Mithril Resources Limited
Directors' report
31 December 2021

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Mithril Resources Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2021.

Directors

The following persons were directors of Mithril Resources Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

John Skeet
Stephen Layton
Garry Thomas
Dudley Leitch (resigned 7 July 2021)

Principal activities

During the financial half-year the principal continuing activities of the consolidated entity consisted of:

- to carry out exploration of mineral tenements, both on a joint venture basis and in its own right;
- to continue to seek extensions of areas held and to seek out new areas with mineral potential; and
- to evaluate results achieved through surface sampling, drilling and geophysical surveys carried out.

There has been no significant changes in the nature of those activities during the half-year.

Review of operations

The loss for the consolidated entity after providing for income tax amounted to \$447,748 (31 December 2020: \$1,198,987). Refer to page 3 for detailed comments on operations.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

Events after the reporting period

No matters or circumstances have arisen since 31 December 2021 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the directors:

John Skeet
Managing Director

Mithril Resources Ltd (ASX: MTH) (**Mithril** or the **Company**) is pleased to provide the half yearly activities report for its Copalquin Gold Silver Project in Mexico for the period ending 31 December 2021.

Copalquin District, Mexico

In November 2021, the Company delivered its maiden JORC mineral resource estimate (MRE) as scheduled and meeting the expectation at this early stage in the exploration of the Copalquin Mining District. ([ASX Announcement 17 November 2021](#)).

The maiden MRE is high-grade gold and silver and with 28% of the MRE tonnage in the indicated category. This is an excellent result from our first 14 months of drilling and demonstrates the district potential to deliver high-quality gold and silver resources as the exploration work progresses.

The maiden MRE has Mithril on track to become a highly profitable producer of gold and silver from high-grade resources and to prove up this multi-million ounce potential precious metals mining district.

*AuEq. = gold equivalent calculated using and gold:silver price ratio of 70:1. That is, 70 g/t silver = 1 g/t gold. The metal prices used to determine the 70:1 ratio are the cumulative average prices for 2021: gold USD1,798.34 and silver: USD25.32 (actual is 71:1) from kitco.com

Metallurgical test work and mining engineering work commenced during the quarter for the El Refugio MRE with drilling continuing to deliver expansionary intercepts beyond the MRE area.

In early November, ([ASX Announcement 5 November 2021](#)) assays for drill holes CDH-085 to CDH-090 plus CDH-094 were received. Holes CDH-085 to CDH-090 were drilled to complete the database for the maiden MRE. Drilling has continued at El Refugio, with a series of deeper holes and holes further to the west. On the western side of the centre ridge, the structure is stronger at depth and has continued across the valley to the next ridge with the excellent high-grade intercept from drill hole CDH-094 (**18.67m @ 9.64 g/t gold, 278.8 g/t silver** from 144.0m including **9.30m @ 17.9 g/t gold, 482.2 g/t silver** from 148.89m, plus **3.00m @ 1.88 g/t gold, 61.7 g/t silver** from 137m).

Drilling stopped mid-December 2021 for the Christmas break and recommenced early January 2022.

Copalquin District Exploration

With November to June being the best time to conduct field programs at Copalquin (due to the dry weather and low vegetation cover) soil sampling, mapping and rock chip sample programs commenced on several of the target areas in the district where there are known historic mines and workings (shown by the orange ellipses in Figure 2 above). The program of work will continue in the first half of 2022 as we continue to evaluate and rank the multiple drill targets in the district.

Australian Projects

To ensure the Company maintains its focus on the Copalquin Gold Silver Project, Mithril has exploration partners to farm-in, sole fund and operate exploration activities on its Australian assets. These include:

- Great Boulder Resources (GBR.ASX) at the Lignum Dam Project;
- Auteco Minerals (AUT.ASX) at the Limestone Well Project;
- Carnavale Resources (CAV.ASX) at the Kurnalpi Project; and
- CBH Resources Limited ("CBH") at the Billy Hills Zinc Project.

Having farm-in exploration partners solely fund all exploration costs, ensures that the Mithril tenements are kept in good standing for the duration of the respective partnership agreements with the potential to benefit from prospectivity and exploration upside.

Billy Hills Zinc (Billy Hills)

- Mithril 100%; and
- CBH Resources Limited earning up to 80% interest by completing expenditure of A\$4M over 5 years.
- Native title clearance for the first phase of drilling has been granted, scheduled to commence Q2 2022.

Kurnalpi Project (Kurnalpi)

- Mithril 100%; and
- Carnavale Resources earning an initial 80% interest by keeping the tenements in good standing over three years and paying Mithril A\$250,000 cash.
- No work was undertaken during the quarter.

Lignum Dam Project (Lignum)

- Mithril 100%; and
- Great Boulder Resources earning up to 80% by completing expenditure of A\$1M over four years.
- Great Boulder carried out a program of auger geochemical sampling over nickel and gold prospective rock types.

Limestone Well Project (Limestone)

- Mithril 100% reducing to 10% (see below)
- In October 2021, Mithril announced the execution of a binding term sheet for the sale of 90% interest in the Limestone Well tenements to its farm-in partner, Auteco Minerals for a payment of A\$500,000 in cash. For details of the term sheet please refer to the [*ASX Announcement 12 October 2021*](#)

CORPORATE

In late November, the Company announced the appointment of Ms Claire Newstead-Sinclair as Company Secretary, replacing Mr Adrien Wing effective 1 December 2021 ([*ASX Announcement 23 November 2021*](#)).

