Quarterly Activity Report 30 September 2021

Auckland Real Estate Trust (AKL or the Trust) provides this quarterly report to accompany the Appendix 4C lodged on 29 October 2021.

Auckland has been in lockdown since August. Construction of new tenancies, which are pre-leased, was able to recommence in mid-September after Auckland moved to Alert Level 3.

The Appendix 4C notes that the cash from operating activities decreased over the prior quarter by \$102,000 which is due to increased leasing costs.
