## DETAILS OF DISTRIBUTION REINVESTMENT PLAN

The Responsible Entity adopted the Distribution Reinvestment Plan (“DRP”) in September 2019. An eligible unit holder may elect into the DRP by completing an election notice and sending it to the registry. An eligible member may elect to partially or fully participate in the DRP and is recorded on the register once the Responsible Entity has accepted the election.

Under the DRP, the Responsible Entity has the discretion to determine the re-investment price to apply:

- Where the Market Price is greater than or equal to NAV Price, new units are issued using the NAV Price; or
- Where the Market Price is less than the NAV Price, where possible, distributions will be used to acquire the Fund’s units on-market.

Details on the DRP, may be found at <https://www.partnersgroupaustralia.com.au/en/global-income-fund/>

The Responsible Entity makes distributions on a monthly basis. In accordance with the DRP Rules, units are issued at the net asset value of a unit or other unit application price determined under the Constitution, on the record date. The record date is the 2<sup>nd</sup> business day of each month.

## DIRECTORS' REPORT

The directors of Equity Trustees Limited, the Responsible Entity of Partners Group Global Income Fund (the "Trust"), present their report together with the financial statements of the Trust for the year ended 31 December 2021.

### Principal activities

The Trust was constituted on 4 July 2019, registered with the Australian Securities and Investments Commission ("ASIC") on 18 July 2019, and commenced operations on 26 September 2019. There was no investment activity in the period 4 July 2019 to 25 September 2019. The Trust was listed on the Australian Securities Exchange ("ASX") on 26 September 2019 and is quoted under ticker code: PGG.

The Trust's investment strategy is to access a diversified portfolio of private global debt investments through active origination, portfolio construction and risk management.

The strategy is implemented by dynamically allocating investment across the following three distinct private debt strategies:

- The First Lien Loan Strategy, which will represent 60-100% of Gross Asset Value ("GAV");
- The Second Lien and Subordinated Loan Strategy, which will represent 0-20% of GAV; and
- The Special Situations Strategy, which will represent 0-25% of GAV.

As part of the First Lien Loan Strategy, Partners Group Global Income Investments Loan Strategy Designated Activity Company, a designated activity company limited by shares and incorporated under the laws of Ireland (the "Company") invests in the Partners Group Global Senior Loan Master Fund SICAV ("PGGSLMF"), which holds a diversified portfolio of loans consistent with the First Lien Loan Strategy. Partners Group Private Markets (Australia) Pty Limited (the "Investment Manager") invests in PGGSLMF when it has excess cash awaiting deployment into new private debt investments in order to minimise the impact this excess cash may have on unit holder returns.

The Trust has economic exposure to the loans comprising the strategies mentioned above via an investment in a profit participating note ("PPN") which is a security issued by the Company. The Company makes and holds the investments (in accordance with the Company's 'Investment Guidelines' which are consistent with the investment strategy of the Trust, as set out in the Product Disclosure Statement ("PDS")) and distribute income to the Trust via the PPN.

The Trust did not have any employees during the year ended 31 December 2021.

There were no significant changes in the nature of the Trust's activities during the year ended 31 December 2021.

The various service providers for the Trust are detailed below:

<b>Service</b>	<b>Provider</b>
Responsible Entity	Equity Trustees Limited
Investment Manager	Partners Group Private Markets (Australia) Pty Limited
Custodian and Administrator	The Northern Trust Company
Statutory Auditor	PricewaterhouseCoopers

Russell W Beasley	
Jennifer Currie	Company Secretary (resigned 30 April 2021)
Samantha Einhart	Company Secretary (appointed 5 January 2022)

## DIRECTORS' REPORT (CONTINUED)

### Review and results of operations

During the year, the Trust continued to invest its funds in accordance with the PDS and the provisions of the Trust's Constitution.

The Trust's performance (change in NTA plus distributions made) was 6.89% (net of fees) for the year ended 31 December 2021. The Trust targeted a cash distribution of RBA Cash Rate + 4% per annum (net of fees, costs and taxes incurred by the Trust) as the benchmark index to measure its performance.