Mithril Resources Limited
Review of Operations
31 December 2021

The Board of Directors thanked Mr Adrien Wing for his significant contributions during his time with the Company. Mr Wing provided tremendous support to the Company during his earlier tenure as Director, as well as to the Board as Company Secretary.

Ms Newstead-Sinclair is a Chartered Accountant and Member of the Governance Institute of Australia at the Corporate Business Service Provider, Vistra Australia. Ms Newstead-Sinclair has been CFO and Company Secretary for several ASX listed and unlisted public and private companies in a range of industries including biotechnology, healthcare and mineral exploration.

In conjunction with this appointment the Company has relocated its Registered Office and Principal Place of Business to: Vistra Melbourne, Level 4, 100 Albert Road South Melbourne, VIC 3205 Australia.

In November, Managing Director and CEO John Skeet delivered an investor presentation virtually at the Noosa Mining Conference. ([*ASX Announcement 11 November 2021*](#))

Other

In mid-October, the Company advised that it had increased its interest in the Copalquin mining concessions to 25%, as it progresses its 100% purchase option for the concessions. ([*ASX Announcement 15 October 2021*](#)).

The milestone was reached during the 3rd quarter with cumulative direct expenditure of US\$4 million on the concessions. Ten million fully paid Mithril shares was issued to the vendor, Compañía Minera Copalquin S.A. de C.V. as per the purchase option agreement. The next milestone in progress is 50% interest in the concessions via a further US\$4 million of direct expenditure.

The terms of the purchase option are detailed in the [*ASX release 25 November 2019*](#).

Mithril is committed to advancing its option to acquire 100% interest in the Copalquin concessions and remains fully funded to continue its expansive drill program and progress study and test work.

Also in October, a binding term sheet was executed for the sale of 90% interest in its Limestone Well tenements for cash proceeds of A\$500,000 ([*ASX Announcement 12 October 2021*](#))

CASH

Cash reserves as of 31st December 2021 was A\$1.828m (excluding A\$500,000 from Limestone Well sale due Q1 2022).

Mexican value added tax refunds continued throughout the quarter (plus a further ~A\$190,000 has been received during January 2022).

ABOUT THE COPALQUIN GOLD SILVER PROJECT

The Copalquin mining district is located in Durango State, Mexico and covers an entire mining district of 70km² containing several dozen historic gold and silver mines and workings, ten of which had notable production. The district is within the Sierra Madre Gold Silver Trend which extends north-south along the western side of Mexico and hosts many world-class gold and silver deposits.

Multiple mineralisation events, young intrusives thought to be system-driving heat sources, widespread alteration together with extensive surface vein exposures and dozens of historic mine workings, identify the Copalquin mining district as a major epithermal centre for Gold and Silver.

Within 15 months of drilling in the Copalquin District, Mithril delivered a maiden JORC mineral resource estimate demonstrating the high-grade gold and silver resource potential for the district. This maiden resource is detailed below.

- **2,416,000 tonnes @ 4.80 g/t gold, 141 g/t silver for 373,000 oz gold plus 10,953,000 oz silver (Total 529,000 oz AuEq*) using a cut-off grade of 2.0 g/t AuEq***

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001 and Australian Stock Exchange listing rules.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial report has been prepared on the basis of a going concern. The financial report shows the consolidated entity incurred a net loss of \$447,748 and a net cash outflow from operating and investing activities of \$4,193,229 during the period ended 31 December 2021.

The consolidated entity continues to be economically dependent on the generation of cashflow from the raising of additional capital as and when required for the continued operations including the exploration program and the provision of working capital.

Notwithstanding this, the Directors are satisfied that the consolidated entity will have sufficient cash resources to meet its working capital requirements in the future. The Directors have reviewed the cashflow forecasts and believe that for a period in excess of 12 months from the date of signature of the financial report, the consolidated entity has the ability to meet its debts as and when they fall due.

The consolidated entity's ability to continue as a going concern is contingent upon generation of cashflow from successfully raising additional capital. If sufficient additional funds are not raised, the going concern basis may not be appropriate, with the result that the consolidated entity may have to realise its assets and extinguish its liabilities, other than in the ordinary course of business and at amounts different from those stated in the financial report. The consolidated entity continues to receive strong interest and support from professional investors in its capital raisings.

No allowance for such circumstances has been made in the financial report.

Note 2. Operating segments

Identification of reportable operating segments

The consolidated entity is organised into two operating segments based on differences in the geographical locations of the exploration activities: Mexico and Australia. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The acquisition of the Copalquin Gold Silver project in Durango, Mexico during May 2020 constituted a separately identifiable operating segment.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Mithril Resources Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Mithril Resources Limited, which comprises the Consolidated Statement of Financial Position as at 31 December 2021, the Consolidated Statement of Comprehensive Income, Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' Declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Mithril Resources Limited does not comply with the *Corporations Act 2001* including:

- i) giving a true and fair view of Mithril Resources Limited's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- iii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company, as at the date of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the half-year financial report, which indicates that the Company incurred a net loss of \$447,748 (2020: \$1,198,987) and a net cash outflow from operating and investing activities of \$4,193,229 (2020: \$3,484,484) during the period ended 31 December 2021. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
