

James Hardie Introduces the Hardie™ Architectural Collection

The Hardie™ Architectural Collection launches with a first generation of new products, an integrated solution of five Hardie™ Architectural Panels and associated Hardie™ Architectural Trims

The Hardie™ Architectural Collection, designed in collaboration with architects, will empower homeowners to reimagine their homes with fresh, modern exterior looks

**Today's announcement includes two brand new upcoming products within the Collection:
Hardie™ Architectural Panel – Sea Grass and Hardie™ Architectural Panel – Sculpted Clay**

James Hardie Industries plc (ASX: JHX; NYSE: JHX), the world's #1 producer and marketer of high-performance fiber cement and fiber gypsum building solutions announces the [Hardie™ Architectural Collection](#), an innovative portfolio of new products that lets the world reimagine what's possible for home exteriors. The Hardie™ Architectural Collection debuts with a brand-new suite of premium Hardie™ Architectural Panels in distinctive textures inspired by nature. James Hardie debuts these new products in response to several megatrends in the industry, including labor shortages, consumers looking to personalize and modernize their homes, and demand for more sustainable exteriors that offer protection against damage from severe weather.

The first generation of products in the Hardie™ Architectural Collection offers a modern, integrated solution of fiber cement panels and metal trims that deliver fresh looks with the trusted protection and lasting beauty of Hardie™ fiber cement technology. The first generation of Hardie™ Architectural Panels in the Collection are:

- Hardie™ Architectural Panel – Fine Sand¹
- Hardie™ Architectural Panel – Fine Sand-Grooved¹
- Hardie™ Architectural Panel – Mounded Sand¹
- Hardie™ Architectural Panel – Sea Grass
- Hardie™ Architectural Panel – Sculpted Clay

Speaking about the Collection, Sean Gadd, North America President of James Hardie said, "The Hardie™ Architectural Collection is James Hardie's most significant expansion, to date, beyond wood-look designs. This Collection will enable homeowners to reimagine the exterior of their home and express their personal style while enhancing the curb appeal of their home. The Collection also provides homebuilders and renovators installation efficiency compared to many traditional building materials."

Discussing the future of the Hardie™ Architectural Collection, Chief Technology Officer Joe Liu stated, "The Hardie™ Architectural Collection is a significant proof point in our mission to transform the way the world builds. Our intent is to continue to evolve the Collection, and debut even more design-forward exterior options, as we empower homeowners, architects and homebuilders with endless design possibilities."

¹ Previously launched and marketed in May 2021 under the names "Hardie® Textured Panels" in parts of North America and "Hardie™ Fine Texture Cladding" in Australia, these products are now part of the broader first generation of the Hardie™ Architectural Collection.

Media Release

03 February 2022 Sydney, Australia

02 February 2022 Chicago, USA

Renowned architect and President, CEO of BSB Design, Daniel R. Swift, stated, “In our collaboration with James Hardie to help conceptualize and refine this first generation of the Hardie™ Architectural Collection, allowing homeowners to infuse their exteriors with more personality and modern aesthetics was our top priority. This integrated exterior solution is designed for homeowners who dream about their home’s potential, whether modern, transitional, traditional, or in-between. I believe the Hardie™ Architectural Collection will fuel the next generation of home exterior trends.”

James Hardie will give the industry its first look at the entirety of the first generation Hardie™ Architectural Collection at the NAHB International Builders’ Show in Orlando, Florida on February 8-10, 2022.

Awards

Hardie™ Architectural Panels have already received numerous industry accolades and awards, including a 2021 MVP (Gold) Award from *Residential Products Magazine* and a 2021 Best of Products Award from *The Architect’s Newspaper*. Hardie™ Architectural Panels are also a finalist for the National Association of Home Builders’ (NAHB) “Global Innovation Awards,” with winners to be announced at the International Builders’ Show (IBS) next week.

Product Details and Availability

The Hardie™ Architectural Collection is a suite of panels and accessories that meets the specific needs of local markets globally.

Hardie™ Architectural Panels are made with Hardie™ fiber cement technology, which is well known for providing homeowners with the benefits of low-maintenance, non-combustibility, and superior home protection against damage from severe weather.

Hardie™ Architectural Panels in Fine Sand, Fine Sand-Grooved and Mounded Sand textures are currently available in select regions of the United States, while Hardie™ Fine Texture Cladding is available throughout Australia. The first generation of the Hardie™ Architectural Collection will roll out on a region-by-region basis within the United States and globally in the coming year.