The performance of the Trust, as represented by the results of its operations, was as follows:

	Year ended	
	31 December 2021	31 December 2020
Profit/(loss) for the year (\$'000)	35,384	(5,839)
Distributions paid and payable (\$'000)	24,460	25,572
Distributions (cents per unit)	8.8902	9.2961

### Significant changes in the state of affairs

On 30 April 2021, Jennifer Currie resigned as Company Secretary of Equity Trustees Limited, the Responsible Entity of Partners Global Income Fund and Philip D Gentry was appointed as Company Secretary of Equity Trustees Limited on the same date.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Trust that occurred during the year ended 31 December 2021.

### Matters subsequent to the end of the financial year

On 5 January 2022, Philip D Gentry resigned as Company Secretary of Equity Trustees Limited, Samantha Einhart was appointed as Company Secretary as at the same date.

Subsequently on 5 January 2022, the Company declared a distribution of \$2,402,742 for the month ending 31 December 2021. The distribution was received by the Trust on 14 January 2022.

Subsequently on 4 February 2022, the Company declared a distribution of \$2,390,465 for the month ending 31 January 2022. The distribution was received by the Trust on 11 February 2022.

Since 31 December 2021 and up to the signing date of this financial report, the Trust has announced the following distributions on the ASX:

- A distribution was declared on 24 January 2022 of 0.6833 cents per unit, with a record date of 1 February 2022 and paid on 16 February 2022; and
- The Trust announced an estimated distribution on 22 February 2022 of 0.6833 cents per unit, with an ex-date of 28 February 2022, a record date of 1 March 2022 and a payment date of 16 March 2022.

At the time of signing these financial statements, there is an increased level of global uncertainty associated with the conflict in Ukraine. The impacts of the Ukraine conflict are not yet known but are likely to result in increased market and economic volatility, which may in turn have an impact on the Trust.

No other matters or circumstances have arisen since 31 December 2021 that have significantly affected, or may have a significant effect on:

- (i) the operations of the Trust in future financial years;
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Trust in future financial years.

### Likely developments and expected results of operations

The Trust will continue to be managed in accordance with the investment objectives and guidelines as set out in the PDS and the provisions of the Trust's Constitution.

## DIRECTORS' REPORT (CONTINUED)

The results of the Trust's operations will be affected by a number of factors, including the performance of investments and the markets in which the Trust invests. Investment performance is not guaranteed, and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

### COVID-19

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time as new variants of COVID-19 emerge. There continues to be increased financial market volatility and corresponding fluctuations in the fair value of the Trust's investment portfolio. There is still uncertainty around the continued impact of COVID, the potential for further outbreaks both in Australia and around the world.

The Responsible Entity and Investment Manager continue to monitor the situation closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Trust. The Investment Manager however, actively manages the financial risks that the Trust is exposed to, and the Net Asset Values of the Trust continue to be valued in accordance with the frequency set out in the Trust's Offer Documents, applying valuation policies reflective of the prevailing market conditions.

### Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Trust in regards to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Trust's Constitution and the Law, the officers remain indemnified out of the assets of the Trust against losses incurred while acting on behalf of the Trust.

### Indemnification of auditor

The auditor of the Trust is in no way indemnified out of the assets of the Trust.

### Fees paid to and interests held in the Trust by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Trust's property during the period are disclosed in Note 15 to the financial statements.

No fees were paid out of Trust's property to the directors of the Responsible Entity during the year.

The number of interests in the Trust held by the Responsible Entity or its associates as at the end of the financial year are also disclosed in Note 15 to the financial statements.

### Interests in the Trust

The movement in units on issue in the Trust during the year is disclosed in Note 7 to the financial statements.

The value of the Trust's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

### Environmental regulation

The operations of the Trust are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

### Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

The Trust is a registered scheme of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the Directors' report and financial statements.

### Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 7.

## 1 GENERAL INFORMATION

These financial statements cover Partners Group Global Income Fund (the "Trust") as an individual entity. The Trust is an Australian registered managed investment scheme, which was constituted on 4 July 2019, registered with Australian Securities and Investment Commission on 18 July 2019 and commenced investment operations on 26 September 2019. The Trust will terminate in accordance with the provisions of the Trust's Constitution or by Law.

