CD Private Equity Fund III
Report to unitholders
30 September 2021

Dear Unitholders,

We present to you this report on the performance of the CD Private Equity Fund III (**Fund**) for the six-month period ended 30 September 2021 (**HY22**).

For the six-month period ended 30 September 2021, the Fund generated total returns of 27.5%, on a post-tax net asset value basis and inclusive of the 12.5 cent per Unit distribution paid to Unitholders in June 2021. This performance reflects the strong returns from underlying investment managers arising from buoyant equity markets and private equity deal flows in the United States (**US**) during the period. On the same basis, the Fund has generated total returns of 14.8% p.a. since inception (inclusive of distributions and net of all fees).

The performance of the Fund's investment in the US Select Private Opportunities Fund, L.P. III (**LP**), the investment vehicle through which the Fund's investments in the underlying US private investment funds are made, was strong during the period, up 25.0% in US dollar terms. The depreciation in the Australian dollar against the US dollar was also accretive to unit value performance this period, with the Australian dollar falling from 75.98 US cents to 72.27 US cents, leading to an unrealised foreign currency translation gain of \$8.0 million. Overall, during the period the Fund posted a net profit of \$40.6 million, or 56.42 cents per Unit, compared with a loss of \$6.8 million, or 9.42 cents per Unit for the corresponding period last year. At 30 September 2021, the Fund had pre-tax net assets of \$192.9 million representing \$2.68 per Unit and post-tax net assets of \$186.4 million representing \$2.59 per Unit.

Market conditions

Globally, capital markets have recovered strongly in the 12-18 months since the initial impact of COVID-19 were felt. Despite the current spread of the Delta variant, momentum remained positive in HY22 as global economic conditions continued to improve, underpinned by successful vaccination rollouts and the gradual reopening of major developed markets.

Equity markets remain close to record highs, interest rates remain at low levels and liquidity in capital markets remains high. Global M&A (mergers and acquisitions) hit record highs in HY22 and private equity firms, helped by a strong fund-raising environment, are participating at an increasing deal size and rate. This current market dynamic is highly supportive for the lower-middle market, where the Fund has targeted investment, and has resulted in many strong outcomes prior to and during the period, some well above our expectations, including Conexiom (Luminate Capital Partners, L.P.), A Cloud Guru (Elephant Partners Fund I, L.P) and Knowbe4 (Elephant Partners Fund I, L.P and US Select Direct Private Equity II L.P.).

Recent meetings with our underlying managers have been universally positive, and momentum from the second half of 2020 has clearly continued into 2021, however, US inflation concerns are rising, along with yield curves, and this may dampen the recent positive market sentiment. Supply-side constraints (freight delays and production at capacity), inflationary pressures in the labour market, rising energy costs and strong economic activity all lead to a possibility that inflation may not be as "transitory" as initially expected.

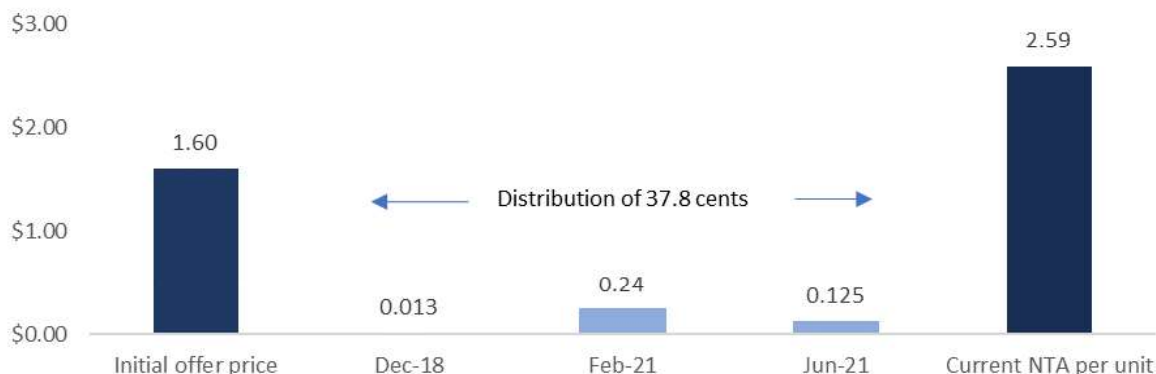

Distributions

The Fund announced one distribution to unitholders in HY22, paying 12.5 cents per Unit on 29 June 2021.

