Directors' Report

The Directors of NAOS Ex-50 Opportunities Company Limited ACN 169 448 837 ("the Company"), submit their half-year report for the Company for the half-year ended 31 December 2020.

Company Information

The Company is a listed investment company ("LIC") and its shares are listed on the Australian Securities Exchange (ASX: NAC). The Company has outsourced its investment management function to NAOS Asset Management Limited (ACN 107 624 126) (Australian Financial Services Licence Number 273529) (the "Investment Manager").

Principal Activities

The Company invests primarily in a concentrated portfolio of mid-cap Australian listed equities through a long biased structure with the objective of providing investors with genuine exposure to mid-cap industrial companies, with a long-term value focus. No change in this activity took place during the half-year or is likely in the future.

Directors

The following persons were Directors of the Company during the financial period and up to the date of this report:

Name	Title
Mr David Rickards	Independent Chairman
Ms Sarah Williams	Independent Director
Mr Warwick Evans	Director
Mr Sebastian Evans	Director

Results and Review of Operations

The Company's operating profit before tax for the half-year was \$10,847,890 (31 December 2019: operating profit before tax of \$9,871,205), and operating profit after tax was \$7,715,534 (31 December 2019: operating profit after tax of \$7,355,497). The current period profit is primarily attributable to strong performance of the investment portfolio over the 6 months to 31 December 2020, with the investment portfolio producing a return of 27.73% in the 6 months to 31 December 2020, while the benchmark S&P / ASX 300 Industrials Accumulation Index returned 12.49% over the same period as domestic equity markets continued to recover from COVID-19 related volatility.

The post-tax Net Tangible Asset ("NTA") per share of the Company has increased by 14.28%, from \$1.05 at 30 June 2020 to \$1.20 at 31 December 2020. During this period a fully franked final FY20 dividend of 1.20c per share, and a fully franked quarterly interim dividend of 1.40c per share was paid, along with corporate tax payments of \$477k, or 1.05 cents per share. The franking credits attached to corporate tax payments are available for distribution to shareholders through fully franked dividends.

Total shareholder return (TSR), which measures the change in share price and dividends paid during the period, increased by 39.57% for the 6 months to 31 December 2020. This increase is reflective of both the increase in the investment portfolio and the narrowing of the share price discount to NTA over the period. This measure does not include the benefit of franking credits received by shareholders.

In November 2020, the Company issued \$17.5 million of listed, unsecured, convertible notes, under the ticker code (ASX: NACGA). The convertible notes pay an interest entitlement of 5.5% per annum until 30 September 2025, and are convertible into ordinary shares at a conversion price of \$1.15.

During the half-year, the Company continued with the on-market buyback program to take advantage of the discount of the share price relative to NTA. During the half-year 2,165,121 shares were bought back for a total consideration of \$2,060,517. The buyback of shares by the Company at a discount is accretive to NTA per share and as such the Board considers the buyback program to be an effective use of the Company's capital and in the interests of all shareholders.

Directors' Report (continued)

Results and Review of Operations (continued)

492,225 listed bonus options (ASX: NACOA) were exercised during the 6 months to 31 December 2020. The bonus options were issued to all eligible shareholders in March 2020, and have an exercise price of \$1.03. The options have an expiry date of 31 March 2023, and 23,294,645 options remain unexercised as at 31 December 2020.

Subsequent Events

Since the end of the half year, the Directors declared a quarterly interim fully franked dividend of 1.40 cents per share, to be paid on 18 March 2021.

There has been no other matter or circumstance occurring subsequent to the end of the half-year that has significantly affected, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Rounding

In accordance with ASIC Corporation (rounding in Financials/Directors' Report) Instrument 2016/191, the amounts in the Directors' Report and in the financial statements have been rounded to the nearest dollar, unless otherwise indicated.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 3.

This directors' report is signed in accordance with a resolution of directors of the Company made pursuant to Section 306 (3) of the *Corporations Act 2001*.

Dear Directors,

Naos Ex-50 Opportunities Company Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Naos Ex-50 Opportunities Company Limited.

As lead audit partner for the review of the financial statements of Naos Ex-50 Opportunities Company Limited for the half-year ended 31 December 2020, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely,

DELOITTE TOUCHE TOHMATSU

Independent Auditor's Review Report to the Members of NAOS Ex-50 Opportunities Company Limited

Conclusion

We have reviewed the half-year financial report of NAOS Ex-50 Opportunities Company Limited (the "Company"), which comprises the condensed statement of financial position as at 31 December 2020, and the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 6 to 16.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Company is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Company's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Notes to the Condensed Financial Statements

1. Summary of Significant Accounting Policies

These interim financial statements and notes for the half-year represent those of NAOS Ex-50 Opportunities Company Limited. The financial statements were authorised for issue by the Directors on 18 February 2021.

The principal accounting policies applied in the preparation of these condensed financial statements are set out below.

a) Basis of Preparation

This general purpose half-year financial report has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements and interpretations of the Australian Accounting Standards Board (the "AASB"), and the *Corporations Act 2001* in Australia. For the purposes of preparing financial statements, the Company is a for-profit entity.

This general purpose financial report has been prepared on an accruals basis using historical cost convention, except for the revaluation of investments in financial assets and liabilities, which have been measured at fair value.

The condensed Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets, deferred tax assets, deferred tax liabilities and net assets attributable to shareholders. The amounts expected to be received or settled in relation to these balances cannot be readily determined.

The preparation of financial statements in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities that are not readily apparent from other sources.

Other than the items detailed in the accounting policies below there are no differences in actual and estimated results.

b) Prior Year Comparatives

Comparative information has been disclosed in respect of the previous period for amounts reported in the financial statements. Where the presentation or classification of items in the financial statements is amended, the comparative amounts have been reclassified to conform with current period presentation.

c) Statement of Compliance

The half-year report is a general purpose financial report in accordance with the *Corporations Act 2001* and AASB 134 "Interim Financial reporting". Compliance with AASB 134 ensures compliance with International Financial Reporting Standards ("IFRS") IAS 34 "Interim Financial reporting". A typical half-year report does not include notes of the type normally included in an annual report and should be read in conjunction with the annual report.

d) Details of Reporting Half-year

The current reporting period is the half-year ended 31 December 2020. For the condensed Statement of Profit or Loss and Other Comprehensive Income, condensed Statement of Changes in Equity and the condensed Statement of Cash Flow, the previous corresponding period is the half-year ended 31 December 2019. For the condensed Statement of Financial Position, the previous corresponding date is 30 June 2020.

e) Reporting Currency

All amounts are presented in Australian dollars as the functional and presentational currency of the Company.

f) Going Concern Basis

This financial report has been prepared on a going concern basis.

Notes to the Condensed Financial Statements

2. Adoption of New and Revised Accounting Standards

New or amended Accounting Standard and Interpretations adopted in the current period

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. These Standards and Interpretations did not have a material impact on these financial statements.

New Accounting Standards and Interpretations not yet adopted

There are no new accounting standards or interpretations applicable that would have a material impact for the Company.

3. Income

Notes to the Condensed Financial Statements

5. Investments in Financial Instruments

a) Financial Assets at Fair Value through Profit or Loss

	As at 31 December 2020 \$	As at 30 June 2020 \$
Investment in listed equity securities	75,522,355	49,692,125
Investment in unlisted options	123,763	190,642
Total	75,646,118	49,882,767

b) Financial Liabilities at Fair Value through Profit or Loss

There were no financial liabilities at fair value through profit or loss as at 31 December 2020 (30 June 2020: \$nil)

c) Disclosed Fair Values

For all financial instruments their carrying value approximates fair value.

d) Fair Value Hierarchy

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

Level 1:

Financial instruments are valued by reference to quoted prices in an active market(s) for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2:

Financial instruments are valued using inputs other than quoted prices covered in Level 1. These other inputs include quoted prices that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). The inputs included in this level encompass quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities. Financial instruments that are valued using other inputs that are not quoted prices but are observable for the assets or liabilities also fall into this categorisation.

Included within Level 2 of the hierarchy are unlisted investments. The fair value of financial instruments that are not traded in an active market (for example, unlisted investments) is determined using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3:

Financial instruments that have been valued, in whole or in part, by using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Unobservable valuation inputs are determined based on the best information available, which might include the entity's own data, reflecting its assumptions as well as best practices carried out or undertaken by other market participants. These valuation techniques are used to the extent that observable inputs are not available.

Notes to the Condensed Financial Statements

5. Investments in Financial Instruments (continued)

d) Fair Value Hierarchy (continued)

The following table shows an analysis of financial instruments, recorded at fair value and presented by level of the fair value hierarchy:

Financial Assets at Fair Value through Profit or Loss

	31 December 2020			Total \$
	Level 1 \$	Level 2 \$	Level 3 \$	
Financial assets	75,522,355	123,763	-	75,646,118
Total	75,522,355	123,763	-	75,646,118