The Trust was listed on the Australian Securities Exchange ("ASX") on 26 September 2019 and is quoted under ticker code: PGG.

The Responsible Entity of the Trust is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

The Trust's Investment strategy is to access a diversified portfolio of private global debt investment through active origination, portfolio construction and risk management.

The Trust has economic exposure to the loans comprising the strategies mentioned in the Product Disclosure Statement (PDS) via an investment in a profit participating note ("PPN") which is a security issued by the Partners Group Global Income Investments Loan Strategy Designated Activity Company, a designated activity company limited by shares and incorporated under the laws of Ireland (the "Company"). The Company makes and holds the investments (in accordance with the Company's 'Investment Guidelines' which are consistent with the investment strategy of the Trust, as set out in the PDS) and distributes income to the Trust via PPN.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time as new variants of COVID-19 emerge. There continues to be increased financial market volatility and corresponding fluctuations in the fair value of the Trust's investment portfolio. There is still uncertainty around the continued impact of COVID, the potential for further outbreaks both in Australia and around the world.

The Responsible Entity and Investment Manager continue to monitor the situation closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Trust. The Investment Manager however, actively manages the financial risks that the Trust is exposed to, and the Net Asset Values of the Trust continue to be valued in accordance with the frequency set out in the Trust's Offer Documents, applying valuation policies reflective of the prevailing market conditions.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

### a. Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issues by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001* in Australia. The Trust is a for-profit entity for the purpose of preparing the financial statements.

The financial statements have been prepared on a historical cost basis, except for financial assets and liabilities measured at fair value through profit or loss.

The statement of financial position is prepared on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities at fair value through profit or loss and net assets attributable to unit holders.

The Trust manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

#### (i) *Compliance with International Financial Reporting Standards (IFRS)*

The financial statements of the Trust also comply with IFRS as issued by the International Accounting Standards Board (IASB).

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### a. Basis of preparation (continued)

#### (ii) *New and amended standards adopted by the Trust*

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 January 2021 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

#### (iii) *New standards and interpretations not yet adopted*

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2022, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Trust.

#### (iv) *Investment entity*

The Trust and Company operate as an integrated structure whereby the Trust invests solely into the Company and is exposed to the underlying investments of the Company via the PPN. Movements in the fair value of the Company's investment portfolio and corresponding movements in the fair value of the Company may expose the Trust to gains or losses.

Management has determined that it meets the definition of an 'Investment Entity' as defined by AASB 10 *Consolidated Financial Statements* and is required to account for the investment in the Company via the PPN at fair value through profit and loss. The Trust has multiple unrelated investors and indirectly holds multiple investments through the Company via the PPN. Ownership interests in the Trust are in the form of units which are classified as equity in accordance with AASB 132 *Financial Instruments: Presentation* and which are exposed to variable returns from changes in the fair value of the Trust's net assets. The Trust has been deemed to meet the definition of an Investment Entity per AASB 10 as the following conditions exist:

- (a) The Trust has obtained funds for the purpose of providing investors with investment management services;
- (b) The Trust's business purpose, which has been communicated directly to investors, is investing solely for returns from capital appreciation and investment income from the Company via the PPN; and
- (c) The performance of investments made through the Company are measured and evaluated on a fair value basis.

Although the Trust itself does not meet all of the typical characteristics of an Investment Entity (namely, the Trust does not have multiple investments), management believe it is nevertheless an Investment Entity because it was formed in conjunction with the Company and effects multiple investments through the Company via the PPN.

Based on the assessment above, management has concluded that the Trust and the Company meet the definition of an Investment Entity under AASB 10 and IFRS 10, respectively. As a result, the Trust is exempted from consolidation in accordance with AASB 10 and the Trust's investment in the Company via the PPN is measured as a financial asset at fair value through profit or loss. This conclusion will be reassessed should the investment strategy of the integrated structure change.

### b. Financial instruments

#### (i) *Classification*

- Financial assets

The Trust classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

The Trust classifies its assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Trust's portfolio of financial assets is managed, and performance is evaluated on a fair value basis in accordance with the Trust's documented investment strategy. The Trust's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

The Trust's investment in the Company via the PPN is classified as measured at fair value through profit or loss.

