Building relationships.
Connecting construction.

Construction industry is ripe for disruption

Perfect storm of critical issues is driving technology adoption

Large and growing industry

Significant compliance environment

Low IT spend

Example: Multi-billion dollar infrastructure project

Established platform connecting industry players

Felix connects Contractors and Vendors, digitising and automating critical procurement processes

Contractors

(e.g. CIMIC) engage a supply chain of third-party Vendors to deliver capital projects

Vendors

(e.g. Boral) are contracted to deliver specific works or supply materials

Subcontractors

Suppliers

Consultants

Integration

Felix seamlessly integrates with other business applications

Felix transforms the procurement lifecycle

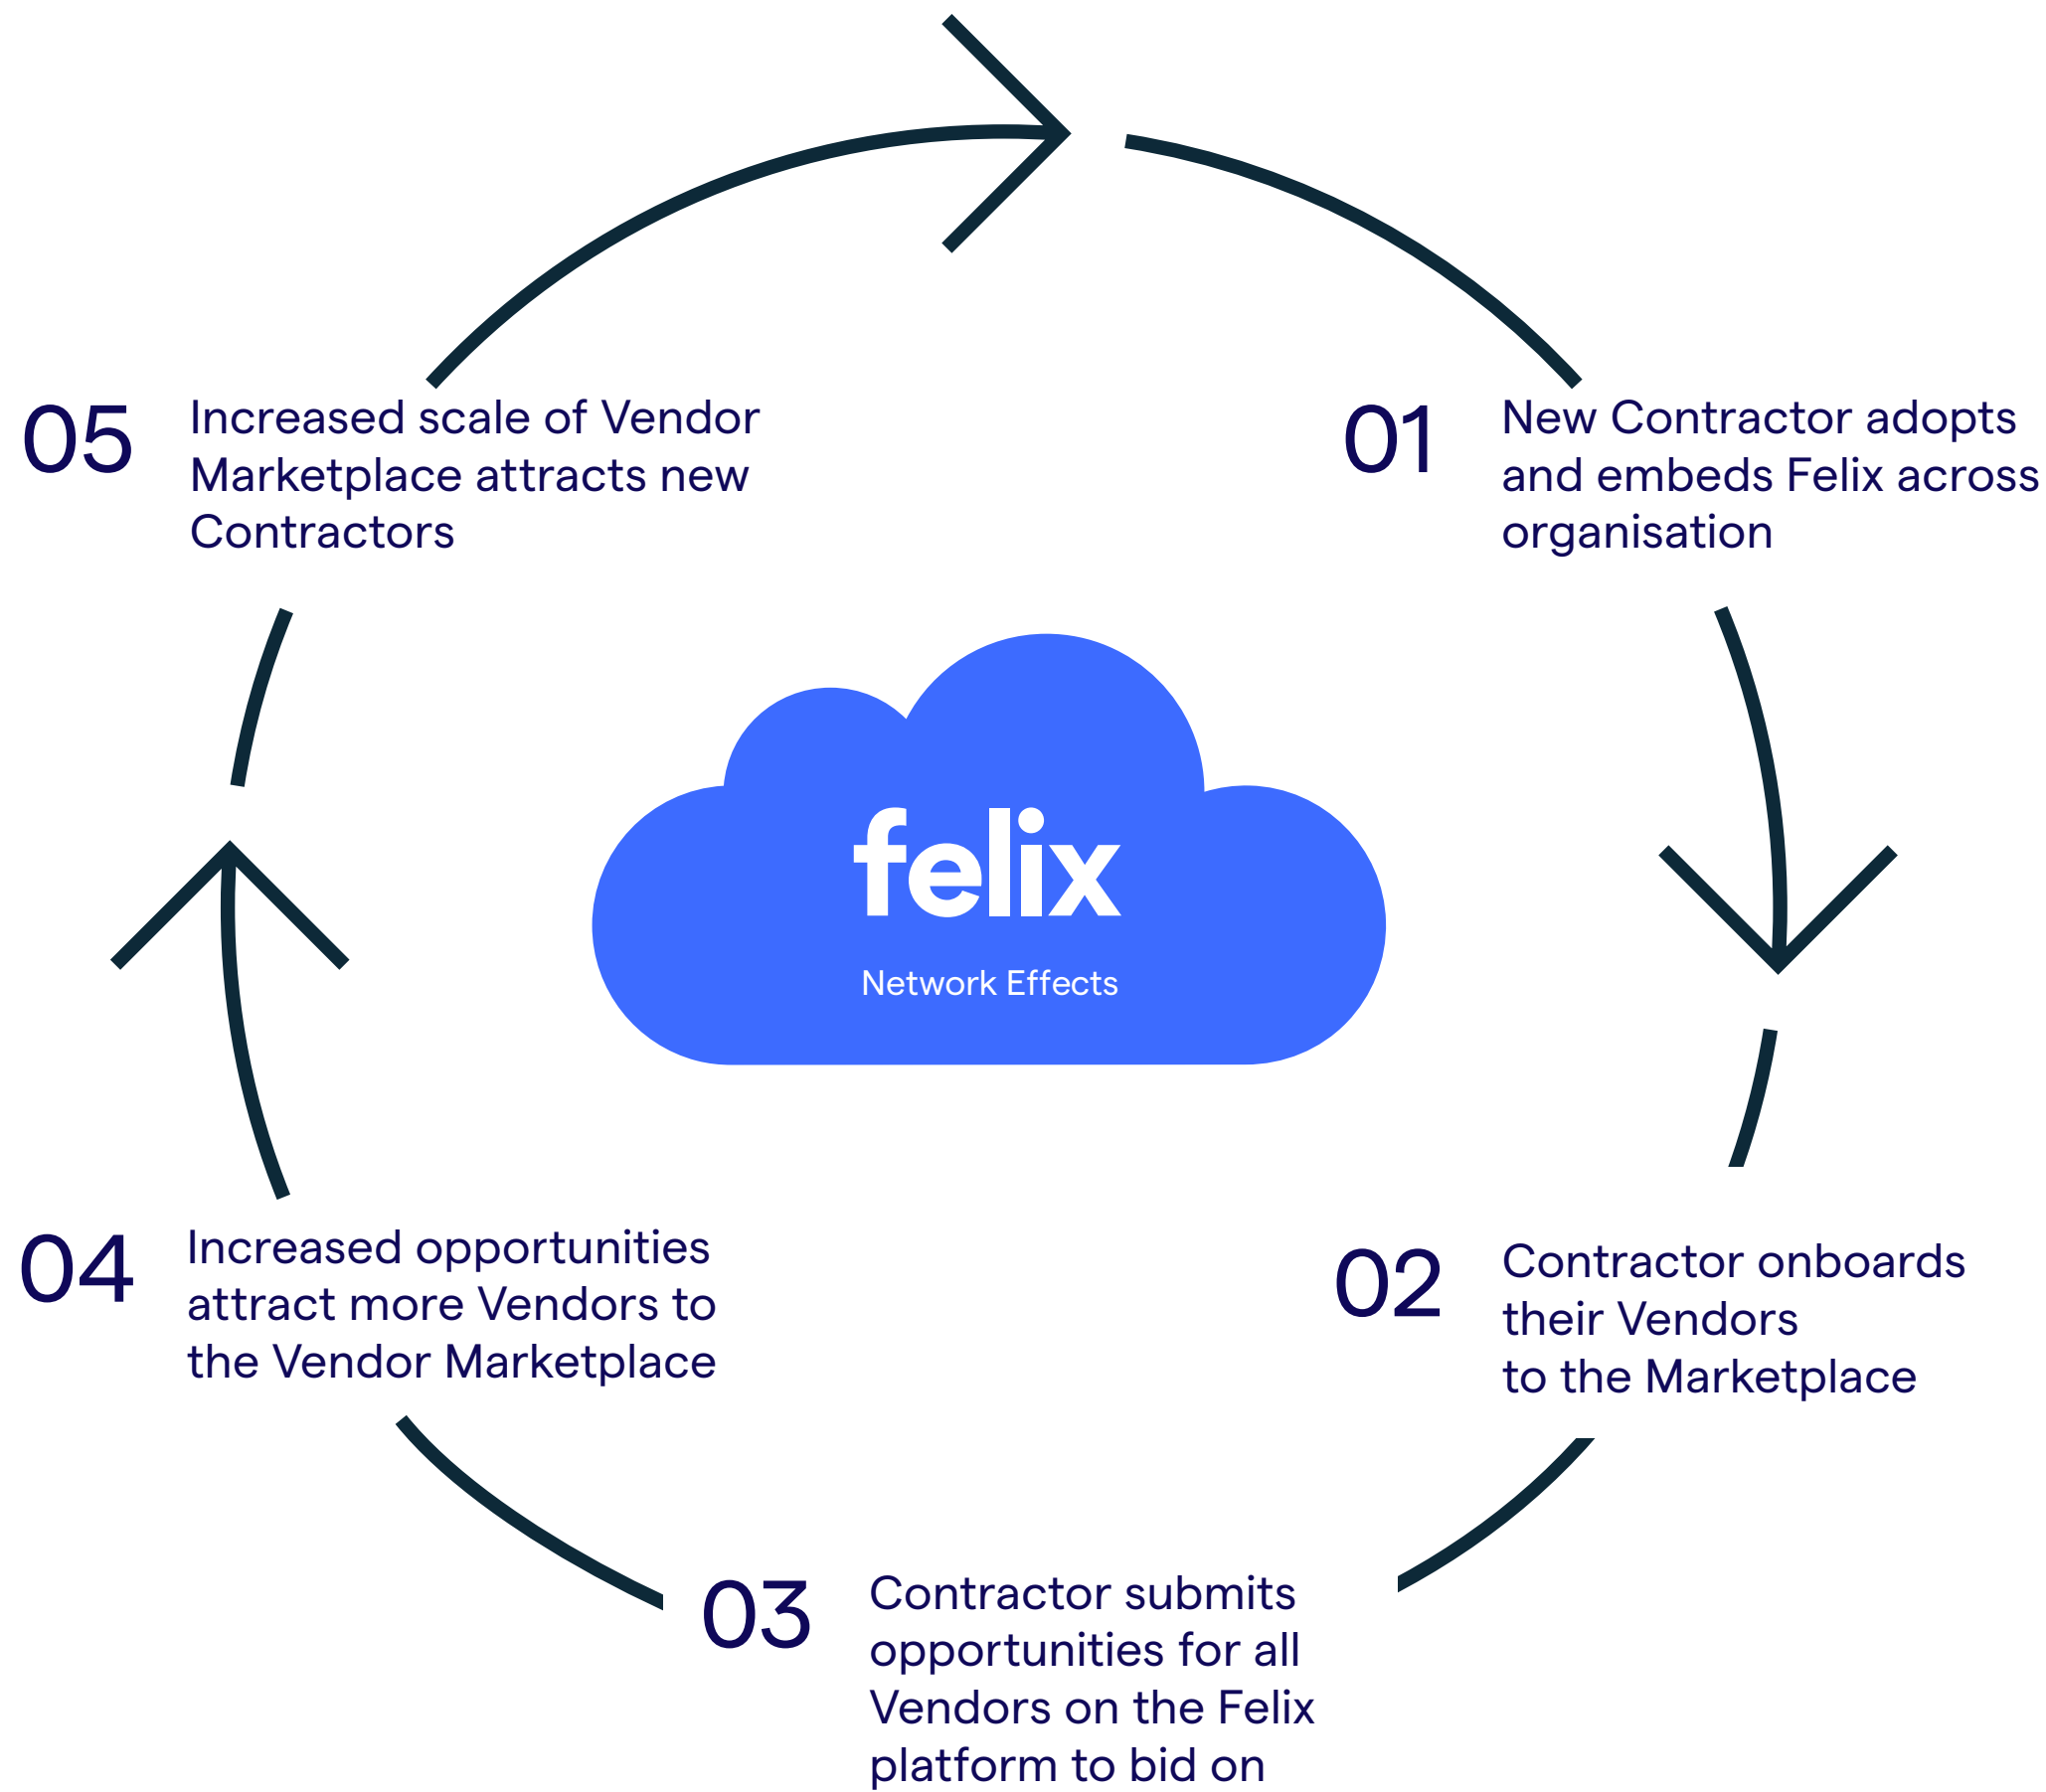

"Felix provides real-time visibility of what stage the procurement process is at, from who is waiting on approvals to the visibility of all documents and analysis."

