is driven by regulatory and taxation issues and is not uncommon in Australia. Many entities listed on the ASX are stapled structures including Scentre Group, Stockland, Charter Hall, Vicinity Centres and Cromwell Property.

Bringing together BWR, WOTSO and Planloc was not our intention at the beginning of this year. In BWR, we were looking to deploy capital and acquire opportunistic properties but we have found it difficult to do so in a market that is characterised by unsustainable yields and prices. The plan was for WOTSO to raise new capital and set off on a rapid expansion path but we then faced two unanticipated hurdles:

1. unforeseen regulatory barriers that limited the ability to raise capital from strategic investors; and
2. the onset of COVID-19.

While working through the lockdowns and other issues created by COVID-19 we considered a number of options for the future of BWR and WOTSO. We were heartened by seeing only modest decreases in the valuations of BWR's properties and WOTSO's performance during this time, which reinforced our view that they are resilient with significant potential.

When reviewing the options for both BWR and WOTSO we reflected on our experience so far, and this strengthened our view that there is a natural synergy between BWR's dynamic property portfolio and WOTSO's expanding coworking business. With WOTSO in the same camp as its major landlord, BWR, the potential to function as a readymade tenant and incubator for new tenants is enhanced and is likely to generate positive outcomes for both landlord and tenant.

BWR has the capital base to help WOTSO grow without the need for WOTSO to raise new capital at this time and the structure does not preclude WOTSO from entering into new third party leases.

The Directors unanimously recommend that you vote in favour of the Resolution. Each of the Directors intends to vote, or cause to be voted, all BWR Units held by or controlled by them in favour of the Resolution.

How to vote

Your vote is important and we encourage you to vote on the Resolution which requires at least 75% of the total number of votes cast on the Resolution by BWR Unitholders.

Details of how to vote are set out in the enclosed Notice.

Court process

In addition to, and in parallel with, the Court approval process for the WOTSO Scheme, BlackWall Fund Services Limited ACN 079 608 825 (**BFSL**) as responsible entity for BWR has on 18 December 2020 sought and obtained judicial advice from the New South Wales Supreme Court under section 63 of the *Trustee Act 1925* (NSW) that:

- (a) BFSL as responsible entity of BWR would be justified in convening the meeting of BWR Unitholders for the purposes of considering the Resolution; and
- (b) subject to BWR Unitholders passing the Resolution, BFSL would be justified in proceeding on the basis that repealing the BWR Constitution and replacing it with the Replacement Constitution would be within the powers conferred by the BWR Constitution and section 601GC of the Corporations Act
(First Judicial Advice).

Further, if the Resolution is passed, at a second Court hearing BFSL as responsible entity of BWR will seek judicial advice from the Court under section 63 of the *Trustee Act 1925* (NSW) that BFSL would be justified in implementing the Resolution, giving effect to the provisions of the Replacement Constitution, and in doing all things and taking all necessary steps to implement the Stapling Proposal
(Second Judicial Advice).

The fact that the Court has provided the First Judicial Advice does not mean that the Court:

- has formed any view as to the merits of the Stapling Proposal, or the Replacement Constitution, or as to how BWR Unitholders should vote (on this matter BWR Unitholders must reach their own conclusion);
- has prepared, or is responsible for, the content of this Notice or Explanatory Memorandum; or
- has decided to provide, or will provide the Second Judicial Advice at the Second Court Hearing.

Unitholders' right to appear at the second Court hearing

Any BWR Unitholder may appear at the second Court hearing, expected to be held at 9:15am on Friday, 5 February 2021 at the Supreme Court of New South Wales, Law Courts Building, 184 Phillip Street, Sydney NSW.

Any BWR Unitholder who wishes to oppose the granting of the Second Judicial Advice at the second Court hearing may do so by filing with the Court and serving on BWR a notice of appearance in the prescribed form together with any affidavit that the Unitholder proposes to rely on. The notice of appearance and any affidavit must be served on BWR at its address for service (Level 1, 50 Yeo Street, Neutral Bay, Sydney, NSW, 2089) at least one day before the second Court hearing.

Further Information

The Notice sets out important information relating to the Stapling Proposal, including the reasons why the Directors have recommended that BWR Unitholders vote in favour of the Resolution. The Notice also sets out some of the reasons why you may wish to vote against the Resolution.

Please read this document carefully and in its entirety. It will assist you in making an informed decision on how to vote. We also encourage you to seek independent financial, legal and taxation advice before making any decision in relation to your BWR Units.

As noted above, this Notice is also a Prospectus. This Prospectus is a short form prospectus issued in accordance with section 712 of the Corporations Act. This means that this Prospectus does not contain all the information that is generally required to be set out in a document of this type, but incorporates by reference the Scheme Booklet that was lodged with ASIC on 18 December 2020.

The sections of the Scheme Booklet which are incorporated by reference into this Prospectus are summarised in section 1.4 of the Explanatory Memorandum. This section will primarily be of interest to investors and their professional advisers.

Investors and their professional advisers are able to obtain a copy of the Scheme Booklet free of charge by contacting WOTSO and/or Pelorus at their registered offices during normal business hours up until the commencement of the Extraordinary General Meeting. The Scheme Booklet will also be available by visiting BlackWall's website at <https://blackwall.com.au/invest/>.

If you have any general queries about the Stapling Proposal, please do not hesitate to contact us by email or phone. A list of contact options are set out below.

On behalf of the Board, I would like to take this opportunity to thank you for your ongoing support of BWR and I look forward to your participation at the Meeting.

Yours sincerely

1.1. Introduction

This Explanatory Memorandum has been prepared for the information of unitholders in relation to the business to be conducted at the Meeting.

The purpose of the Explanatory Memorandum is to provide unitholders with all information known to BWR which is material to a decision on how to vote on the resolutions set out in the accompanying Notice. This Explanatory Memorandum (and Notice of Meeting) also comprises a prospectus issued under Chapter 6D of the Corporations Act by WOTSO in relation to the issue of WOTSO Shares, and by Pelorus for the transfer of Planloc Shares (in accordance with the Stapling Proposal) (**Prospectus**). In addition, Unitholders should consider sections of the Scheme Booklet as summarised in section 1.4 of this Explanatory Memorandum (and which may be referred to in other sections of this Explanatory Memorandum) insofar as the Scheme Booklet together with this Explanatory Memorandum provides investors and their professional advisers information to assist them in making an informed assessment of:

2. THE PROPOSED STAPLED GROUP AND REASONS TO VOTE

2.1. Introduction

On the basis the Scheme is approved and implemented, the Stapled Group will comprise of WOTSO, BWR and Planloc. Information relating to each of WOTSO and Planloc and the rationale behind the Stapling Proposal is provided below.

2.2. WOTSO

The WOTSO business commenced operations in 2014 through WOTSO Workspace Pty Ltd, a subsidiary of BlackWall Limited (**BWF**). WOTSO Limited was incorporated by BWF in 2019 to carry on the WOTSO business, until it demerged and formed its own consolidated group on 8 January 2020. WOTSO operates flexible workspaces, largely targeted towards small to medium enterprises in suburban or regional locations.

WOTSO commenced with 2 Sydney sites in 2014 and has since grown to operate 16 flexible workspaces across Australia, and 1 in Malaysia. WOTSO's revenue is largely derived from the use of private offices on monthly terms with the remainder being through memberships in open plan, co-working environments, events, meeting rooms and other additional services.

As at the date of this Notice, WOTSO has over 3,400 occupied desks, compared to a capacity of just over 5,200. WOTSO expects to continue its current growth strategy of building revenue on newly opened sites and will roll out new sites as and when commercially attractive opportunities are identified, with a focus on suburban and regional Australia.

Further information on WOTSO can be found in section 3.2 of the Scheme Booklet.

A summary of WOTSO's financial information can be found in section 5.1 of the Scheme Booklet. Further details about WOTSO's financial performance is accessible on WOTSO's website at www.wotsoworkspace.com.au/shareholder/.

A condition of the WOTSO Scheme is that WOTSO shareholders approve the replacement of the WOTSO constitution. A copy of the proposed replacement WOTSO constitution is set out in Annexure D of the Scheme Implementation Deed announced by BWR to the ASX on 18 November 2020.

2.3. Planloc

Planloc Limited (**Planloc**) is an unlisted public company that is, as at the date of this Notice, a wholly owned subsidiary of Pelorus Private Equity. Pelorus Private Equity is an unlisted public company that, in addition to its investment in Planloc, holds a significant investment in BWR and periodically takes small positions in start-up businesses.

Planloc has two primary assets:

- (a) a 100% ownership of a commercial property located at 120 Mulgoa Road, Penrith, New South Wales; and
- (b) a 49% interest in a trust that owns a commercial property located at 850 Woodville Road, Villawood, New South Wales.

Further information on Planloc can be found in section 3.4 of the Scheme Booklet.

A summary of Planloc's financial information can be found in section 5.3 of the Scheme Booklet. Further details about Planloc's financial performance can be found on Pelorus Private Equity's website at www.pelorus.com.au.

A copy of Planloc's constitution will be made available upon request, noting that the Planloc constitution is in substantially the same form as the proposed WOTSO replacement constitution (the latter being set out at Annexure D of the Scheme Implementation Deed announced by BWR to the ASX on 18 November 2020).

2.4. Why are we doing this?

The Stapling Proposal will combine three complementary entities to provide investors of each group with what we believe to be an enhanced investment proposition relative to each vehicle on a standalone basis. We think BWR will benefit from having a ready-made tenant in WOTSO, which gives us a clear direction when considering potential property acquisitions. It will also give investors exposure to the higher rents achievable through providing flexible space solutions. However, we do not expect the transaction to diminish BWR's standing as a property investment trust as WOTSO is expected to represent less than 10% of the stapled group's assets.

You may recall that WOTSO was originally owned by BWF and its shares were distributed directly to BWF shareholders earlier this year through a demerger process. It made sense for WOTSO and BWF to be separate businesses to allow WOTSO to forge its own path and grow through the introduction of new capital. Following the demerger there were a number of changes in circumstances surrounding the WOTSO business including but not limited to:

- (b) changes to management;
- (c) a refocus of the growth strategy to concentrate on existing sites profitability before actively seeking new sites;
- (d) regulatory considerations that meant a large placement of new WOTSO shares would not proceed; and
- (e) COVID-19 and subsequent economic crisis.

These factors, along with others, made us re-evaluate the future for WOTSO. The planned entitlement offer and subsequent listing of WOTSO was a difficult proposition in a very uncertain market. COVID-19 had, if anything, made us more confident in WOTSO's market strategy of focusing on suburban and regional areas as a provider of office space on flexible terms. We believe that BWR will be a great partner for WOTSO as each business deals with an uncertain market whilst providing an improved growth strategy.

A pro forma balance sheet for the Stapled Group is provided at Section 5.4 of the WOTSO Scheme Booklet. The pro forma balance sheet was prepared by consolidating the pro forma balance sheets of each of the Stapled Entities at a 28 February 2021 balance date.

2.5. Why is it good for BWR?

BWR's view on property investment has always been to acquire well (often opportunistically), continuously improve and reposition the asset and to hold and collect rent for the long term. BWR is a nimble and flexible landlord for its tenants and as a result a "flexible" property offering has always been something it provides whether or not it was referred to as that. The addition of WOTSO to the group provides the following benefits:

- (a) **Ready-made tenant** – from time to time vacancies come up in the BWR portfolio. WOTSO provides an immediate solution for these vacancies by offering flexible space. This does not cut off the opportunity to secure other traditional tenancies. An activated space is better than a vacant one;
- (b) **Strategic Direction for BWR** – gives BWR a primary but not sole focus of being a flexible space provider, at the same time giving it a clear direction for future acquisitions;
- (c) **Competitive advantage for acquiring assets** – the ability to acquire vacant assets with less risk as WOTSO can provide an immediate solution. When you start to look at WOTSO as a flexible space provider not just a co-work space it opens doors for vacant properties. BWR can leverage off this to create potential higher returns;
- (d) **WOTSO as an incubator** – WOTSO often acts as an incubator for larger tenants on more traditional leasing terms. Some WOTSO businesses are growing SMEs that may naturally move over time away from a flexible offering. BWR's portfolio can also provide that solution for growth;
- (e) **More diversified income stream** – BWR is not a long WALE REIT. It is our view that 100, \$10,000 transactions are far better and less risky than 1, \$1 million transaction. If the market starts to come to this view it should eventually achieve better valuation outcomes;
- (f) **Efficiencies in management** – due to WOTSO staff being based onsite at a lot of the BWR properties, this leads to certain efficiencies in management of the properties resulting in a reduction in administration and management costs. WOTSO staff who are on-site at BWR properties will be able to perform a dual role of managing the WOTSO site and its members as well as undertaking general property management tasks. These tasks would have otherwise been the responsibility of a BlackWall employee and include coordinating capital works or repairs, assisting with the advertising and leasing of non-WOTSO space and acting as a first point of contact for the property generally. Travel costs will also be reduced as locally based staff will be able to reduce the need for head office travel to the sites. It is estimated that these efficiencies will lead to cost saving of around \$12,000 per annum per BWR property that houses a WOTSO space;
- (g) **Security of BWR's largest tenant** – WOTSO occupies 21,142sqm of BWR's total 77,800sqm. By stapling BWR's largest tenant with BWR, this provides security with respect to WOTSO lease renewals; and
- (h) **Share in enhanced returns** – BWR unitholders will be able to participate in the enhanced income that can be achieved through the flexible space offerings of WOTSO. The flexible leasing terms offered by WOTSO typically command a higher amount of rent per square meter when compared to traditional leasing terms (ie the income derived per square metre is enhanced when it is leased on flexible terms when compared to that same space being leased on conventional terms). BWR unitholders will gain exposure to these higher rental rates.