For the PPN, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### b. Financial instruments (continued)

#### (i) Classification (continued)

- Financial assets (continued)

For cash and cash equivalents and receivables, these assets are held in order to collect the contractual cash flows and the contractual terms of these assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distributions payable, management fees payable, custody and administration fees payable and other payables).

#### (ii) Recognition and derecognition

The Trust recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date).

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Trust has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liabilities are discharged.

#### (iii) Measurement

- *Financial instruments at fair value through profit or loss*

At initial recognition, the Trust measures financial assets and financial liabilities at their fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of 'financial assets or liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

For further details on how the fair value of financial instruments is determined please see Note 4 to the financial statements.

- *Financial instruments at amortised cost*

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured according to their classification.

#### (iv) Impairment

At each reporting date, the Trust shall measure the loss allowance on financial assets at amortised cost (cash and receivables) at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Trust shall measure the loss allowance at an amount equal to 12 month expected credit losses. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

#### (v) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Trust has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### c. Net assets attributable to unit holders

The units can be traded on the ASX at any time for cash based on its listed price. While the Trust is a listed investment trust and liquidity is generally expected to exist in the secondary market (ASX), there are no guarantees that an active trading market with sufficient liquidity will be available. In addition to being traded, requests for redemption to the Responsible Entity may be made, however redemption is dependent on the Responsible Entity's discretion.

The Trust's units are classified as equity.

### d. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represent the Trust's main income generating activity.

### e. Investment income

#### (i) Interest income

Interest income from financial assets at amortised cost is recognised on a time proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Trust estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

#### (ii) Distribution income

Distribution income in respect of the PPN is recognised in the statement of comprehensive income on the ex-distribution date.

#### (iii) Other income

Other income is brought to account on an accruals basis.

#### (iv) Net gains/(losses) on financial instruments

Net gains/(losses) on financial instruments arising on a change in fair value are calculated as the difference between the fair value at the end of the reporting period and the fair value at the previous valuation point.

Changes in fair value of financial instruments held at fair value through profit or loss are recorded in accordance with the policies described in Note 2(b) to the financial statements.

### f. Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

### g. Income tax

Under current legislation, the Trust is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders.

### h. Distributions

The Trust is an Attribution Managed Investment Trust (AMIT). The units in the Trust have been classified as equity. Under the Constitution, the Trust does not have an obligation to make distributions to unit holders by cash and/or reinvestment in accordance with AASB 132 *Financial Instruments: Presentation*.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### h. Distributions (continued)

Distribution to unit holders are recognised directly in equity, and presented in the statement of changes in equity. A distribution payable is recognised in the statement of financial position where the amount remains unpaid at reporting date.

### i. Foreign currency translation

#### (i) *Functional and presentation currency*

Balances included in the Trust's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Trust competes for funds and is regulated. The Australian dollar is also the Trust's presentation currency.

#### (ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The Trust does not isolate that portion of unrealised gains or losses on financial instruments that are measured at fair value through profit or loss and which is due to changes in foreign exchange rates. Such fluctuations are included with the net gains/(losses) on financial instruments at fair value through profit or loss.

### j. Receivables

Receivables may include amounts for interest and trust distributions. Trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

### k. Payables

Payables include liabilities, accrued expenses owed by the Trust and any distributions declared which are unpaid as at the end of the reporting period.

A separate distribution payable is recognised in the statement of financial position.

Distributions declared effective 31 December in relation to unit holders who elects to reinvest distributions are recognised as reinvested effective 1 January of the following financial year.

### l. Earnings per unit

Earnings per unit are calculated by dividing the profit or loss of the Trust by the weighted average number of units outstanding during the financial year.

### m. Applications and redemptions

Applications received for units in the Trust are recorded net of any entry fees payable prior to the issue of units in the Trust. Units are not able to be redeemed while the Trust is listed on the ASX. However, the Responsible Entity may undertake a buy back of units which satisfies the requirements of the Corporations Act 2001 and the Listing Rules.

