- (b) are not located in US and are not a US Person or acting for the account of or benefit of a person in US or a US Person,

**(Eligible Shareholders).**

Shareholders who are not Eligible Shareholders are Ineligible Shareholders.

The Company has decided that it is unreasonable to make offers under the Offer to Shareholders who have a registered address outside Australia and New Zealand having

regard to the number of such holders in those places, the number and the value of the Offer Shares that they would be offered, and the costs of complying with the relevant legal and regulatory requirements in those places. The Company reserves the right in its absolute discretion to offer the Entitlement Offer to a Shareholder with an address in the Company's share register outside Australia or New Zealand if the Company is satisfied that it is not precluded from lawfully issuing Offer Shares to that Shareholder either unconditionally or after compliance with conditions which the Directors in their sole discretion regard as acceptable.

Shareholders with a registered address in New Zealand must note the selling restrictions set out in Section 4.17 of this Offer Document.

Eligible Shareholders will receive a personalised Entitlement and Acceptance Form setting out their Entitlement which will accompany the copy of this Offer Document sent to them.

Shareholders who are not Eligible Shareholders, will not be entitled to participate in the Offer or to subscribe for Offer Shares.

#### **4.6 Optionholders**

Optionholders will not be able to participate in the Offer unless they:

- (a) have become entitled to exercise their existing Options under the terms of their issue and do so, so they are registered as holders of Shares prior to the Record Date; and
- (b) participate in the Offer as a result of being an Eligible Shareholder and a holder of Shares registered on the register of the Company at the Record Date.

#### **4.7 Rights attaching to Shares**

Shares issued pursuant to the Offer will be fully paid and rank equally with all other issued Shares, including in respect of dividends.

The rights attaching to Shares are set out in the Constitution and are regulated by the Corporations Act, the ASX Listing Rules and general law.

#### **4.8 Non-renounceable offer**

The rights to Offer Shares are non-renounceable. Accordingly, there will be no trading of rights on the ASX (or any other exchange) and you may not dispose of your rights to subscribe for Offer Shares to any other party. If you do not take up your Entitlement to Offer Shares by the Closing Date, the Offer to you will lapse, you will receive no benefit and your interest in the Company may be diluted.

#### **4.9 Acceptance**

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form.

The number of Offer Shares to which Eligible Shareholders are entitled (your Entitlement) is shown on your personalised Entitlement and Acceptance Form.

If you do not take up your Entitlement in full, then your percentage holding in the Company will be diluted.

You may participate in the Offer as follows:

- (a) if you wish to take up your Entitlement in **full** and, if you do so, also **apply for Additional Shares** (refer to section 4.12 of this Offer Document);
  - (i) apply for your full Entitlement for Offer Shares and the Additional Shares you wish to apply for (being more than your Entitlement as specified on the Entitlement and Acceptance Form). You will need to provide your

Securityholder Reference Number (**SRN**) or Holder Identification Number (**HIN**) and postcode to access the online application system and follow the instructions provided including making payment by BPAY® or EFT. You will be deemed to have applied for that number of Additional Shares which in aggregate with your Entitlement is covered in full by your Application Monies. In order to participate in the Shortfall Offer and subscribe for Additional Shares, you must also apply for your Entitlement in full; and

- (ii) arrange payment by BPAY® or EFT as instructed for the appropriate Application Monies for your Entitlement of Offer Shares plus the number of Additional Shares you have applied for (at \$0.02 (2 cents) per Offer Share and Additional Share);
- (b) if you wish to take up your Entitlement in **full** without applying for Additional Shares;
  - (i) apply for your full Entitlement for Offer Shares. You will need to provide your SRN or HIN and postcode to access the online application system and follow the instructions provided including making payment by BPAY® or EFT; and
  - (ii) arrange payment by BPAY® or EFT as instructed for the appropriate Application Monies for your Entitlement of Offer Shares you have applied for (at \$0.02 (2 cents) per Offer Share);
- (c) if you wish to take up **part**, but not all of your Entitlement;
  - (i) apply for the number of Offer Shares you wish to subscribe for. You will need to provide your SRN or HIN and postcode to access the online application system and follow the instructions provided including making payment by BPAY® or EFT; and
  - (ii) arrange payment by BPAY® or EFT as instructed for the appropriate Application Monies for the number of Offer Shares you have applied for (at \$0.02 (2 cents) per Offer Share); or
- (d) if you do not wish to accept all or part of your Entitlement, you are not obligated to do anything in response to the Offer.

