<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

## **Corporate Governance Statement**

**1300SMILES and its subsidiaries**

**(the “Company”)**

---

The Board has the legal responsibility for managing its business with due care and diligence. The Board ensures these obligations are met by establishing principles of corporate responsibility and behaviour. These principles are implemented by the establishment of a framework of rules, systems and processes. These principles and their implementation are called Corporate Governance.

The Board is committed to implementing and achieving an effective Corporate Governance framework to ensure the Company is managed effectively and in an honest and ethical way.

The fundamental base of the Company's Corporate Governance is the Australian Securities Exchange (ASX) Corporate Governance Council "Corporate Governance Principles and Recommendations". The Board has not adopted all of the Recommendations of this Council as the Board believes that given the size of the Company, more appropriate, efficient and cost effective methods can be implemented in some instances. Where the Board has not followed a recommendation the reasons for not following the recommendation are set out in the relevant section in the Corporate Governance report. The Board regularly reviews its governance and compliance practices and ensures that the corporate governance framework is relevant.

In this document the Board has set out the principles it has established and the framework of rules, systems and process to ensure these principles are implemented. The purpose of publishing the Company's corporate governance principles is to provide clarity and to instil confidence in investors and other stakeholders.

The following report has been laid out in accordance with the 4<sup>th</sup> edition of the ASX Corporate Governance Council Corporate Governance Principles and Recommendations.

The Corporate Governance practices set out in this document unless otherwise stated have been in place for the entire reporting period.

## **CORPORATE GOVERNANCE PRINCIPLES**

There are 8 core principles.

### **Principle 1. Lay solid foundations for management and oversight**

A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance.

#### **Recommendation 1.1 - A listed entity should have and disclose a board charter setting out:**

- (a) the respective roles and responsibilities of its Board and management; and**
- (b) those matters expressly reserved to the Board and those delegated to management.**

## **CHARTER**

The Board operates in accordance with the broad principles set out in its charter, which provides a framework for the effective operation of the Board. The Charter outlines those responsibilities of the

Board, and those responsibilities which the Board has delegated to management.

The charter specifically addresses the following:

- Role, authority and responsibilities of the Board;
- Board committees;
- Composition of the Board and the election of the Chair;
- Directors' rights and duties;
- Responsibilities of management;
- Performance of the Board; and
- Role of the Company Secretary.

The Board Charter is available at <https://www.1300smiles.com.au/>.

### **Role of the Board**

The Board is responsible for, and has authority to determine, all matters relating to corporate governance, the policies, practices, management and operations of the Company.

The principle roles and responsibilities of the Board are to:

- Facilitate Board and management accountability to the Company and its shareholders;
- Ensure timely reporting to shareholders;
- Provide strategic guidance to the Company including contributing to the development of, and approving, the corporate strategy;
- Oversee management of the Company and ensure there are effective management processes in place;
- Appoint, and if necessary remove, and monitor the performance of the Managing Director;
- Monitor:
  - Organisational performance and the achievement of the Company's strategic goals and objectives;
  - Financial performance including approval of the annual and half-year financial reports and liaison with the Company's auditors;
  - Progress of major capital expenditures and other significant corporate projects including any acquisitions or divestments;
  - Compliance with the Company's code of conduct;
  - Progress in relation to the Company's diversity objectives and compliance with its diversity policy;
- Review and approve business plans, the annual budget and financial plans including available resources and major capital expenditure initiatives;
- Approve major corporate initiatives;
- Enhance and protect the reputation of the organisation;
- Oversee the operation of the Company's system for compliance and risk management reporting to shareholders; and
- Ensure appropriate resources are available to senior management.

### Role of Management

Management will usually be responsible for implementing the strategic objectives and operating within the risk appetite set by the Board and for all other aspects of the day-to-day running of the Company. It is also responsible for providing the Board with accurate, timely and clear information to enable the Board to perform its responsibilities.