### n. Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Trust by third parties such as management, administration and custodian services where applicable, have been passed on to the Trust. The Trust qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 95.5%. Hence, fees for these services and any other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### o. Operating segment

An operating segment is a distinguishable component of the Trust that is engaged in business activity from which the Trust earns revenues and incurs expenses, whose operating results are regularly reviewed by the Trust's Investment Manager in order to make decisions about the allocation of resources to the segment and assess its performance, and for which discrete financial information is available.

### p. Use of estimates and judgements

The Trust makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the current period and next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. For more information on how fair value is calculated, please refer to Note 4 to the financial statements.

Please see Note 3 for more information on credit risk.

For more information on the Trust and the Company's assessment of its Investment Entity status in accordance with AASB 10 and IFRS 10, please refer to Note 2(a)(iv) to the financial statements.

### q. Rounding of amounts

The Trust is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

## 3 FINANCIAL RISK MANAGEMENT

The Trust's activities expose it to a variety of financial risks including market risk (which incorporates price risk and foreign exchange risk), credit risk and liquidity risk.

The Trust's overall risk management programme focuses on ensuring compliance with the Trust's PDS and the investment guidelines of the Trust. It also seeks to maximise the returns derived for the level of risk to which the Trust is exposed and seeks to minimise potential adverse effects on the Trust's financial performance. The Trust's policy allows it to use derivative financial instruments in managing its financial risks.

All securities investments present a risk of loss of capital. The maximum loss of capital on unlisted securities is limited to the fair value of those positions.

The investments of the Trust, and associated risks, are managed by a specialist Investment Manager, Partners Group Private Markets (Australia) ("Partners Group"), under an Investment Management Agreement ("IMA") approved by the Responsible Entity, and containing the investment strategy and investment guidelines of the Trust, consistent with those stated in the PDS.

The Trust uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

### a. Market risk

#### (i) Price risk

The Trust is exposed to price risk on its investment in the PPN. Price risk arises from investments held by the Trust for which prices in the future are uncertain.

The Trust has a significant concentration of risk arising from its exclusive investment via the PPN. As at 31 December 2021, the Trust's investment in the Company represents 100% of the Trust's financial assets at fair value through profit or loss.

The table at Note 3(b) summarises the sensitivities of the Trust's PPN to price risk. The analysis is based on the reasonably possible shift that the investment portfolio in which the Trust invests move by +/- 3.5% (2020: +/- 3.5%).

#### (ii) Foreign exchange risk

The financial instruments of the Trust are denominated in Australian dollars. Accordingly, the Trust is not directly exposed to foreign exchange risk.

### 3 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### a. Market risk (continued)

##### (iii) Interest rate risk

The Trust's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial positions and cash flows. The impact of interest rate risk on net assets attributable to unit holders and operating profit is considered immaterial to the Trust.

#### b. Summarised sensitivity analysis

The following table summarises the sensitivity of the Trust's operating profit/(loss) and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical movements of the Company's portfolio investments and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Trust invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on operating profit/net assets attributable to unit holders	
	Price risk	
	-3.5%	+3.5%
	\$'000	\$'000
<b>As at 31 December 2021</b>	<b>(18,756)</b>	<b>18,756</b>
	-3.5%	+3.5%
	\$'000	\$'000
As at 31 December 2020	(21,010)	21,010

#### c. Credit risk

The Trust is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Trust.

The main concentration of credit risk, to which the Trust is exposed, arises from the Trust's investment in the Company via the PPN. The PPN is a financial asset with a fixed or determinable payment that is not quoted in an active market. It is unsecured, unrated, interest-free and repayable upon demand.

The Trust is also exposed to counterparty credit risk on cash and cash equivalents and other receivables.

The Trust determines credit risk and measures expected credit losses for financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information in determining any expected credit loss.

As at 31 December 2021, all receivables, cash and short-term deposits are held with counterparties limited to high credit quality financial institutions with a minimal credit rating of A-1+ or higher as assessed and determined by Standard & Poor's Financial Services (S&P) and are either callable on demand or due to be settled within 1 week. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Trust.