Payment by cheque or cash will not be accepted.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

#### **4.10 Implications of an acceptance**

The payment of any Application Monies by BPAY® or EFT will be taken by the Company to constitute a representation by you that:

- (a) you have received a copy of this Offer Document and the accompanying Entitlement and Acceptance Form, and read them both in their entirety;
- (b) such payment constitutes a binding and irrevocable offer to apply for Offer Shares (plus any Additional Shares) on the terms and conditions set out in this Offer Document and/or the Entitlement and Acceptance Form and, once lodged or paid, cannot be withdrawn; and
- (c) you acknowledge that once the Entitlement and Acceptance Form is returned or a BPAY® payment or an EFT payment instruction is given in relation to any Application Monies, the Application may not be varied or withdrawn except as required by law.

#### 4.11 Payment by BPAY® and EFT

For payment by BPAY® or EFT, please follow the instructions on the Entitlement and Acceptance Form. Please note that by paying by BPAY® or EFT:

- (a) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance;
- (b) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Offer Shares which is covered in full by your Application Monies; and
- (c) if you pay more than is required to subscribe for your Entitlement, you will be taken to have applied for Additional Shares (if any) under the Shortfall Offer, to the extent of the excess.

It is your responsibility to ensure that your BPAY® or EFT payment is received by the Share Registry by no later than 5.00 pm (AEST) on the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment. Any Application Monies received for more than your final allocation of Offer Shares (including any Additional Shares) (only where the amount is \$1.00 or greater) will be refunded. No interest will be paid on any Application Monies received or refunded.

Payment by cheque or cash will not be accepted.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

#### 4.12 Shortfall Offer

The Entitlement Offer also comprises a shortfall facility (**Shortfall Offer**) under which Eligible Shareholders who have subscribed for their Entitlement in full may apply for Offer Shares attributable to Entitlements not taken up by Eligible Shareholders and Offer Shares that would have been offered to Ineligible Shareholders if they had been entitled to participate in the Offer (**Additional Shares**). Please refer to section 4.9(a) of this Offer Document for further information as to how to apply for Additional Shares above your Entitlement.

Any Additional Shares will be limited to the extent that there are sufficient Offer Shares from Eligible Shareholders who do not take up their full Entitlements or from Offer Shares that would have been offered to Ineligible Shareholders if they had been entitled to participate in the Offer.

It is possible that there will be few or no Additional Shares available, depending on the level of acceptance of Entitlements by Eligible Shareholders and allocations made by the Company. There is therefore no guarantee that in the event that Additional Shares are available for issue, they will be allocated to all or any of the Eligible Shareholders who have applied for them.

The Company's decision as to the number of Additional Shares to be allocated to you will be final and binding. The Company may issue to an Applicant a lesser number of Additional Shares or not proceed with the issuing of all or part of the Additional Shares. If the number of Additional Shares is less than the number applied for, surplus Application Monies will be refunded without interest.

#### 4.13 Placement of Shortfall

If there is a shortfall of Entitlements and/or Additional Shares after completion of the Entitlement Offer (and the Shortfall Offer) (**Shortfall**), the Company reserves the right to place any Shortfall with any professional or sophisticated investors who may elect to subscribe for Offer Shares. Any Shortfall must be issued within 3 months of the Closing Date and at a price per Offer Share that is no less than the Offer Price.

The Directors reserve the right to issue any Shortfall at their discretion.

#### **4.14 ASX Quotation**

Application for Official Quotation of the Shares offered pursuant to this Offer Document will be made in accordance with the timetable set out in section 1.2 of this Offer Document.

The fact that ASX may grant Official Quotation of the Shares is not to be taken in any way as an indication of the merits of the Offer or an interest in the Company.

#### **4.15 Allotment**

Shares issued pursuant to the Offer will be allotted in accordance with the ASX Listing Rules and timetable set out in section 1.2 of this Offer Document.

