8.8.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?		
	Answer: The Company received funding commitments from sophisticated investors and certain interest groups for placement issue of shares potentially raising up to \$3.1 million, of which a total sum of \$1.06 million placement funds received is acknowledged with shares being issued at \$0.04. In addition, the Company will continue to raise funds on an as-required basis and is considering collaborative business propositions for exclusive working capital facilities to support the development programmes of the PNG Wabag Project. It is expected that the funding facility offer would eventuate into equity securities of the Company.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Due to recent outbreaks of COVID-19 in PNG, the exploration activities were temporary slowed down. The impact of the reduced activities and some delays in the restarting of supply and logistics chains are likely to result in below plan expenditure for the months of April and May 2021.

Irrespective of the expected reduction in spending, the Company has sufficient funds available for the anticipated 2 quarters operating activities.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