##### (i) Investment in the Company

The Trust has a significant concentration of credit risk that arises from its exposure to a single counterparty in relation to its investments in the Company via the PPN.

The risk is managed by the Company's Investment Manager and mitigated through investment diversification. The Company's Investment Manager monitors investment diversification parameters as specified in the PDS.

##### (ii) Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of AA- (as determined by Standard and Poor's) or higher.

### 3 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### c. Credit risk (continued)

##### (iii) Other

The Trust is not materially exposed to credit risk on other financial assets.

##### (iv) Maximum exposure to credit risk

The maximum exposure to credit risk before any credit enhancements at the end of each reporting period is the carrying amount of the financial assets. None of these assets are impaired nor past due but not impaired.

#### d. Liquidity risk

Liquidity risk is the risk that the Trust may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

##### (i) Maturities of non-derivative financial liabilities

The table below analyses the Trust's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows. However, for net assets attributable to unit holders, the Responsible Entity does not envisage that the contractual maturity disclosed in the table below will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

As at 31 December 2021	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000

### 4 FAIR VALUE MEASUREMENT

The Trust measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Trust has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Trust values its investments in accordance with the accounting policies set out in Note 2 to the financial statements.

#### a. Fair value in an inactive or unquoted market (level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

## 4 FAIR VALUE MEASUREMENT (CONTINUED)

### a. Fair value in an inactive or unquoted market (level 3) (continued)

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Trust holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

### b. Recognised fair value measurements

The table below presents the Trust's financial assets measured and recognised at fair value as at 31 December 2021 and 31 December 2020.

As at 31 December 2021	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets</b>				
Profit Participating Note*	-	-	535,886	535,886
<b>Total financial assets</b>	-	-	535,886	535,886

As at 31 December 2020	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets</b>				
Profit Participating Note*	-	-	525,246	525,246
<b>Total financial assets</b>	-	-	525,246	525,246

\*As of 31 December 2021 and 31 December 2020, the Trust valued the PPN using cum price. This comprised of the opening fair value adjusted for unrealised gains/(losses) and expected distribution income on the PPN for the financial period.

### c. Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the year (31 December 2020: Nil).

### d. Fair value measurements using significant unobservable inputs (level 3)

The following table presents the movement in level 3 instruments for the year ended 31 December 2021 by class of financial instrument.

	Profit Participating Note \$'000
<b>Opening balance - 1 January 2021</b>	<b>525,246</b>
Gains/(losses) recognised in the statement of comprehensive income	10,640
<b>Closing balance - 31 December 2021</b>	<b>535,886</b>
<hr/>	
	Profit Participating Note \$'000
Opening balance - 1 January 2020	556,548
Gains/(losses) recognised in the statement of comprehensive income	(31,302)
Closing balance - 31 December 2020	525,246

## 4 FAIR VALUE MEASUREMENT (CONTINUED)

### d. Fair value measurements using significant unobservable inputs (level 3) (continued)

#### (i) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in the level 3 fair value measurements. See Note 4(a) above for the valuation techniques adopted.

Description	Fair value \$'000	Unobservable inputs	Range of inputs (probability weighted average)	Relationship of unobservable inputs to fair value
<b>As at 31 December 2021</b>				
Profit Participating Note	535,886	Net assets attributable to the PPN holder	N/A	N/A
<b>As at 31 December 2020</b>				
Profit Participating Note	525,246	Net assets attributable to the PPN holder	N/A	N/A

#### (ii) Valuation processes

At each reporting date, the Investment Manager determines the fair value of the PPN with the assistance of the Company's third party administrator, the Bank of New York Mellon. The fair value is determined by adjusting the opening fair value of the PPN based upon the following factors as it relates to the Company, on a look through basis:

- Cumulative unrealised gains/(losses) recognised on the net assets attributable to the PPN holder during the reporting period; and
- Where a distribution is declared on or before reporting date, adjusting for ex-price. Where a dividend is not declared as of the reporting date, adjusting for cum price, inclusive of estimated distribution income as determined appropriate by the Investment Manager.

Where applicable, the Investment Manager would also consider and adjust for the impact from events deemed material and with significant impact on the valuation of the PPN.