The Board should regularly review the division of functions between the Board and management to ensure that it continues to be appropriate to the needs of the entity.

### Recommendation 1.2 - A listed entity should:

- (a) undertake the appropriate checks before appointing a director or senior executive, or putting someone forward for election, as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

Before appointment of a director, the Company ensures that appropriate checks are undertaken. These include checks as to the person's character, experience, education, criminal record and bankruptcy history.

When a candidate stands for election or re-election as a director, security holders are provided with the following information to enable them to make an informed decision on whether or not to elect or re-elect the candidate:

- Biographical details, including their relevant qualifications and experience and the skills they bring to the Board;
- Details of any other material directorships currently held by the candidate;
- In the case of a candidate standing for election as a director for the first time:
  - Any material adverse information revealed by the checks the entity has performed about the director;
  - Details of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the entity and its security holders generally; and
  - If the Board considers that the candidate will, if elected, qualify as an independent director, a statement to that effect;
- In the case of a candidate standing for re-election as a director:
  - The term of office currently served by the director; and
  - If the Board considers the director to be an independent director, a statement to that effect; and
- A statement by the Board as to whether it supports the election or re-election of the candidate.

A candidate for appointment or election as a non-executive director should provide the Board with the information above and a consent for the listed entity to conduct any background or other checks the entity would ordinarily conduct. The candidate should also provide details of his or her other commitments and an indication of time involved, and should specifically acknowledge to the listed entity that he or she will have sufficient time to fulfil his or her responsibilities as a director.

**Recommendation 1.3 - A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.**

The directors are given a letter of appointment and senior executives are given a services contract so they have a clear understanding of their roles and responsibilities of the entity's expectations.

In the case of a non-executive director, the agreement should generally set out:

- The term of appointment;
- The time commitment envisaged, including any expectations regarding involvement with committee work and any other special duties attaching to the position;
- Remuneration, including superannuation entitlements;
- The requirement to disclose the director's interests, and any matter which may affect the director's independence;
- The requirement to comply with key corporate policies, including the Company's code of conduct and its trading policy;
- The Company's policy on when directors may seek independent professional advice at the expense of the entity (which generally should be whenever directors, especially non-executive directors, judge such advice necessary for them to discharge their responsibilities as directors);
- The circumstances in which the director's office becomes vacant;
- Indemnity and insurance arrangements;
- Ongoing rights of access to corporate information; and
- Ongoing confidentiality obligations.

In the case of an executive director or other senior executive, the agreement should generally set out the information above (to the extent applicable), as well as:

- A description of their position, duties and responsibilities;
- The person or body to whom they report;
- The circumstances in which their service may be terminated (with or without notice); and
- Any entitlements on termination.

The Company also discloses the material terms of any employment, service or consultancy agreement it or a subsidiary enters into with its Managing Director (or equivalent), any of its directors, and any other person or entity who is a related party of its Managing Director or any of its directors. It also discloses any material variation to such an agreement.

**Recommendation 1.4 – The Company Secretary of a listed entity should be accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.**

The Company Secretary supports the effectiveness of the Board by:

- Advising the Board and its committees on governance matters;
- Monitoring that Board and committee policy and procedures are followed;
- Ensuring that the business at Board and committee meetings is accurately captured in the minutes; and

- Helping to organise and facilitate the induction and professional development of directors.

Each director should be able to communicate directly with the Company Secretary and vice versa. The decision to appoint or remove a Company Secretary should be made or approved by the Board.