Additional Shares issued will be allotted on a progressive basis. Where the number of Shares issued is less than the number applied for, or where no allotment is made, surplus Application Monies will be refunded (without interest) as soon as practicable after the closing date of the Offer.

Pending the allotment and issue of the Shares or payment of refunds under this Offer Document, all Application Monies will be held by the Company in trust for the Investor in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Investor waives the right to claim interest.

Holding statements for Offer Shares and the Additional Shares will be mailed in accordance with the ASX Listing Rules.

#### **4.16 Offer Document and the Corporations Act**

This Offer Document is issued pursuant to section 708AA of the Corporations Act without disclosure to investors under Part 6D.2 of the Corporations Act.

Accordingly, neither this Offer Document nor the Entitlement and Acceptance Form are required to be lodged or registered with ASIC and no prospectus for the Offer will be prepared. In general terms, section 708AA permits certain companies to undertake rights issues without being required to use or provide to shareholders with a prospectus or other disclosure document. Accordingly, the level of disclosure in this Offer Document is significantly less than the level of disclosure required in, and what you would ordinarily expect in, a prospectus.

In accordance with the conditions imposed on the Company by section 708AA of the Corporations Act, the Company provided ASX with a notice that complied with the requirements of section 708AA(7) on 25 May 2022. The notice was required to:

- (a) set out information that had been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules and that Investors and their professional advisers would reasonably require, and would reasonably expect to find in a disclosure document, for the purpose of making an informed assessment of:
  - (i) assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
  - (ii) the rights and liabilities attaching to the Shares offer under this Offer Document; and
- (b) state the potential effect of the issue of the Shares offer under this Offer Document on the control of the Company and the consequences of that effect.

This Offer Document does not constitute an offer in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer. No action has been taken to register or qualify the Offer, the Offer Document or the Offer Shares, or otherwise permit the public offering of the Offer Shares, in any jurisdiction other than Australia.

The distribution of this Offer Document (including an electronic copy) outside Australia, New Zealand and may be restricted by law. If you come into possession of this Offer Document, you should observe such restrictions and should seek your own advice on such restrictions.

Return of a duly completed Entitlement and Acceptance Form will be taken by the Company to constitute a representation that there has been no breach of those regulations.

Any non-compliance with these restrictions may contravene applicable securities laws.

##### **New Zealand**

The Offer Shares are not being offered or sold to the public within New Zealand other than to existing Shareholders of the Company with registered addresses in New Zealand to whom the Offer of Offer Shares is being made in reliance on the transitional provisions of the *Financial Markets Conduct Act 2013* (New Zealand) and the *Financial Markets Conduct (Incidental Offers) Exemption Notice 2016* (New Zealand).

#### **4.18 Enquiries**

Any questions concerning the Offer should be directed to the Company Secretary on +61 2 8072 1400.

## 5. Purpose and effect of the Offer

---

### 5.1 Use of funds raised

Completion of the Offer will result in an increase in cash at hand of the Company of up to approximately \$6.34 million (before the payment of the costs associated with the Offer).

The Company intends to apply the funds raised under the Offer and the proceeds of the Placement (approximately \$6.69 million in total) towards undertaking product and technology development and for general working capital purposes.

The above statement is a statement of current intentions as at the date of this Offer Document. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied.

### 5.2 Effect of the Offer

The principal effect of the Offer will be to:

- (a) increase the cash reserves and issued capital by up to approximately \$6.34 million immediately after completion of the Offer and prior to deducting the estimated expenses of the Offer; and
- (b) increase the total number of Shares on issue from 299,620,111 by up to 317,013,284 Shares, such that there will be approximately 634,026,568 Shares on issue following completion of the Offer and factoring in the issue of the Placement Shares (and consequential Entitlements of the holder of the Placement Shares).

Please see section 5.3 of this Offer Document for further details.

### 5.3 Effect on Share capital structure

The effect of the Offer on the Share capital structure of the Company, assuming all Offer Shares are issued and no Options are exercised, is set out below.

