| | 8.8.1 | Does the entity expect that it will continue to have the current cash flows for the time being and, if not, why not? | t level of net operating | |
| | Answer: No, the Company's exploration-based expenditures are variable by nature and are adjusted to fit the Company's available funds as required from time to time. The Company deliberately has flexibility built into its forward work programs, and spending commitments will not be made without certainty of the Company's ability to meet those commitments when they fall due. The Company is seeking a JV / funding partner for several projects providing suitable terms are able to be obtained. | | | |
| | | Has the entity taken any steps, or does it propose to take any cash to fund its operations and, if so, what are those steps and believe that they will be successful? | | |
| | Answer: Yes, the Company is currently evaluating potential capital raising and other alternatives. The Company also holds a substantial shareholding position of 10 billion shares approximately in Lakes Blue Energy NL (ASX-LKO), and these shares are now requoted on ASX. At the current share price for LKO shares on ASX these LKO shares have a value of approximately \$10 m. Based on its track record, and that of its Directors, the Company is confident that its future treasury management and capital raising initiatives will continue to be successful. | | | |
| | 8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis? | | | |
| | Answer | : Yes, in addition to the capital raisings already undertaken ir 31 June 2022, the Directors remain confident in the Compa value of its shareholding in Lakes Blue Energy, and in the continue to raise capital as required to fund the business. | any's projects, the | |
