Provide a brief explanation for any of the figures reported above necessary to enable the figures to be understood:

The Group reported a net loss after tax of \$86.9 million for the year ended 29 June 2021 (comprising 52 weeks), representing an improvement compared to a net loss of \$136.1 million in the prior year (comprising 53 weeks). This was despite the Group's businesses, as well as the broader travel, tourism and entertainment sectors being impacted by the pandemic throughout FY21.

Total segment revenue for the Group (excluding other income from government grants/subsidies and insurance recoveries) of \$390.7 million decreased by \$7.6 million in the year, driven primarily by lower visitation in the Australian Theme Parks venues, partially offset by strong recovery in Main Event, with all centres being progressively reopened by the end of the financial year.

In addition to trading disruptions due to COVID-19, the Group's results were impacted by a number of significant items. Nevertheless, disciplined control of operating costs across the Group and recovery in the US business during the second half of FY21 have mitigated the impact of COVID-19 on the Group's result. Consequently, total EBITDA increased by \$42.0 million, from \$25.3 million in FY20 to \$67.3 million in FY21.

Further details of the Group's performance are contained in the attached audited financial statements (Directors' Report: Operating and financial review).