2.6. Why is it good for WOTSO?

From WOTSO's perspective, the Stapling Proposal:

- (a) **Provides liquidity for WOTSO shareholders** – stapling to BWR will mean that WOTSO shares will be listed on the ASX and able to be traded as shareholders see fit. This is something that has always been a priority for WOTSO and its shareholders;
- (b) **Secures WOTSO's future** – by linking to a property owner that is expanding its portfolio, WOTSO has a growth path that is lower risk and easier to execute;
- (c) **Cements relationship with WOTSO's largest landlord** - 8 of WOTSO's 17 sites are housed in BWR owned assets. The stapling will ensure that interests are aligned between BWR and WOTSO;
- (d) **WOTSO can still pursue 3rd party leasing deals under the stapled structure** - however WOTSO will not be dependent on entering into third party leases (i.e. with non-BWR lessors) for growth and as a result will only do these deals on appropriate terms that are better suited to WOTSO's risk profile, such as turnover rents and management agreements;
- (e) **BWR can act as an immediate capital partner for WOTSO** - BWR is a well capitalised REIT and has already acted as a funding partner for WOTSO's expansion. The stapling will mean that WOTSO has direct access to BWR's capital to help fund WOTSO's expansion in both BWR owned and third-party assets;
- (f) **Access to listed capital markets for future funding requirements** - once admitted to the Official List as part of the Stapled Group, WOTSO's ability to raise capital, if and where needed, will be strengthened; and
- (g) **Operational efficiencies will mean reduced overheads** - it is expected that across the Stapled Group there will be cost savings of around \$500,000 per annum. In particular costs relating to executive management and the board of directors is expected to be shared across the group. Given the same members of the BlackWall Board will be acting as the Board of WOTSO, new independent directors will not be required to be engaged saving approximately \$200,000 per annum. Further, senior management of BlackWall will also be performing some of the management roles of WOTSO which is estimated to save another approximately \$250,000 per annum. Audit fees is expected to be reduced by approximately \$30,000 per annum as individual reports will not be required. Finally, the WOTSO head office rent will also be combined with that of BlackWall saving approximately \$50,000 per annum.

2.7. Why is Planloc part of the Stapling Proposal?

Planloc is a company that owns a \$21.5 million mixed use property in Penrith, NSW as well as an interest in an entertainment precinct in Villawood, NSW valued at \$22 million. The Villawood property is already consolidated on the BWR balance sheet by virtue of BWR's existing 46% holding in the asset (with Planloc having a 49% interest and the remaining 5% interest being held by six investors unassociated with BFSL or the Stapled Entities). The properties have been owned and managed by BlackWall and its related entities for over 10 years and are a natural fit to join the Stapled Group. Given the restructuring occurring with WOTSO it made sense to take the opportunity to also add these properties to the listed Stapled Group. The properties will grow the assets of the Stapled Group giving it more scale and, whilst they are mature properties, still present an opportunity for the group to increase revenue in the assets over time.

2.8. Why you may not agree with the Stapling Proposal?

The Stapling Proposal has potential disadvantages and risks that BWR Unitholders must consider. While the Directors are of the opinion that these disadvantages are outweighed by the advantages of the Stapling Proposals, BWR Unitholders should consider their individual circumstances and make their own determination.

Factors which may lead BWR Unitholders to consider voting against the Resolution include but are not limited to:

- (a) You may consider BWR's value over the long term as a stand-alone, unstapled entity will be greater than if BWR was a part of the Stapled Group. You may therefore prefer to retain your BWR Units as an unstapled security.
- (b) You may believe the dilutionary impact to your BWR Units is not commensurate with the value of new WOTSO Shares and Planloc Shares to be issued to you under the Stapled Group.

The Directors have considered the value of WOTSO Shares and Planloc Shares that are to be issued to BWR Unitholders relative to the value of BWR Units to be issued to WOTSO Shareholders.

The Directors consider that the dilutionary impact to BWR Unitholders arising from issuing BWR Units is economically equivalent to (or at least not lower than) the gain in the value of new WOTSO Shares and Planloc Shares to be issued to BWR Unitholders.

- (c) It is possible that a more attractive proposal for BWR could materialise in the future. However, since the date that BWR announced that it has entered into the Scheme Implementation Deed, no alternative proposal has emerged and the Directors are not aware of any alternative proposal that is likely to emerge.

However, notwithstanding the above, you may disagree with the assessment of the Directors.

- (d) You may believe BWR will become less attractive to potential buyers in the future due to the stapled nature of BWR Units requiring a potential acquirer to also acquire WOTSO Shares and Planloc Shares.

You may believe it is in your best interests to maintain your current investment and risk profile of BWR Units to preserve your investment in a stand-alone entity with the specific characteristics of BWR. In particular, you might consider that BWR may be able to return greater value from its assets by remaining independent, or seeking alternative commercialisation strategies as an unstapled entity.

You should be aware that if you do not vote, or if you vote against the Resolution, the Stapling Proposal may still be implemented if the Resolution is passed. If this occurs and you are an:

- (a) Eligible BWR Unitholder, you will receive one WOTSO Share and one Planloc Share for every BWR Unit you hold on the Record Date (which will be on a post-consolidation basis), and your existing BWR Units will become stapled to Planloc Shares and WOTSO Shares; or
- (b) Ineligible BWR Unitholder (see section 3.5), your BWR Units will be transferred to the BWR Sale Nominee, who will also receive one WOTSO Share and one Planloc Share for every BWR Unit you otherwise held on the Record Date. Once the securities are stapled to

form Stapled Securities, the BWR Sale Nominee will sell the Stapled Securities to which you otherwise would have been entitled and remit the proceeds of sale to you.

2.9. What happens if the Stapling Proposal does not proceed?

If the Stapling Proposal does not proceed each of BWR, WOTSO and Planloc will continue to operate as they currently are.

The majority of the transaction costs associated with the Stapling Proposal have already been incurred and will not be recovered if the Stapling Proposal does not proceed. BWR and WOTSO have agreed to share these costs on a 50% basis each.

2.10. Pricing

Details on how the Stapled Entities have been valued to calculate the number of BWR Units, WOTSO Shares and Planloc Shares that will be issued to implement the Stapling Proposal can be found in section 3.11 of the Scheme Booklet.

2.11. What does the future hold for the Stapled Group

The Stapled Group will provide a unique investment opportunity in the Australian market. An A-REIT that focuses on flexible space will allow securityholders to participate in the higher rates achievable through providing flexible space solutions, as the Stapled Group will own the operating business of the flexible space provider as well. The COVID-19 pandemic has brought to the forefront how businesses will operate in the future and flexibility is a term that many are grappling with. WP will be the type of landlord that many will be looking towards, to provide that happy medium between bringing all of their staff back to CBDs and allowing them to continue to work from home.

WOTSO's offering works in different types of property. It is now housed successfully in bulky goods centres, ex industrial precincts, shopping centres, mixed use developments as well as traditional office spaces. This means that BWR can continue to target a variety of opportunistic property types as it has done in the past. BWR will continue to search for well located properties in suburban areas, close to amenities and transport for acquisition. Price has recently been an impediment and WP will need to be patient and wait for the right opportunities. Recent economic pressures could be the catalyst.

WOTSO as BWR's largest tenant in mature sites can produce EBITDA margins of 15-30% in WOTSO and these enhanced returns for property investors will flow through to WP security holders with less risk than holding WOTSO on its own.

With BWR's gearing below 20%, new debt facilities over unencumbered assets are being arranged so that when opportunities do present themselves, the speed at which transactions can be executed is not impeded by funding.

In summary WP will be a well capitalised A-REIT that will run one of Australia's largest flexible suburban space providers and will target property that suits this offering. It will be opportunistic in its acquisitions and through the provision of coworking and flexible space solutions will drive higher returns to security holders within an environment of less risk.

2.12. Board and governance of the Stapled Group

The board of each Stapled Entity comprising WOTSO Property will be identical on implementation of the Stapling Proposal. The Directors currently serving on the Board of BFSL

Previously, Alex was a lawyer at Clayton Utz in their Corporate, M&A and Capital Markets team. Alex holds a Bachelor of Laws (Hons) and a Bachelor of Commerce (Economics) from Macquarie University.

(d) **Board and executive remuneration**

No fees are payable by BWR to the Non-Executive and Executive Directors as BWR remunerates BFSL as responsible entity (see Section 5.3 for information of fees payable in BWR). However the Non-Executive and Executive Directors are remunerated by BlackWall (the parent of BFSL). For information in relation to remuneration for Non-Executive and Executive Directors by BlackWall, please refer to the audited remuneration report in BlackWall's Annual Report for the year ended 30 June 2020 (which can be accessed on the ASX under the code "BWF").

Under the constitutions of WOTSO and Planloc, the total amount or value of the remuneration for Non-Executive Directors must not exceed the sum determined from time to time by its members (i.e. Stapled Security-holders) in general meeting. Currently this amount is nil for WOTSO and nil for Planloc (**Remuneration Cap**). The remuneration for Non-Executive and Executive Directors does not include any amount paid to a superannuation fund or for any insurance premium, and a director may receive special or additional remuneration as determined by the entity's board for additional or special duties.

Upon implementation of the Stapling Proposal, the Directors have agreed that they will not be paid customary Directors fees for their services as directors of WOTSO and Planloc. Therefore, each Director will only receive director's fees in their current role as Non-Executive and Executive Directors of BlackWall.

(e) **Directors' interests in WOTSO Shares, BWR Units and Planloc Shares**

The table below lists the Relevant Interests of the proposed Directors of the Stapled Entities (being the existing WOTSO Directors and the additional BWR Directors to be appointed to the Boards of WOTSO and Planloc) in WOTSO Shares and BWR Units as at 16 December 2020, as well as their expected Relevant Interest in the Stapled Group upon implementation of the Stapling Proposal.

Directors, or the entities controlled by them, who are Eligible BWR Unitholders will receive one WOTSO Share and one Planloc Share for each BWR Unit held on the Record Date, along with the other Eligible BWR Unitholders.

(f) Governance of Stapled Group

The responsibility for the Stapled Group’s proper corporate governance rests with each Stapled Entity’s board of directors. The guiding principles of each Stapled Entity board in meeting this responsibility is to act honestly, in good faith and in the best interest of the Stapled Group as a whole. We believe that having a common set of directors across each of the Stapled Entities puts the Stapled Group in the best position to act in accordance with these guiding principles.

The board of each Stapled Entity will adopt a common set of policies and charters, which have been prepared having regard to the ASX Corporate Governance Principles and Recommendations. The policies and procedures include Code of Conduct, Continuous Disclosure Policy, Risk Framework, Securities Trading Policy, Whistleblower Policy, Diversity Policy and Anti-Bribery and Corruption Policy.

If the Stapling Proposal is not implemented, each Stapled Entity's board intends to continue the business of its respective Stapled Entity as it is now conducted.

2.13. Continuous Disclosure

Stapled Group

BWR is currently listed on the ASX. WOTSO and Planloc are currently unlisted entities. However, as a part of the Stapling Proposal, WOTSO and Planloc will each apply to the ASX for admission to the Official List and quotation of WOTSO Shares and Planloc Shares. Therefore, following implementation of the Stapling Proposal, the Stapled Group will together be listed on the ASX. Further, certain waivers from the Listing Rules have been sought with the effect that the quoted BWR Units, WOTSO Shares and Planloc Shares, once stapled, can be effectively dealt with as if they are a single stapled security.

Each Stapled Entity will be a disclosing entity for the purposes of the Corporations Act and the Listing Rules and will be subject to regular reporting and disclosure obligations that require the Stapled Group to immediately disclose to the market any information that it becomes aware of

which a reasonable person may expect to have a material impact on the price or value of the Stapled Securities.

In accordance with ASIC's relief under *ASIC Corporations (Stapled Group Reports) Instrument 2015/838*, the Stapled Entities intend to prepare and lodge a single financial report with ASIC and ASX for both their annual and half year financial statements, in accordance with the conditions of the ASIC instrument and other reporting obligations under Chapter 2M of the Corporations Act.

Copies of these and other documents lodged with ASIC and ASX may be obtained from an ASIC office and are accessible from ASX's website at www.asx.com.au.

WOTSO

WOTSO is an unlisted disclosing entity for the purposes of the Corporations Act and therefore is subject to regular reporting and disclosure obligations. Information disclosed by WOTSO is available on its website at www.wotsoworkspace.com.au/shareholder/. In addition, WOTSO is required to lodge various documents with ASIC. Copies of documents lodged with ASIC by WOTSO may be obtained from an ASIC office or via its website at www.asic.gov.au and a copy of WOTSO's Constitution and 2020 Annual Report can be obtained by contacting WOTSO via the Shareholder Information Line on 1800 496 876 (within Australia) or +61 2 9033 8611 (outside Australia).

BWR

BWR is a disclosing entity for the purposes of the Corporations Act and is subject to periodic reporting and disclosure obligations under the Corporations Act and the Listing Rules meaning BWR must notify the ASX of information about specified matters and events as they arise for the purpose of the ASX making that information available to participants in the market.

Planloc

Planloc is an unlisted public company that is currently a wholly owned subsidiary of Pelorus Private Equity Limited. Details about Planloc can be found in the Pelorus Annual Report which is available at www.pelorus.com.au.

Planloc has not been audited on a stand-alone basis. However, given Pelorus Private Equity has made the decision to transfer all its shares in Planloc to BWR Unitholders as part of the Stapling Proposal, the financial information in the audited financial report for FY20 of Pelorus Private Equity has been presented as if Planloc was a discontinuing operation. As required by AASB 5 - *Assets Held for Sale and Discontinued Operations* the activities of Planloc have been reflected separately as a discontinued operation in those financial statements.

