ASX/Media Release

Sydney, Australia – 29th January 2021

Quarterly Activities Report

Indoor Skydive Australia Group Limited (ASX:IDZ) (ISA Group) is pleased to provide its Quarterly Activities Report and Appendix 4C for the quarter ending 31 December 2020.

The company experienced another strong quarter in wind tunnel sales throughout the December quarter despite continual effects of COVID on border closures, venue restrictions and general customer apprehension. Net cash from operating activities was \$493k for the quarter, up from \$85k last year, bringing the year to date to \$813k. Cash receipts for the quarter were \$2.3m bringing the year to date to \$4.3m.

The period included investment into our first stand alone FREAK Entertainment venue in Westfield Bondi Junction. The Virtual Reality centre opened to the public in mid November exceeding management expectations for the remainder of the quarter.

Due to the strong performance in the first quarter, the company was ineligible for the continuation of Job Keeper subsidies in the December quarter.

Wind Tunnel Activities

The company's direct digital sales strategy was a success. The optimised marketing strategy drove an increase of 42% on ecommerce sales in December on the same period last year.

Despite COVID restrictions throughout NSW and QLD during the quarter, both tunnels performed well and the Christmas campaigns were a huge success.

Virtual Reality Activities

FREAK Entertainment continues to perform well across all locations. FREAK Bondi Junction opened on the 13th November. December sales exceeded expectations despite restrictions due to COVID-19. FREAK cash receipts increased 107% from the prior quarter.

Operations have been geared for growth with a new booking system implemented, allowing greater scalability and detailed cross venue reporting functions, along with online employee onboarding and knowledge management systems.

FREAK expansion continues with the procurement of equipment and hardware underway for future sites in the Westfield rollout as previously released.
