About Kyckr Limited

Kyckr is a B2B information services company that aggregates, organises and structures the world's primary source company data to help businesses reduce the risks associated with counterparty relationships. Unlike traditional data companies which source data from multiple, secondary sources, Kyckr provides accurate data with trusted, legally-authoritative provenance. This helps organisations avoid the significant regulatory and commercial costs associated with using poor quality data. Through the combination of accurate data with innovative technology, Kyckr's solutions help businesses to succeed in the fight against fraud, money laundering and financial crime.