The distributions paid since inception are shown in the graphic below, which also indicates the value of the original investment and the net tangible asset per Unit as at the end of this six-month period. Total distributions paid to investors since inception of 37.8 cents per Unit represents 24% of the \$1.60 initial offer price.

CD3 Unit Value and Income

Positioning of the Fund

The Fund's investment objectives are to provide Unitholders with exposure to a portfolio of investments in small-to-mid-market private investment funds and privately held companies, predominantly focused in the US, and capital growth over a five to ten-year investment horizon.

Through the Fund's investment vehicle, US Select Private Opportunities Fund III, L.P. (**LP**), the Fund is committed across 13 highly attractive US private investment funds all focused on small-to-mid-market private investment opportunities, for a total consideration of US\$117.5 million. The 13 funds, although substantially progressed, are still in the investment stage, with an aggregate investment in approximately 100 underlying companies (net of realisations).

At 30 September 2021, US\$98.5 million (or 86.4% of total funds committed) had been called by the LP. The Fund's proportionate share of this is approximately US\$70.2 million (a 71.2% share).

During the period, the LP received 14 drawdown requests and 8 capital returns for a total net capital call of US\$2.7 million. At 30 September 2021, net drawdown requests from underlying investments were approximately US\$92.1 million (or 78.4% of total commitments).

Underlying portfolio update

The LP made a distribution of US\$10 million to limited partners in June 2021. CD3's net share was US\$7.0 million which resulted in the 12.5 cent per unit distribution paid to unitholders at the end of June 2021.

Luminate Capital Partners, L.P. (Luminate) sold two portfolio investments, including AutoQuotes, and following the recapitalisation of a third investment paid net aggregate distributions to the LP totalling US\$8.5 million.

Telescope Partners I, L.P. (Telescope) paid a distribution of US\$0.8 million to the LP relating to the prior sale of portfolio company Brandfolder to Smartsheet Inc in Q3 2020. This distribution was received as shares in US-listed Smartsheet, Inc (the acquiring company),

PeakSpan Capital Fund I, L.P. (PeakSpan) sold several investments, including MindTouch and Kenna Security resulting in a distribution to the LP of US\$2.6 million.

Elephant Partners Fund I, L.P. (Elephant) received proceeds of sale from several investments, including Knowbe4 and A Cloud Guru that resulted in aggregate distributions to the LP of US\$5.6 million.

30 September 2021

Bertram Growth Capital III, L.P. (Bertram) completed the sale of Registrar and the recapitalisation of another portfolio company, which inclusive of proceeds of sale from portfolio company Flow Control Group and net of called capital resulted in distributions totalling US\$8.2 million.

Incline Equity Partners IV, L.P. (Incline) called capital to fund the acquisition of Starwest Botanicals, LLC (Starwest). Starwest is a value-added distributor of high-quality organic botanicals, herbs and spices to specialty retailers, manufacturers and e-commerce sellers.

Encore Consumer Capital Fund III, L.P. (Encore), Trive Capital Fund II, L.P. (Trive), Gemspring Capital Fund I, L.P. (Gemspring), NMS Fund III, LP (NMS), DFW Capital Partners V, L.P. (DFW) and Growth Street Partners I, L.P. (Growth Street) also called capital for capital management initiatives or to fund follow-on/add-on investments for existing portfolio companies. Several of these managers also distributed capital to the LP following recapitalisations of portfolio companies.

The remaining portfolio manager, **US Select Direct Private Equity II, L.P.** had no material investment activity during the half year.

I would like to thank Unitholders for their continued support and look forward to presenting future updates on the Fund and the small-to-mid-market US-based private investment market, in which the Fund is invested.

Yours faithfully,

Stuart Nisbett

CD Private Equity Fund III
Notes to the condensed financial statements
30 September 2021

1. General information

CD Private Equity Fund III (**Fund**) is a Managed Investment Scheme registered and domiciled in Australia. The principal activities of the Fund are to invest in small-to-mid-market private investment opportunities in the United States of America (**US**), through its capacity as a Limited Partner of the US Select Private Opportunities Fund III, L.P. (**LP**) registered in the Cayman Islands.

This half-year financial report is intended to provide users with an update on the latest financial statements of the Fund.

Basis of preparation

(i) Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134: 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 'Interim Financial Reporting'. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

The condensed financial statements were authorised for issue by the directors on 29 November 2021.