Shares	Number
Shares on issue as at date of Offer Document	299,620,111
Placement Shares to be issued under the Placement	17,393,173
<b>Shares on issue as at Record Date</b>	<b>317,013,284</b>
Offer Shares offered pursuant to the Offer	317,013,284
<b>Total Shares on issue after completion of the Offer</b>	<b>634,026,568</b>

### 5.4 Possible dilutive effect

The dilutionary effect of the Offer on your shareholding will depend on whether you are an Eligible Shareholder and if so, whether you elect to subscribe for some or all of your Entitlement.

If all Eligible Shareholders take up all of their Entitlements under the Offer, Eligible Shareholders will hold the same percentage interest in the Company as they did immediately prior to completion of the Offer.

However, to the extent that any Shareholder fails to take up their full Entitlement to Offer Shares under the Offer, or is an Ineligible Shareholder that is unable to participate in the Offer, that Shareholder's percentage holding in the Company will be diluted.

Please refer to Section 5.5 of this Offer Document for detail of the effect of the Offer on voting power in the Company.

## 5.5 Effect of Offer on Voting Power in the Company

As the acquisition of Shares under the Offer and Shortfall Offer does not satisfy the requirements of exception 10 in section 611 of the Corporations Act, no person will be entitled to acquire Offer Shares pursuant to the Offer or Shortfall Offer if to do so would result in their, or another person's, Voting Power in the Company increasing from 20% or below to more than 20%, or from a starting point above 20% to below 90%, unless an exception to the restrictions contained in section 606 of the Corporations Act applies.

Accordingly, while there are no applicable exceptions to the restrictions contained in section 606 of the Corporations Act, in light of the size of the Offer, the Offer is not expected to have any material effect or consequence on the control of the Company.

Details of the control implications are set out below.

Shareholders should note that if they do not participate in the Offer, then following completion of the Offer, their Voting Power could be diluted. Further, the impact of both the Offer and the Placement may result in a dilution of their Voting Power of up to approximately 52%. Examples of how the dilution may impact Shareholders are set out below.

The below table assumes that:

- the Placement Shares are placed in accordance with the firm commitments received by the Company;
- no Shares are issued before the Record Date, whether as a result of the exercise of Options or otherwise; and
- those Entitlements not accepted are placed as Additional Shares.

Holder	Record Date		Entitlement	Post-Offer and Placement

	Shares	%	Shares	%

## 6. Risk factors

---

### 6.1 Introduction

An investment in the Company is not risk free and should be regarded as speculative.

There are specific risks which relate directly to the Company's activities. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed and do not take into account the individual circumstances of Shareholders.

The Directors strongly recommend potential Investors to consider the risk factors described below, together with information contained elsewhere in this Offer Document and consult with their professional advisers before deciding whether to apply for Shares under this Offer Document.

### 6.2 Specific risks

(a) **Growth and profitability dependent on active community**

The Company's future growth and profitability is dependent upon consumers and retailers utilising the marketplace. If retailers do not renew their subscriptions or consumers do not purchase products, this will affect financial performance.

(b) **Customer growth**

The Company's revenues depend upon attracting and retaining customers to its platform. A decline in traffic coming to the BikeExchange platform or the rate of conversion could adversely impact on its financial performance and operations.

(c) **Fraud perpetrated and fictitious transactions**

The Company may face fraudulent activities on the marketplace resulting in goods or payment not being received by buyers or sellers. Negative publicity or user sentiment generated as a result could severely diminish consumer confidence and impact business engagement and performance

(d) **Platform Risks**

The BikeExchange platform is critical to attracting and retaining customers and maximising sales conversion. Any irrecoverable loss would incur a financial cost. Further, if there is a disruption in hosting services, the BikeExchange platform may not be accessible to users.

(e) **Reliance on third party technology providers**

The BikeExchange platform and other information technology systems are all hosted on servers owned by third party providers. Thus, the platform may experience interruptions from system failures, service outages or similar, resulting in delays or unavailability. The Company's service offering may also become outdated or obsolete through the introduction of superior technology and/or product offerings.

(f) **Cybersecurity and data protection**

The Company Collects and holds a large amount of personal information about its sellers and customers. The Company's systems may fail or be subject to disruption as a result of external threats or system errors. This could result in reputational

damage, a loss of system integrity and/or breach of the Company's obligations under applicable privacy laws.

