Dated 2 June 2022

This Final Terms Sheet ("**Terms Sheet**") sets out the key terms of the offer ("**Offer**") by Infratil Limited ("**Infratil**") of re-setting fixed rate bonds maturing on 15 June 2030 ("**Infrastructure Bonds**"). The Infrastructure Bonds will be issued under the programme trust deed dated 11 November 1999 (as amended or amended and restated from time to time) between Infratil and Trustees Executors Limited as supplemented by a series supplement dated 26 May 2022 (together, "**Trust Deed**"). Unless the context requires otherwise, capitalised terms used in this Terms Sheet have the same meaning given to them in the Trust Deed. This Terms Sheet is an "Issue Flyer" for the purposes of the Trust Deed.

Important Notice

The Offer by Infratil is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 ("**FMCA**").

The Offer contained in this Terms Sheet is an offer of Infrastructure Bonds that have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as:

- Infratil's bonds maturing on 15 December 2029, which have a current interest rate of 4.19% per annum (rate reset on 15 December 2020 and annually thereafter) and which are currently quoted on the NZX Debt Market under the ticker code IFTHC;

Accordingly, the Infrastructure Bonds are the same class as the Quoted Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Infratil is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited ("**NZX**") for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/IFT.

The Quoted Bonds are the only debt securities of Infratil that are currently quoted and in the same class as the Infrastructure Bonds that are being offered.

Investors should look to the market price of the Quoted Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds.

Infratil has the right in its absolute discretion and without notice to close the Offer early, to add additional Issue Dates, to extend the Closing Date, to increase the amount of oversubscriptions, or to choose not to proceed with the Offer.

Base Rate:

The 4-year mid-market rate for a New Zealand dollar interest rate swap:

- (a) determined by Infratil in consultation with the Arranger (identified below) on the Rate Set Date; and
 - (b) determined by Infratil at 11.00am on the Rate Reset Date,
- in accordance with market convention with reference to Bloomberg page ICNZ4 (or any successor page), in each case expressed on a quarterly basis and rounded to two decimal places, if necessary, with 0.005 being rounded up.

**Interest Rate Structure and Risk
Considerations:**

The Infrastructure Bonds have an 8 year term. However, the Interest Rate will be set for two separate periods of 4 years each, with:

- the first fixed rate period being from (and including) the Issue Date to (and including) the Rate Reset Date; and
- the second fixed rate period being from (but excluding) the Rate Reset Date to (and including) the Maturity Date.

The Minimum Interest Rate will only be relevant to the first fixed rate period.

Before investing in Infrastructure Bonds investors should consult their financial adviser about this feature and the related risk that the interest rate for the second fixed rate period (the Reset Interest Rate) may be lower than the interest rate for the first fixed rate period (the Initial Interest Rate).

Interest Payment Dates:

15 March, 15 June, 15 September and 15 December of each year until and including the Maturity Date (commencing on 15 June 2022). Although the first Interest Payment Date is 15 June 2022, because that is the same date as the Issue Date, no interest will have accrued and no interest will be payable on that date. The first date on which interest will be paid on the Infrastructure Bonds is 15 September 2022.

Interest Payments:

Other than for the first Interest Payment Date (on which no interest will be paid), Infratil will pay interest in arrear in equal amounts on each Interest Payment Date.

In addition, if the Infrastructure Bonds are redeemed on a day that is not an Interest Payment Date (see "Right to Redeem Early" and "Early Redemption Events" below), the amount of interest that will be payable to you will be adjusted to reflect the number of days in the interest period in which the interest accrued.

First Interest Payment:

As noted above, although the first Interest Payment Date is 15 June 2022, because that is the same date as the Issue Date, no interest will have accrued and no interest will be payable on that date. The first date on which interest will be paid on the Infrastructure Bonds is 15 September 2022. Interest paid on 15 September 2022 on each Infrastructure Bond will be paid to the Holder of the Infrastructure Bond on the Record Date for that payment (being 5 September 2022).

**Interest Suspension and
Dividend Stopper:**

Infratil may suspend the payment of interest where an Interest Suspension Event exists. If the payment of interest is suspended:

- (a) interest will continue to accrue (without compounding) and will be paid by Infratil when the Interest Suspension Event ceases to exist; and
- (b) Infratil will not pay or make any distribution to shareholders or provide any financial assistance for the acquisition of shares in Infratil.