3. STAPLING PROPOSAL

3.1. Background

Stapling 3 entities together is an inherently complex process. This section gives you the detail of this process should you want to understand the mechanics of the Stapling Proposal.

On 17 November 2020, BWR entered into the Scheme Implementation Deed with WOTSO and Planloc, under which it is proposed that all issued BWR Units will be stapled to WOTSO Shares and Planloc Shares on a 1:1:1 basis by way of the Scheme of Arrangement. Upon completion of the proposed Stapling, there will be:

- 162,841,412 BWR Units;
- 162,841,412 WOTSO Shares; and
- 162,841,412 Planloc Shares,

on issue.

If the Resolution is approved by BWR Unitholders, and if all other necessary approvals and conditions are satisfied or waived (including the Scheme being approved by WOTSO Shareholders and by the Court), together WOTSO, Planloc and BWR will be known as "WOTSO Property" or "WP" and will trade as a stapled security on the ASX.

If the Resolution is not approved, the Stapling Proposal will not proceed and BWR will continue as an unstapled, stand-alone listed entity.

3.2. What BWR Unitholders will receive under the Stapling Proposal

BWR Unitholders will be issued with one WOTSO Share and one Planloc Share on the Implementation Date, for every one BWR Unit they hold as at the Record Date. Each WOTSO Share, BWR Unit and Planloc Share will be stapled together to form a Stapled Security, which will be quoted on the ASX.

3.3. Conditions to the Stapling Proposal

The obligations of BWR, WOTSO and Planloc to implement the Stapling Proposal are subject to the Scheme Conditions, the key conditions include:

- WOTSO Resolutions:** WOTSO Shareholders must vote to approve the Scheme and a number of supporting resolutions to facilitate the Stapling Proposal including the WOTSO Share Consolidation.
- BWR Resolution:** BWR Unitholders must vote to approve the Resolution.
- Planloc Resolutions:** Pelorus Private Equity, as the sole shareholder of Planloc, must approve a number of supporting resolutions to facilitate the Stapling Proposal including the Planloc Share Split.
- Regulatory approvals:** before the 8.00am on the Second Court Date, ASIC and ASX issue or provide such consents or approvals as are necessary or which the parties agree are necessary or desirable to implement the Scheme and such consent, approval or other act has not been withdrawn or revoked before 8.00am on the Second Court Date. Please refer

to Section 6.1 and 6.2 for details of the ASIC relief and ASX waivers related to the Stapling Proposal.

- (e) **Court approval:** If all other Scheme Conditions are satisfied or waived (where capable of waiver) other than the condition that the Court approve the Scheme, the Court will be asked to approve the Scheme at the Second Hearing Date. The Stapling Proposal will not proceed if the Court does not provide this approval.

In addition to, and in parallel with, the Court approval process for the Scheme, BFSL as responsible entity for BWR will seek customary judicial advice in the form of a confirmation from the Court under section 63 of the *Trustee Act 1925* (NSW) that:

- (i) BFSL as responsible entity of BWR would be justified in convening the Meeting for the purposes of considering the Resolution; and
- (ii) subject to BWR Unitholders passing the Resolution, BFSL would be justified in proceeding on the basis that repealing its previous Constitution and replacing it with the Replacement Constitution would be within the powers conferred by the Constitution and section 601GC of the Corporations Act.

The Stapling Proposal will not proceed if the Court does not provide this confirmation to BFSL.

Further details of the Scheme Conditions are set out in section 7.2(b) of the Scheme Booklet.

All of the Scheme Conditions must be either satisfied or waived (where capable of waiver) in accordance with the Scheme and the Scheme Implementation Deed for the Stapling Proposal to be implemented.

As at the date of this Notice, BWR is not aware of any circumstances which would cause the Scheme Conditions not to be satisfied.

If the Resolution is passed by BWR Unitholders at the Meeting, and the Scheme Conditions are satisfied or waived (as applicable) the Stapling Proposal will proceed and BFSL as responsible entity of BWR will undertake the necessary corporate actions required to implement the Stapling (see section 3.4 below).

Each of the Scheme Conditions must be satisfied by 8:00am (AEDT) on the Second Court Date, otherwise each of BWR, WOTSO, and Planloc have the right to terminate the Scheme Implementation Deed by notice, in which case the Stapling Proposal will not proceed.

3.4. Capital Reorganisation

Under the Deed Poll, the Stapled Entities, BFSL and Pelorus Private Equity (as applicable) will complete the following actions prior to (or on) the Implementation Date:

- (a) Planloc completes the Planloc Share Split;
- (b) WOTSO completes the WOTSO Share Consolidation;

- (c) BFSL transfers all BWR Units held by Ineligible BWR Unitholders on the Record Date to the BWR Sale Nominee;
- (d) WOTSO transfers all WOTSO Shares held by Ineligible WOTSO Shareholders on the Record Date to the WOTSO Sale Nominee;
- (e) Pelorus Private Equity completes the transfer of all existing Planloc Shares on issue as at the Record Date to:¹
 - (i) BFSL as agent for each Eligible BWR Unitholder (on the basis of one Planloc Share per each BWR Unit held by the Eligible BWR Unitholder on the Record Date); and
 - (ii) the BWR Sale Nominee (acting on behalf of Ineligible BWR Unitholders) on the basis of one Planloc Share per each BWR Unit held by the Ineligible BWR Unitholders on the Record Date,

(Planloc Transfer Shares);
- (f) BFSL will transfer the Planloc Transfer Shares it holds to all existing Eligible BWR Unitholders as at the Record Date on a pro rata basis per Eligible BWR Unitholder so that for every one BWR Unit held by a Eligible BWR Unitholder on the Record Date, an existing Planloc Share will be transferred to them by BFSL;
- (g) upon completion of the WOTSO Share Consolidation by the Record Date, WOTSO allots and issues a total of 142,150,000 new WOTSO Shares in the following manner:
 - (i) to BFSL as agent on behalf of each Eligible BWR Unitholders on the basis of one WOTSO Share per each BWR Unit held by the Eligible BWR Unitholder on the Record Date, who will transfer the newly issued WOTSO Shares to all existing Eligible BWR Unitholders as at the Record Date on a pro rata basis per BWR Unitholder so that for every one BWR Unit held by an Eligible BWR Unitholder on the Record Date a newly issued WOTSO Share will be transferred to them by BFSL; and
 - (ii) to the BWR Sale Nominee (acting on behalf of Ineligible BWR Unitholders) on the basis of one WOTSO Share per each BWR Unit held by the Ineligible BWR Unitholders on the Record Date;
- (h) Planloc will allot and issue:
 - (i) one Planloc Share to each Eligible Scheme Shareholder for every one WOTSO Share held by the Eligible Scheme Shareholder on the Record Date (on a post consolidation basis); and
 - (ii) Planloc Shares to the WOTSO Sale Nominee (acting on behalf of Ineligible Scheme Shareholders) on the basis of one Planloc Share per each WOTSO Share held by the Ineligible Scheme Shareholders on the Record Date (on a post consolidation basis); and

¹ As Planloc's sole shareholder, Pelorus Private Equity is not receiving any securities from BWR or WOTSO from this transfer (other than in its capacity as an existing BWR Unitholder or WOTSO Shareholder in accordance with the terms of the Stapling Proposal).

- (i) BWR will allot and issue:
- (i) one BWR Unit to each Eligible Scheme Shareholder for every one WOTSO Share held by the Eligible Scheme Shareholder on the Record Date (on a post consolidation basis); and
 - (ii) BWR Units to the WOTSO Sale Nominee (acting on behalf of Ineligible Scheme Shareholders) on the basis of one BWR Unit per each WOTSO Share held by the Ineligible Scheme Shareholders on the Record Date (on a post consolidation basis).

The effect of the steps above will result in the same number of BWR Units, WOTSO Shares and Planloc Shares on issue on the Implementation Date, with each BWR Unit, WOTSO Share and Planloc Share being stapled together to form one Stapled Security. Upon completion of the Stapling, there will be:

- 162,841,412 BWR Units;
- 162,841,412 WOTSO Shares; and
- 162,841,412 Planloc Shares,

on issue, constituting 162,841,412 Stapled Securities.

The effect of the stapling will be that BWR, WOTSO and Planloc will operate as a single economic group to be known as "WOTSO Property" or "WP".

Upon implementation of the Stapling Proposal, the expected substantial holders of the Stapled Group (which will be the same as for BWR on a stand alone basis) and their expected holdings (on the basis that their holdings do not change after the date of this Notice other than in accordance with the Stapling Proposal) are set out below:

Substantial Holder	Number of Stapled Securities	Percentage of Stapled Securities on issue
Seph Glew	61,093,923	37.52%
Paul Tressider	51,729,551	31.77%

3.5. Eligibility of foreign BWR Unitholders

A foreign BWR Unitholder is any BWR Unitholder on the Record Date whose address is a place outside of Australia or who acts on behalf of such a person.

Restrictions in certain foreign countries may make it impractical or unlawful to offer or receive securities in those countries. Accordingly, not all foreign BWR Unitholders will be eligible to receive securities under the Stapling Proposal.

Foreign BWR Unitholders are eligible to participate in the Stapling Proposal only to the extent BWR, in conjunction with WOTSO and Planloc, determines that it is lawful and not unduly onerous or unduly impracticable for the relevant foreign BWR Unitholder to receive securities under the Stapling Proposal.

Based on the information available to BWR, foreign BWR Unitholders whose addresses are shown in the register on Record Date as being in the following jurisdictions will be entitled to have WOTSO Shares and Planloc Shares issued or transferred to them under the Stapling Proposal subject to any qualifications set out below in respect of that jurisdiction:

- (a) Hong Kong;
- (b) New Zealand;
- (c) United Kingdom; and
- (d) any other person or jurisdiction in respect of which BWR, in conjunction with WOTSO and Planloc reasonably believes that it is not prohibited and not unduly onerous or impractical to issue or transfer WOTSO Shares or Planloc Shares to a BWR Unitholder with a registered address in such jurisdiction,

(Eligible BWR Unitholders).

All other foreign BWR Unitholders are deemed to be "**Ineligible BWR Unitholders**" and their interests will be dealt with under the Sale Facility as discussed in Section 3.6.

New Zealand

This Notice is not a New Zealand disclosure document and has not been registered, filed with or approved by any New Zealand regulatory authority under or in accordance with the Financial Markets Conduct Act 2013. The offer of the Stapled Securities under the Stapling Proposal is being made to existing unitholders of BWR in reliance upon the Financial Markets Conduct (Incidental Offers) Exemption Notice 2016 and, accordingly, this Notice may not contain all the information that a disclosure document is required to contain under New Zealand law.

United Kingdom

Neither the information in this Notice nor any other document relating to the Stapling Proposal has been delivered for approval to the Financial Conduct Authority in the United Kingdom and no prospectus (within the meaning of section 85 of the Financial Services and Markets Act 2000, as amended (“FSMA”)) has been published or is intended to be published in respect of the Stapled Securities.

In the United Kingdom, this Notice is being distributed only to, and is directed at, persons (i) who fall within Article 43 (members of certain bodies corporate) of the Financial Services and Markets Act 2000 (Financial Promotions) Order 2005, or (ii) to whom it may otherwise be lawfully communicated (together “relevant persons”). The investments to which this Notice relates are available only to, and any invitation, offer or agreement to purchase will be engaged

in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

3.6. Sale Facility and BWR Sale Nominee

Ineligible BWR Unitholders will not receive WOTSO Shares or Planloc Shares under the Stapling Proposal. Rather, the existing holding of BWR Units held by Ineligible BWR Unitholders will be transferred to the BWR Sale Nominee pursuant to the terms of the Sale Facility.

Under the Sale Facility:

- (a) BWR Units held by Ineligible BWR Unitholders on the Record Date will be transferred to the BWR Sale Nominee without the need for any further action by the Ineligible BWR Unitholders;
- (b) the BWR Sale Nominee will participate in the Stapling Proposal in respect of those BWR Units by being transferred Planloc Shares and being issued WOTSO Shares that would otherwise have been issued and transferred to the Ineligible BWR Unitholders, in the same way as other Eligible BWR Unitholders. After the implementation of the Stapling Proposal, the BWR Sale Nominee will hold the Stapled Securities which would otherwise have been received by Ineligible BWR Unitholders;
- (c) as soon as reasonably practicable after the Implementation Date (and in any event within 30 days of the Implementation Date), the BWR Sale Nominee will sell the Stapled Securities it holds. The sale will occur on market in the ordinary course of trading; and
- (d) promptly after the sale of all the Stapled Securities held by the BWR Sale Nominee, the sale proceeds will be paid to Ineligible BWR Unitholders by cheque or electronic funds transfer into a bank account nominated by the Ineligible BWR Unitholder for the amount due to each Ineligible BWR Unitholder together with a statement of how the amount is calculated.

Each Ineligible BWR Unitholder will participate in the Sale Facility and receive an amount equal to the average price per security at which the BWR Sale Nominee sold the Stapled Securities, multiplied by the number of Stapled Securities to which the Ineligible BWR Unitholder would otherwise have been entitled had they participated under the Stapling Proposal.

BWR will bear any costs or fees of the BWR Sale Nominee.