(g) **Intellectual property**

The commercial value of the Company's intellectual property is dependent in part on operational procedures to maintain confidentiality. The Company's intellectual property may be compromised by breach or misappropriation by an employee or a third party gaining insights or developing competitive technology.

Third parties may claim that the technology used in the operation of the Company's platform infringes on their intellectual property rights. The Company may become the subject of a claim that results in litigation or a dispute, which in turn, may result in high legal costs.

(h) **Competition**

Existing competitors or new entrants in the market may increase the competitive landscape and in turn, erode the Company's revenue and market share. The Company may be unable to respond to such competitive pressures which in turn will adversely impact the Company's operational and financial performance.

(i) **Acquisitions or strategic partnerships**

The Company may not be successful in identifying attractive opportunities. There is also a risk that the Company will not successfully integrate new businesses or assets into its existing operations in a timely manner, or that new businesses or assets do not result in the benefits anticipated.

(j) **Key personnel**

The departure of key personnel, or a shortage of skilled employees with adequate expertise, could adversely affect the business and/or its future ability to pursue its growth strategies, as under-resourcing can cause development delays and reduce the speed at which the Company is able to deliver new features or enhancements to the market.

(k) **Challenges in expanding cross-border operations**

As the Company plans to continue expanding its cross-border operations into existing and new markets, there is a risk that the Company may face challenges (including legal or regulatory) in which it has limited or no experience in dealing with. The Company may be unable to anticipate competitive conditions or could face other difficulties in attracting a sufficient number of retailers and consumers in those new markets.

(l) **Foreign exchange rate fluctuation**

As the Company has operations in various jurisdictions, the revenues of entities in the BikeExchange group are collected in different currencies. This exposes the Company to fluctuations in exchange rates, which is beyond the Company's control. This could adversely impact the profitability of the Company's foreign operations.

(m) **Marketplacer contractual risk**

As the Company licences its platform from Marketplacer and relies on Marketplacer for the provision of certain services to operate the platform, there is a risk that should these services not be available then the Company will have difficulty operating until such time as that technology and services were replaced.

## 6.3 General risks

### (a) General market and share price risks

There are general risks associated with any investment in the share market. The price of Shares may increase or decrease due to a number of factors. Those factors include fluctuations in domestic or global financial markets and general economic conditions, including interest rates, inflation rates, exchange rates, commodity and oil prices, changes to government fiscal, monetary or regulatory policies, legislation or regulation, the removal or inclusion of the Company from market indices, and the nature of markets in which the Company operates.

### (b) Tax and accounting

Australian accounting standards and tax laws (including GST and stamp duty taxes), or the way they are interpreted, are subject to change from time to time, which may impact the Company's financial position or performance.

### (c) Dividends

There are a range of factors that determine the payment of dividends on Shares. These include the profitability of the business, its cash reserves, future capital requirements and obligations under debt facilities. The Board will determine any future dividend levels based upon its operating results and financial standing at the time. There is no guarantee that any dividend will be paid by the Company.

### (d) Litigation

Legal proceedings and claims may arise from time to time in the ordinary course of the Company's business and may result in high legal costs, adverse monetary judgments and/or damage to the Company's reputation which could have an adverse impact on the Company's financial position or performance and the price of its shares.

### (e) Forward-looking information

The forward-looking statements, opinions and estimates provided in this document rely on various contingencies and assumptions. Various factors and risks, both known and unknown, many of which are outside the control of the Company, may impact upon the performance of the Company and cause actual performance to vary significantly from expected results. There can be no guarantee that the Company will achieve its stated objectives or that forward-looking statements or forecasts will provide to be accurate.

### (f) Additional requirements for capital

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offer. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and may be prevented from progressing the commercialisation of its technology. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.

### (g) Speculative investment

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial

performance of the Company and the value of the securities offered under this Offer Document.

Therefore, the Shares to be issued pursuant to this Offer Document carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities.

Potential investors should consider that an investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for securities pursuant to this Offer Document.

#### **6.4 Other risks**

For further information in relation to other risks which might affect the Company, please refer to the Company's 2021 Annual Report announced to market on 27 August 2021.