Interest Suspension Events:

In summary, an Interest Suspension Event may occur if:

- (a) the interest payment would be likely to breach the solvency test in section 4 of the Companies Act 1993;
- (b) the interest payment would be likely to result in a breach of the terms or conditions of other financial indebtedness incurred by Infratil or certain of its subsidiaries; or
- (c) the interest payment would be likely to result in a breach of any other legal obligation by Infratil or certain of its subsidiaries.

Right to Redeem Early:

Infratil has the right to redeem all or some of the Infrastructure Bonds prior to the Maturity Date by giving you no less than 5 Business Days' notice. Infratil may not exercise this right if:

- (a) the Supervisor has declared the Infrastructure Bonds due and payable because an event of default as described in clause 8.1 of the Trust Deed exists; or
- (b) the notice of early redemption is given at a time on or after the day falling 25 Business Days before the Maturity Date.

You have no right of early redemption except following an Early Redemption Event.

Redemption Price:

Redemption on the Maturity Date or following an Early Redemption Event

Each Infrastructure Bond redeemed on the Maturity Date, or earlier following an Early Redemption Event, will be redeemed at an amount equal to its Face Value less all withholding tax or deductions required to be made.

Early Redemption

If an Infrastructure Bond is redeemed early due to Infratil exercising its right to redeem early, it will be redeemed at an amount equal to the greater of:

- (a) its Face Value plus accrued but unpaid interest; and
- (b) the current market price of the Infrastructure Bonds (determined in accordance with clause 6.1(l)(ii) of the Trust Deed),

in each case less all withholdings or deductions required to be made.

Early Redemption Events:

In summary, an Early Redemption Event may occur if:

- (a) an event of default as described in clause 8.1 of the Trust Deed occurs; or
- (b) certain takeover offers are made in respect of the shares in Infratil.

In general terms, the events of default include non-payment for 14 days or more and the occurrence of certain insolvency related events in relation to Infratil.

Liabilities to Assets Covenant:

Infratil has agreed for the benefit of Bondholders that, on the last day of each financial year and financial half-year of Infratil (and in certain other circumstances), Borrowed Money Indebtedness of the Issuer Group (being Infratil and its 100% owned subsidiaries) will not exceed 50% of Tangible Assets of Infratil and its subsidiaries as at that date.

Ranking of Infrastructure Bonds:

The Infrastructure Bonds are unsecured and unsubordinated debt obligations of Infratil. This means that in a liquidation of Infratil your rights and claims as a Bondholder:

- (a) will rank **after** the claims of (i) secured creditors of Infratil (if any), and (ii) creditors of Infratil who are preferred by law (e.g. the Inland Revenue Department in respect of unpaid tax);
- (b) will rank **equally** with the claims of all other unsecured, unsubordinated creditors of Infratil; and
- (c) will rank in priority to the claims of (i) subordinated creditors of Infratil (if any) (being creditors who have agreed to accept a lower priority in respect of their claims in a liquidation of Infratil), and (ii) shareholders.

Infratil is a holding company with investments in various companies. **Bondholders have no claims against, or recourse to the assets of, any of those companies.**

Infratil's ability to make timely payments on the Infrastructure Bonds is dependent on the returns it receives from its investments, its capital structure and the quality of its management.

In a liquidation of the Infratil group, creditors of Infratil's subsidiaries and associates (including lenders) would have a prior claim to the assets of those companies ranking ahead of the claim of Infratil's liquidator (claiming as shareholder in the companies). Only the residual assets of the companies, after the claims of the companies' creditors have been satisfied, would be available to Infratil's liquidator and therefore Infratil's creditors (including Bondholders).

No Guarantee:

The Infrastructure Bonds are not guaranteed by any member of the Infratil group or any other person.

Issue Price:

\$1.00 per Infrastructure Bond (being the Face Value).

No subscription moneys are payable by a Bondholder for Infrastructure Bonds allotted under the Exchange Offer.

Face Value:

\$1.00 per Infrastructure Bond.

Minimum Application Amount:

Infrastructure Bonds having a Face Value of \$5,000 and multiples having a Face Value of \$1,000 thereafter (unless a holder of 2022 Bonds is exchanging all of their 2022 Bonds).

ISIN:

NZIFTD0320L8

Business Day:

A day on which NZX is open for trading. If any Interest Payment Date or the Maturity Date falls on a day that is not a Business Day, the due date for the payment to be made on that date will be on the immediately preceding Business Day, but the amount paid will not be adjusted.
