For the half-year ended 31 December 2021

Directors' Report

The Directors present their report on the consolidated entity consisting of Golden Cross Resources Ltd ("Golden Cross" or the "Company") and the entities it controlled at the end of, or during, the half-year ended 31 December 2021.

Directors

The following people were Directors of the Company during the whole of the half-year and up to the date of this report, unless otherwise stated:

Jordan Li	Executive Chairman
Yuanheng Wang	Non-Executive Director
Mark Moddejongen	Non-Executive Director
Yan Li	Non-Executive Director

Review and Results of Operations

The consolidated net loss after income tax for the six months to 31 December 2021 was \$643,000 (31 December 2020: \$493,000).

The Company continued its principal activity of minerals exploration and development of precious and base metals projects in Australia.

Brief descriptions of the completed activities from 1 July 2021 to date are as follows:

Copper Hill Project

Tenement Geophysics: The planned collection of geophysical gravity data over selected stations contemplated in the program have been completed - see the ASX Announcement dated 5 January 2022 "*Copper Hill Tenement Geophysics*". GCR is in the process of integrating the new data with previous data to better understand geological structure of Copper Hill. The timing for the results of the data interpretation depends on resolution of data integration issues.

Tenement Geochemistry: The planned surface soils sampling over targeted areas have been successfully completed - see the ASX Announcements dated 5 January 2022 "*Copper Hill Tenement Geochemistry*" and dated 11 January 2022 "*Copper Hill Geochemistry Assay Results*"

Metallurgy Review: Consultant Kenflo Pty Limited has completed a review and submitted to GCR his report with recommendations - see the ASX Announcement dated 31 December 2021 "*Copper Hill Metallurgical Review*".

Oxide MET Test Hole: GCR completed drillhole GCHD477 to 99 metres designed to test the oxide zone and provide more information to assist metallurgical assessment of the material that would be removed in early stages of a possible development - see ASX Announcement dated 13 December 2021 "*Copper Hill Drilling Results*".

Land Access: Landholders have co-operated and allowed access to all areas targeted by GCR to achieve its objectives in Geophysics and Geochemistry work – see the ASX Announcements dated 5 January 2022 "*Copper Hill Tenement Geophysics*" and "*Copper Hill Tenement Geochemistry*".

KLPX Project

Geophysics: GCR completed a gravity geophysical survey as planned – see ASX Announcement dated 24 December 2021 "*Kilparney Extended Geophysics Update*". A consultant geophysicist has completed a review of the collected data. Two main gravity features are identified and considering there is limited supporting data from other types of exploration, a review of possible further exploration is presented, including a range of geophysical techniques - see ASX Announcement dated 1 February 2022 "*Kilparney Extended Geophysics Review*".

Golden Cross Resources Ltd and its Controlled Entities

For the half-year ended 31 December 2021

Quidong Project

Approved Drilling: GCR completed the drilling of approved drillhole GQDD01- see the ASX Announcement dated 30 December 2021 "*Drilling Completed at Quidong*".

South Australian Project

Drilling Access and Logistics (in part): GCR has received professional advice on access procedures and has lodged the relevant drilling approval application documents - see ASX Announcement dated 31 December 2021 "*South Australia Access Update*".

Reinstatement to Official Quotation

On 17 February 2022, ASX released to the market:

"The suspension of trading in the securities of Golden Cross Resources Ltd ('GCR') will be lifted from the commencement of trading on Friday, 18 February 2022, following the release by GCR of an announcement regarding the completion of a capital raising and confirmation of satisfaction of ASX's conditions for reinstatement."

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration to the Directors as required under Section 307C of the *Corporations Act 2001* is set out on page 5.

Rounding

The Company is of a kind referred to in ASIC Corporations Instrument 2016/191 issued by the Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the Directors' Report and Financial Report. Amounts in the Directors' Report and Financial Report have been rounded off to the nearest thousand dollars in accordance with that Corporations Instrument.

Signed in accordance with a resolution of the Board of Directors.

For the half-year ended 31 December 2021

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Golden Cross Resources Ltd (“Golden Cross”, the “Company”) is a company domiciled in Australia. The consolidated interim financial report of the Company as at and for the half-year ended 31 December 2021 comprises the Company and its controlled entities (together referred to as the “Consolidated Entity”).

Basis of preparation

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Consolidated Entity as the full financial report.

The half-year financial report should be read in conjunction with the annual financial report of the Company as at 30 June 2021.

