Dear Securityholder

Extraordinary General Meeting: Issue of Convertible Notes

I have pleasure in inviting you to attend an Extraordinary General (**EGM**) Meeting of Astron Corporation Limited (the **Company**), ASX: ATR, and have enclosed the Notice of Meeting and Explanatory Memorandum setting out the items of business. The Meeting will be held on 7 March 2022 commencing at 4:00 PM (Australian Eastern Daylight Time). Due to COVID-19 restrictions, this will be a virtual meeting.

The purpose of the Meeting is to authorise the issue of Convertible Notes (**Notes**) to Collins Street Asset Management Pty Ltd in its capacity as trustee of the Collins St Value Fund to raise the principal amount of A\$5 million, plus A\$1 million, by the issue of supplementary notes, to pay interest at 10% pa capitalised in advance on the Notes. The principal amount will be used in development of the Donald Mineral Sands and Rare Earths Project, located in regional Victoria.

The funds will be used to advance the definitive feasibility study (DFS) of the Project, including feasibility level engineering design of the work site and process plant, and additional exploration drilling. This is expected to lead to a refined resource model and ore reserves and be followed by continuing environmental studies and regulatory engagement. The DFS completion is planned for the second half of 2022.

The Notes have a term of two years and are convertible into ordinary shares of the Company at A\$0.54 per share. The Notes carry a 10% p.a. coupon which is capitalised upfront to the loan balance. The main terms governing the issue of the Notes are set out in the Explanatory Memorandum which accompanies the Notice of Meeting.

Collins Street Asset Management is an Australian wholesale investment management company with an orientation to value-based investment. Founded by Michael Goldberg and Vas Piperoglou, the Collins Street Value Fund is a concentrated portfolio of their team's highest conviction ideas.

Explanatory Memorandum

Astron Corporation Limited

This Explanatory Memorandum is provided to Securityholders of Astron Corporation Limited ARBN 154 924 553 (**Company**) to explain the Resolutions to be put to Securityholders at the Extraordinary General Meeting (**Meeting**) to be held on 7 March 2022 at 4:00 PM AEDT virtually by webinar at <https://tinyurl.com/2zkffebk>.

The information is important. The Directors recommend Securityholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the Resolutions.

Terms used in this Explanatory Memorandum are defined in section 4.

1. Resolution 1: Issue of Convertible Notes

1.1 Overview of the issue

The Company has agreed to issue convertible notes (**Notes**) in the amount of A\$6 million, with a face value of A\$100 per Note.

The issue will raise A\$5 million, to be used in development of the Donald Mineral Sands and Rare Earth Project, plus Interest on the Notes at 10% pa which will be capitalised in advance and will be satisfied in full by the issue of supplementary Notes in the amount of A\$1 million. The supplementary notes do not bear interest.

The Notes are being issued to Collins Street Asset Management Pty Ltd ACN 601 897 974 AFSL 468935 (**CSAM**) in its capacity as the trustee of the Collins Street Value Fund ABN 72 216 927 424 (**CSVF**), which is an Australian wholesale investment management company with an orientation to value-based investment. CSAM does not currently hold any securities in the Company. Set out below is the information for securityholders as required by ASX listing rule 7.3.

1.2 The names of the persons to whom the entity will issue the convertible note

The Notes are being issued to Collins Street Asset Management Pty Ltd ACN 601 897 974 AFSL 468935 in its capacity as the trustee of the Collins Street Value Fund ABN 72 216 927 424 (**CSVF**).

1.3 The number and class of securities to be issued

The Company will issue 60,000 Notes (comprising 50,000 principal interest bearing notes and 10,000 supplementary non-interest bearing notes) with a face value of A\$100 per Note. Each Note will convert into the number of fully paid ordinary shares in the capital of the Company equal to the face value divided by A\$0.54.

On conversion of all of the Notes, the Company will issue 11,111,111 fully paid ordinary shares to CSVF which will be represented by CDIs. See section 2.1 below for an explanation of CDIs.

At the date of this notice of meeting and assuming no further issue of shares, if that number of fully paid ordinary shares were issued to CSVF, it would represent about 8.3% of the issued capital of the Company.

1.4 **A summary of the material terms of the convertible notes**

Each Note has a face value of A\$100. Each Note will convert into the number of fully paid ordinary shares in the capital of the Company equal to the face value divided by A\$0.54.

Each of the principal interest bearing Notes will bear a coupon rate of 10% per annum. The interest is to be capitalised upfront (in the amount of A\$1 million for the full issue of Notes up to the maturity date, being 24 months after the issue date) and fully satisfied by the issue of 10,000 supplementary Notes which will be on the same terms as the 50,000 principal interest bearing Notes, except that they will not bear interest.

If all of the 60,000 Notes were converted for shares, the Company would issue 11,111,111 shares to CSVF.

To secure the noteholder's rights under the Notes, the Company's wholly owned subsidiary, Donald Mineral Sands Pty Ltd ACN 087 469 707 will guarantee the obligations of the Company under the Notes, grant a first ranking security over its assets and undertakings and a registered mortgage over its real property.

If the Company progresses financing for its Donald Mineral Sands project, the noteholder must use all reasonable endeavours to agree appropriate terms for the subordination of the security interest to satisfy the senior debt funding terms.

The Notes are not transferable without the Company's prior written consent.

The Notes will have a maturity date 24 months after the date of issue. On the Maturity Date, the total of the full face value of the Notes, expenses payable on the Notes and any other amounts owing to the noteholder are immediately payable to the noteholder.

The noteholder, CSVF, may convert Notes at any time. At each conversion event, the noteholder may only convert Notes above the minimum parcel of A\$250,000.

