Independent Auditor's Review Report to the Unitholders of Strategic Global Fund

Conclusion

We have reviewed the interim financial report of Strategic Global Fund (the Fund), which comprises the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying interim financial report of Strategic Global Fund does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of Strategic Global Fund's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the Directors for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The Fund is an Australian registered managed investment scheme, and was constituted on 3 August 2016, registered as a managed investment scheme on 4 August 2016 and commenced operations on 8 November 2016. These financial statements cover the half-year ended 31 December 2021.

The responsible entity of the Fund is One Managed Investment Funds Limited (ABN 47 117 400 987; AFSL 297 042) (the “Responsible Entity”). The Responsible Entity’s registered office is Level 16, Governor Macquarie Tower, 1 Farrer Place, Sydney NSW 2000.

The Fund typically invests in a concentrated portfolio of a limited number of investments listed on global stock exchanges.

The coronavirus, COVID-19, was first identified as a new, highly contagious virus in December 2019. The World Health Organisation declared a global pandemic in March 2020 and as at the date of this half yearly report, COVID-19 remains prevalent throughout the world, including Australia. COVID-19 has caused unprecedented disruption to populations, businesses and general economic activity. As the situation evolves, it continues to impact on investment funds and their trustees and managers, both directly and indirectly.

As this situation is continuing, the Investment Manager has been monitoring both the valuation of the Fund’s assets and the Fund’s liquidity and is investing in accordance with the provision of the Fund’s Constitution and offer documents and service providers whilst assessing the ongoing operations, liquidity, and lending arrangements and on that basis the values and estimates are reported. In these circumstances, there is uncertainty around valuations. The Investment Manager will continue to closely monitor market situations to ensure that valuations remain appropriate. The Investment Manager will provide resources and updates where necessary and provide informed guidance for investors during this changing environment.

The financial statements were authorised for issue by the directors on the date the Directors’ Declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

2. Adoption of New and Revised Accounting Standards

New or amended Accounting Standard and Interpretations adopted in the current period

The Fund has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (‘AASB’) that are mandatory for the current reporting period.

New standards and interpretations not yet adopted

There are no new standards or interpretations applicable that would have a material impact for the Fund.

3. Basis of Preparation

These interim financial statements have been prepared in accordance with AASB 134 “*Interim Financial Reporting*” and the Corporations Act 2001. Compliance with AASB 134 ensures compliance with International financial reporting standard IAS 34 “*Interim Financial Reporting*”.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2021 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

These interim financial statements are presented in Australian dollars as the functional and presentational currency of the Fund. All amounts denominated in another currency have been converted to AUD using the relevant spot rate for that currency as at 31 December 2021.

Notes to the Financial Statements

3. Basis of Preparation (continued)

a) Significant accounting policies

The accounting policies applied in these interim financial statements are the same as those applied to the Fund's financial statements for the year ended 30 June 2021.

4. Investments in Financial Instruments

a) Financial assets at fair value through profit or loss

	31 December 2021	30 June 2021
	\$	\$
Designated at fair value through profit or loss		
Investments in listed equities	51,570,986	36,264,160
Total equity securities	51,570,986	36,264,160
Total financial assets at fair value through profit or loss	51,570,986	36,264,160

b) Fair Value Hierarchy

The Fund measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis. The Fund has no assets and liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

Level 1:

Financial instruments are valued by reference to quoted prices in an active market(s) for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2:

Financial instruments are valued using inputs other than quoted prices covered in Level 1. These other inputs include quoted prices that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). The inputs included in this level encompass quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities. Financial instruments that are valued using other inputs that are not quoted prices but are observable for the assets or liabilities also fall into this categorisation.

Level 3:

Financial instruments that have been valued, in whole or in part, by using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Unobservable valuation inputs are determined based on the best information available, which might include the entity's own data, reflecting its assumptions as well as best practices carried out or undertaken by other market participants. These valuation techniques are used to the extent that observable inputs are not available.

Notes to the Financial Statements

4. Investments in Financial Instruments (continued)