**Recommendation 1.5 - A listed entity should:**

- (a) have and disclose a diversity policy;**
- (b) through its Board or committee of the Board set measurable objectives for achieving gender diversity in the composition of its Board, senior executives and workforce generally; and**
- (c) disclose in relation to each reporting period:**
  - (i) the measurable objects set for that period to achieve gender diversity;**
  - (ii) the entity's progress towards achieving those objectives; and**
  - (iii) either:**
    - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or**
    - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.**

**DIVERSITY POLICY**

The Company values diversity and recognises the benefits it can bring to the organisation's ability to achieve its goals. Diversity can lead to a competitive advantage through broadening the talent pool for recruitment of high quality employees, by encouraging innovation and improving a corporation's image and reputation. Accordingly, the Company is committed to promoting diversity within the organisation. The Company has adopted a Diversity Policy, which outlines the Company's diversity objective in relation to gender, age, cultural background and ethnicity. It includes requirements for the Board to establish measurable objectives for achieving diversity, and for the Board to assess annually both the objectives, and the Company's progress in achieving them. The Company's Diversity Policy is available at <https://www.1300smiles.com.au/>.

The annual measurable objectives of the Company's diversity policy and the Company's progress towards achieving those objectives are set out in the directors' report of the Company's Annual Report.

**Recommendation 1.6 - A listed entity should:**

- (a) have and disclose a process for periodically evaluating the performance of the Board, its committees and individual directors; and**
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

**PERFORMANCE EVALUATION**

The Company has adopted a Board Performance Policy, which sets out the process for performance evaluation for the Board, and individual directors, which is available at <https://www.1300smiles.com.au/>.

During the year, the Board completed a formal review of its members for their performance in accordance with that process.

**Recommendation 1.7 - A listed entity should:**

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and**
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The process for assessing performance of the Managing Director and the executive team is described in the Remuneration Report, which forms part of the Directors' Report and is included in the Company's Annual Report. Annual performance assessments in accordance with the processes described have taken place during the year.

**Principle 2. Structure the Board to be effective and add value**

**Board Composition**

The Board considers its size and composition regularly to ensure it has the appropriate mix of skill sets and is of a size that is conducive to making appropriate decisions and to represent the best interests of the Company as whole. The Company's constitution provides for a minimum of three directors and a maximum of seven.

Directors are appointed to the Board to achieve a combination of governance skills and industry insight and to achieve an appropriate level of diversity. All directors are expected to exercise independence in their decision making and judgement. The skills, experience and expertise relevant to the position of director held by each director in office at the date of the Annual Report is included in the Director's Report.

**Term of Office**

The Company's constitution specifies that no director, except the Managing Director, may hold office for a period in excess of three years, or beyond the third Annual General Meeting following the director's election, whichever is the longer, without submitting himself or herself for re-election.

Additionally, at every Annual General Meeting one-third of the previously elected directors, and if their number is not a multiple of three, then the number nearest to, but not exceeding one third, must retire from office and are eligible for re-election.

Details of the current directors, their qualifications and the term they have held office is set out in the Directors' Report which forms part of the Company's Annual Report.

**Recommendation 2.1 - The Board of a listed entity should:**

- (a) have a nomination committee which:**
    - (i) has at least three members, a majority of whom are independent directors; and**
    - (ii) is chaired by an independent director,**  
**and disclose:**
      - (iii) the charter of the committee;**
      - (iv) the members of the committee; and**
      - (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings;**
- or**

- (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address Board succession issues and to ensure that the Board has the appropriate balance of skills, knowledge, experience, independent and diversity to enable it to discharge its duties and responsibilities effectively.**

Due to the small size of the Company's Board, the full Board takes on the roles associated with a nomination committee. The Board as part of its annual evaluation process reviews the skills, knowledge, independence and diversity requirements of the Company and assesses this against the current Board composition.

**Recommendation 2.2 - A listed entity should have and disclose a Board skills matrix setting out the mix of skills that the Board currently has or is looking to achieve in its membership.**

The Company has developed a Board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership. Further details in relation to the Board skills matrix is set out in the Directors' Report which forms part of the Company's Annual Report.

The current Board skills cover an appropriate balance of knowledge, independence and diversity for a company of its size. Details of each directors' experience and qualifications are set out in the Company's Annual Report and are available on the Company's website <https://www.1300smiles.com.au/>.