(ii) Summary of significant accounting policies

The same accounting policies and methods of computation have been followed in this half-year financial report as were applied in the most recent annual financial statements.

The Fund has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (**AASB**) that are relevant to the operations and effective for the current half-year. The adoption of new and revised Standards and Interpretations has had no material impact on the financial statements.

(iii) Critical accounting estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Accounting policies which are subject to significant accounting estimates and judgements include fair value determination of the interest held by the Fund in the Limited Partnership (refer to note 3 (iv)), recognition of a deferred tax liability in respect of likely US tax obligations which will arise from underlying fund investment realisations (refer to note 4), and selection of Australian dollars as the functional currency of the Fund.

2. Operating segment

The Fund operates a single reportable segment, that being the business of investing in small-to-mid-market private investments in the United States of America through its interest in a Limited Partnership.

The Responsible Entity of the Fund is the Chief Operating Decision Maker (**CODM**) for the purpose of resource allocation and assessing performance of the operating segment.

Revenue, profit or loss, assets, liabilities and other financial information reported and monitored by the CODM of the single identified segment are reflected in the condensed financial statements and notes to the condensed financial statements of the Fund.

* Included in the 'movement in fair value' amount of \$43,470,174 gain (year ended 31 March 2021: \$33,032,079 gain) is an unrealised foreign exchange translation gain component of \$7,957,842 (year ended 31 March 2021: \$26,832,209 loss). This amount is also net of the Fund's 71.2% share of management fees paid by the LP to the General Partner of the LP, totaling \$539,624 (year ended 31 March 2021: \$1,128,734) and performance fees accrued by the LP to the GP, totaling \$9,855,830 (year ended 31 March 2021: \$5,644,588) (refer to note 7).

^Net distribution received from the LP totalling \$544,581 (US\$399,522) (year ended 31 March 2021: \$1,935,273 (US\$1,470,420)) were through the settlement of the Fund's US tax obligations on behalf of the Fund, contributing to a reduction in the Fund's current tax asset.

(iii) Fund's interest in assets and liabilities of LP

The 71.2% economic interest held by the Fund is not represented by voting rights or other power vested in the Fund to make decisions relating to the assets and liabilities of the LP. As is common practice with Limited Partnership arrangements, the General Partner of the LP is considered to be the party who holds the existing rights to direct the relevant activities of the LP, including the acquisition and disposal of investments.

The Fund's 71.2% interest in US Select Private Opportunities Fund III, L.P. at 30 September 2021 is represented by its proportionate interest in the LP's assets and liabilities as follows:

(iv) Valuation

Valuation technique adopted

As disclosed in the 31 March 2021 annual financial report, the valuation of the Fund's interest in the LP at balance date has been based on the Fund's established valuation basis described below.

The fair value of the Fund's interest in the LP is determined using a 'proportionate' value method based on the Fund's 71.2% interest held in the total net asset value of the LP.

The LP holds investments predominately in US private investment funds, and the LP adopts a similar fair value measurement basis, based on the proportionate interest it holds in the most recent reported total net asset values of the respective investment funds. There is up to a three month difference between the Fund's reporting date and the date of the most recent reported net assets of the underlying investment funds. The underlying investment funds typically invest in US unlisted equity investments with fair values determined periodically based on market or income-based valuation techniques, which may involve the use of unobservable inputs such as discount rate and earnings multiple.

The valuation of the Fund's equity investment in the LP is based on the fair values of the underlying investment funds at 30 June 2021 adjusted for any changes to those valuations to reflect movements to 30 September 2021, including foreign exchange translation impacts arising from translating the USD denominated interest in the LP to AUD at each balance date.

The COVID-19 pandemic is still on-going, with asset markets experiencing volatility, as well as creating uncertainty on its future economic impact. The Investment Manager continues to monitor potential COVID-19 impacts on the valuation of the Fund's portfolio of underlying private investment funds. The fair value of Fund's interest in the LP was determined based on conditions existing at balance date. The prolonged duration of the pandemic as well as uncertainties as to future economic conditions may impact on the future fair value of the Fund's interest in the LP.

