#### Results

- Total Revenue from ordinary activities down 1.3% to \$28,180,333
- FY21 loss of \$4,412,240, down from FY2020 loss of \$17,506,369
- \$2,274,070 write back of impairments

The 2021 financial year, just like FY2020, was a challenging one for the group. The significant impact of COVID19 and the various ever-changing State border closures have had direct and substantial effects on the business performance. The business has navigated these challenges diligently. Having now implemented a carefully planned and well-executed operational restructure commencing in April 2021 and completed in June 2021, the Company is leaner, more proactive with far better medium and long-term prospects.

The impact of COVID19 saw all Corporate Stores cease trading for various and differing periods in each of the States during the financial year, complicating management and supply chains. Despite these challenges, we now have experienced a period of stability at all levels: Board, management, and personnel over the last 6 months. We have retained good working relationships with suppliers, landlords and other interested parties. The EG Food to Go supply agreement is fully operational and well tested during these challenging times. The partnership has opened 153 stores as of June 2021, with a plan to open a further 49 stores in FY2022, including opening in Western Australia in the coming months.

Most pleasing is the write-back of \$2.3M of impairments. This demonstrates the benefits the new operating model has had on the future value of our store network and as the economy re-opens and sales improve further, there remains the possibility of more impairment write-backs. However, this was offset by an impairment of the Queensland kitchen lease, as the premises have closed and when the property is sub-leased the impairment will be reversed.

#### Oliver's Real Food Limited Appendix 4E Preliminary final report

#### FY2022 Outlook

The short term outlook is still very challenging with continued lockdowns in the Company's two major markets, New South Wales and Victoria. We note Alan Joyce, Qantas CEO, last week described trading in the tourism sector and particularly for Qantas as diabolical. The Board of Olivers can only concur with that statement.

Our business model relies of tourism and the public being able to travel. So, while lockdowns and closed borders continue, losses are forecast. However, the Company is confident that when the lockdowns end and borders re-open our stores will trade well and our forecast indicates our new business model can generate profits as revenue improves. Like many other businesses, we are forecasting that restrictions will begin to ease in November 2021 and travel restrictions completed lifted by 1 December 2021. We all witnessed what was possible when the Australian economy was fully open during April and May of this year and we are confident our loyal customers will return when the economy re-opens.

In the meantime, we are taking all necessary steps to conserve cash and the Board, in conjunction with the CEO have set very clear parameters when determining which stores will trade. At present the following are trading:

- Hexham
- Maryborough
- Eastlink Outbound
- Officer Outbound
- Eastlink Inbound
- Peninsula Link Inbound
- Peninsula Link Outbound
- Officer Inbound
- Port Macquarie

These stores are currently trading Monday to Friday, 7 am - 3 pm while Maryborough also trades on Saturdays and Sundays.

#### **Funding requirement**

The Company recently announcement a temporary overdraft facility, repayable by 30 September 2021. The Board acknowledges that a more certain funding proposal will be needed now that it seems likely lockdown and border closures will continue until October 2021, based on the current COVID-19 case numbers.

The Board is currently in discussions with PURE Asset Management and major shareholders and is hopeful a funding agreement can be reached in the coming weeks and certainly well before 30 September 2021.

An announcement on this will be made to the market in due course.

# **Events Subsequent to Balance Date:**

As announced on 16 August 2021 two of the Company's major shareholders provided a temporary overdraft facility of \$500K, unsecured, interest at 4.0% per annum and a repayment date of 30 September 2021. This facility has the approval of the group's major lenders, PURE Asset Management.
