QV Equities (ASX: QVE) was listed in 2014 with the objective of providing shareholders with a portfolio of companies that sit outside the top 20 of the Australian Stock Exchange, selected by Investors Mutual based on their 'quality and value' investment philosophy.

The QVE portfolio aims to deliver consistent returns to investors through the growth of the underlying net tangible assets (NTA) of the company and through the provision of a consistent and growing fully franked dividend over time.
