Oneview Signs 5 Year Contract Renewal and Expansion with Epworth HealthCare

Melbourne, Australia – June 10, 2021— Oneview Healthcare Plc today announced that it has signed a 5 year contract extension with Epworth HealthCare, the largest private health service in Victoria. Epworth stands as Oneview's largest customer in Australia and second largest globally, by number of beds. The Oneview platform is currently deployed across 8 Epworth hospital locations in approximately 1,440 beds. As part of the contract renewal, Epworth will be migrating to Oneview's new Next Generation CXP Enterprise platform and deploying GMS certified healthcare grade 22" Android devices across its diverse care settings. Epworth will also be expanding its footprint with Oneview in its redevelopment at Epworth Eastern at Box Hill, with an additional 63 beds.

James Fitter, CEO of Oneview Healthcare commented: "We have enjoyed a very special partnership with Epworth, dating back to our initial deployment at Epworth Eastern in Box Hill in January 2015. They have been the inspiration for much of our innovation in the Australian market and encouraged us to broaden the platform to include an extensive suite of care team applications which have become an integral part of their care delivery model."

Dr Lachlan Henderson, Group Chief Executive, Epworth HealthCare, said the agreement will enable Epworth to take digital healthcare into the future. "The Oneview point-of-care platform has changed the way we deliver care to patients, as well as providing our patients with a unique entertainment and connected experience. Our nurses and doctors access our Oneview point of care screens 20,000 times a day, allowing them to update patient information and access medical imaging, radiology and pathology results, at the bedside. Patients can also see information about their care and discharge plan."

This announcement was authorised by the Board of Oneview Healthcare Plc.

Unifying the care experience.

About Oneview Healthcare

For healthcare systems who lead on exemplary care, Oneview Healthcare provides digital tools for patients, families, and caregivers to improve the care experience. Unifying a facility's systems, content and services into one digital platform with dedicated devices at the point of care, Oneview helps deliver more control for patients and families, more time for care teams, and less complexity for executives and IT teams. Oneview is proud to partner with leading healthcare systems in the US, Australia, the Middle East and Asia. For more information, please visit www.oneviewhealthcare.com.