**Recommendation 2.3 - A listed entity should disclose:**

- (a) the names of the directors considered by the Board to be independent directors;**  
**(b) if a director has an interest, position or relationship of the type described below (how independence is assessed) but the Board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, or relationship in question and an explanation of why the Board is of that opinion; and**  
**(c) the length of service of each director.**

The names of independent directors, the nature of why directors are not considered to be independent and their tenure are disclosed in the Company's Annual Report. If there is a change in independence the Company promptly advises the ASX.

Independence of a director is assessed on the following basis:

- An independent director is a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement. The Board considers that an independent director is a non-executive director who:
  - Is not, or has not been, employed in an executive capacity by the entity or any of its subsidiary entities or there has been a period of at least three years between ceasing such employment and serving on the Board;
  - Is not, or has not been within the last three years been, a partner, director or senior employee of a provider of material professional services to the entity or any of its subsidiary entities;
  - Is not, or has not been within the last three years, in a material business relationship (eg as a supplier or customer) with the entity or any of its subsidiary entities, or an office of, or otherwise

- associated with, someone with such a relationship;
- Is not a substantial security holder of the entity or an officer of, or otherwise associated with, a substantial security holder of the entity;
  - Does not have a material contractual relationship with the entity or its subsidiary entities other than as a director;
  - Does not have close family ties with any person who falls within any of the categories described above; or
  - Has not been a director of the entity for such a period that his or her independence may have been compromised.

In each case, the materiality of the interest, position, association or relationship needs to be assessed to determine whether it might interfere, or might reasonably be seen to interfere, with the director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the entity and its security holders generally.

The determination of materiality requires consideration of both quantitative and qualitative elements. An amount is presumed to be quantitatively material if it is greater than 5% of the Company's gross revenue or expenditure (whichever is the greater). In addition, a transaction of any amount or a relationship is deemed material if knowledge of it may impact shareholders' understanding of the director's performance.

The Board regularly assesses independence by considering the existence of relationships which might affect independent status as described in the list above, together with the materiality thresholds set by the Board, and any changes to the status of independent are noted on the Company's website.

**Recommendation 2.4 - The majority of the Board should be independent directors.**

The Company complied with this recommendation during the reporting period. The Company had three directors at the end of the period of which the Chair and the non-executive director were considered to be independent.

Non-executive directors confer periodically without executive directors or other senior executives present.

**Recommendation 2.5 - The Chair of the Board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.**

The Company complied with this recommendation during the reporting period.

**ROLE OF THE CHAIR**

The Chair is responsible for leading the Board and for the efficient organisation and conduct of the Board's functioning. The role of the Chair more specifically is to ensure directors are properly briefed in all matters relevant to their role and responsibilities, to facilitate Board discussions and to manage the Board's relationship with the Company's Managing Director and executive team. In accepting the position, the Chair has acknowledged that it will require a significant time commitment and has confirmed that other positions held will not hinder effective performance in the role of the Chair.

## **ROLE OF MANAGING DIRECTOR**

The Managing Director is responsible for implementing the Company's strategies and policies as approved by the Board.

It is recommended that the role of the Managing Director should be separate from the role of the Chair, and not be performed by the same person. This separation ensure that no single person has unfettered powers of decision, and it heightens the level of accountability of management to the Board and of the Board to shareholders.

The role of the Managing Director for the Company was not held by the Chair, in accordance with the recommendations.

**Recommendation 2.6 - A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.**

### **Induction and Continuing Education**

The induction provided to new directors enables them to actively participate in Board decision-making as soon as possible. The induction includes being presented with key strategic, financial and relevant operational documents, and the facilitation of meetings with existing directors and senior executives to ensure all relevant and material information is explained thoroughly. The induction also includes an explanation of the existing human resources structure of the Company, and roles and responsibilities of key senior executives are explained.

The Board periodically reviews whether there is a need for the existing directors to undertake any additional professional development education.