The sale price of the Stapled Securities and the proceeds that an Ineligible BWR Unitholder will receive cannot be guaranteed. The sale proceeds will not necessarily be the highest price at which the securities could be sold during the sale period. The BWR Sale Nominee will sell the securities in such manner, at such prices and as the BWR Sale Nominee determines in good faith with the objective of achieving the best prices reasonably obtainable at the time of the sales. Factors that may influence the price that may be obtained include:

- (a) the total number of Stapled Securities that participate in the Sale Facility;
- (b) the fact there will be a concurrent sale facility for the purpose of selling Stapled Securities that would otherwise have been held by foreign WOTSO Shareholders who were not eligible to participate in the Stapling Proposal;
- (c) the prevailing market conditions, including the prevailing price of Stapled Securities on ASX and the prevailing demand for those securities; and
- (d) the period during which the sale process is undertaken.

3.7. Stapled Securities quoted on the ASX

Subject to ASX providing its approval, the Stapled Group will be admitted to the Official List and official quotation of the Stapled Securities will commence on, or as soon as possible after the Implementation Date.

The Stapled Securities are expected to trade under the ASX code "WOT".

3.8. Stapling Deed

The Stapling Deed sets out the terms and conditions governing the relationship between BWR, WOTSO and Planloc upon becoming a Stapled Group and in respect of the Stapled Securities. A copy of the Stapling Deed is annexed to the WOTSO Scheme Booklet as Annexure F. Capitalised terms in this Section that are not defined have the meaning given in the Stapling Deed.

The key terms of the Stapling Deed include:

(a) **Stapling**

The BWR Units, WOTO Shares and Planloc Shares will remain stapled unless a special resolution of the relevant stapled securityholders approves unstapling, if stapling becomes unlawful or prohibited by the Listing Rules, or a winding up is commenced in respect of any of the Stapled Entities.

(b) **Co-operation and Consultation**

The parties to the Stapling Deed agree to share accounting and other information, and to co-operate in operating the Stapled Group, including in relation to providing information to securityholders, valuing assets, preparing accounts, holding meetings, issuing securities, acquiring investments and making dividends and distributions.

(c) **Financial Benefits**

The parties to the Stapling Deed agree to give financial benefits to the other entities in the Stapled Group including by lending money and providing guarantees.

(d) **Dealing in Stapled Securities**

The relevant components of the Stapled Group may only be issued or transferred as part of the Stapled Securities.

Each of the parties to the Stapling Deed must not cancel, buy-back or redeem shares or units unless at the same time there is a corresponding cancellation, buy-back or redemption of the shares or units of each other entity in the Stapled Group.

(e) **Registers**

Each of the parties to the Stapling Deed may maintain or procure the maintenance of a register of Stapled Securities. This includes the appointment of a common registrar.

All details of Stapled Securities and dealings in those securities must be entered in the register. Although separate registers may be kept, the registers must be kept entirely consistent with one another.

(f) **Duties**

When exercising any power or discretion, each of the parties to the Stapling Deed may consider the interest of holders of the relevant Stapled Securities as a whole, not only the interests of members of each stapled entity separately.

(g) **Dispute Resolution**

If there are disagreements arising from the Stapling Deed, each of the parties must use their best endeavours to resolve them and negotiate in good faith before instituting proceedings.

(h) **Allocation of the Issue Price**

Each of the parties to the Stapling Deed must agree from time to time what part of the amount payable for the issue, redemption or buy-back of a Stapled Security is to represent the price of shares or units in each of the entities forming part of the Stapled Group. The allocation is to be based on the methodology set out in the stapling provisions in the constitutions (unless agreed otherwise in the case of an issue or redemption) or fair values of the shares or units (in the case of a buy-back).

If the parties are unable to agree, an independent accountant must be appointed to determine what part of the amount payable is to represent the price of the constituent shares or units.

3.9. Management Agreement

As part of the Stapling Proposal, the Stapled Group has entered into the Management Agreement with BFSL (which commences operation conditional on the WOTSO Scheme becoming Effective), pursuant to which the Stapled Group has appointed BFSL as Investment Manager to provide investment management services and any other services agreed between the Stapled Group and BFSL from time to time.

Ultimately BFSL will be under the supervision of the boards of the Stapled Group. However, provided that BFSL complies with the terms of the Management Agreement, it is authorised to give directions and instructions to the Stapled Group with respect to the management of the Stapled Group's portfolio. The services BFSL will provide include investment management services, operational, support, promotion and marketing services.

A more detailed summary of the Management Agreement can be found in Section 7.4 of the WOTSO Scheme Booklet.

Other than the fees specified in the Replacement Constitution (see Section 5.3) payable to BFSL as responsible entity, BWR will not incur any further fees under the Management Agreement. However, WOTSO and Planloc will incur management fees payable to BFSL (acting in its capacity as Investment Manager). These fees are summarised in the table below:

Type of fee of cost	Amount	How and when paid
WOTSO Fees – fees and costs for managing your interest in WOTSO		
Management Fee The fees and costs for managing your interest in WOTSO	(a) 2 percent per annum of the gross revenue of WOTSO up to \$20 million per annum; plus (b) 5 percent per annum of the gross revenue of WOTSO above value \$20 million per annum.	This fee is calculated monthly and payable in arrears out of WOTSO's assets.
Planloc Fees – fees and costs for managing your interest in Planloc		
Service Fee This is the fee for raising capital for Planloc	Service fee of up to 5% of the application moneys for Planloc Shares.	This fee is paid out of the application moneys upon the Planloc Shares being issued. This fee is not payable on the reinvestment of distributions.
Management Fee The fees and costs for managing your interest in Planloc	Management Fee of 0.75% p.a. of the total value of Planloc's assets (Gross Asset Value) which amounts to approximately \$200,000.	This fee is calculated monthly and payable in arrears out of Planloc assets. Gross Asset Value is determined by reference to the most recent valuation.
Acquisition Fee This is the fee for acquiring Planloc's properties	2% of the total acquisition cost of a direct property asset. Eg: \$100,000 for a \$5 million asset.	Payable out of Planloc assets on completion of the acquisition of the property.
Asset Disposal Fee This is the fee for disposing of Planloc's properties	Up to 1% of the gross consideration (net of GST) received by Planloc for the disposal of a property. E.g. Up to \$50,000 on the sale of a \$5 million asset.	The fee is payable out of Planloc assets upon completion of the disposal of the property.

The reasons for each fee arrangement under the Management Agreement is as follows, in relation to:

- (a) **BWR** - No additional fees are charged under the Management Agreement.
- (b) **WOTSO** - A revenue based fee has been introduced to compensate BFSL for the provision of property management services and operational support (including access to the expertise of senior management) to the WOTSO business.
- (c) **Planloc** - These fees mirror the proposed revised fee structure in BWR (between BWR and its responsible entity BFSL) and recognise that BFSL will be providing substantially the same services relating to the properties owned by Planloc when compared to those owned by BWR.

4. RISKS OF THE STAPLED GROUP

4.1. Introduction

The Board considers that it is appropriate for BWR Unitholders, in considering the Stapling Proposal and Resolution, to be aware that there are a number of risk factors which could adversely affect the future operating and financial performance of the Stapled Group, as well as the value of the Stapled Securities.

This Section 4 is a summary only. There may be:

- (a) additional risks and uncertainties not currently known to the Stapled Entities (as applicable); or
- (b) risks which are known to the applicable Stapled Entity, but not currently considered material.

You should carefully consider the risk factors outlined below and your individual circumstances. This Section 4 is general in nature only and does not take into account your individual objectives, financial situation, taxation position or particular needs. Prior to deciding how to vote on the Resolution, BWR Unitholders should carefully consider the risk factors discussed in this Section, as well as other information contained in this Notice and seek independent professional advice.

4.2. COVID

A summary of the COVID-19 risks specific to each of the Stapled Entities can be found in section 6.2 of the WOTSO Scheme Booklet.

4.3. General investment risks – Stapled Security

The market price of Stapled Securities quoted on the ASX will be influenced by a number of factors, including those set out below.

- (a) change in investor sentiment and overall performance of the Australian and international stock markets;
- (b) changes in credit markets;
- (c) changes in general business, industry cycles and economic conditions including inflation, interest rates, exchange rates, commodity prices, employment levels and consumer demand;
- (d) changes in legislation and fiscal, monetary and regulatory policies;
- (e) liquidity cannot be guaranteed and the number of potential buyers or sellers of Stapled Securities on the ASX at any given time may vary.
- (f) natural disasters, catastrophes and health pandemics, whether of a global, regional or local scale; and
- (g) accounting standards which affect the financial performance and position reported by Stapled Group and the Stapled Entities.

These factors may vary across the markets in which the Stapled Entities will operate and have differing effects on different parts of the Stapled Entities' businesses and therefore the price of the Stapled Securities.

4.4. Risks specific to an investment in WOTSO Shares

There are a range of business-specific risks associated with an investment in WOTSO Shares, as set out below. If the Stapling Proposal is successful, you will become exposed to these risks due to holding WOTSO Shares as part of the Stapled Security. Unitholders should note that the COVID-19 economic and social environment has the potential to exacerbate each of these specific risks in relation to WOTSO (further information as to the effects of COVID-19 on WOTSO is set out in section 6.2 of the Scheme Booklet).

- (a) **Competition** - There is currently little competition within most localities WOTSO operates. If more competitors expand into suburban and regional areas, WOTSO's competitive advantage could be eroded. In localities with a direct competitor, price undercutting can either lead to lower realised prices or reduced occupancy. Both of which would reduce revenue and profitability and could lead to leasing defaults.
- (b) **Lease Obligations** - The single greatest financial risk to WOTSO is its lease commitments. The profitability of sites is affected by movements in market rents, which also impact the price at which WOTSO can sell to its customers. As WOTSO's lease terms are significantly longer than the month-to-month terms it provides to customers, there is a potential mismatch if market rents fall significantly, which can impact profitability and cash flows.
- (c) **Employee training, retention and recruitment** - As a service-based business, the strength and capabilities of our team are critical in acquiring and retaining customers.
- (d) **Emerging trends and disruptive technology** - New formats and technological developments are driving demand for flexible working. Failure to recognise these could mean WOTSO's product offering is below that of our competitors.
- (e) **Failure to attract and retain clients** - While turnover is expected in the industry, a failure to retain a proportion of current clients and attract new clients would adversely impact financial performance.
- (f) **Failure of IT systems** - A failure of internet or telephone connection or our in-house operating system could cause business interruptions, breaches of customer privacy and loss or corruption of and to customer data. An occurrence of this kind may involve costs to WOTSO to investigate, recover or repair customer data or the company's IT infrastructure. It also poses a risk of losing customers or damaging WOTSO's reputation, which could negatively affect its operating and financial performance.

4.5. Risks specific to an investment in Planloc Shares

There are a range of business-specific risks associated with an investment in Planloc Shares, as set out below. If the Stapling Proposal is successful, you will become exposed to these risks due to holding Planloc Shares as part of the Stapled Security. Unitholders should note that the COVID-19 economic and social environment has the potential to exacerbate each of these specific risks in relation to Planloc (further information as to the effects of COVID-19 on Planloc is set out in section 6.2 of the Scheme Booklet).

- (a) **Valuations** - a valuation by its very nature is an opinion and therefore, the directors' valuations or future independent valuations of Planloc's assets, may not reflect the price at which an asset could be sold. A low valuation of a material investment would have an

adverse impact on the net tangible asset value of Planloc and as a result could impact the trading price or cause lending covenants to be breached.

- (b) **Tenancy Risk** - the level of vacancies may fluctuate with market forces. An increase in vacancies may adversely affect rental income from the properties Planloc invests in, which would affect the income of Planloc.
- (c) **Competition** - the effect of pricing or competition policies of any competing properties or tenants or increased competition from new or existing properties may have an adverse effect on the level of tenancy vacancies and on the value of the relevant property.
- (d) **Unplanned Capital Expenditure** - the need for unforeseen capital expenditure, and how this expenditure will be funded, may affect Planloc's ability to meet its debt obligations as well as impacting on the level of distributions to investors.
- (e) **Damage to Assets and Insurance** - insurance in relation to Planloc's assets may not cover all events or all claims made. Further, appropriate cover for terrorism, pandemics and other uninsurable risks may not be available, or the cover that is available may not be adequate or commercially viable.
- (f) **Liquidity** - there can be no guarantee that Planloc will be able to sell its properties or investments within a reasonable time, or that any such sale will be at a price equivalent or close to the most recent valuation. Generally, it is Planloc's strategy to hold property long-term.
- (g) **Dividends** - the ability of Planloc to pay dividends is dependent on it having sufficient cash resources and distributable income. Whilst the level of income derived by Planloc from year to year is expected to be relatively certain, default in payment of rent by any lessees of the properties or variances in the costs of operating Planloc may affect the level of income available for dividends as well as the timing of dividends.

5. REPLACEMENT CONSTITUTION

5.1. Introduction

The Constitution of BWR will be amended in order to facilitate the Stapling Proposal.

In accordance with the Constitution, these amendments will be effected by way of a special resolution of BWR unitholders, which if passed, will repeal and replace the Constitution.

Please see Annexure A of this Explanatory Memorandum for a copy of the new Replacement Constitution.

If the resolution is not approved the Stapling Proposal will not proceed.

Recommendation

The Board recommends that unitholders vote **in favour** of the Resolution.

5.2. Summary of the changes in Replacement Constitution

The proposed amendments to the Constitution are primarily designed to:

- (a) grant BFSL the necessary powers to enable it to satisfy its obligations under the Scheme Implementation Deed, the Deed Poll and the Stapling Deed;
- (b) allow BWR to be operated consistently with WOTSO and Planloc, which will be stapled as part of the Stapled Group; and
- (c) facilitate efficient capital management between the Stapled Entities following implementation of the Stapling Proposal.