Peter Bolanis - Head of Procurement & Contracts
West Gate Tunnel Project
\$6bn+ major infrastructure project

- ✓ Automates and streamlines complex workflows
- ✓ Mitigates supply chain compliance risk
- ✓ Accurate and real-time data to inform decisions

Network effects are accelerating scale and entrenching market position

Mandated use of Felix by Contractors drives rapid scale

- ✓ New Contractors onboard their entire third-party supply chain of thousands of Vendors on to the platform
- ✓ Each new Contractor effectively builds the Vendor Marketplace at no direct cost to Felix
- ✓ Depth of platform solution combined with compounding network effects is key to Felix’s successful marketplace strategy

Company timeline

Staged platform development with the focus shifting to accelerating scale

↘ Launch and expand marketplace for Vendors		↘ Develop enterprise solution for Contractors		↘ Integrate platforms	↘ Contractor-led strategy to scale platform
May 2013	Jan 2015	Oct 2015	May 2018	Sep 2020	Jan 2021
Launched PlantMiner (now Vendor Marketplace) to develop an online plant and equipment rental marketplace platform	Expanded PlantMiner to service subcontractors on commercial construction and infrastructure projects	Commenced development of enterprise procurement solution to enable Contractors to source and manage Vendors	Further development and commercialisation Contractor procurement platform	Integrated Vendor Marketplace with Contractor solution to enable Contractors to source Vendor from the Vendor Marketplace	Strategic focus on scaling Contractor adoption of the platform, with mandated use of Felix driving accelerated Vendor Marketplace scale

Growth Strategy

- Highly strategic base of leading Contractors
- Significant Contractor pipeline
- Penetration of new high value sectors
- Unlocking the value of Vendor Marketplace
- Global Opportunity

● Highly strategic leading Contractors

31 Contractors with significant value to be realised as platform usage expands across divisions

● Felix monetises both Contractors and Vendors

Contractors

\$60,000

Average ARR

- ▾ Licence fee based on number of modules, user accounts and Vendors
- ▾ Additional one-time project implementation fees

Vendors

\$2,700

Average ARR

- ▾ Freemium model for Vendor Marketplace
- ▾ Opportunity to accelerate growth of Vendor revenues once sufficient Vendor Marketplace scale has been achieved (with reduced annual subscription cost)

End-to-end solution across entire procurement cycle

Vendor Management

Seamlessly manages all tiers of Contractors’ supply chain

Sourcing

Enables project teams to manage sourcing activities while remaining centrally documented in Felix

Procurement Schedule

Provides Contractors complete visibility and control over procurement programs and performance

Contracts

Stores all contracts and contract summaries in a central, secure and easily searchable repository

Vendor Marketplace

Enables Contractors to discover new Vendors outside of their existing supply chain

Workforce Compliance

Management of compliance data for individual workers on projects (est. FY22)

● Land and expand strategy ↘ Case Study

>50% of existing Contractors are in active discussions to expand modules across their organisations, while the launch of Procurement Schedule is expected to further accelerate module uptake

● Accelerating conversion of Contractor pipeline

Felix is on the cusp of accelerated growth underpinned by immediate pipeline opportunities

98% ARR retention rate demonstrates Felix's ability to become deeply embedded in Contractor's operations

¹ Number of Contractors as at the end of each financial year
² Annual Recurring Revenue
³ Number of prospective Contractors in the pipeline as at 20/8/21
⁴ Based on management estimates

● Penetration of new high value sectors

Success in initial target industries leading to wider adoption of Felix across new high value sectors

Potential licence fee of advanced stage pipeline by sector (%)

