# ASX Release

## Correction to Quarterly Report - Period ended 31 December 2021

Minotaur Exploration advises that an error has been noted within the final paragraph on page 3 of the December 2021 Quarterly Report published 19 January 2022, in respect of the Great White Kaolin-Halloysite Project. The corrected text reads;

Andromeda maintains its guidance that the definitive feasibility study will be published in **Q1** of 2022 and Minotaur shareholders, having accepted Andromeda paper, will be directly exposed to the benefits of the DFS.

Minotaur Exploration regrets the error and confusion this may have caused.