The Company may elect to redeem and repay the Notes at any time, however, in the event the Company elects to redeem the Notes, the Company will issue to the noteholder options to subscribe for shares in the capital of the Company determined in accordance with following formula:

$$O = FV / A\$0.54$$

Where;

O = the number of options to be issued

FV = the Face Value of the Notes redeemed

The options shall:

- a) have an expiry date being the Maturity Date (unless the redemption option is exercised in the 10 business days prior to the maturity date, in which case the expiry date will be 10 business days after the maturity date);
- b) be transferable;
- c) not be listed on ASX;

- 
- d) not participate in any further issue of securities by the Company unless exercised prior;
 - e) be subject to adjustment in accordance with the usual terms and conditions applicable to options issued by ASX listed companies; and
 - f) be subject to such other usual terms and conditions applicable to options issued by ASX listed companies.

On exercise of options, the Company will issue fully paid ordinary shares, represented by CDIs, with the same terms as all of the other paid ordinary shares on issue by the Company and ranking pari passu with existing CDIs on issue. If all of the Notes are redeemed, the Company would issue 11,111,111 options to Collins Street (each exercisable for 1 share).

1.5 The date or dates on or by which the entity will issue the convertible notes.

The Notes will be issued as soon as practical after the date of approval, and in any event by no later than 3 months after the date of the meeting.

1.6 The price or other consideration the entity will receive for the issue of the convertible notes

The Company will issue 60,000 Notes with a face value of A\$100 per Note. The total amount to be raised is A\$6 million comprising A\$5 million in the principal issue amount and A\$1 million by the issue of supplementary notes to fully satisfy the interest of 10% p.a. payable on the principal issue amount.

1.7 The purpose of the issue, including the intended use of any funds raised

The Company's prime focus is on the development of its large, long-life Donald Mineral Sands and Rare Earth project in the Murray Basin, Victoria (**Project**).

The proceeds of the issue of the Notes will be used in development of the Project, including to advance the definitive feasibility study for the Project, and for working capital related to the Project. The supplementary notes referred to above will be non-interest bearing and issued as payment of interest on the Notes at 10% pa capitalised in advance.

In relation to the Project, it is proposed that the funds will be used in 3 key work areas. Firstly, to undertake a planned drilling programme at Donald, which will contribute to an updated mineral resource and reserves model to be incorporated into the feasibility study (expected to be completed around mid-calendar year 2022). Secondly, to progress engineering works already underway as a part of the feasibility study, including finalisation of plant design to include downstream minerals processing on site. Finally, to progress the Project work plan and obtaining regulatory approvals, and environmental and sustainable development activities.

1.8 A summary of any other material terms of the agreement for the issue of convertible notes

The agreement for the issue of the convertible notes comprises a Convertible Note Deed, Conditions of Issue and a Subscription Letter, all dated 1 February 2021. Under these documents:

- a) the Company will procure that its wholly owned subsidiary Donald Mineral Sands Pty Ltd ACN 087 469 707 (**DMS**) will guarantee the obligations of the Company under the Notes and grant a first ranking security over its assets and undertaking and a registered mortgage over real property to secure the guarantee (DMS is the holder of the primary assets that comprise the Project);

- b) the Company undertakes to ensure that the prime focus of the Company and DMS remains the development of the Project;
- c) the Company undertakes to progress obtaining the project financing for the Project as soon as is reasonably practicable, and progress the Project as soon as is reasonably practicable;
- d) the Company undertakes to use the funds raised by the Note issue only for the development of the Project and related working capital, including for the definitive feasibility study for the Project proposed to be undertaken during the first half of 2022;
- e) the Company agrees not to incur financial indebtedness in excess of \$5,000,000 without the consent of CSVF, which consent shall not be unreasonably withheld;
- f) the Company agrees not to create or allow any of its Australian subsidiaries (including DMS) to create a security interest of any of its assets (with certain conventional exceptions);
- a) the Company agrees not to pay a dividend or return of capital or allow any of its subsidiaries to do so;
- b) the Company gives representations, warranties and undertakings that are usual for financing documents of this type;
- c) CSVF as noteholder is entitled to redeem the Notes on the occurrence of any one of a number of events of default, which are usual events of default for financing documents of this type;
- d) The Company is entitled to require CSVF to enter into a voluntary escrow agreement in conventional form if the Company makes arrangements for a capital raising.

The undertakings referred to above cease when the Notes are converted, expire or are paid out on maturity.

1.9 **Director Recommendation**

All Directors unanimously recommend that Securityholders vote in favour of Resolution 1.

1.10 **Voting Intentions**

Each of the Directors intends to vote in favour of Resolution 1 and the Chairman of the Meeting intends to vote all available proxies in favour of Resolution 1.

2. Resolution 2: Issue of shares on conversion of convertible notes

2.1 **Issue of shares**

If Resolution 1 is passed by the securityholders, the Company will issue Notes to CSVF.

On exercise of rights of conversion of the Notes, the Company will issue ordinary shares to CSVF, in accordance with the terms of issue of the Notes.

Resolution 2 authorises the company to issue the relevant shares on conversion of the Notes, in accordance with the terms of issue.

2.1 **CDIs**

Because the Company is incorporated under the laws of Hong Kong shares issued on conversion of the Notes will be held by CSVF as Chess Depositary Interests (**CDIs**) and CSVF will be issued with CDIs rather than shares in the Company. Each CDI represents a beneficial interest in 1 share in the Company. The CDIs that will be issued to CSVF are in the same class as the CDIs that are traded on ASX under the code ATR and will rank pari passu with all other CDIs in that class.

2.2 **Director Recommendation**

All Directors unanimously recommend that Securityholders vote in favour of Resolution 2.

2.3 **Voting Intentions**

Each of the Directors intends to vote in favour of Resolution 2 and the Chairman of the Meeting intends to vote all available proxies in favour of Resolution 2.
