ASX RELEASE

Quarterly Report for the Period Ended 31 March 2021

UUV Aquabotix Ltd (ASX:UUV and UUVOA) (the "Company") provides the following update on its activities during the three-month period ended 31 March 2021, together with its Appendix 4C quarterly cash flow report for the same period.

New Opportunities and General Financing Updates:

Following the cessation of operations at its wholly-owned, US-based subsidiary in December last year, the Company continues to review new business opportunities. The directors have been pleased with the quality of opportunities that have been sourced for review to date.

Over the 4th Quarter of 2020, the Company announced the successful placement of the shortfall from its Rights Issue to raise A\$583,823 before costs. Since that time, the Company has managed its outgoing cash to retain sufficient levels of funding for its next chapter of development.

ATC Updates:

In December 2020, following the cessation of its active conduct of business operations, the Company's wholly-owned, US-based subsidiary Aquabotix Technology Corporation ("ATC") filed for Chapter 7 bankruptcy in the United States Bankruptcy Court for the District of Massachusetts. ATC is continuing to progress through these Chapter 7 proceedings. The Company's cash expenditures have decreased over this reporting period, in part as a result of the end of trading for ATC.

Operational Expenditure and Payments to Related Parties

As noted in its Appendix 4C, during the quarter the Company expended a gross total of \$100,000 on the operations of the Company. Payments to related parties and their associates as detailed in Section 6 of the Appendix 4C are payments for director fees (\$38,000) and corporate services, accounting, and company secretarial fees (\$23,000).

Authority

This announcement has been authorised for release by the Board of Directors.