### **Access to Information**

The Board is given Board papers, prepared by senior management, for every Board meeting held. These papers include, but are not limited to, a Managing Director update, an operational update, financial reporting package, investor relations update, and other topical strategic documents relevant to the Company's operations and performance.

Directors are entitled to request any additional information from management where they consider such information necessary to make informed decisions.

## **Principle 3. Promote ethical and responsible decision-making**

**Recommendation 3.1 - A listed entity should articulate and disclose its values.**

The Company's Code of Conduct establishes and articulates a clear set of values.

**Recommendation 3.2: A listed entity should:**

- (a) have and disclose a code of conduct for its directors, senior executives and employees: and**
- (b) ensure that the board or committee of the board is informed of any material breaches of that code.**

## CODE OF CONDUCT

As part of its commitment to recognising the legitimate interests of stakeholders, the Company has established a code of conduct to guide all directors and employees, particularly the Chief Financial Officer or their equivalent, and any other senior executives, in respect of ethical and compliant behaviour expected by the Company. In summary, the code of conduct requires that at all times all Company personnel act with the utmost integrity, objectivity and in compliance with the letter and spirit of the law and Company policies. More specifically, the code of conduct covers the following:

- Conflicts of interest;
- Confidentiality;
- Fair dealing;
- Protection of assets;
- Compliance with laws and regulations; and
- Security trading.

A copy of the code of conduct can be found at <https://www.1300smiles.com.au/>

### **Recommendation 3.3: A listed entity should:**

- (a) have and disclose a whistleblower policy; and**
- (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.**

## WHISTLEBLOWER POLICY

The Company is committed to a culture of corporate compliance, honest and ethical behaviour and strong corporate governance. Accordingly, the Company has adopted a whistleblower policy. The policy covers:

- Eligible whistleblowers;
- Reportable conduct;
- How to make a whistleblowing disclosure;
- Assessment and investigations; and
- Whistleblower protections and support.

Additionally, under the whistleblower policy the Board is to receive periodic reports in relation to the concerns and material incidents raised under the policy

A copy of the whistleblower policy can be found at <https://www.1300smiles.com.au/>.

### **Recommendation 3.4: A listed entity should:**

- (a) have and disclose an anti-bribery and corruption policy; and**
- (b) ensure that the board or a committee of the board is informed of any material breaches of that policy.**

The Company has within its Code of Conduct, rules which apply in respect of anti-bribery and corruption. However, the Company did not, during the reporting period, have a standalone anti-bribery and

corruption policy due to the nature and scope of its current operations.

**Principle 4. Safeguard the integrity of corporate reports**

Companies should have a structure to independently verify and safeguard the integrity of their corporate reports.

**Recommendation 4.1 - The Board of a listed entity should:**

- (a) have an audit committee which:**
- (i) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and**
  - (ii) is chaired by an independent director, who is not the chair of the Board, and disclose:**
    - **the charter of the committee;**
    - **the relevant qualifications and experience of the members of the committee; and**
    - **in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or**
- (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.**

The Company does not comply with part (a) of this recommendation. Due to the small size of the Board, the full Board takes on the roles associated with an audit committee.

For a large Board, an audit committee provides an efficient mechanism to ensure that an effective internal control framework exists within the entity. This includes internal controls to deal with both the effectiveness and efficiency of significant business processes, the safeguarding of assets, the maintenance of proper accounting records, and the reliability of financial information as well as non-financial considerations such as the benchmarking of operational key performance indicators.

The main responsibilities of the audit and risk committee which have been taken on by the Board are to:

- Review, assess and approve and consider reports, the half-year financial report and all other financial information published by the Company or released to the market;
- Recommend to the Board the appointment, removal and remuneration of the external auditors, and review the terms of their engagement, the scope and quality of the audit and assess performance;
- Consider the independence and competence of the external auditor on an ongoing basis;
- Review and approve the level of non-audit services provided by the external auditors and ensure it does not adversely impact on auditor independence;
- Review and monitor related party transactions and assess their property; and
- Oversee the effective operation of the risk management framework.