▾ Ongoing traction across initial target sectors

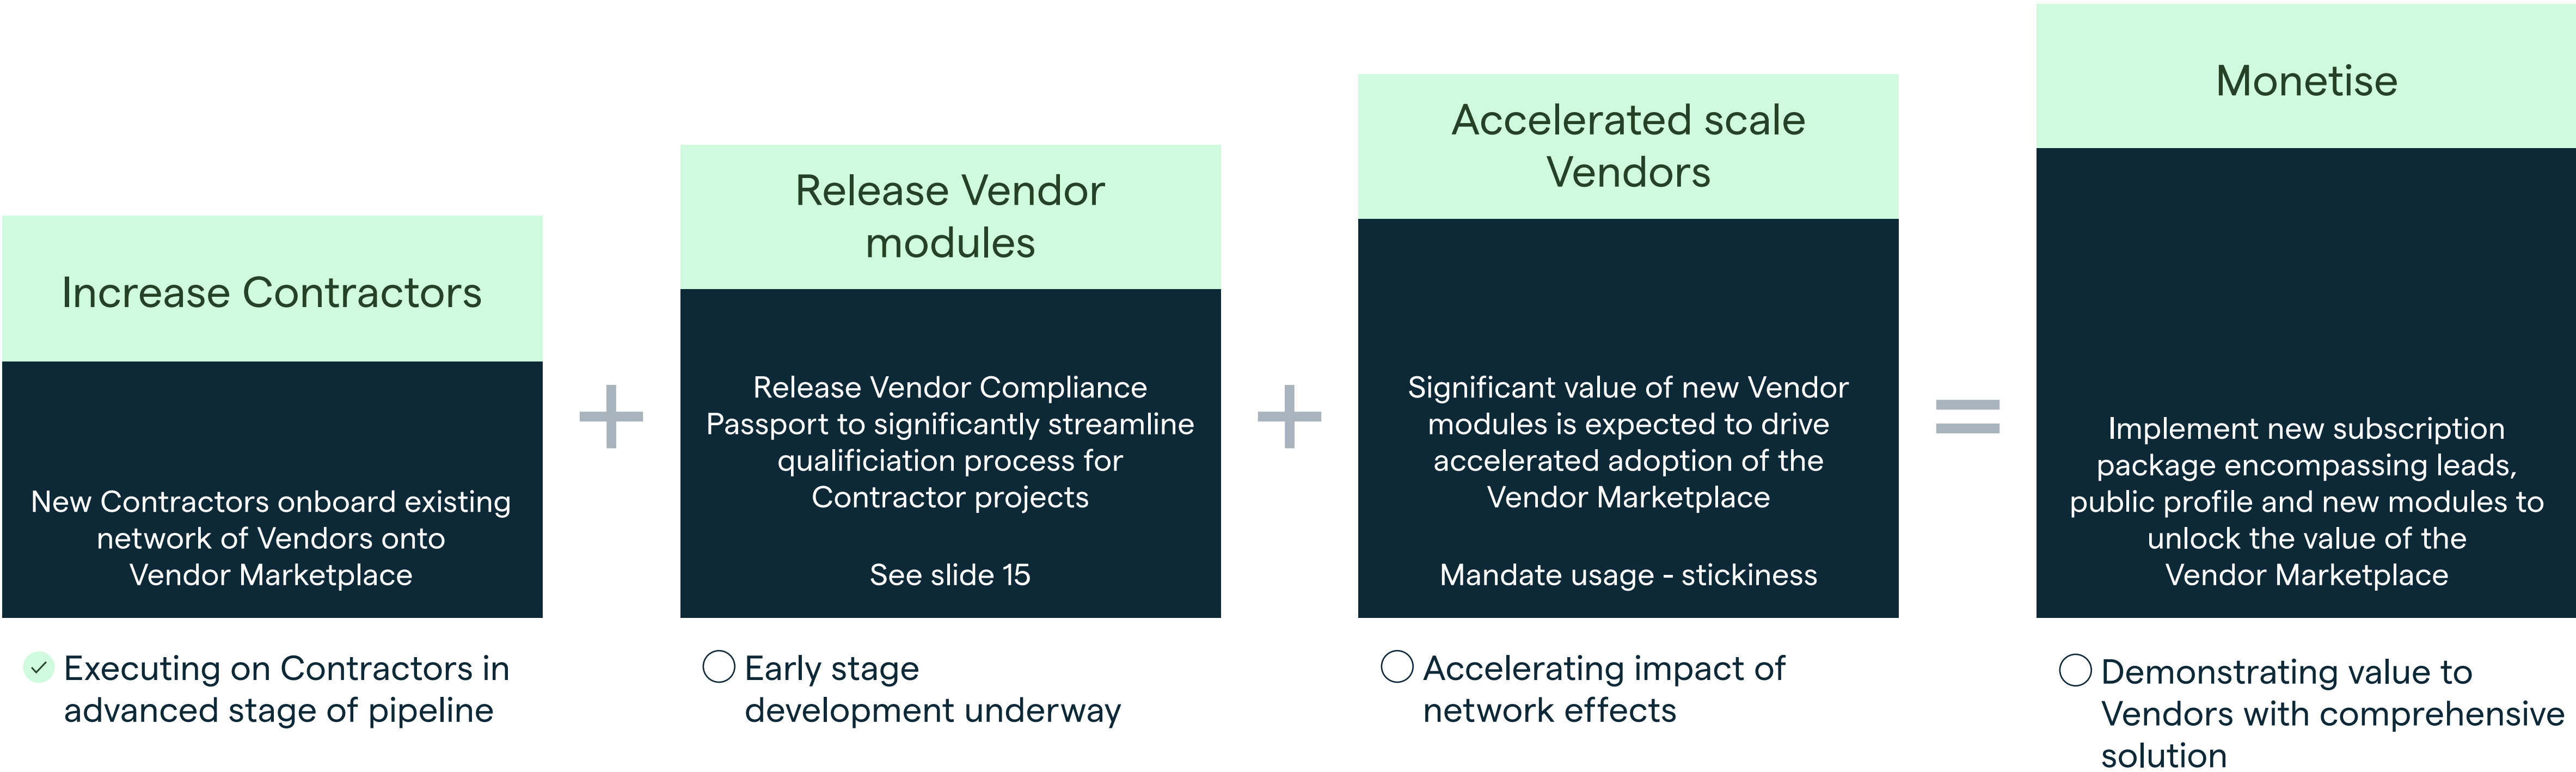

▾ Broad applicability of platform providing growing opportunities in adjacent sectors

● Monetise Vendor Marketplace

Long-term growth underpinned by significant opportunity to unlock value of Vendor Marketplace

Pathway to further monetisation of Vendor Marketplace

● Vendor Compliance Passport

- ✓ Allow Vendors to centrally store qualification and compliance documents and automatically populates prequalification forms
- ✓ Verifies Vendor qualifications against documents such as ABN, insurance certificates and banking information
- ✓ Value of the module provides significant opportunity to rapidly increase ARR across Vendors, currently numbering 52,000

Provide Vendors with one-wallet storage of all their credentials and compliance information

Increased level of quality assurance to Contractors who are looking to find and engage new Vendors

Validated Vendors will be highlighted as being validated, increasing their opportunities for work

Streamlines traditional process that are manual, repetitive and can result in third-party risk exposure

● Vendor compliance automation

- ✓ Scaling compliance document volume represents an opportunity to achieve improved efficiency and accuracy for users through automation
- ✓ AI-powered documentation information extraction and validation will provide significant operational and strategic benefits for Vendors and Contractors

Improve ease and efficiency of Vendor interactions during qualification process

Extend life of enterprise contracts by improving Contractor user experience and productivity during prequalification

Enhance sales process to Contractors by demonstrating the efficiency in Felix's onboarding and ongoing processes

Potential to enable further development of AI applications across new and existing modules

● Global opportunity

- Felix's compliance framework is based on international standards making the platform easily deployable to international markets
- Large Australasian customers with global supply chains are already introducing the Felix platform to offshore markets through their international projects
- This is driving organic growth in international Vendors with no direct costs to acquire
- Expanding international adoption of the Vendor Marketplace is expected to assist in securing offshore Contractors
- >50% of international Vendors are based in the US, a key target region for Felix
- Felix's near-term focus is on expanding it's Australia and New Zealand Contractor base