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) and is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports. The Company is required to disclose to ASX any information of which it is or becomes aware concerning the Company and which a reasonable person would expect to have a material effect on the price or value of the Company's securities.

This Offer Document is issued pursuant to section 708AA of the Corporations Act without disclosure to investors under Part 6D.2 of the Corporations Act.

This Offer Document is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus or other disclosure document that is required to satisfy the Corporations Act. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquiries as are reasonable, the Company believes that it has complied with the general and specific requirements of the ASX Listing Rules as applicable from time to time throughout the three months before the issue of this Offer Document which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market operated by ASX.

#### **7.4 Financial forecasts**

The Directors have considered the matters set out in ASIC Regulatory Guide 170 and believe that they do not have a reasonable basis to forecast future earnings on the basis that the operations of the Company are inherently uncertain. Accordingly, any forecast or projection information would contain such a broad range of potential outcomes and possibilities that it is not possible to prepare a reliable best estimate forecast or projection.

#### **7.5 Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship**

The Company currently operates an electronic issuer-sponsored register and an electronic CHES sub-register. The two sub-registers together will comprise the Company's register of Shares.

The Company will not issue certificates for Shares. Investors who are allotted Shares under this Offer Document will be provided with a transaction confirmation statement which sets out the number of Shares allotted to the Investor. Investors who elect to hold Shares on the issuer-sponsored sub-register will be provided with a holding statement (similar to a bank account statement) which sets out the number of Shares allotted to the Shareholder under this Offer Document. For Investors who elect to hold their Shares on the CHES sub-register, the Company will issue an advice that sets out the number of the Shares allotted to the Investor under this Offer Document. At the end of the month of allotment, CHES, acting on behalf of the Company, will provide those Shareholders with a holding statement that confirms the number of Shares held and any transactions during that month.

A holding statement (whether issued by CHES or the Company) will also provide details of the applicable Holder Identification Number in case of a holding on the CHES sub-register or Reference Number in case of a holding on the issuer-sponsored sub-register. Following distribution of these initial holding statements, a holding statement will also be provided to each Shareholder at the end of any subsequent month during which the balance of that Shareholder's holding of securities in the Company changes.

A Shareholder may request a holding statement at any other time. However, a charge may be imposed by the Share Registry for additional statements.

#### **7.6 Privacy Act**

If you complete an application for Shares, you will be providing personal information to the Company (directly or by the Share Registry). The Company collects, holds and will use that information to assess your Application, service your needs as a holder of equity securities in the Company, facilitate distribution of payments and corporate communications to you as a Shareholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Share Registry.

You can access, correct and update the personal information that we hold about you. Please contact the Company or the Share Registry if you wish to do so at the relevant contact numbers set out in this Offer Document.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the *Privacy Act 1988* (Cth), the Corporations Act and certain rules such as the ASX Settlement Operating Rules. You should note that if you do not provide the information required on the Application for Shares, the Company may not be able to accept or process your Application.

If you do not provide the information required on the Entitlement and Acceptance Form, the Company may not be able to accept or process the Application.

#### **7.7 Rights issue exception not available**

No nominee has been appointed for Ineligible Shareholders under section 615 of the Corporations Act and, as such, Eligible Shareholders will not be able to rely on the exception for rights issues in Item 10 of Section 611 of the Corporations Act. Accordingly, when an Eligible Shareholder applies for some or all of their Entitlement, they must have regard to section 606 of the Corporations Act. Eligible Shareholders who may be at risk of exceeding the 20% Voting Power threshold in section 606 as a result of acceptance of their Entitlement or subscribing for Additional Shares pursuant to the Shortfall Offer should seek professional advice before completing and returning the Entitlement and Acceptance Form.

#### **7.8 Litigation**

Except as previously disclosed to ASX, so far as the Company is aware, there are no legal or arbitration proceedings, active or threatened against, or being brought by, the Company which may have a material effect on the Company's financial position.

#### **7.9 No cooling-off rights**

Cooling-off rights do not apply to an investment in Offer Shares. You cannot, in most circumstances, withdraw your Application once it has been accepted.

#### **7.10 Alteration of terms**