The key amendments are set out below:

<p>Stapling Proposal mechanics</p>	<p>Provisions have been inserted to enable the responsible entity to implement the Stapling Proposal, including powers to:</p> <ul style="list-style-type: none"> • staple, unstaple and restaple BWR units; • apply for or purchase fully paid securities on behalf of the unitholders and consent to become a member of another entity on their behalf; and • act as agent and attorney for BWR unitholders to do all things reasonably necessary to implement the Stapling Proposal.
<p>Consistency with WOTSO and Planloc constitutions</p>	<p>A number of provisions have been redrafted or included for consistency with the WOTSO and Planloc constitutions, including those provisions relating to the manner of determining the issue price of units (as part of stapled securities), calculating "market price" for various reasons, processing of applications, redemptions and transfers of units (as part of stapled securities), determining distributable income, making payments, sending notices and holding meetings.</p>
<p>Capital management</p>	<p>Provisions have been included to allow the re-allocation of capital across the stapled entities, to ensure that each entity is appropriately capitalised.</p> <p>For this purpose, the new provisions enable the responsible entity to at any time, distribute an amount of capital from BWR, on terms that that distribution is to be applied by the responsible entity (on behalf of and at the deemed direction of members) as a capital payment to another stapled entity.</p> <p>Similarly, the constitution facilitates another stapled entity undertaking a capital reduction or distribution, on terms that the whole or any part of that amount is to be paid to or for the benefit of each unitholder of BWR. In that event, each unitholder of BWR is deemed to have directed the responsible entity to accept that incoming capital reallocation amount on their behalf.</p>
<p>Re-organisation Proposals</p>	<p>Amendments have also been made to provide specific powers for the responsible entity to carry out certain types of reorganisation proposals in the future, including consolidating or dividing BWR units, stapling and unstapling BWR units, and, undertaking various other strategies to restructure BWR (such as exchanging BWR units for interests in another trust).</p> <p>The proposed new clause 35 in the Replacement Constitution has been proposed primarily to facilitate the Stapling Proposal by enabling BWR RE to enter into various reorganisation transactions on behalf of unitholders. Unitholders should be aware that clause 35 confers on BWR RE a power that is broader than the Stapling Proposal and would allow BWR RE to undertake a future reorganisation without seeking unitholder approval. However, in undertaking any future reorganisation, BWR RE would need to discharge its statutory and fiduciary duties to unitholders including its duty to act in their best interests.</p>
<p>Sale Facility</p>	<p>Amendments have been proposed to incorporate the necessary powers for the responsible entity to operate the Sale Facility, as summarised in Sections 3.5 and 3.6 of this Notice.</p>
<p>Restricted Securities</p>	<p>Provisions have been inserted to provide that a holder of Restricted Securities (as that term is defined in the ASX Listing Rules) must comply</p>

	with the requirements imposed by the Listing Rules in respect of Restricted Securities.
Other Changes	Amendments have also been proposed allow BWR to sell, or buy-back, small holdings in BWR units which are less than a 'marketable parcel' (i.e. less than \$500), in accordance with the Listing Rules. This is beneficial to BWR because it reduces the high administrative costs in maintaining a large number of small holdings. The proposed new provisions are consistent with the constitutions of many listed entities, including many of those in the property industry.

5.3. Changes to fees under Replacement Constitution

It is also proposed that the fees payable under the Constitution to BFSL as responsible entity of BWR are updated.

The table below shows fees and other costs that you may be charged upon holding BWR Units. These fees and costs may be deducted from the returns on your investment or the assets of BWR as a whole.

The information below is on the basis that the Stapling Proposal proceeds and the Replacement Constitution is adopted. The table also indicates where the fee differs from the fee currently charged by BFSL under the Constitution.

The most significant of these changes is the increase to the fund management fee and removal of the performance fee. The proposed changes aim to consolidate and simplify a fee structure that was inherited from the previous trustee of BWR. BFSL has historically waived its right to the performance fee as we have been of the view that it does not properly encourage or reward the trustee's performance. As such, under the Replacement Constitution the performance fee has been removed.

Instead, we have proposed a 0.1% increase, from 0.65% to 0.75%, to the fund management fee. BFSL believes that this increase balances the removal of the performance fee, rewards the trustee's positive performance (as gross assets increase so does the fund management fee) and brings the fee in-line with the market.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

5.4. Additional Explanation of Fees and Costs

(a) **Fee increases and alterations**

The fees set out in this Notice are the maximum fees permissible under the Constitution. BFSL does not intend to alter the fees described in this Notice. If it ever sought to increase fees, it would give you 30 days notice. BFSL as responsible entity would need further unitholder approval to charge fees in excess of what the Constitution permits it to charge.

(b) **Tax and GST**

All fees stated in this Section are inclusive of GST less any applicable input tax credits or reduced input tax credits BWR may claim, unless otherwise stated. BWR Unitholders are advised to seek their own tax advice regarding the Stapling Proposal.

(c) **Fee waiver and deferral**

BFSL as the responsible entity may, at its discretion, partially or fully waive any fees to which it is entitled, or defer its entitlement to fees to which it would otherwise be entitled, and may claim these fees in the event it is removed as responsible entity of BWR.

6. ADDITIONAL INFORMATION

6.1. ASIC Relief

ASIC has made an in-principle decision to grant the following modifications and exemptions in relation to the operation of the Corporations Act as it applies to the Stapling Proposal:

- (a) relief for BFSL as responsible entity of BWR:

 - (ii) from the duty in section 601FC(1)(d) to deal with interests of Ineligible BWR Unitholders who will not be allowed to participate in the Stapling Proposal, and who will have their BWR Units (as part of Stapled Securities) sold on-market on their behalf by the BWR Sale Nominee; and
 - (iii) in relation to certain duties in section 601FC, 601FD and 601FE to allow BFSL (in its capacity as responsible entity of BWR), its officers and employees to consider interests of holders of Stapled Securities as a whole rather than their interests solely as holders of BWR Units;
- (b) relief to allow BWR to lodge cleansing notices in accordance with section 1012DA(5) in the circumstances where, due to implementing the Stapling Proposal, trading in quoted BWR Units has been suspended from trading on the ASX for more than 5 days; and
- (c) relief to allow WOTSO and Pelorus from having to comply with certain prospectus provisions in Chapter 6D of the Corporations Act, being:
- (i) sections 711(5), 723(3) and 724(1)(b) to ensure the ASX admission applications can be made at any time (and not strictly by within 7 days of the lodgement of the Prospectus), and the statutory 3 month period typically applying to fundraising prospectuses during which the issuer needs to be

admitted to the ASX does not apply (as well as relief from related ancillary provisions);

- (ii) relief from the expiry date provision in section 711(6), from the trust account provisions in section 722(1), and application form provisions in section 723(1) as the Prospectus is not seeking to raise any funds; and
- (iii) relief from section 734(5) in relation to advertising provisions.

OPERATIVE PROVISIONS

1. Constitution of the Trust

1.1 Constitution binding on the parties

This Constitution operates as a deed and is binding on—

- (a) all Unitholders (as they are constituted from time to time), and
- (b) the Trustee.

1.2 Confirmation of appointment

The appointment of the Trustee of the Trust is hereby confirmed and the Trustee agrees to manage the Trust upon and subject to the terms contained in this Constitution.

1.3 Benefits and obligations

This Constitution is made with the intention that the benefits and obligations may enure not only to the Trustee but also to the extent provided to every Unitholder. The Units will be held upon and subject to the provisions contained in this Constitution.

1.4 Application of the AMIT Regime to the Trust

- (a) If the Trust meets the qualification requirements set out in the AMIT Regime, the Trustee may make an AMIT Choice.
- (b) If an AMIT Choice is made, then subject to clause 1.4(c), the provisions in Schedule 4 will prevail to the extent set out in clause 34.13 over other provisions of this Constitution.
- (c) If the Trust ceases to be an AMIT for any reason, including but not limited to the Trust ceasing to meet the qualification requirements to be an AMIT in respect of a Financial Year:
 - (i) the provisions of Schedule 4, except those in clause 1 of Schedule 4 which will continue to be applied by the Trustee, will cease to apply to the extent that they are not permitted to operate or are not relevant to the Trust when it is not an AMIT; and
 - (ii) any provision of the AMIT Regime which applies to an entity that is a former AMIT will continue to apply to the Trust.

- (d) Nothing in this clause 1.4 imposes an obligation on the Trustee to:
- (i) enter into or facilitate the entry of the Trust into the AMIT Regime;
 - (ii) make any changes to this Constitution; or
 - (iii) make an AMIT Choice.

2. Trust property

2.1 Trustee to hold the Assets for Unitholders

The Trustee declares it will hold the Assets on trust for the Unitholders on the terms contained in this Constitution.

2.2 Appointment of a Custodian

The Trustee may enter into an agreement (on terms and conditions as it considers appropriate) with a company or firm to carry out the duties of the custodian of the Assets on behalf of the Trustee as required by the terms of this Constitution.

3. Purpose and term of Trust

3.1 Name of the Trust

The Trust will be known as the BlackWall Property Trust. However, the Trustee may designate another name at any time in its complete discretion.

3.2 Purpose of the Trust

This Trust is established for the purpose of inviting persons to acquire a beneficial interest in the Assets for the term of the Trust and therefore participate in the benefits of such interest.

3.3 Establishment of Trust

Immediately after this Constitution is signed the Trustee's nominee will subscribe \$100 to establish the Trust. The Trustee's nominee will receive 100 units in return for its payment.

3.4 Term of the Trust

The Trust commences from the time it is established and ends on the earlier of—

- (a) the date the Trustee determines to wind up the Trust

- (b) the 80th anniversary of the day before the Trust commenced, and
- (c) the date on which the Trust terminates in accordance with another provision of this Constitution or the Act.

4. Creation and sale of Units

4.1 Units—division of beneficial interest

The beneficial interest in the Trust is divided into Units. Subject to the terms of issue, every Unit confers an equal and undivided interest in the Assets as a whole, subject to the Liabilities, but not an interest in any particular Asset.

4.2 Further issues of Units

- (a) Subject to the Act, the Trustee may determine to create and issue further Units of the same class or of a different class to those already on issue.
- (b) The Trustee may make the issue of further Units in different classes subject to rights, obligations and restrictions the Trustee determines.
- (c) The rights of Unitholders are subject to the rights, obligations and restrictions attaching to a Unit of a class which they hold.
- (d) The Trustee may issue Options to subscribe for Units on terms and conditions it determines. On the exercise of an Option, the Option Holder is entitled to subscribe for and be allotted Units in accordance with the terms and conditions of the Option.
- (e) The Trustee must set out the terms of any rights, obligations, restrictions, terms or conditions it determines in relation to the issue of Units or Options in writing and must include a copy of those terms in the Register.

4.3 Fractions of Units

- (a) Fractions of a Unit may be issued by the Trustee.
- (b) If fractions of a Unit are issued, then the provisions in this Constitution which relate to Units and Unitholders apply in the proportion which the fraction bears to the Unit.
- (c) The Trustee may consolidate or divide Units or fractions of Units on terms it determines.

4.4 Issue price of a Unit

- (a) Until 1 March 2006, the issue price of a single Ordinary Unit is \$1.00. At all other times the issue price will be determined as follows:
 - (i) If the Trust is not registered as a managed investment scheme under the Act, then at a price determined by the Trustee in its absolute discretion.
 - (ii) If the Trust is registered as a managed investment scheme under the Act, then as permitted by the Act or any applicable ASIC Instrument.
- (b) Intentionally deleted
- (c) The Trustee will not issue a Unit except at a price calculated in accordance with the provisions of this Constitution.

4.5 Intentionally deleted

4.6 Intentionally deleted

4.7 Intentionally deleted

4.8 Time to calculate issue price

- (a) The Trustee must determine the Application Price on the later of –
 - (i) the day the Trustee receives the application for Units, or
 - (ii) the day the Trustee receives the application money or property against which Units are to be issued.
- (b) The Trustee may determine the Net Asset Value at a Valuation Date. Nothing in this clause 4 requires the Trustee to determine Net Asset Value more often than at a Valuation Date.

4.9 Satisfaction of application money

The payment of application money for Units may be satisfied in such a manner as the Trustee determines, including by payment of cash or by transfer to the Trustee of investments acceptable to the Trustee, or by a combination of these methods.

4.10 Issue Price of Class Units

- (a) The issue price of Class Units may be set out in the terms of issue of those Class Units.

- (b) The Trustee must not issue Class Units without the prior written approval of all existing holders of Class Units of that same class.