In fulfilling its responsibilities, the Board:

- Receives regular reports from management and the external auditors;
- Meets with the external auditors at least twice a year, or more frequently if necessary;

- Reviews the processes the Managing Director and Chief Financial Officer or their equivalent have in place to support their certifications to the Board;
- Reviews any significant disagreements between the auditors and management, irrespective of whether they have been resolved; and
- Provides the external auditors with a clear line of direct communication at any time.

#### External Audit

The Company policy is to appoint an external auditor who demonstrates quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs. It is auditor's policy to rotate audit engagement partners at least every five years.

An analysis of fees paid to the external auditors is provided in the notes to the financial statements that form part of the Annual Report and a breakdown of fees for non-audit services is provided in the Directors' Report. It is the policy of the external auditors to provide an annual declaration of their independence to the Company. The external auditor will attend the Annual General Meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

**Recommendation 4.2 - The Board of a listed entity should, before it approves the entity's financial statements for the financial period, receive from its Managing Director and Chief Financial Officer or their equivalent a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.**

#### Corporate Financial Reporting

The integrity of the Company's financial reporting depends upon the existence of a sound system of risk oversight and management, and internal control. Management accountability for this is enhanced by the assurances it is required to give to the Board.

The Managing Director and the Chief Financial Officer or their equivalent have made the following certifications to the Board:

- The financial records of the Company for the financial year have been properly maintained in accordance with section 286 of the Corporations Act 2001;
- The financial statements, and the notes referred to in section 295(3)(b), of the Corporations Act 2001, for the financial year comply with the accounting standards; and
- The financial statements and notes for the financial year give a true and fair view.

**Recommendation 4.3 - A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.**

The opportunity for security holders to question a listed entity's external auditor at the AGM is an important safeguard for the integrity of the corporate

reporting process. The auditors of the Company attend the Company's AGM and are available to answer questions related to audit.

**Principle 5. Make timely and balanced disclosure**

A listed entity should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

**Recommendation 5.1 - A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1**

**Continuous Disclosure**

The Company has adopted a policy guiding continuous disclosure of any information concerning the Company that a reasonable person would expect to have a material effect on the price of the Company's securities (price sensitive information), which is designed to ensure compliance with ASX listing rule 3.1 continuous disclosure.

All price sensitive information disclosed to the ASX is posted on the Company's website as soon as it is disclosed to the ASX.

The Board has designated the Company Secretary as the person responsible for overseeing and coordinating disclosure of information to the ASX.

A copy of the continuous disclosure policy is available on the company's website <https://www.1300smiles.com.au/investors/corp-governance/>.

**Recommendation 5.2 - A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made.**

The Board receives copies of all material market announcements as soon as they have been disclosed to the ASX.

**Recommendation 5.3 - A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation**

The Company issues presentations to the ASX Market Announcement Platform ahead of all new and substantive investor or analyst presentations.

**Principle 6. Respect the rights of shareholders**

The Company respects the rights of its shareholders and to facilitate the effective exercise of those rights the Company is committed to:

- Communicating effectively with shareholders through releases to the market via the ASX, the Company's website, information mailed and emailed to shareholders and the shareholder meetings of the Company;

- Giving shareholders ready access to balanced and understandable information about the Company and corporate proposals; and
- Making it easy for shareholders to participate in shareholder meetings of the Company.

**Recommendation 6.1 - A listed entity should provide information about itself and its governance to investors via its website.**

The Company has a website with an “investors” landing page from where all relevant corporate governance information can be accessed.

The Company has included in the investors area of its website links to:

- The names, photographs and brief biographical information for each of its directors and senior executives;
- Its constitution and its Board charter; and
- The corporate governance policies and other corporate governance materials referred to in these recommendations.
