Global Equity Fund performance is the performance of the unlisted class of units and may be a useful reference point for the newer quoted class of units in the Fund. However, you should be aware that the quoted class of units in the Fund is new and has limited performance history. The past performance for the unlisted class of units in the Global Equity Fund is NOT the past performance of the Quoted Managed Fund.

The Manager applies a strategy for the Fund which replicates the strategy of the Composite.
