Review of Operations for the 6 months ended 30 June 2021

Over the past year, the Malaysian Government has imposed several Movement Control Orders (MCOs) to curb the spread of COVID 19 cases throughout the country. Fortunately, the Power Generation sector has been allowed to operate as an essential business. By following the Government's strict Safety Operating Procedure, the Group has been able to continue operating despite nation-wide MCOs.

However, the intermittent MCO lockdowns particularly state and international border closures have caused major disruptions to the supply of services and spare parts required to maintain the plant in good operating condition. Consequently, there has been a significant increase in machinery downtime, leading to a 15% drop in power generated and exported as compared to the preceding year's corresponding period.

6 months ended 30 June 2020	10,585,177
6 months ended 30 June 2021	8,995,845

Despite the significant drop in plant productivity, the Group managed to record a net profit of RM75,126 for the 6-month period compared to the net loss of RM169,940 incurred in the preceding year's corresponding period, mainly due to the interest savings from the debt capitalisation exercise in August 2020.

The debt capitalisation exercise has increased the Group Net Tangible Assets per share from RM0.10/share to RM0.28/share.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF TIMAH RESOURCES LIMITED AND CONTROLLED ENTITIES

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