4.11 Capital reallocation

- (a) The Trustee may at any time distribute an amount of capital of the Trust to the Unitholders on terms that the amount distributed in respect of each Unit is to be applied by the Trustee as agent for and on behalf of each Unitholder by paying that amount at the direction of each Unitholder to one or more Stapled Entities as an additional capital payment in respect of the relevant Attached Security of that Stapled Entity which is already issued and to which the Unit is Stapled (the “**Outgoing Capital Reallocation Amount**”), and if the Trustee determines to pay a distribution as an Outgoing Capital Reallocation Amount, then:
 - (i) the Outgoing Capital Reallocation Amount to be applied on behalf of a Unitholder is to be as nearly as practicable in the same proportion as that which the number of Units the Unitholder holds bears to the total number of Units on issue as at a date determined by the Trustee;
 - (ii) each Unitholder is deemed to have directed the Trustee to pay the Outgoing Capital Reallocation Amount to the relevant Stapled Entity or Entities on the basis set out in this clause 4.11;
 - (iii) the Trustee must pay the Outgoing Capital Reallocation Amount on the basis set out in this clause 4.11; and
 - (iv) each Unitholder will be deemed to have irrevocably appointed the Trustee as its attorney and agent to do all things the Trustee considers necessary to give effect to the reallocation of capital under this clause 4.11(a)
- (b) If at any time, a Stapled Entity proposes to undertake a capital distribution (if it is a trust) or an equal reduction of capital (if it is a company) on terms that the whole or any part of the amount to be paid in respect of each Attached Security of which that Stapled Entity is the issuer by way of capital distribution or capital reduction (“**Incoming Capital Reallocation Amount**”) is to be paid to or for the benefit of the Trust, then:
 - (i) each Unitholder is deemed to have directed the Trustee to accept the Incoming Capital Reallocation Amount;

- (ii) each Unitholder is deemed to have appointed the Trustee as their attorney and agent to do all things the Trustee considers necessary to give effect to the receipt of the Incoming Capital Reallocation Amount by the Trustee;
- (iii) if the Stapled Entity is a company which proposes to undertake an equal reduction of capital, then each Unitholder irrevocably appoints and directs the Trustee to do the following on the Unitholder's behalf and in the Unitholder's name:
 - A. consent in writing (which consent may be a single document or two or more documents executed by the Trustee on behalf of all Unitholders) to any variation of the rights attaching to any shares in the Stapled Entity held by the Unitholder constituted by any modification of the constitution of the Stapled Entity that increases or provides for an increase in the liability of the Unitholder in its capacity as a holder of shares to contribute to the share capital of the Stapled Entity, and that increase in that liability; and
 - B. agree in writing (which agreement may be a single document or two or more documents executed by the Trustee on behalf of all Unitholders) to the increase in the Unitholder's liability to contribute to the share capital of the Stapled Entity in accordance with the constitution of the Stapled Entity,

and the Trustee will receive the Incoming Capital Reallocation Amount as an additional capital payment in respect of the Unit to which the relevant Attached Security is Stapled. All amounts so received by the Trustee are Assets.

5. Application for Units

5.1 Form of application

An application for Units must be in any form the Trustee may for the time being require or approve.

5.2 Application payment

- (a) Each Applicant must, at the time of lodging an application for Units or at such later time as the Trustee allows, pay to the Trustee (or its agent) their application money.

- (b) If the application for Units arises as part of a reinvestment under clause 15, then the application money is paid at the time the reinvestment is made.

5.3 Holding application money

All application money must be held by the Trustee (or its agent) on trust for the Applicants.

5.4 Interest on application money

- (a) If application money is received and held for more than one month before Units are issued, then the Trustee will calculate each Unitholder's share of any interest earned on the application money (in proportion to the actual amount of the application money paid in or converted to cash by each Unitholder), deduct any Tax and bank charges payable and then convert the interest to Units and issue those Units to the Unitholder.
- (b) Subject to the Act, if application money is received and held for more than one month before the application money is refunded, then the Trustee will calculate each Unitholder's share of any interest earned on the application money (in proportion to the actual amount of the application money paid in or converted to cash by each Unitholder), deduct any Tax and bank charges payable and the Trustee will account to each Unitholder.
- (c) The calculation of interest will be made from the date which is one month after the application money was received.

5.5 Trustee may refuse application form

- (a) The Trustee may, in its absolute discretion, accept or refuse any application for Units in whole or in part, and it is not bound to give any reasons for such refusal.
- (b) If any application form is refused, then the Trustee must refund any money paid by that Applicant to the Applicant (plus any interest earned less Taxes and bank charges payable) within five Business Days after the refusal.

5.6 Investment of the application money

The application money may, pending its application in accordance with the terms of this Constitution, be invested by the Trustee in investments authorised by the law relating to the investment of trust funds.

5.7 Minimum application

The Trustee may set minimum application amounts or minimum Unit holdings for the Trust (including in respect of different classes), and alter those amounts at any time.

5.8 Date Units issued

- (a) Units are issued on the day which is the later of—
- (i) the day the Trustee accepts the application, or
 - (ii) the day the Trustee receives the application money in clear funds, or the property against which Units are to be issued is vested in the Trustee (or its agents).
- (b) However, if the Units are issued following a reinvestment pursuant to clause 15, then the Units are issued on the day after the end of the Distribution Period in which an application in respect of those Units is deemed to have been received.

5.9 Number of Units issued

- (a) The number of Units issued to an Applicant is calculated as follows:

$$\frac{\text{Application money received}}{\text{Application Price of a Unit}}$$

- (b) At the Trustee's discretion, it may also regard as application money any input tax credit (or part of it) received by the Trust in respect of the application.

6. Withdrawal Price for Units

6.1 Withdrawal price

Subject to clause 6.3, a Unit may only be redeemed at a Withdrawal Price calculated as follows:

$$\frac{\text{Net Asset Value} - \text{Transaction Costs}}{\text{Units in Issue}}$$

6.2 Time to calculate Withdrawal Price

For clause 6.1, the Withdrawal Price must be calculated—

- (a) while the Trust is Liquid, at the next Valuation Date after the Trustee receives the redemption request, or
- (b) while the Trust is not Liquid, at the time the withdrawal offer closes.

6.3 Withdrawal Price for other classes of Units

- (a) Founder Units may be redeemed at a Withdrawal Price of \$1.00 each.
- (b) The Withdrawal Price of Class Units may be set out in the terms of issue of those Class Units.

7. Withdrawal procedures

7.1 Right to withdraw

A Unitholder has no right to withdraw from the Trust other than—

- (a) where the Trust is not a registered managed investment scheme under the Act, as determined by the Trustee in its absolute discretion, or
- (b) on and from such registration, in accordance with remainder of this clause 7, the terms of which have effect on and from such registration.

7.2 Application of withdrawal provisions

- (a) Clauses 7.3 to 7.6 apply whether or not the Trust is Liquid.
- (b) Clause 7.7 applies while the Trust is Liquid.
- (c) Clause 7.8 applies while the Trust is not Liquid.

7.3 Requests for withdrawal

A Unitholder may make a request for the withdrawal of some or all of their Units

- (a) if the Trust is Liquid, in a manner approved by the Trustee and the Trustee must give effect to that request (subject to clauses 7.6 and 7.7), or
- (b) if the Trust is not Liquid, in accordance with a withdrawal offer made by the Trustee and the Act.

7.4 Compulsory withdrawal

The Trustee may, subject to any terms of issue, redeem the Units of any Unitholder without the need for a withdrawal request.

7.5 Transfer of Assets to satisfy withdrawal

- (a) The Trustee may transfer Assets to a Unitholder, rather than pay cash in satisfaction of all or part of a withdrawal request, pursuant to a withdrawal offer or in payment of a distribution. These Assets with any cash paid must be of equal value to the total amount due to the Unitholder pursuant to the redemption request, withdrawal offer or distribution (based on a valuation done within one month before the date of the proposed transfer). If the Trustee requires, then the costs involved in the transfer of these Assets must be paid by the Unitholder or deducted from the amount due to the Unitholder.
- (b) The Trustee may direct an amount arising from the sale of an Asset to a particular Unitholder, who shall be taken to have a present entitlement in that amount, if the Unitholder redeems one or more of their Units and the direction is made to fund the redemption.

7.6 Suspension of withdrawals

The Trustee need not give effect to a withdrawal request received between the date the Trust is terminated and the date the Trust is wound up. The Trustee may suspend withdrawals for a period of time if it is not in the best interests of Unitholders for withdrawals to be made.

7.7 Provisions which apply when the Trust is Liquid

- (a) If the Trustee gives effect to a withdrawal request, then the withdrawal request must be satisfied in respect of a Unit by payment from the Assets of the withdrawal. The payment must be made within 365 days of receipt of the request.
- (b) The Trustee need not give effect to withdrawal requests in respect of Units having an aggregate Withdrawal Price of less than the minimum application amount or such other amount as determined by the Trustee from time to time. However, the withdrawal request can be less if it relates to the remaining balance of the Unitholder's holding in the Trust.
- (c) The Trustee is not obliged to pay any part of the Withdrawal Price out of its own funds.
- (d) If complying with a withdrawal request would result in the Unitholder holding Units with an aggregate Withdrawal Price of less than the current minimum holding amount set by the Trustee, then the Trustee may treat the

withdrawal request as relating to the remaining balance of the Unitholder's holding in the Trust.

- (e) If the Trustee is not obliged to give effect to a withdrawal request, then it may redeem some or all of the Units which are the subject of the request.
- (f) The Trustee may specify a limit on the level of Assets that will be made available to meet withdrawal requests received during a particular period or prior to a nominated date or time. If the proceeds required to meet withdrawal requests exceeds the amount available to meet those requests, then the requests will be processed on a pro rata basis in accordance with the formula set out in Section 601KD of the Act (as if the Trust was not Liquid). The Trustee may process any remaining portion of the withdrawal requests during or after the next relevant period or after the next relevant nominated date or time (as may be applicable).

7.8 Provisions which apply when the Trust is not Liquid

- (a) When the Trust is not Liquid, a Unitholder has no right to withdraw from the Trust unless there is a withdrawal offer currently open for acceptance by Unitholders.
- (b) The Trustee is not at any time obliged to make a withdrawal offer.
- (c) If the Trustee receives a withdrawal request before it makes a withdrawal offer, then it may treat the request as an acceptance of the offer effective as at the time the offer is made.

7.9 On-market buy-back of Units

While the Trust is listed, the Trustee has the power to buy back Units on market subject to and in accordance with the Corporations Act and the terms of any applicable ASIC relief instrument. Units bought back under this clause must be cancelled.

8. Register of Unitholders

8.1 Trustee must maintain the Register

The Trustee must keep and maintain or cause to be kept and maintained an up to date Register of Unitholders. The Register will be in a form and contain particulars as determined by the Trustee, however following registration of the Trust as a managed investment scheme, the Register must be kept as required by the Act or any declaration, exemption or ruling granted under the Act. The Register may

include other particulars, as the Trustee may from time to time consider appropriate.

8.2 Removing information from the Register

Information relating to a Unitholder (or any part of it) may be removed from the Register at any time after the first day of the Financial Year occurring seven years after the Financial Year in which the Unitholder ceased to be the holder of Units.

8.3 Register is evidence of who are Unitholders

The Trustee is entitled to regard the Register as conclusive proof as to who is a Unitholder at any given time.

8.4 Change of details

A Unitholder must notify the Trustee of any change of name or address as soon as reasonably possible after the change occurs. The Trustee must update the Register accordingly.

8.5 Limit to number of registered holders

In no case will the Trustee be required to register more than two persons as holders of any one Unitholder's Units.

9. Interests of Unitholders

9.1 Joint holders

If the same Units are held by more than one Unitholder, then these Unitholders hold them as joint tenants.

9.2 Restrictions on Unitholders

A Unitholder has no right or entitlement to, and must not—

- (a) interfere with any rights, powers, authorities or discretions of the Trustee under this Constitution
- (b) exercise a right, power or privilege in respect of the Assets or lodge a caveat or other notice affecting the Assets or otherwise claim any interest in the Assets
- (c) require any Assets to be transferred to that Unitholder, or

- (d) give any directions to the Trustee if it would require the Trustee to do or omit to do anything which may result in the exercise of any discretion expressly conferred on the Trustee by this Constitution or the determination of any matter which requires the approval of the Trustee under this Constitution.

10. Valuation of Assets

10.1 Periodic valuations

The Trustee may cause an Asset to be valued at any time, however the Trustee must do so as and when required by the Act.

10.2 Net Asset Value

The Trustee may determine Net Asset Value at any time, including more than once on each day.

10.3 Valuation methodology

- (a) The Trustee may determine valuation methods and policies for each category of Assets and change them from time to time. Unless the Trustee determines otherwise, the value of an Asset for the purpose of calculating Net Asset Value will be its historical cost.
- (b) If the Trustee values an Asset at other than its historical cost, then the valuation methods and policies applied by the Trustee must be capable of resulting in a calculation of the Application Price or Withdrawal Price that is independently verifiable.

11. Trustee's powers and duties

11.1 General powers

- (a) Subject to this Constitution and the terms of any Class Units, the Trustee has all the powers in respect of the Trust that it is possible under the law to confer on a trustee and as though it were the absolute owner of the Assets acting in its personal capacity.
- (b) In exercising its powers and carrying out its duties, the Trustee must treat the Unitholders who hold interests of the same class equally and Unitholders who hold interests of different classes fairly except to the extent that the Trustee directs an amount arising from the sale of an Asset to a particular Unitholder in the circumstances described in clause 7.5(b).

- (e) Authorise any person to act as its agent or delegate to hold title to any Asset, perform any act or exercise any discretion with the Trustee's power, including the power to appoint in turn its own agent or delegate. If the Trustee does appoint an agent or delegate, then—
 - (i) it may do so on terms the Trustee thinks fit, and
 - (ii) the agent or delegate may be an Associate of the Trustee; and
 - (iii) the Trustee may, by that appointment, fetter its discretion in relation to any matter or authorise that agent or delegate to fetter its discretion.
- (f) Staple the Units with any other financial product or security on terms the Trustee thinks fit.
- (g) Keep or cause to be kept separate proper books of account or records in relation to any Asset.

11.4 Exercise of discretion

The Trustee may, in its absolute discretion, decide how and when to exercise its powers.

11.5 Holding Units

The Trustee or its Associates may hold Units in the Trust in any capacity.

12. Financial reports and tax returns

12.5 *Intentionally deleted*

13. Fees and expenses

13.1 Service fee

The Trustee is entitled, in respect of each application, to a fee of up to five percent of the application moneys for Ordinary Units. This fee is paid out of the application moneys upon the Units being issued. This fee is not payable on the reinvestment of distributions.

