Highlights

Corporate

- ▶ A\$2.073 million cash reserves as at 31st March 2021
- ▶ Appointment of CEO – Mr Robert Mencil
- ▶ Further funding initiatives advanced

Project Advancement

- ▶ Ardmore Phosphate Project – mining of 27,000t of Phosphate Rock completed on time and within budget.
- ▶ Oxley Potash – tenement rationalisation and assessment of product alternatives continues.
- ▶ Goulburn Gold/Base Metals Project - exploration programme being developed.

This Quarterly Activities Report and Appendix 5B have been approved for release to the ASX by the Board of Centrex.

REPORT

1. CORPORATE

The Company ('Centrex') maintained a cash balance of A\$2.073 million as at 31st March 2021.

On the 14th April 2021 the Company announced the appointment of CEO Mr Robert Mencil. Mr Mencil will join the Company on 24th May 2021 and take over CEO duties from Chairman Mr Graham Chrisp.

Mr Chrisp, commented that the board is very pleased that the Company has been able to secure the highly credentialed Mr Mencil, who was particularly attractive to the Company given his significant experience with the developing, operating and marketing of phosphate and potash projects, including his former role as Chief Executive Officer of RONPHOS Corporation (Republic of Nauru Phosphate Corporation) and valuable corporate experience as Managing Director of several public companies. Mr Mencil's appointment comes at a critical growth phase for the Company as it progresses the financing and development of its flagship asset, the Ardmore Rock Phosphate Project in Northern Queensland, with the ultimate aim of transitioning from explorer to miner.

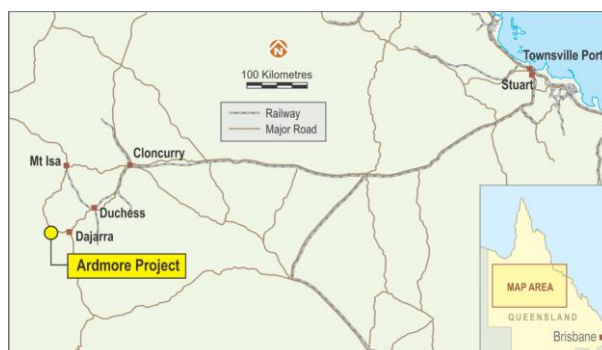

Mr Mencil is an engineering and mining executive with more than 25 years' experience developing and operating a wide range of mining, mineral processing and engineering operations. Please refer to the ASX announcement on the 14th of April 2021 for further details.

Work is also continuing on potential capital raising opportunities with both equity and debt possibilities under consideration aimed at commencing full production at Ardmore at the earliest possible time.

The Company would also like to acknowledge the retirement of Company Secretary Dr John Santich due to business commitments elsewhere, and the appointment of Mr Jonathan Lindh, which took place during the quarter. The Chairman and Board of the

Company would like thank Dr Santich for his services to the Company and are pleased to welcome Mr Lindh.

2. ARDMORE PHOSPHATE ROCK PROJECT, QLD

Ardmore location map

Approximately 27,000t of Phosphate Rock was mined at the Company's high-grade low impurity Ardmore Phosphate Project. A number of parties have expressed interest in purchasing the product and discussions on commercial arrangements are underway.

Centrex is pleased to note the traded rock phosphate price continues to remain robust, and long-term price forecasts indicate potential for steady growth.

Centrex continues to progress towards revision of its DFS on the Ardmore Phosphate Project to reflect current circumstances and financial parameters.

Dozer operation at Ardmore

3. OXLEY POTASSIUM NITRATE FERTILIZER PROJECT, WA

The key Oxley tenement (E70/4318) containing the extensive Oxley Potash Project resources has been granted retention status until 2022.

The Company is considering several options with respect to the Oxley Project, and further testing of samples from Oxley incorporating new technology is proposed.

Recent commodity reports indicate the potash price continues to firm.

4. GOULBURN GOLD-BASE METAL PROJECT, NSW

Centrex's has two exploration licences EL 7388 Goulburn and EL 7503 Archer located in the east Lachlan Fold Belt. Exploration during the period continued to be hampered by the cross-border access restrictions due to Covid-19.

Future exploration efforts will incorporate work on two priority gold targets.

The first gold target is located approximately 10 kilometres to the south of the Cullarin Gold Project, identified as proximate to the interpreted Cullarin Fault Zone, a major regional structural corridor that strikes in an approximate NS orientation down the western side of EL 7388. This structure and the nearby Mountain Ash Gold Mine (mined in 1908) are located within the western portion of EL 7388.

The second gold target is along strike of the Collector North copper and gold prospect, identified in 2015. The relevant structures trend NNE of Collector North and contains both Silurian- aged volcanics and Ordovician-aged sediments, potentially prospective for epithermal and orogenic styles of gold mineralisation.

5. TENEMENTS

The Company and its wholly owned subsidiaries hold the following tenements and leases as at 31st March 2021:

Queensland (Phosphate)

Ardmore	ML 5542
Ardmore	EPM 26551
Ardmore	EPM 26568
Ardmore	EPM 26841

New South Wales (Zinc)

Goulburn	EL 7388
Archer	EL 7503

Western Australia (Potash)

Oxley	E70/4318
-------	----------

Northern Territory (Phosphate)

ELA	32048
-----	-------

Attached is the Appendix 5B Statement of Cash flows for the period from 1st January 2021 to 31st March 2021.

About Centrex Metals

Centrex Metals is looking to enhance Australasia's sustainable agriculture future through the exploration and development of its wholly-owned Ardmore Phosphate Project and Oxley Potash Project. The products from both of these projects are necessary ingredients for global food production and human nutrition.

The Centrex Metals fertilizer projects are located near to established support and transport infrastructure that are necessary for access to established agricultural markets. The Company is also continuing its copper-gold-base metal exploration projects near Goulburn in the Lachlan Fold Belt in New South Wales.

8.3 Total relevant outgoings (Item 8.1 + Item 8.2)	(451)
8.4 Cash and cash equivalents at quarter end (Item 4.6)	2,073
8.5 Unused finance facilities available at quarter end (Item 7.5)	-
8.6 Total available funding (Item 8.4 + Item 8.5)	2,073
8.7 Estimated quarters of funding available (Item 8.6 divided by Item 8.3)	4.60

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: N/A

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: N/A

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 29 April 2021

Authorised by: By the Board
(Name of body or officer authorising release – see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
