WORLEY LIMITED (WORLEY)

(ASX: WOR)

CITGO awards Worley a services agreement for USA refineries

CITGO Refining and Chemicals Company L.P. (CITGO) has awarded Worley a maintenance, turnaround and services agreement at its refineries in Lake Charles, Louisiana and Corpus Christi, Texas.

Under the agreement, Worley will provide maintenance, turnaround and sustaining capital services to the two refineries. Approximately 600 people will be providing services under the agreement. The majority of these people will be new hires to Worley, who have previously worked at the Louisiana and Texas refineries. This enables a seamless delivery of services through industry knowledge and expertise.

The term of the agreement is five years. The services will be executed by Worley's US Field Services team.

"As a global professional services company with an extensive track record of sustaining and optimizing refineries globally, we are pleased that CITGO has engaged Worley for services to its Louisiana and Texas facilities. We look forward to supporting CITGO to deliver on its operational and production targets by providing sustainable and reliable site operations at these refineries," said Chris Ashton, Chief Executive Officer of Worley.

Authorized for release by Nuala O'Leary, Group Company Secretary.