It is also recommended that the half-year financial report be considered together with public announcements made by the Company during the half-year ended 31 December 2021 in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001*.

The half-year financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001*, AASB 134 “Interim Financial Reporting” and other mandatory professional reporting requirements.

The half-year financial report has been prepared on an historical cost basis. The carrying value of financial assets and financial liabilities is materially the same as the fair value. The half-year financial report is presented in Australian dollars.

The Company is of a kind referred to in ASIC Corporations Instrument 2016/191 issued by the Australian Securities and Investments Commission, relating to the “rounding off” of amounts in the Directors’ Report and Financial Report. Amounts in the Directors’ Report and Financial Report have been rounded off to the nearest thousand dollars in accordance with that Instrument.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

This consolidated interim financial report was approved by the Board of Directors on 15 March 2022.

Going Concern

The Consolidated Entity is involved in the exploration and evaluation of mineral tenements. Further expenditure will be required upon these tenements to ascertain whether they contain economically recoverable reserves.

For the half-year ended 31 December 2021, the Consolidated Entity reported a net loss of \$643,000 (31 December 2020: \$493,000) and net operating cash outflows of \$246,000 (31 December 2020: \$200,000) The operating cash outflows and investment activities have been funded by cash reserves.

As at 31 December 2021, the Consolidated Entity had current liabilities of \$526,000 (30 June 2021: \$5,549,000) and cash reserves of \$1,241,000 (30 June 2021: \$50,000). The repayment terms of the current liabilities were adjusted thus reclassifying the amounts from current to non-current during the half-year ended 31 December 2021. The Company has raised new equity capital of \$1,516,415 in February 2022

Golden Cross Resources Ltd and its Controlled Entities

For the half-year ended 31 December 2021

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Going Concern (continued)

The Consolidated Entity has exploration commitments over the next 12 months from 1 January 2022 totalling \$455,000 per Note 8. The balance of the cash reserves together with the new capital raised in February 2022 are sufficient to meet the Consolidated Entity's exploration activities, commitments, and operating and administrative expenditure for the next 12 months. Having regards to the above the financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. To continue as a going concern, the Consolidated Entity may require additional funding to be secured from sources including but not limited to:

- a further equity capital raising;
- the continued support of current shareholders;
- the ability to successfully develop and extract value from its projects; and
- the sale of its interest in exploration projects.

Having carefully assessed the uncertainties relating to the likelihood of securing additional funding, the Consolidated Entity's ability to effectively manage their expenditures and cash flows from operations and the opportunity to farm out participating interests in existing permits, the Directors consider it appropriate to prepare the financial statements on a going concern basis.

In the event that the assumptions underpinning the basis of preparation do not occur as anticipated, there is a material uncertainty whether the Consolidated Entity will continue to operate as a going concern. If the Consolidated Entity is unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements.

No adjustments have been made to the financial report relating to the recoverability and classification of the asset carrying amounts or the classification of liabilities that might be necessary should the Consolidated Entity not continue as a going concern.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its controlled entities.

The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

All intercompany balances and transactions, income and expenses and profit and losses resulting from intra-Consolidated Entity transactions have been eliminated in full.

Subsidiaries are fully consolidated from the date on which control is transferred to the Consolidated Entity and cease to be consolidated from the date on which control is transferred out of the Consolidated Entity.

6. SEGMENT REPORTING

The operating segments are reviewed and managed by the executive team based on the costs incurred for each exploration tenement throughout the reporting period, which are capitalised to operating segment assets. The operating segments identified by the executive team are based on areas of interest. Expenditure incurred and capitalised for the tenement areas are disclosed in Note 7.

No segment revenues are disclosed within the current financial report as each exploration tenement is not at a stage where revenues have been earned.

Expenses included in the statement of comprehensive income which have not been capitalised to operating segment assets are unallocated as they are not considered part of the core operations of any segment.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF

GOLDEN CROSS RESOURCES LIMITED

Report on the Review of the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year consolidated financial report of Golden Cross Resources Limited ("the Company") and the entities it controlled ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion - Emphasis of matter

Without modifying our opinion, we draw attention to Note 1 in the half-year financial report, which indicates the Group's lack of available funds to settle exploration expenditure as well as operating and administrative expenditure. The Group further has borrowing repayment commitments in excess of available funds to settle said commitments. Although the repayment terms were extended post year and additional funds were obtained through a capital raise, these conditions, indicate the existence of a material uncertainty about the Group's ability to continue as a going concern and therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the consolidated half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
