**Table 3 – for intermediaries**

The following table is provided to assist investors who are intermediaries with their non-resident withholding tax calculations in respect of amounts they have been paid. As the funds are AMITs for tax purposes for this financial year the amount that is attributable to resident investors for income tax purposes is not necessarily the same as the amounts paid. Do not use the amounts from the following table for income tax attribution for residents. The components not relevant to withholding tax have been provided in the table based on feedback that this is system requirement for many users. Enquiries about income tax attribution data for residents can be made at [operations@vaneck.com.au](mailto:operations@vaneck.com.au).
