The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

### **Basis of preparation**

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of freehold property and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

### Significant accounting policies

The accounting policies applied by the Consolidated Entity in this Consolidated Interim Financial Report are the same as those applied by the Consolidated Entity in the Consolidated Annual Financial Report as at and for the year ended 30 June 2020.

### **Going Concern**

The financial statements for the half year ended 31 December 2020 have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

During the half year, the Consolidated Entity incurred a loss before tax from continuing operations of \$281k after recording revenue from government assistant of \$1.46 million. At 31 December 2020 the Consolidated Entity had cash reserves of \$1.95 million, however current liabilities exceeded current assets by \$5.65 million.

Results for the half year were significantly adversely impacted by the COVID-19 pandemic. Restrictions imposed by Government resulted in the temporary closure of pubs and some hotel operations. Rent concessions were negotiated with landlords for a number of leased properties. Although Government eased restrictions, at 31 December 2020 the Consolidated Entity's operations were still significantly impacted by the ban on international travel, the decline in domestic travel, and social distancing requirements.

It is anticipated that the COVID-19 pandemic is likely to continue to have an adverse impact on the Consolidated Entity's business, the results of its operations and cash flows during the short to medium term. Management will continue to monitor the impact of COVID-19 on the financial performance of the business and further measures may be required.

As a result of these matters there exists a material uncertainty that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern, and therefore it may be unable to realise its assets and settle its liabilities and commitments in the normal course of business and at the amounts stated in the financial report.

The economic uncertainty associated with the COVID-19 pandemic has been considered by the Board in assessing the financial impact on Consolidated Entity's ability to meet debts as and when they fall due. At the date of this report, the Board are of the opinion that the Consolidated Entity will be successful in managing the impacts of the COVID-19 pandemic and will continue to realise its assets and discharge its liabilities in the normal course of business and at the amounts stated in the financial report. Accordingly, no adjustments have been made to the financial report relating to the recoverability and classification of the asset carrying amounts or the amounts and classification of liabilities that might be necessary should the Consolidated Entity not continue as a going concern.

### **NOTE 4: OPERATING SEGMENTS**

#### **Segment Information**

### Identification of reportable segments

The group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The Group is managed primarily on the basis of service offerings and operating segments are therefore determined on the same basis.

Transmetro Corporation Limited's operation during the year related to operation of Hotels, Serviced Apartments, Inns and Theme Pubs.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics.

### Basis of accounting for purposes of reporting by operating segments

#### Accounting policies adopted

Unless stated otherwise, all amounts reported to the Board of Directors as the chief decision maker with respect to operating segments are determined in accordance with accounting policies that are consistent to those adopted in the annual financial statements of the Group.

### NOTE 5: ACQUISITION AND DISPOSAL OF SUBSIDIARIES AND BUSINESS OPERATION

No subsidiaries or businesses were acquired or sold during the period under review

### NOTE 6: CONTINGENT LIABILITIES AND COMMITMENTS

There has been no change in contingent liabilities and commitments since the last annual reporting date.

### **Interim Financial Report**

#### NOTE 7: EVENTS SUBSEQUENT TO REPORTING DATE

Since the end of the financial period, the directors are not aware of any matter that has significantly affected or may significantly affect the operations of the Company in subsequent financial periods.

#### NOTE 8: FAIR VALUE MEASUREMENT

The Consolidated Entity measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- financial assets; and
- freehold properties.

#### Valuation techniques

The Consolidated Entity selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Consolidated Entity are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Consolidated Entity gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The following tables provide the fair values of the Consolidated Entity's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

### Valuation process

The Board reviews the freehold property valuation process on a semi-annual basis. All valuations are performed either by independent professionally qualified external valuers or the directors.

If the external valuation is more than three years old then the property is externally valued. For those with an external valuation less than three year old an assessment is made as to which properties are likely to have had material movements in the book value reported at the last reporting period to determine whether they should be revalued externally. At each reporting date the management will perform initial desktop assessment of current value through a capitalisation of income and discounted cashflow approach. If the result is materially different external independent valuation is conducted.

### **Interim Financial Report**

#### **DIRECTORS' DECLARATION**

The directors of the company declare that:

- 1. The financial statements and notes, as set out on pages 2 to 12 are in accordance with the *Corporations Act 2001*, including:
  - a. complying with Australian Accounting Standard AASB 134: Interim Financial Reporting; and
  - b. giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date.
- 2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Director: John McEvoy

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF TRANSMETRO CORPORATION LIMITED AND CONTROLLED ENTITIES

### Report on the Half-year Financial Report

We have reviewed the accompanying half-year financial report of Transmetro Corporation Limited and Controlled Entities (the consolidated entity) which comprises the consolidated statement of financial position as at 31 December 2020, and the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies, other selected explanatory notes and the directors' declaration.

#### Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Transmetro Corporation Limited and Controlled Entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, provided to the directors of Transmetro Corporation Limited and Controlled Entities would be in the same terms if given to the directors as at the time of this auditor's report.

Level 3, 225 Clarence Street Sydney NSW 2000 Australia PO Box Q182 Sydney NSW 1230 ABN 65 085 182 822 email <u>office@stirlinginternational.com.au</u>

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Transmetro Corporation Limited is not in accordance with the *Corporations Act 2001* including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- complying with AASB 134: Interim Financial Reporting and Corporations Regulations 2001.

#### Material Uncertainty Related to Going Concern

We draw attention to the Going Concern section in Note 1 in the financial report, which indicates that the Consolidated Entity's operations have been significantly impacted by the global COVID-19 pandemic in an adverse manner. The conditions disclosed in Note 1 indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the financial report. Our opinion is not modified in respect of this matter.