13.2 Acquisition fee

- (a) The Trustee is entitled to an acquisition fee in relation to each Direct Property Asset acquired by the Trust, calculated as follows:

Acquisition Fee = (0.02 X Total Acquisition Cost)

Where—

“Acquisition Fee” means the acquisition fee being calculated in relation to a particular Direct Property Asset

- (b) Each acquisition fee is payable out of the Trust, upon the later of—
 - (i) completion of acquisition of the Direct Property Asset by the Trust, or
 - (ii) completion of construction of any building or other structure on the Direct Property Asset (the occurrence of which will be determined by the Trustee).

13.3 Asset disposal fee

- (a) The Trustee is entitled to an asset disposal fee of up to one percent of the gross consideration (net of GST) received by the Trust (or where applicable, by its wholly owned sub-trust) for the disposal of a Direct Property Asset, provided the consideration received exceeds the total of the following amounts:

The Distributable Income or capital of the Trust may be transferred to a separate account to be held on trust, and after payment of all Tax, and taking into account any adjustments required as a result of any direction made by the Trustee under clause 7.5(b), will be distributed to persons who are Unitholders on the last day of the Distribution Period for which the Distributable Income is determined.

14.4 Time for distribution of Distributable Income

The Distributable Income for a Distribution Period must be distributed by the Trustee to those entitled to receive it within three months after the Distribution Calculation Date. In distributing the Distributable Income, the Trustee must take account of any preference or other priority in payment under the terms of issue of any Class Units.

14.5 Distribution equalisation reserve

The Trustee may withhold from distributions to persons entitled to receive them during any period an amount which the Trustee considers is necessary to minimise variability in distributions over the relevant period.

14.6 Unitholders presently entitled to Distributable Income

At the end of each Distribution Period, and taking into account any adjustments required as a result of any direction made by the Trustee under clause 7.5(b), the

persons who are Unitholders on that day will be presently entitled (within the meaning of the Tax Act) to all Distributable Income derived during the relevant Distribution Period.

14.7 Nature of distribution to Unitholders

- (a) The terms of this Constitution.
- (b) The provisions of the Tax Act.
- (c) Generally accepted accounting principles.

14.8 Other distributions

The Trustee may at any time determine that capital or Income be distributed to the Unitholders. The distribution may be by way of cash or additional Units. - (b) Any interest received must be paid into the Assets, except where the money is owed to the Trustee on its own account, in which case the interest may be paid to the Trustee.

17.2 Non-payment of money

If a Unitholder does not pay an amount of money owing to the Trustee or the Trust under this Constitution, then subject to the Act, the Trustee is entitled to be indemnified out of the Assets. However, in exercising this right of indemnity, the Trustee may only do either of the following:

- (a) The Trustee may deduct money from distributions which would otherwise be paid to the Unitholder who owes the Trustee money until such time as interest and the amount which the Trustee is entitled to be paid has been paid to the Trustee.
- (b) Send a notice to the relevant Unitholder demanding the amount for which the Trustee is entitled to be indemnified (plus interest if applicable) to be paid on or before a specified date (not earlier than seven days after the date of service of the notice). The notice must specify that in the event of the payment not being made, the Unitholder's Units will be liable to be sold or redeemed to recover the unpaid amount.

17.3 Sale or redemption of Unitholder's Units to pay debt owing by Unitholder

- (a) For notices sent under clause 17.2(b), if the money is not paid within the specified time, then the Trustee may do either or both the following:
 - (i) Sell the Units held by the relevant Unitholder at whatever price the Trustee determines and the Trustee is authorised by the relevant Unitholder to take steps and sign documents in the name of that Unitholder as may be necessary for the sale and transfer of the Units belonging to the relevant Unitholder, and to account to the Unitholder for proceeds after deducting all reasonable expenses in relation to the sale.
 - (ii) Redeem the Unitholder's Units.
- (b) The proceeds of the sale or redemption of the Units will be applied first on account of the amounts in respect of which the notice was sent under clause 17.2(b) and secondly in payment of the balance, (if any) remaining to the relevant Unitholder.

17.4 Trustee may require information from Unitholders

- (a) Any Unitholder who is asked by the Trustee to supply certain information in respect of their Units must do so within 14 days of service of a notice from the Trustee.

- (b) If any particular information given to the Trustee under clause 17.4(a) ceases to be correct for any reason, then it is the duty of the Unitholder who gave that information to give notice to the Trustee of the fact that such particular information is no longer correct and to give the updated and corrected information.
- (c) If any Unitholder fails to provide information required by clauses 17.4(a) or 17.4(b), then the Trustee will be entitled to make such assumptions as it thinks fit as to the information sought and the relevant Unitholder will have no claim against the Trustee or the Trust for any loss suffered as a result of the assumption being incorrect.
- (d) Any Unitholder who supplies incorrect information under clauses 17.4(a) or 17.4(b) indemnifies the Trustee for any expense, liability, loss or damage incurred due to the incorrect information.

25.3 Quorum

- (a) The quorum for a meeting is two persons present in person or by proxy, together holding at least 10 percent of all Units. However, if there is only one Unitholder in the Trust who may vote, then that one Unitholder constitutes a quorum.
- (b) In determining whether a quorum is present, each individual attending as a proxy or body corporate representative is to be counted separately. However, if a Unitholder has appointed more than one proxy or representative, then these proxies or representatives only count as one person. If an individual is attending both as a Unitholder and as a proxy or body corporate representative they will only be counted as one individual.
- (c) A meeting of Unitholders which does not have a quorum present within 30 minutes after the time for the start of the meeting set out in the notice of meeting is adjourned to the date, time and place the Trustee specifies. If the Trustee does not specify one or more of those things unless clause 25.3(d) applies, then the meeting is adjourned to—

- (c) A proxy's authority to speak and vote for a Unitholder at a meeting is suspended while the Unitholder is present at the meeting.

 - (iv) if the proxy is not the chairperson—then the proxy need not vote on a poll, but if the proxy does so, then the proxy must vote that way.
- (e) If a proxy is also a Unitholder, then this clause does not affect the way the person can cast any votes they hold as a Unitholder.
- (f) The appointment of a proxy does not have to be witnessed.
- (g) The later appointment of a proxy revokes an earlier appointment, if both appointments could not be validly exercised at the meeting.

After the close of the offers under the takeover bid, the Trustee may give a Divestment Notice to a Unitholder who is a Small Holder or a New Small Holder, despite this clause 37 and the fact that it may be less than 12 months since the Trustee gave a Divestment Notice to that Unitholder.

- (b) To the extent required by the AMIT Regime in order for the Unitholders to have Clearly Defined Rights:
 - (i) the Trustee may not exercise any right or power, whether it is one provided to the Trustee under this Constitution or under any statutory or general law rights or powers of a trustee, which would result in the rights to the income and capital of the Trust arising from each Unit in each relevant AMIT for the Trust to not be clearly defined for the purposes of section 276-10(1)(b) of the Tax Act;
 - (ii) the Trustee must treat Unitholders who hold Units of the same class equally and Unitholders who hold Units of a different class fairly except to the extent that the Trustee directs an amount arising from the sale of an Asset to a particular Unitholder in the circumstances described in clause 7.5(b);
 - (iii) in addition to the requirements of clause 31.1, no amendment can be made to this Constitution (including for the avoidance of doubt, the rights attaching to Units of a particular class issued under clause 4.2 of this Constitution) which would or may cause the requirements of this clause to not be met.

2. Trustee powers in relation to AMIT Regime

- (a) The Trustee has all of the powers and rights which are necessary and expedient to enable the Trust to comply with and effectively operate as an AMIT for the purposes of the AMIT Regime.
- (b) Without limiting the Trustee's other powers or seeking to be exhaustive, for the purposes of the AMIT Regime, the Trustee has the power to:

- (i) work out the Trust Component of each applicable character of the Trust, or each class, for a Financial Year;

 - (iv) issue (or reissue as the case may be) an AMMA Statement;
 - (v) where the Trust has more than one class of Units on issue, to make a choice that each class be treated as a separate AMIT. If the Trustee has made a choice that each class is to be treated as a separate AMIT for the purposes of the AMIT Regime, only include the relevant income and expenses that relate to that class in calculating the Trust Components and Determined Trust Components of each class;
 - (vi) make a determination in relation to and maintain accounts for each of the separate categories of income and/or capital depending on the character of that income and/or capital for the purpose of working out a Trust Component and a Member Component as required under the AMIT Regime;
 - (vii) allocate costs, expenses, deductions and other similar amounts directly against the categories of income or capital to which they relate or, in any other case, perform the allocation on a reasonable basis; and
 - (viii) issue particular Units on terms that those Units represent a debt-like AMIT instrument for the purposes of the AMIT Regime.
- (c) Subject to the Corporations Act, the Trustee is not liable to any Unitholder or former Unitholder with respect to adjustments it makes to any Trust Component in applying the Unders and Overs Rules provided that the Trustee makes those adjustments in accordance with the AMIT Regime and irrespective of whether any choice made by the Trustee results in a different attribution outcome for the Unitholder than if the Trustee had not made the choice, or had made the choice in a different way.

3. Attribution of trust components

- (a) The Trustee must attribute all of the Trust Components and Determined Trust Components of:
- (i) the Trust; or
 - (ii) if the Trustee has made a choice that each class will be treated as a separate AMIT, each class in the Trust,
- in respect of a Financial Year, to the Unitholders or former Unitholders under the AMIT Regime.
- (b) The Trustee undertakes to perform attribution under clause 3(a) in accordance with the following principles:
- (i) the amount of each Unitholder's or former Unitholder's Member Components and Determined Member Components of a particular character is so much of the Trust's Determined Trust Component of that particular character as is attributable to the Units in the Trust held by the Unitholder or former Unitholder, having regard to the provisions of this Constitution;
 - (ii) subject to clause 3(b)(iv), the attribution must be worked out on a fair and reasonable basis, in accordance with this Constitution and any other documents that constitute constituent documents for the Trust;
 - (iii) subject to clause 3(b)(iv), the Trustee must not attribute any part of a Determined Trust Component to a Unitholder or former Unitholder because of the tax characteristics of the Unitholder or former Unitholder;
 - (iv) the Trustee may direct an amount arising from the sale of an Asset to a particular Unitholder in the circumstances described in clause 7.5(b);
 - (v) if there is more than one class on issue in the Trust and the Trustee has made a choice that each class will be treated as a separate AMIT, each class will be treated as a separate AMIT for the purposes of determining the attribution under clause 3(a) and the Trustee must only attribute Determined Trust Components of a particular class to Unitholders of that class (and not any other class); and
 - (vi) the Trustee must attribute to each Unitholder or former Unitholder, so much of the Determined Trust Components of the Trust or the relevant class (if relevant) as are reflected in any Distribution Entitlements that

the Unitholder or former Unitholder has become entitled to during the Financial Year.

- (c) Where the Trustee exercises its power to attribute a Determined Trust Component for the purposes of the AMIT Regime:
- (i) it is not intended the Trustee make any material alteration to the quantum or basis of distribution of the income and/or capital contemplated in the existing Distributable Income provisions or amount payable to a Unitholder under this Constitution (including, for the avoidance of doubt, the rights attaching to Units of a particular class issued under clause 4.2 of this Constitution);
 - (ii) the attribution of a Determined Trust Component of a particular AMIT character should reflect that rights and entitlements to income and capital contemplated in the existing Distributable Income provisions under this Constitution (including for the avoidance of doubt, the rights attaching to Units of a particular class issued under clause 4.2 of this Constitution) and should not be materially different from those rights and entitlements.

4. Ceasing to be an AMIT

If the Trust ceases to be an AMIT in respect of any Financial Year, then in determining the income of the Trust for that or any subsequent Financial Year and to the extent required by the AMIT Regime, an appropriate adjustment must be made in the discovery year to take into account any over or under distributions of any tax component from any prior period in which the Trust was an AMIT.

5. Determined Member Component Choice

- (a) If a Unitholder makes or intends to make a Determined Member Component Choice (in this clause, a Choice) for the purposes of the AMIT Regime, the Unitholder must:

so and a summary of the reasons why the Unitholder considers the attribution to be inappropriate;

- (ii) provide to the Trustee all information the Trustee reasonably requests in relation to any act, matter or thing relating to any Choice; and
 - (iii) consent to the Trustee becoming a party to any proceedings with the Commissioner of Taxation relating to the Choice.
- (b) The Unitholder acknowledges that if a Unitholder makes a Choice it may be necessary or desirable for the Trustee to issue an amended AMMA Statement to deal with the proper attribution of the relevant income or tax attribute amongst the Unitholders for the purposes of the AMIT Regime.
- (c) The Trustee shall have no liability in respect of any act, matter or thing done or omitted to be done by a Unitholder in relation to a Choice.
- (d) The Trustee has the right to issue or reissue any AMMA Statement to the Unitholder or other Unitholders if a Unitholder makes a Choice.

6. Debt-like AMIT instruments

The Unitholders and holders of the debt-like AMIT instruments acknowledge that the attribution rules in the AMIT Regime that apply in relation to the attribution of a particular AMIT character do not apply in relation to the holding of a debt-like AMIT instrument.

If the Trust is a Registered Scheme and the Trustee is making an offer of Stapled Securities to Investors which otherwise complies with this paragraph 4.1(c)(i), the Trustee is not required to offer Stapled Securities to persons in the circumstances permitted under the applicable ASIC Relief and the Listing Rules.

Any offer made under this paragraph 4.1(c) must specify the period during which it may be accepted. The Trustee may adjust any entitlement to accord with the Listing Rules and, in the case of fractions, the Trustee must offer the next higher whole number of Units and Stapled Securities. Any Investor may renounce their entitlement in favour of some other person, unless the issue is expressed to be non-renounceable.