Investment risks

As noted above, the LP has invested in underlying private investment funds in the US market who have in turn invested in a portfolio of private equity investments. Because of the absence of any liquid trading market for these types of investments, it may take longer to liquidate these investments than would be the case for marketable securities and accordingly the value obtained on realisation may differ to the estimated fair values at balance date. As there are no directly observable prices, the fair values assigned by the investment funds to each investment are based on a range of factors, including but not limited to the initial purchase price, market trading multiples and observed transaction metrics. The resulting valuations may differ significantly from the values that would have been realised had a transaction taken place at balance date. The differences would directly impact the value of the interest held by the LP in the underlying investment funds and consequently the value of the interest held by the Fund in the LP. Estimation uncertainty also arises in relation to likely US tax obligations the Fund will incur in connection with realisation of recorded fair value movements (refer to note 4).

3. Non-current assets - other financial assets (continued)

Inter-relationship between significant unobservable inputs and fair value measurement

The inter-relationship between the significant unobservable inputs and fair value measurements is such that the higher the growth rates or earnings multiples adopted by the underlying investment funds, the higher the resultant fair value determination of the underlying equity investments, and therefore ultimately the higher the fair value of the Fund's investment in the LP. Since neither the Fund itself, nor the LP, has access to the underlying detailed equity investment valuations performed by the US investment funds, it is unable to assess the sensitivity of fair value determinations to changes in underlying unobservable inputs. However, at the Fund level, a 5% change (increase/decrease) in the carrying value of the LP's interest held in the underlying US investment funds would result in a \$7,735,007 (increase/decrease) in the carrying value of the Fund's investment in the LP. A 5% increase in the AUD/USD exchange rate would decrease the value of the Fund's investment in the LP by \$8,353,497. Conversely, a 5% decrease would increase the value of the Fund's investment by \$9,143,633. Refer to note 1(iii) for further details regarding investment risks and estimation uncertainty applied in the determination of the fair value of the underlying unlisted equity investments to which the Fund is exposed.

(v) Capital commitments

As at 30 September 2021, the Fund has made capital commitments totaling US\$81.2 million to the LP, of which US\$70.2 million has been called at balance date.

As at 30 September 2021, the Fund has uncalled capital commitments of US\$11.0 million (or \$15.3 million) outstanding to the LP. The capital commitments can be called at any time in the future.

The uncalled capital commitments referred to above were converted at the half-year end AUD:USD exchange rate of 0.7227.

4. Non-current liabilities - deferred tax

	30 September 2021 \$	31 March 2021 \$
Deferred tax liability	<u>6,650,272</u>	<u>4,370,488</u>

The deferred tax liability has been assessed based on an estimate of likely US tax obligations the Fund will incur upon realisation of recorded fair value movements in connection with certain underlying private equity investments. This estimate is subject to estimation uncertainty as a result of limitations in the availability of information pertaining to the tax structure of the underlying investments in respect of which the Fund has an interest.

5. Equity - unit capital

All issued units are fully paid. The holders of ordinary units are entitled to one vote per unit at meetings of the Fund and are entitled to receive distributions declared from time to time by the Responsible Entity.

8. Fair value measurement

Fair value

The fair value of financial assets and financial liabilities approximate their carrying values at the reporting date.

The table below analyses recurring fair value measurements for financial assets and financial liabilities. The fair value measurements are categorised into different levels in the fair value hierarchy based on the inputs to the valuation techniques used. The different levels are defined as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices)
- Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Fund recognises transfers between levels of the fair value hierarchy as at the end of the reporting period during which the transfer has occurred. There were no transfers between levels during the period ended 30 September 2021.

Details of the determination of level 3 fair value measurements including the valuation technique adopted and the key underlying unobservable inputs used are set out in note 3(iv).

The Fund has established a control framework with respect to measurement and assessment of fair values. This framework includes a sub-investment committee that has overall responsibility for analysing the performance and fair value movements of underlying US investment fund holdings during each reporting period.

9. Events after the reporting period

No matter or circumstance has arisen since 30 September 2021 that has significantly affected, or may significantly affect the Fund's operations, the results of those operations, or the Fund's state of affairs in future financial years.

Independent Auditor's Review Report to the Unitholders of CD Private Equity Fund III

Conclusion

We have reviewed the half-year financial report of CD Private Equity Fund III ("the Fund"), which comprises the condensed statement of financial position as at 30 September 2021, the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Fund's financial position as at 30 September 2021 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Fund in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of E&P Investments Limited (the "Responsible Entity"), would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Responsible Entity of the Fund (the "directors") are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 30 September 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
