1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

As announced to the ASX on 10 September 2020, the impact of the Coronavirus (COVID-19) pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative. However, the board and management will continue to assess the impact of COVID-19 on BuildingIQ's business, including the impact on existing projects, its pipeline and the collection of receivables. The board and management emphasise at this time BuildingIQ cannot make accurate forecasts and any assumptions about the future prospects are likely to be erroneous. Further due to the appointment of the Receivers and Managers over certain assets (namely the bank accounts and accounts receivable) of the subsidiaries BuildingIQ management is currently assessing its potential impact on the company's operations and overall cashflow.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

The shareholders of the Company held a special general meeting on 25 August 2020 and approved the terms of its agreement with SNAPS Holding Company. As a result, SNAPS will invest per the discretionary terms of the agreement, and in consideration of the investment in the Company, SNAPS will acquire and become owner of a total of 746,641,722 shares of common stock (in total, equal to approximately 66.26% of the total issues and outstanding shares).

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Yes, based on the SNAPS transaction described in Item 2, above.