Financial Commentary

- ① Strong performance in Contractor revenues was a result of a number of new contracts wins and expansions of existing contracts.
- ② Vendor revenues experienced a decline as a result of deliberate strategic shift in FY20 towards scaling Contractor ARR
- ③ Employee benefits were reduced in the year following optimisation of the team in March 2020
- ④ Operating expenses (excluding those related to the IPO) were considerably reduced in the period
- ⑤ 42% improvement in Adjusted EBITDA in FY21 following efficiencies in the cost base
- ⑥ Well capitalised to accelerate growth and execute strategic goals following IPO

Outlook

Strategic plan

Continued execution against strategic plan provides foundation for accelerated growth

Phase 1: Core Platform established (Complete)

- ✓ \$15m invested in technology platform
- ✓ Secured major Contractor customers
- ✓ Strong ARR and Vendor Marketplace growth

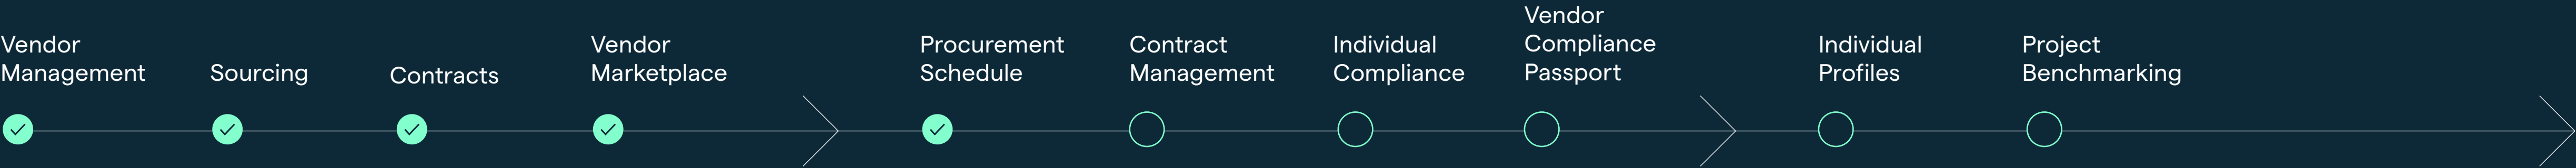

Phase 2: Accelerate growth (Underway)

- ✓ Platform internationalisation enhancements to drive further usage on international projects
- ✓ Commenced development of core new platform modules, with Procurement Schedule now live
- ✓ Investigating opportunities to expand automation across platform
- Continued penetration into new target sectors with further cornerstone contract wins
- Release new module packages to accelerate Contractor adoption
- Continued rapid growth of Vendor Marketplace towards Phase 2 target of 60,000

Phase 3: Monetise Vendors

- Grow current Vendor Marketplace adoption to target penetration
- Monetise Vendor Marketplace through new subscription model
- Accelerate conversion of Contractor pipeline

Platform modules

Favourable industry backdrop

Strong tailwinds provide Felix with expanding opportunities

Compliance

Increasing legislative requirements, like the Modern Slavery Act 2018 (Cth), and supply chain complexity create significant risk for Contractors

ESG & CSR

Contractors are pursuing initiatives to improve ESG performance including sustainable materials sourcing, raising female participation and supporting Indigenous engagement requiring firms to source and engage appropriate Vendors

Digitisation

Errors, delays, disputes and rework – caused by ineffective supply chain management – have significant impacts on overall project costs, loss of reputation and penalties driving Contractors to adopt technology to ensure accurate, real-time and comprehensive data flows

Infrastructure spending

Government initiatives to stimulate economies post-COVID-19 include prioritised spending on a range of infrastructure-led construction projects. For example, the Australian Government’s A\$110bn land, transport infrastructure program

Investment summary

Established platform connecting industry players

Felix connects Contractors and Vendors, digitising and automating complex supply chains

Highly strategic customer base
