

ASX ANNOUNCEMENT

12 November 2021:

Update to Buyback Timetable

On 3 November 2021, FPC announced to the ASX the timetable for the equal access buyback whereby FPC shareholders would receive units in the Fat Prophets Global High Conviction Hedge Fund (**FATP**).

As a result of delays by various service providers in relation to the establishment and administration of FATP, the opening date of the buyback has been deferred. Shareholders will be updated with a revised timetable within the next five days.

This announcement authorised by the FPC chairman, Michael Gallagher.
