REQUEST FOR TRADING HALT

Genex Power Limited (**ASX: GNX**) (**Genex** or the **Company**) hereby requests a trading halt in its securities from the ASX effective immediately pending the release of an announcement with respect to a material capital raising by the Company.

The trading halt will last until the commencement of trading on Wednesday 23 February 2022.

The Company is not aware of any reason as to why the trading halt should not be granted or any further information required to be disclosed to the market regarding the trading halt.

This announcement was authorised by James Harding, CEO of Genex.

About Genex Power Limited

Genex Power Limited has a portfolio of more than \$1 billion of renewable energy generation and storage projects across Australia. The Company's flagship Kidston Clean Energy Hub, located in north Queensland, will integrate large-scale solar generation with pumped storage hydro. The Kidston Clean Energy Hub is comprised of the operating 50MW stage 1 Solar Project (KS1) and the 250MW Kidston Pumped Storage Hydro Project (K2-Hydro) with potential for further multi-stage wind and solar projects. The 50MW Jemalong Solar Project (JSP) is located in NSW and provides geographical diversification to the Genex Power Limited portfolio. JSP was energised in early December 2020 and is now fully operational. Genex is further developing its energy storage portfolio via the development of a 50MW/100MWh standalone battery energy storage system at Bouldercombe in Queensland. With over 400MW of renewable energy & storage projects in development, Genex is well placed as Australia's leading renewable energy and storage company.

Genex continues to acknowledge the support of key Federal and State Government stakeholders such as the Australian Renewable Energy Agency (ARENA), the Northern Australia Infrastructure Facility (NAIF), the Clean Energy Finance Corporation (CEFC) and the Queensland State Government.
