Notes to the Financial Statements

1. Summary of Significant Accounting Policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

(a) Basis of preparation

The preliminary final report has been prepared in accordance with the ASX Listing Rule 4.3A and the disclosure requirements of ASX Appendix 4E.

This report has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IASB").

The financial statements have been prepared on an accruals basis under the historical cost convention.

The accounting policies are consistent with prior periods and have been consistently applied unless otherwise stated.

(b) New or amended Accounting Standards and interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period.

(c) Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of UUV Aquabotix Limited ('Company' or 'parent entity') for the period 1 January 2020 to 23 December 2020.

On this date, the Company's wholly owned US based subsidiary Aquabotix Technology Corporation ("ATC") filed for Chapter 7 bankruptcy in the United States Bankruptcy Court in the District of Massachusetts, and which time ATC was de-consolidated.

Subsidiaries are all those entities over which the Company has control, which occurs if the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is acquired and they are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Accordingly, the Company's sole subsidiary ATC was deconsolidated as of 23 December 2020 – refer to Note 4 for further details on the effect of the deconsolidation on the financial statements.

(d) Going Concern

During the year ended 31 December 2020, the Group incurred a loss after income tax of \$1,347,290 and had net cash outflows used in operating activities of \$928,425.

This consolidated financial report has been prepared on the basis that the Company will continue to meet its commitments and can therefore continue normal business activities and realise assets and settle liabilities in the ordinary course of business.

The Directors believe that there are reasonable grounds to believe that the Company will continue as a going concern for a period of at least 12 months following the date of this Report, after consideration of the following factors:

- the cessation of US-based operations and the filing for bankruptcy of the Company's former subsidiary Aquabotix Technology Corporation
- the Company had net current assets and net assets of \$722,396 including cash and cash equivalents of \$911,323 as at 31 December 2020;
- the Company has the ability to issue additional shares to raise further working capital and has been successful in doing this previously, as evidenced by the successful capital raising completed during financial year ended 31 December 2020; and
- the Company has scaled down its operations in order to minimise expenditure to ensure that sufficient cash is available to meet forecast requirements.

1. Summary of Significant Accounting Policies (continued)

(e) Going Concern (continued)

Accordingly, the Directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

2. Segment information

Operating segment information

Until the cessation of operations of the Company's wholly owned US based subsidiary Aquabotix Technology Corporation ("ATC") and its subsequent filing for Chapter 7 bankruptcy in the United States Bankruptcy Court in the District of Massachusetts, there was one operating segment, being the development and sale of unmanned underwater vehicles.

8. Contingent liabilities

During January 2020, the Group learned that a licensor of technology incorporated into the SwarmDiver™ product, Apium Inc. ("Apium"), a small, privately held U.S. Company, filed a lawsuit against the Company's subsidiary, Aquabotix Technology Corporation ("ATC") in the U.S. District Court, Central District of California in Los Angeles.

The lawsuit includes claims for actual and anticipatory breach of the license agreement, a declaratory judgement that the license is terminated and that Apium itself has not breached the license, as well as violation of the Defend Trade Secrets Act, a U.S. law often invoked in licensing disputes.

The Company believes that the lawsuit is completely without merit and that Apium's actions are themselves a breach of the terms of the license agreement.

The Company notes that the filing of the bankruptcy automatically stays the action, and a formal Notice of Stay of Proceedings due to filing of bankruptcy was filed in December in the U.S. District Court, Central District of California in Los Angeles.

Other than detailed above, as at 31 December 2020 the Company had no contingent liabilities.

9. Events after the reporting date

The impact of the COVID-19 pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative, after the reporting date. Given the company is largely dormant the pandemic is not expected to have any significant impact at all. The situation is rapidly developing and could change depending on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

No other matter or circumstance has arisen since 31 December 2020 that has significantly affected or may significantly affect the results of the Company's operations, the results of those operations, or the Company's state of affairs in future financial years.