Any Stapled Securities offered for subscription under this paragraph 4.1(c) which are not subscribed for within the period for acceptance set by the Trustee may be offered for subscription by the Trustee to any person. The application price payable in relation to such further offer must not be less than that at which the Units and Stapled Securities were originally offered to Investors.

- (ii) If an underwriter has underwritten any offer for subscription of Stapled Securities under this paragraph 4.1(c), the underwriter may take up any Stapled Securities not subscribed for by Investors;
- (iii) a distribution reinvestment, where the application price is determined in accordance with paragraph 4.3;
- (iv) a placement of Stapled Securities that complies with the Listing Rules and any applicable ASIC Relief;
- (v) a security purchase plan that complies with the Listing Rules and any applicable ASIC Relief; and
- (vi) any of the other circumstances set out in the Act, as modified by any applicable ASIC Relief.

4.2 Apportionment of Application Price

- (a) If a Unit is to be issued as part of a Stapled Security and the Trust Constitution contains a provision for the calculation or determination of the Application Price for a Stapled Security but not for the Unit, the Trustee must determine what part of the Application Price of a Stapled Security is to represent the Application Price of a Unit for the purposes of the Trust Constitution.
- (b) Unless otherwise agreed between the Trustee and the Other Issuers, the Application Price for a Stapled Security will be allocated among the Application Price of the Unit and the Application Price of the Other Attached Securities in the ratio that the net assets of each relevant Stapled Entity (adjusted for the net market value of its investments) at the end of the relevant period immediately before the issue of the Stapled Security, bears to the amount of the aggregate net assets of those Stapled Entities (adjusted for the net market value of their investments) at the end of the relevant period immediately before the issue of the Stapled Security.
- (c) Where an Option to acquire a Stapled Security is issued after the Stapling Commencement Time, the allocation of the issue price of the option must be determined in the same manner as under paragraph 4.2(b).
- (d) The allocation of the Application Price for a Stapled Security under this paragraph 4.2 must be consistent for each Stapled Security issued or transferred to each Investor at the same time.

4.3 Application Price if reinvestment applies

- (a) If a reinvestment of capital or income payable to an Investor under clause 15 of the Trust Constitution applies while Units are Officially Quoted and Stapled, subject to the Listing Rules the aggregate of the Application Price for each additional Unit issued and the Application Price for the Other Attached Securities upon reinvestment is the price determined by the Trustee. If the Trustee has not determined the application price by the date at which Units are to be issued upon reinvestment, the price will be the Market Price for Stapled Securities for the Pricing Period.
- (b) While Units are not Officially Quoted but are Stapled, the application price payable for each additional Unit on a reinvestment of capital or income payable to the Investor under clause 15 of the Trust Constitution is the price determined by the Trustee. If the Trustee has not determined the application price by the date at which Units are to be issued or transferred upon reinvestment, the price for a Unit will be the Application Price calculated under clause 4 of the Trust Constitution on the first Business Day after the end of the Distribution Period to which the distribution relates.
- (c) If the amount to be reinvested in additional Stapled Securities results in a fraction of a Stapled Security, the number of Stapled Securities issued will be rounded down to the nearest whole Stapled Security and any remaining amount becomes an asset of the Trust or Stapled Entity to which the distribution relates.

4.4 Application Price of Options over Stapled Securities

Subject to the Act (including the conditions of any applicable ASIC Relief) and the Listing Rules, while the Trust is a Registered Scheme, the Trustee and the Stapled Entities may issue Options over Stapled Securities:

- (a) at an application price (which may be nil) determined by the Trustee and the Stapled Entities if permissible under the Act as modified by ASIC Relief or, if such determination may not be made, at a nil Application Price; and
- (b) on the basis that the Application Price for a Unit as a component of a Stapled Security to be issued on exercise of the Option is a price determined:
 - (i) while the Units are Officially Quoted, in accordance with paragraphs 4.1 and 4.2 of this schedule;

- (ii) while the Stapled Securities are not Officially Quoted, in accordance with the terms of ASIC Relief for a rights issue (if applicable) and otherwise in accordance with clause 4 of the Trust Constitution.

5. Single Register

- (a) Subject to the Act, a single Register may be kept in which details of the holders of the Attached Securities and the Other Attached Securities are recorded.
- (b) Each Investor must provide the same personal information to each Issuer for the purposes of the Register.

6. Power to add New Attached Securities

- (a) Subject to paragraph 6(b), the Act and the Listing Rules, the Issuer may at any time determine that a Security is a New Attached Security and cause it to be Stapled to the Stapled Securities. A determination under this paragraph may be made on such terms as the Issuer considers appropriate.
- (b) Subject to paragraph 6(c), a determination that a Security is a New Attached Security may only be made if:
 - (i) while the Units are Officially Quoted, the New Attached Security is also Officially Quoted, and ASX has indicated in writing that it will grant permission for the New Attached Security to be Officially Quoted;
 - (ii) while the Units are Officially Quoted, ASX has indicated in writing that it will approve the addition of the New Attached Security to the Stapled Securities;
 - (iii) each Other Issuer (including the issuer of the New Attached Security) has agreed to the Stapling of the New Attached Security to the Stapled Security;
 - (iv) the Constituent Documents in relation to the New Attached Security will have provisions giving effect to the Stapling (including provisions in substantially the form of this schedule);

- (v) the issuer of the New Attached Security has agreed to enter into the Accession Deed;
 - (vi) where the New Attached Security is partly-paid, or approval from Investors is required to the transaction, any required approval of the members of each Stapled Entity has been obtained; and
 - (vii) the number of New Attached Securities to be allocated is identical to the number of Stapled Securities on issue.
- (c) The Issuer has power to do all things which it considers are necessary, desirable or reasonably incidental to give effect to the Stapling of the New Attached Securities to the Stapled Security under this paragraph 6.
 - (d) A New Attached Security may be transferred to an Investor by any means and in any manner, including but not limited to any combination of issue, sale, reduction of capital, distribution in kind or transfer (“**Transfer**”).
 - (e) A transfer of a New Attached Security made under this paragraph 6 will be Registered in the Register as of the date title is transferred.
 - (f) It is not necessary for the Issuer to receive a transfer, instrument or certificate for a New Attached Security in order for that Issuer to Register the transfer of the New Attached Security. The transfer will be evidenced by, and have full effect from, its Registration by the relevant Issuer in the Register.

7. Unstapling

7.1 Procedure for Unstapling

Subject to this paragraph 7, from the Stapling Commencement Time each Attached Security will remain Stapled to each other Attached Security for so long as the Stapled Securities remain on issue.

7.2 Unstapling an Attached Security

- (a) Subject to this paragraph 7, the Act, the Listing Rules and the relevant Constituent Documents, the Trustee may, without the need for approval by Unitholders, determine or consent to a determination by the Issuer of any Attached Securities that one or more Attached Securities are to be Unstapled from the Stapled Security immediately or at a time and date set by the Trustee.
- (b) A determination under paragraph 7.2(a) may only be made:

- (i) while the Stapled Securities are Officially Quoted, only if ASX has indicated in writing that it will grant permission for the Unstapling of the Attached Security or Attached Securities from the Unit and the Unit and any remaining Attached Securities will remain Officially Quoted as a Unit or a Stapled Security; and
 - (ii) if each Other Issuer has agreed to the Unstapling; and
 - (iii) if the Stapling Provisions will cease to apply in respect of each Attached Security which is to be Unstapled.
- (c) After the Unstapling, the references to the Unstapled Security will be removed from the Register.

7.3 Restapling

If an Issuer determines that its Attached Securities are to be Unstapled under paragraph 7.2(a) or 7.4, this does not prevent the Issuer of the Unstapled Security subsequently determining that the Stapling Provisions should recommence in respect of that Unstapled Security (“**Restapling**”).

7.4 Unstapling the Stapled Securities

- (a) Subject to paragraph 7.4(b), the Act, the Listing Rules and the relevant Constituent Document, the Issuer must determine that an Attached Security or the Attached Securities (as applicable) will be Unstapled on the occurrence of an Unstapling Event.
- (b) A determination under paragraph 7.4(a) may only be made if:
 - (i) ASX has indicated in writing that it will grant permission for the Unstapling of the Attached Security; and
 - (ii) each Other Issuer has agreed to the Unstapling of the Attached Security; and
- (c) On and from any date determined under paragraph 7.4(a), the Issuer must procure that the Attached Security is Unstapled and that the Stapling Provisions cease to have effect in respect of that Attached Security.

8. Designated Foreign Investors

- (a) Without limiting paragraph 6(c), to enable the Issuer to give effect to the Stapling of New Attached Securities to the Stapled Securities under paragraph 6, the provisions of this paragraph 8 apply.

- (b) Subject to the Corporations Act as modified by any applicable ASIC Relief, the Issuer may determine that a Foreign Investor is a Designated Foreign Investor for the purposes of the Transfer of a New Attached Security where the Issuer reasonably considers that it would be unreasonable to Transfer a New Attached Security to a Foreign Investor, having regard to:
- (i) the number of Foreign Investors in the foreign place;
 - (ii) the number and the value of New Attached Securities that may be Transferred to Foreign Investors in the foreign place; and
 - (iii) the cost of complying with legal requirements and the requirements of any relevant regulatory authority applicable to the Transfer of the New Attached Securities in the foreign place.
- (c) Despite anything to the contrary contained in the Constituent Documents, each Foreign Investor who is or becomes a Designated Foreign Investor consents and directs:
- (i) the Issuer to pay any distributions, redemption proceeds or other payments in respect of its Attached Security which are to be used to obtain a New Attached Security (“**Amounts**”) to the Sale Nominee;
 - (ii) the Sale Nominee to apply those Amounts to obtain a New Attached Security;
 - (iii) subject to paragraph 8(d) below, the Sale Nominee to then sell any Stapled Security to which the New Attached Security is Stapled; and
 - (iv) the Sale Nominee to pay the Sale Consideration to the relevant Designated Foreign Investor as soon as practicable after the sale of the relevant Stapled Security.
- (d) If a New Attached Security is to be Stapled to an existing Stapled Security, the Designated Foreign Investor agrees to transfer each existing Stapled Security they hold free of any Encumbrance to the Sale Nominee on or before the Sale Record Date so that the Sale Nominee:
- (i) is entered in the Register in respect of that Stapled Security as of the date title is transferred on the Sale Record Date; and
 - (ii) will receive the New Attached Security pursuant to the Stapling of the New Attached Security; and

- (iii) will sell the resultant Stapled Security for cash to pay the Sale Consideration to the Designated Foreign Investor.
- (e) In respect of its Attached Securities, the Issuer:
 - (i) must procure that each Designated Foreign Investor is paid the Sale Consideration to which that Designated Foreign Investor is entitled as soon as practicable after the sale of the relevant Stapled Security;
 - (ii) may take all steps to ensure that the Stapled Security held by the Designated Foreign Investor and to which a New Attached Security is to be Stapled, is transferred to the Sale Nominee before the Sale Record Date; and
 - (iii) need not receive any transfer, instrument or certificate for existing Stapled Securities in order for the Issuer to Register the transfer of the existing Stapled Securities to the Sale Nominee. The transfer will be evidenced by, and has full effect from, its Registration by the relevant Issuer in the Register.
- (f) Unless otherwise agreed between the Trustee and the Other Issuers, the amount received for a Unit upon sale of a Stapled Security under paragraph 8(d)(iii) is the amount received on the sale of the Stapled Security less the fair value for the Other Attached Securities, as determined by the Trustee.

Despite any provision of the Constituent Documents, or any rule of law (but subject to the Act as modified by any applicable ASIC Relief) while Stapling applies, in exercising any power or discretion, the Issuer may have regard to the interests of Investors as a whole and not only to the interests of the holders of the relevant Attached Securities considered separately.

This is an important document and requires your immediate attention. This document should be read in conjunction with the enclosed letter. If you are in doubt about how to deal with this form, please contact your financial or other professional advisor.

Your proxy voting instruction must be received by **11:00am (AEDT) on Wednesday 27 January 2021, not later than 48 hours** before the commencement of the Meeting. Any Proxy Voting instructions received after that time will not be valid for the scheduled Meeting.

SUBMIT YOUR PROXY

Complete the form overleaf in accordance with the instructions set out below.

YOUR NAME AND ADDRESS

The name and address shown above is as it appears on the Company's share register. If this information is incorrect, and you have an Issuer Sponsored holding, you can update your address through the investor portal: <https://investor.automic.com.au/#/home> Unitholders sponsored by a broker should advise their broker of any changes.

STEP 1 – APPOINT A PROXY

If you wish to appoint someone other than the Chair of the Meeting as your proxy, please write the name of that Individual or body corporate. A proxy need not be a Unitholder of the Company. Otherwise if you leave this box blank, the Chair of the Meeting will be appointed as your proxy by default.

DEFAULT TO THE CHAIR OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chair of the Meeting, who is required to vote these proxies as directed. Any undirected proxies that default to the Chair of the Meeting will be voted according to the instructions set out in this Proxy Voting Form, including where the Resolutions are connected directly or indirectly with the remuneration of KMP.

STEP 2 - VOTES ON ITEMS OF BUSINESS

You may direct your proxy how to vote by marking one of the boxes opposite each item of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the items of business, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

APPOINTMENT OF SECOND PROXY

You may appoint up to two proxies. If you appoint two proxies, you should complete two separate Proxy Voting Forms and specify the percentage or number each proxy may exercise. If you do not specify a percentage or number, each proxy may exercise half the votes. You must return both Proxy Voting Forms together. If you require an additional Proxy Voting Form, contact Automic Registry Services.