The stated fair value of the PPN at the end of the reporting period then represents the Investment Manager's best estimate as at the end of the reporting period.

### e. Financial instruments not carried at fair value

The carrying value of financial assets and liabilities carried at amortised cost are assumed to approximate their fair value due to their short term nature.

## 5 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	As at	
	31 December 2021 \$'000	31 December 2020 \$'000
Profit Participating Note	535,886	525,246
<b>Total financial assets at fair value through profit or loss</b>	<b>535,886</b>	<b>525,246</b>

## 6 STRUCTURED ENTITIES

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, and the relevant activities are directed by means of contractual arrangement.

The Trust considers its investment in the Company via the PPN to be a structured entity. The Trust invests in the Company for the purpose of capital appreciation and/or earning investment income.

## 6 STRUCTURED ENTITIES (CONTINUED)

The exposure to investments in the Company at fair value is disclosed in the following table:

	Fair value of investment	
	31 December 2021	31 December 2020
	\$'000	\$'000
Partners Group Global Income Investments Loan Strategy Designated Activity Company	535,886	525,246
<b>Total investments</b>	<b>535,886</b>	<b>525,246</b>

The fair value of the Company is included in financial assets at fair value through profit or loss in the statement of financial position.

The Trust's maximum exposure to loss from its interest in the Company is equal to the fair value of its investments in the Company as there are no off-balance sheet exposures relating to the Company. Once the Trust has disposed the PPN, it ceases to be exposed to any risk from the Company.

During the year ended 31 December 2021, total gains/(losses) incurred on investments in the Company were \$10,639,788 (31 December 2020: (\$31,302,212)). The Company declared distributions of \$30,505,736 as the distribution for the PPN for the year ended 31 December 2021 (31 December 2020: \$31,176,912).

## 7 NET ASSETS ATTRIBUTABLE TO UNIT HOLDERS - EQUITY

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

	Year ended		Year ended	
	31 December 2021	31 December 2021	31 December 2020	31 December 2020
	Units '000	\$'000	Units '000	\$'000
Opening balance	275,099	522,903	275,000	554,125
Reinvestment of distributions	461	861	476	811
On-Market buy-back for DRP	(429)	(799)	(377)	(622)
Distributions paid and payable	-	(24,460)	-	(25,572)
Profit/(loss) for the year	-	35,384	-	(5,839)
<b>Closing balance</b>	<b>275,131</b>	<b>533,889</b>	<b>275,099</b>	<b>522,903</b>

As stipulated within the Trust's Constitution, each unit represents a right to an individual share in the Trust and does not extend to a right in the underlying assets of the Trust. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Trust.

## 8 BASIC AND DILUTED EARNINGS PER UNIT

	Year ended	
	31 December 2021	31 December 2020
Profit/(loss) attributable to unit holders (\$'000)	35,384	(5,839)
Weighted average number of units on issue ('000)	275,115	275,088
<b>Basic and diluted earnings per unit attributable to unit holders (cents per unit)</b>	<b>12.86</b>	<b>(2.12)</b>

The basic and diluted earnings per unit have been calculated using the profit/(loss) attributable to unit holders of the Trust as the numerator. There is no difference between basic and diluted earnings per unit as no units are dilutive in nature.

## 9 DISTRIBUTIONS TO UNIT HOLDERS

The distributions declared during the year were as follows:

	Year ended		Year ended	
	31 December	31 December	31 December	31 December
	2021	2021	2020	2020
	\$'000	GPU	\$'000	GPU

## Independent auditor's report

To the unitholders of Partners Group Global Income Fund

### Report on the audit of the financial report

---

#### Our opinion

In our opinion:

The accompanying financial report of Partners Group Global Income Fund (the Trust) is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Trust's financial position as at 31 December 2021 and of its financial performance for the year then ended
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

#### *What we have audited*

The financial report comprises:

- the statement of financial position as at 31 December 2021
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- the notes to the financial statements, which include significant accounting policies and other explanatory information
- the directors' declaration.

