ASX Announcement
Airtasker Limited (ASX Code: ART)

# JUNE QTR 2021 - APPENDIX 4C AND QUARTERLY ACTIVITY REPORT

#### Q4/FY21 Cash Flow and Operating Performance

- Continuing strong marketplace performance in Q4 produced positive cash flow from operating activities of \$763k
- FY21 cash flow from operating activities (excluding IPO costs) was \$7.4 million, with statutory cash flow from operating activities of \$5.5 million compared with prospectus forecast of \$0.1 million
- FY21 GMV was \$153.1 million, exceeding prospectus forecast of \$143.7 million
- 415k unique paying customers in FY21 exceeds prospectus forecast of 405k

The positive operating cash flow in FY21 demonstrates the strength of the Airtasker model and its operating leverage at scale. Marketplace performance was achieved despite a 14-day lockdown in Melbourne during the quarter and the start of the Sydney lockdown from 26 June. This positive variance was due to higher revenues and lower expenses than forecast and a number of working capital timing differences.

#### **International Expansion and Capital Update**

- UK marketplace performing well off a small base with June quarter GMV up 93% on March quarter and up 232% year-on-year
- Zaarly integration and US expansion planning progressing well
- Closing cash balance of \$45.9 million due to stronger operating cash flow performance and capital raise

On 21 May, Airtasker announced the acquisition of Zaarly, a US local services marketplace providing access to more than 597,000 registered users and 900+ verified services providers to accelerate expansion in the United States. Integration of Zaarly's operations and planning for US expansion are progressing well.

The stronger than forecast operating cash flow for the June quarter, combined with \$16.7 million net cash contribution from financing activities (after transaction costs and the acquisition of Zaarly), resulted in a closing cash balance at 30 June 2021 of \$45.9 million (compared with a prospectus forecast of \$25.6 million).

#### **FY22 Outlook**

- Business accelerated ahead of expectations post IPO and into lockdowns
- Lockdowns have impacted the start of Q1 with weekly GMV down ∼12% compared with pre-lockdown
- In line with previous lockdowns, a strong bounce back is expected once restrictions are lifted
- Chief Marketing Officer commenced 12 July

The Sydney, Melbourne and Adelaide lockdowns during July have impacted operations in Q1 FY22 to date with weekly GMV down  $\sim$ 12% during July compared to pre-lockdown. As with previous lockdowns, we have seen a change in the mix of services being offered and many services being provided remotely rather than in-person. In previous lockdowns, Airtasker has seen a strong bounce back in marketplace volumes as restrictions ease in each city-level market.

The business continues to build its growth capability and, after an extensive worldwide search, is pleased to welcome former Instagram Head of Marketing APAC Noelle Kim to the role of Chief Marketing Officer. This is a key hire ahead of the business making significant investment into marketing infrastructure and user acquisition in FY22 to drive domestic and international expansion and begin to maximise the growth opportunity provided by our significant cash reserves.

We continue to invest in a world-class user experience for our Customers and Taskers with the ongoing development of our core product and new marketplace experiences including Listings (pre-packaged services) and Re-booking (enabling Customers to contact Taskers they've previously worked with). These initiatives further leverage our light touch operating model and, in due course, will scale across city-level marketplaces globally.
