REVIEW AND RESULTS OF OPERATIONS

Results

The statutory accounting profit for the Group for the six months to 31 December 2020 was \$1.164 million.

GoGetta Business

The GoGetta rundown process and management thereof has been a notable success for the Group over the last three years, with targets in respect to cash generated being consistently met. The book is now of sound quality with live contracts of \$6.3 million as at 31 December 2020.

GoGetta now has one full time employee, and five contracted employees, all of whom have been working on GoGetta since February 2018 as well as one part time employee to assist the business finance function. Their focus has been the management of the existing portfolio as it continues to run down and the preparation and execution of the GoGetta remediation program.

We thank the small GoGetta team for their diligence during this time.

Remediation Process

The background to this remediation process has been dealt with in previous reports and is summarised in the *Background* to *Remediation Process* section below.

Following extensive planning, documentation, systems set-up, training of contractors and the process of familiarising the associated parties with the GoGetta systems and data, the remediation process commenced early in November 2020. At 31 December 2020 and based on the GoGetta customers responding to the ASIC prescribed contact processes we have remediated \$1.1 million. At 23 February we had remediated \$5.0 million. The total provision for remediation at 30 June 2020 (which includes related costs and provision for a Court-imposed penalty) was \$6.8 million. The remediation process is expected to be completed in April 2021 and the Court appearance is also expected to take place in April 2021.

SIV Capital ongoing

The Group is debt free with its liabilities comprising normal trade creditors, GoGetta customer bonds and the \$5.7 million provision as at 31 December 2020 in respect of the customer remediation.

After the remediation and the Court action is finalised, and subject to the result, the Directors will be able to make decisions on further returns to shareholders and recommendations for future business plans. At this stage it is expected that at least part of any future distribution will be able to be franked.

The GoGetta business, focusing on a niche in the transport sector, is being tightly managed and is earning sound returns as it decreases in size.

Based on budgeted remediation and related costs which are expected to be paid by April/May 2021, we expect the Group will have approximately \$11 million of cash on hand at 30 June 2021. There are uncertainties included in this cash forecast which could have a material impact and include the proceeds of an insurance claim (which has not been booked in the accounts), and the final costs associated with customer remediation and related costs (referred to above and provided for in the accounts).

For completeness, as at 30 June 2020 the Company had carry forward revenue tax losses of over \$34.0 million and capital losses of approximately \$23.0 million. No deferred tax asset is carried on the balance sheet in respect to these tax losses nor from timing differences.

Background to Remediation Process

SIV Capital had first announced to the ASX on 4 July 2018 that ASIC was investigating a number of light commercial contracts issued by GoGetta that were alleged by ASIC as constituting consumer lending without a credit licence. Since this time, SIV Capital and GoGetta have been working proactively with ASIC in relation to this investigation and potential remediation of affected customers.

The Company announced on 10 August 2020 that ASIC had accepted an Enforceable Undertaking offered by SIV Capital and GoGetta in which SIV Capital and GoGetta committed to a comprehensive remediation program for affected customers to be overseen by an independent remediation consultant. The Enforceable Undertaking is available on the public register maintained by ASIC.

On 11 August 2020 the Company further announced that ASIC commenced proceedings in the Federal Court of Australia against GoGetta for alleged breaches of sections 29 and 32 of the National Consumer Credit Protection Act 2009 (Cth) in relation to 10 customers who entered into motor vehicle leases with GoGetta in 2015 and 2016. The Company advised that it intended to admit that it contravened sections 29 and 32 of the National Credit Act in relation to the 10 customers the subject of the proceedings. However, it reserved its position in relation to the number of contraventions and the appropriate penalty for those contraventions.

AUDITOR'S INDEPENDENCE DECLARATION

The Auditor's Independence Declaration is set out on page 4.

The Half-Year Financial Report is made in accordance with a resolution of the Directors of the Company on 23 February 2021.

Andrew Kemp Chairman

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of SIV Capital Limited

I declare that, to the best of my knowledge and belief, in relation to the review of SIV Capital Limited for the half-year ended 31 December 2020 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act* 2001 in relation to the review; and
- ii. no contraventions of any applicable code of professional conduct in relation to the review.

Condensed Notes to the Consolidated Financial Statements

1 BASIS OF PREPARATION

SIV Capital Limited (the Company) is a for-profit company which is incorporated and domiciled in Australia. The Half-Year Financial Report of the Company is for the six-month period ended 31 December 2020 and comprises the Company and its subsidiaries (together referred to as the Group).

The Half-Year Financial Report was authorised by the Directors on 23 February 2021.

The Consolidated Financial Statements are presented in Australian dollars and amounts have been rounded to the nearest thousand dollars unless otherwise stated, in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191.

The accounting policies, estimates and judgements applied in the preparation of the Half-Year Financial Report are consistent with those applied in the Company's Financial Report for the year ended 30 June 2020 (2020 Financial Report), unless otherwise stated. These accounting policies are consistent with Australian Accounting Standards and International Financial Reporting Standards.

2 STATEMENT OF COMPLIANCE

The Half-Year Financial Report of the Group is a general purpose condensed financial report which has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* (AASB 134) and the *Corporations Act 2001*.

Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The Half-Year Financial Report does not include all of the information required for a full Financial Report and should be read in conjunction with the 2020 Financial Report, and any public announcements by SIV Capital Limited during the half-year in accordance with continuous disclosure obligations under the *Corporations Act 2001* and ASX Listing Rules.

3 GOING CONCERN

In preparing the financial report, the Directors have assessed the ability of the Group to continue as a going concern, which contemplates that there is no intention to liquidate the Group or to cease trading, or there is a realistic alternative other than to liquidate or cease trading.

As noted in previous reports, the focus of the Group has been the implementation of the remediation program for affected customers under the Enforceable Undertaking agreed with ASIC. This program commenced in November 2020 and will continue until April 2021. The proceedings commenced by ASIC against GoGetta Equipment Funding Pty Ltd in the Federal Court of Australia is scheduled to be heard in April 2021. While the remediation program is progressing within expectations (Note 8), there remains significant uncertainty regarding the range of potential outcomes that may arise when the remediation program is finalised and the outcome of any court-imposed penalties.

A result materially worse than the estimates made in connection with the remediation program outcomes described in Note 8 would give rise to material uncertainty that may cast significant doubt in relation to the ability of the Group to continue as a going concern.

Based on historic trends and current cash flow forecasts that reflect the current estimates of remediation costs and penalties, the Directors have reasonable grounds to believe that the business will remain a going concern for at least the next twelve months from the date of this report.

Accordingly, the Directors have prepared the 2021 Half-Year Financial Report on a going concern basis. Consequently, no further adjustments have been made to the financial report relating to the recoverability and classification of asset carrying amounts or the amounts and classifications of liabilities that might be necessary should the Group not continue as a going concern.

4 SEGMENT DISCLOSURES FROM CONTINUING OPERATIONS

Since the sale of the Hospitality business in December 2019, the Group now consists of the GoGetta business and a small corporate function. The Group's results are reviewed on a consolidated basis by the Directors and so there are no reportable segments within the Group.

5 REVENUE

Rental income	3,686	7,688
Lease interest	(26)	778
Total	3,660	8,466

As GoGetta leases are cancelled as part of the remediation process, any unpaid interest recognised in previous periods is reversed. As the total number of finance leases remaining decreases as part of the run down of the portfolio, the total amount of derecognised interest income has offset other interest earned.

Impairment of rental assets

Assessments are made monthly on the recoverable amount of returned rental assets and rental assets on contracts which have defaulted. The recoverable amount is determined on a value in use basis and assumes that the estimated cash flows will be received within 12 months.

7 TRADE AND OTHER RECEIVABLES

The main non-derivative financial assets held by the Group are contract debtors and lease receivables. Contract debtors and lease receivables are measured at amortised cost and are held with the objective of collecting contractual cash flows on a specific date consisting of solely principal and interest.

In accordance with AASB 9 Financial Instruments, provisions for impairment are recognised in relation to financial assets and reflect the expected credit losses of those assets.

The Enforceable Undertaking agreed with ASIC on 7 August 2020 requires SIV Capital and GoGetta to implement a remediation program to compensate customers who entered into a consumer lease for a motor vehicle with GoGetta from 1 July 2014. SIV Capital and GoGetta has commenced the remediation program and has begun contacting affected customers. As at 31 December 2020, the Group has made GST inclusive remediation payments to customers totaling \$1.096 million.

On 11 August 2020, ASIC commenced proceedings in the Federal Court of Australia against GoGetta Equipment Funding Pty Ltd in relation to customers who entered into motor vehicle leases with GoGetta in 2015 and 2016. The remediation program provision is an estimate of expected customer remediation payments and related costs, including penalties. The customer remediation estimate has been based on a probability weighted estimate of payments to be made using the methodology set out in the Enforceable Undertaking. While the Directors have provided for their current best estimate of the amounts required to extinguish this obligation, there is inherent uncertainty in relation to the amount that will ultimately be required to be paid and the difference could be significant. Refer also to Going Concern under Note 3.

9 FINANCIAL INSTRUMENTS

At 31 December 2020, the carrying amounts of the Group's financial assets and liabilities approximate their fair values as set out below.

	31 DECEMBER 2020		30 JUNE 2020	
	CARRYING AMOUNT \$000s	FAIR VALUE \$000s	CARRYING AMOUNT \$000s	FAIR VALUE \$000s

Financial liabilities				
Payables	139	139	1,261	1,261
Customer security bonds payable	739	739	838	838

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. When measuring the fair value of an asset or liability, the Group uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Independent Auditor's Review Report

To the shareholders of SIV Capital Limited

Conclusion

We have reviewed the accompanying *Half-year Financial Report* of SIV Capital Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of SIV Capital Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the *Group's*financial position as at 31 December 2020 and
 of its performance for the *Half-year* ended on
 that date; and
- complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The Half-year Financial Report comprises:

- Consolidated statement of financial position as at 31 December 2020
- Consolidated statement of profit or loss, Consolidated statement of other comprehensive income, Consolidated statement of changes in equity and Consolidated statement of cash flows for the Half-year ended on that date
- Notes 1 to 12 comprising a summary of significant accounting policies and other explanatory information
- The Directors' Declaration.

The *Group* comprises SIV Capital Limited (the Company) and the entities it controlled at the Half year's end or from time to time during the Half-year.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 3 "Going Concern" in the Half-year Financial Report. The events or conditions disclosed in Note 3 indicate a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the Half-year Financial Report. Our conclusion is not modified in respect of this matter.

Responsibilities of the Directors for the Half-year Financial Report

The Directors of the Company are responsible for:

- the preparation of the Half-year Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001
- such internal control as the Directors determine is necessary to enable the preparation of the Halfyear Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Half-year Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the Half-Year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