---

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Independence*

We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

## Our audit approach

An audit is designed to provide reasonable assurance about whether the financial report is free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial report as a whole, taking into account the geographic and management structure of the Trust, its accounting processes and controls and the industry in which it operates.

### Materiality

- For the purpose of our audit we used overall materiality of \$5.3 million, which represents approximately 1% of the Trust's net assets attributable to unitholders
- We applied this threshold, together with qualitative considerations, to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements on the financial report as a whole.
- We chose net assets attributable to unitholders because, in our view it is the metric against which the performance of the Trust is most commonly measured.
- We utilised a 1% threshold based on our professional judgement, noting it is within the range of commonly acceptable thresholds.

### Audit Scope

- Our audit focused on where subjective judgements are made; for example, significant accounting estimates involving assumptions and inherently uncertain future events.
- The unit registry, custody and administration functions of the Trust are conducted by third party service organisations. These third party service organisations significantly contribute to the safe-keeping of the Trust's assets, the maintenance of the Trust's financial records and the preparation of the Trust's financial report.
- The third party service organisations engaged independent external auditors to provide assurance reports over the design and operating effectiveness of the third party service organisations' key internal controls relevant to the preparation and fair presentation of the Trust's financial report.

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the current period. The key audit matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Further, any commentary on the outcomes of a particular audit procedure is made in that context. We communicated the key audit matters to the board of directors of Equity Trustees Limited as responsible entity (the Responsible Entity) of the Trust.

Key audit matter	How our audit addressed the key audit matter
<p><b>Investment existence and valuation</b> <i>(Refer to note 2, note 4 and note 5)</i></p> <p>At 31 December 2021, investments in financial assets at fair value through profit or loss of \$535,886,000 pertain to the Trust's investment in the Company through the PPN ("the investment").</p> <p>The investment is not traded in an active or quoted market. As such, in preparing the financial report, judgements were made to estimate the fair value of the investment as outlined in note 2 and note 4 to the financial statements. Changes to estimates, assumptions and/or judgements may result in a material change to the valuation of the investment.</p> <p>The existence and valuation of the investment is a key audit matter because it represents the principal element of the statement of financial position, accounting for approximately 100% of net assets. A discrepancy in the existence or valuation of this investment could cause the net assets attributable to unitholders to be materially misstated which could also impact the Trust's performance as the valuation of the investment is the main driver of movements in profit/loss.</p>	<p>Our audit procedures on investment valuation included, amongst others:</p> <ul style="list-style-type: none"><li>- Developing an understanding of the valuation risk associated with the Company.</li><li>- Obtaining an understanding of the approach to derive fair value, and assessing the appropriateness of the methodology, assumptions and data, and the reasonableness of the value adopted in respect of the PPN.</li><li>- Obtaining the calculation of fair value and agreeing key data inputs to the Company's audited financial statements.</li><li>- Examining the audit report over the Company's financial report for the year ended 31 December 2021.</li></ul> <p>Our audit procedures on investment existence included, amongst others:</p> <ul style="list-style-type: none"><li>- Obtaining the most recent System and Organization Controls ("SOC 1") Report issued by the custodian, setting out the controls in place at that service organisation, which included an independent audit opinion over the design and operating effectiveness of those controls</li><li>- Assessing the service organisation's independent auditor's independence, experience, competency and the results of their procedures.</li></ul>

Key audit matter	How our audit addressed the key audit matter
	<ul style="list-style-type: none"><li>- Assessing the report by developing an understanding of the control objectives and associated control activities, evaluated the tests undertaken by the auditor and the results of these tests and the auditor's conclusions on the design and operational effectiveness of the controls to the extent relevant to our audit of the Trust.</li><li>- Obtaining confirmation from the Company's registrar and comparing the holdings per the registry confirmation with the holdings per the Trust's accounting records.</li></ul> <p>We also assessed the reasonableness of the disclosures in Note 2, Note 4 and Note 5 to the financial report against the requirements of Australian Accounting Standards.</p>

### Other information

The directors of the Responsible Entity of the Trust (the directors) are responsible for the other information. The other information comprises the information included in the annual report for the year ended 31 December 2021, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

### Responsibilities of the directors for the financial report

The directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

---

### Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:
