

LaserBond Ltd Corporate Governance Statement

Unless disclosed otherwise, all the best practice recommendations of the ASX Corporate Governance Council have been applied by the Company. The information reported is as at 30 June 2022 financial year reporting period.

Principle 1: Lay Solid Foundations for Management and Oversight

A listed entity should clearly delineate the respective roles and responsibilities of its Board and Management, and regularly review their performance.

1.1 A listed entity should have and disclose a board charter setting out:

- a) *the respective roles and responsibilities of its board and management; and*
- b) *those matters expressly reserved to the board and those delegated to management.*

The Company's Board is responsible for its corporate governance practices. The Board develops strategies for the Company's business, reviews strategic objectives, and monitors performance against those objectives. The goals of the corporate governance processes are to:

- a) Maintain and increase Shareholder value;
- b) Ensure a prudential and ethical basis for the Company's conduct and activities; and
- c) To ensure compliance with the Company's legal and statutory objectives.

Consistent with these goals, the Board assumes the following responsibilities:

- a) Developing initiatives for profit and asset growth;
- b) Reviewing the corporate, commercial, and financial performance of the Company on a regular basis;
- c) Acting on behalf of, and being accountable to, the Shareholders; and
- d) Identifying business risks and implementing actions to manage those risks and corporate systems to assure quality.

The company in general meetings is responsible for the appointment of the external auditors of the Company, and the board from time to time will review the scope, performance and fees of those external auditors.

Roles and responsibilities of senior executives are agreed to by the Board and are based on Strategic plans, Financial Budgets, and the available skills and experience of Senior Executives.

The Board expects all senior executives to meet all targets as required by strategic plans, financial budgets, key performance indicators, and formal job descriptions. Performance is evaluated annually via a formal Performance Appraisals process.

1.2 A listed entity should

- a) *Undertake appropriate checks before appointing a director or senior executive or putting someone forward for election, as a director; and*
- b) *Provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

The election and re-election of Board members is substantially the domain of the Shareholders in general meetings. However, subject thereto, the Company is committed to the following principles:

- a) The board's objective is to comprise Directors with a blend of skills, experience, and attributes appropriate for the Company and its business; and
- b) The principal criterion for the appointment of new Directors is their ability to add value to the Company based on (a) above.

1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

All executive directors and senior executives have formal contracts in the form of Employment Agreements, Letter of Employment and/or Job Descriptions. Non-executive directors have provided their consent to act as directors with fixed fees and terms based on re-election by Shareholders at a general meeting.

1.4 The Company Secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with proper functioning of the board.

The Company Secretary is accountable directly to the Board through the Chairperson, on all matters to do with the proper functioning of the board.

1.5 A listed entity should

- a) *Have and disclose a diversity policy;*
- b) *Through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and*
- c) *Disclose in relation to each reporting period:*
 - a. *The measurable objectives set for that period to achieve gender diversity;*
 - b. *The entity's progress towards achieving those objectives; and*
 - c. *The respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined 'senior executive' for these purposes)*

LaserBond Ltd is an equal employment opportunity employer that values and promotes diversity. Diversity encompasses age, gender, ethnicity, physical abilities, religious beliefs, language, political beliefs, sexual orientations, etc.

The Company believes that by bringing together people from diverse backgrounds who contribute based on their skills, experiences, and perspectives, we can deliver the best value and sustainability for LaserBond and its shareholders.

LaserBond's approach to ensuring diversity within the Company is based on the following objectives:

- a) Promotion of a culture of diversity amongst employees.
- b) Elimination of any barriers to achieving a diverse workplace.
- c) Ensuring all recruitment and selection processes are based on merit alone.
- d) Providing opportunities for development to all employees in order to enhance productivity and build teams with a balance of skills, experience, and perspectives.
- e) Rewarding and remunerating fairly.

- f) Promotion of flexible work practices that balance each employee's personal situation or needs with the needs of the Company.

The Board reviews these objectives and assesses the performance against them annually and ensures all objectives remain current and have been achieved to the levels desired at this date. Individual divisions may also set measurable objectives relevant to their particular operating contexts.

One of the challenges for gender diversity stems from the fact that almost all LaserBond's entire workforce is employed in skilled metals engineering positions (including apprenticeships for those positions). Unfortunately, these positions rarely attract female applicants. The Company however continues to encourage position applications from females to redress this situation. In addition, diversity throughout the Company (including improving gender diversity balance) will remain a focus.

The representation of female employees as at 30 June 2022 was as follows:

- a) Total workforce – 12% (15 of 124)
- b) Senior Executive – 17% (1 of 6)
- c) Board – 0% (0 of 4)

Senior executives are defined as those persons who report directly to the Board or CEO of the business.

1.6 A listed entity should

- a) Have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- b) Disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

A process of periodically evaluating the performance of the board and its committees (including members) is in place. A formal performance evaluation was conducted in June 2022.

1.7 A listed entity should

- a) Have and disclose a process for periodically evaluating the performance of its senior executives; and
- b) Disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

An annual performance evaluation of all employees, including senior executives, is undertaken formally at the end of each financial year. A formal performance evaluation of the senior executives occurred in June 2022.

Principle 2: Structure the Board to be Effective and Add Value

The Board of a listed entity should be of an appropriate size and collectively have the skills, commitment, and knowledge of the entity, and the industry in which it operates, to enable it to discharge its duties effectively, and to add value.

2.1 A board of a listed entity should

- a) Have a nomination committee which has at least three members, a majority of whom are independent directors and is chaired by an independent director; and
- b) Disclose the charter of the committee, the members of the committee and as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings.

The Nomination Committee members consist of two independent directors (Ian Neal and Philip Suriano) and one executive director (Matthew Twist), and is chaired by an independent director.

The functions of the Committee are to review and make recommendations to the Board in respect of:

- a) The size and composition of the Board, including all committees.
- b) The appropriate mix of qualifications, skills, experience, expertise, and diversity required on the Board, and the assessment to which these are represented on the Board.
- c) Develop and review succession plans for the Board.
- d) Manage the identification and interview process for additional Board members, including recommendations to enable Board support of any nominations for election.
- e) Director induction, independence assessment, and performance evaluation functions.

The Nomination Committee was formed in May 2022, therefore did not meet formally during the reporting period. However, prior to the committee development, the Board, in consultation with the Company's professional advisors, acted as the Nomination Committee.

2.2 A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The Board is committed to ensuring that the composition of the Board of Directors with a blend of skills, experience and attributes appropriate for the Company and its business. The skills, experience, and expertise relevant to the position of each Director who is in office at the date of this annual report and their term of office are detailed in the Directors' report.

2.3 A listed entity should disclose

- a) The names of the directors considered by the board to be independent directors;
- b) If a director has an interest, position, association or relationship of the type described in Box 2.3 (of the ASC Corporate Governance Principles & Recommendations) but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and
- c) The length of service of each director.

Details of the Board including their terms of office are set out in the Directors' Report under the heading "Directors"

The board assesses the independence of directors annually. For this process, the directors must provide all information relevant to this assessment. In order to assess the independence of each director, a director must be a non-executive and the board considers whether the director:

- a) Is, or has been, employed in an executive capacity by the business and there has not been a period of at least three years between ceasing such employment and serving on the board, receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, the business.
- b) is or has been within the last three years a principal of a material customer, supplier, subcontractor, professional adviser or consultant to the Company, or has an indirect association with same.
- c) Is, represents or has been within the last three years a substantial shareholder, or associated directly with a substantial shareholder.
- d) Has close personal ties with any person who falls within any of the categories described above; or
- e) Has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

The existing non-executive directors of the Company based on this assessment continue to be deemed independent.

2.4 *A majority of the Board of a listed entity should be independent directors.*

The Board currently comprises two independent Directors representing 50% of the Board. The intent is to increase the Board in the future as appropriate for the size and complexity of the business. Importantly, the composition will provide representatives on the Board who have specialised experience and knowledge of the business.

2.5 *The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.*

The chairperson, Mr. Philip Suriano, is an independent director and does not hold the position of Chief Executive Officer.

2.6 *A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their roles as directors effectively.*

The Board offers all potential directors a period of time as a Board observer to ensure their suitability, experience and value to be provided to the Board prior to any formal appointment. During this period, they are afforded the time to engage with senior executives as required to gain an understanding of the business operations, its history, culture, and key risks.

Ongoing professional development of Board members is considered by the Nomination Committee annually when assessing the Board for the appropriate mix of qualifications, skills, experience, expertise, and diversity required.

Principle 3: Instill a Culture of Acting Lawfully, Ethically and Responsibly

A listed entity should instil and continually reinforce a culture across the organization of acting lawfully, ethically, and responsibly.

3.1 *A listed entity should articulate and disclose its values.*

LaserBond's values are published on our website: <http://www.laserbond.com.au/values.html>

3.2 *A listed entity should*

- a) *Have and disclose a code of conduct for its directors, senior executives and employees; and*
- b) *Ensure that the board or a committee of the board is informed of any material breaches of that code.*

It is the Board's responsibility to ensure an effective internal control framework exists. This includes internal controls to deal with the effectiveness and efficiency of significant business processes, the safeguarding of assets, the maintenance of proper accounting records, and the reliability of financial information as well as non-financial considerations such as the benchmarking of operational key performance indicators.

The Board assumes the responsibility for the establishment and maintenance of a framework of internal control and ethical standards for the effective management of the Company.

The Board seeks independent professional advice prior to making any business decisions that may affect the performance of the Company or its securities. Also, subject to the Chairperson's approval (not to be unreasonably withheld), the Directors, at the Company's expense, may obtain independent professional advice on issues arising in the course of their duties.

All directors, senior executives, and employees will:

- a) Act in the best interests of the entity;
- b) Act honestly and with high standards of personal integrity;
- c) Comply with the laws and regulations that apply to the entity and its operations;
- d) Not knowingly participate in any illegal or unethical activity;
- e) Not enter into any arrangement or participate in any activity that would conflict with the entity's best interests or that would be likely to negatively affect the entity's reputation;
- f) Not take advantage of the property or information of the entity or its customers for personal gain or to cause detriment to the entity or its customers; and
- g) Not take advantage of their position or the opportunities arising there from for personal gain.

3.3 *A listed entity should:*

- a) *Have and disclose a whistle-blower policy; and*
- b) *Ensure that the board or a committee of the board is informed of any material incidents reported under that policy.*

LaserBond's Whistle-blower Protection Policy is published on our website: <http://www.laserbond.com.au/about-us/policies.html>

3.4 *A listed entity should:*

- a) *Have and disclose an anti-bribery and corruption policy; and*
- b) *Ensure that the board or a committee of the board is informed of any material incidents reported under that policy.*

LaserBond's Anti-Bribery & Corruption Policy is published on our website: <http://www.laserbond.com.au/about-us/policies.html>

Principle 4: Safeguard the Integrity of Corporate Reports

A listed entity should have appropriate processes to verify the integrity of its corporate reports.

4.1 The board of a listed entity should

- a) *Have an audit committee which has at least three members (all of whom are non-executive directors and a majority of whom are independent directors) and is chaired by an independent director who is not the chair of the board; and*
- b) *disclose the charter of the committee, the relevant qualifications and experience of the members of the committee and the number of times the committee met throughout the reporting period including the individual attendances of the members at those meetings.*

The Audit Committee members consist of two independent directors, (Ian Neal and Philip Suriano) and one executive director (Matthew Twist) and is not chaired by the chairperson of the Board.

Whilst not in accordance with the best practice recommendation, the Company is of the view that such an approach is appropriate at present given the size of the existing Board. When the Board does consider that the Company is of sufficient size to justify the appointment of additional Directors, this committee will appoint a further independent director accordingly.

The functions of the Committee are to review and make recommendations to the Board in respect of:

- a) The adequacy of accounting control systems, and application of administrative, operating and accounting policies.
- b) The financial statements complying with appropriate accounting standards and presenting a true and fair view of the financial position and performance.
- c) The appropriateness of accounting judgments or choices exercised in preparing the financial statements.
- d) The review and approval of half-yearly and annual financial reports before release to the market.
- e) The appointment or removal of the external auditor.
- f) The rotation of the audit engagement partner.
- g) The scope and adequacy of the external audit.
- h) The independence and performance of the external auditor.
- i) The approval of the payment of external auditor's fees.
- j) Proposals for the external auditor to provide non-audit services and ensuring no compromise of their independence.

The Audit Committee has met twice during the reporting period, with 100% attendance of members (at the time of meeting), in conjunction with the preparation of the financial reports.

4.2 The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Board has received the appropriate declarations from its CEO and CFO related to this reporting period.

4.3 A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

If the Board releases a periodic corporate report to the market that is not audited or reviewed by an external auditor, it will disclose in the report itself the process by which they are satisfied the report is materially accurate.

Principle 5: Make Timely and Balanced Disclosure

A listed entity should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

5.1 A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

Both the Chief Executive Officer (or equivalent) and Company Secretary (or equivalent) are responsible for ensuring that all disclosure requirements and full compliance is met, after review and approval of information to be disclosed by each board member.

5.2 A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made.

The board as a group reviews and approves all Company announcements prior to release to the market. In addition, all board members receive automatic email notifications on all market announcements through the ASX Online platform.

5.3 A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

The board ensures that all presentation materials where any information likely to be disclosed has not already been disclosed to the market and would be expected to have a material effect on the price or value of securities (unless an exception to immediate disclosure exists as per ASX Listing Rule 3.1A) are released through the ASX Market Announcements Platform.

Principle 6: Respect the Rights of Security Holders

A listed entity should provide its security holders with appropriate information and facilities to allow them to exercise those rights effectively.

6.1 A listed entity should provide information about itself and its governance to investors via its website.

The Company's website includes detailed information about itself, and through an investor's relation link, its governance to investors.

6.2 *A listed entity should have investor relations program that facilitates effective two-way communication with investors.*

The board aims to ensure that shareholders are informed of all major developments affecting the Company's state of affairs by issuing announcements to ASX, thereby complying with its continuous disclosure obligations. These announcements are made subsequent to any pertinent information being made aware to the board or the Company. All announcements are reviewed and approved by each board member to ensure the information is disclosed accurately.

6.3 *A listed entity should disclose how it facilitates and encourage participation at meetings of security holders.*

The Board recommends and requests the participation of all shareholders at general meetings by formal, written notice of meetings. Where a shareholder is unable to attend a general meeting to exercise their right to ask questions about, or make comments on, the Management of the entity the Board encourages these shareholders to submit questions to the Chief Executive Officer or Company Secretary in advance of the meeting to allow these questions and comments to be reviewed and added to the Chairperson's (or other directors) address at the general meeting.

6.4 *A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.*

The Chairperson, with the support of the Company Secretary, ensures that where a vote of a substantive resolution cannot be achieved with certainty on a show of hands, including those votes received in advance of the meeting via proxy, the meeting will be postponed whilst a poll is immediately taken. Any decision for a poll to be taken on a procedural resolution will be a matter for the Chair of the meeting.

6.5 *A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.*

The Company provides an email address of corporate@laserbond.com.au for all shareholders to communicate directly. Shareholders may also direct our registry to provide materials via email.

Principle 7: Recognise and Manage Risk

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

7.1 *A listed entity should have a committee or committees to oversee risk which has at least three members, a majority of whom are independent directors and is chaired by an independent director. The listed entity shall disclose the charter of the committee, the members of the committee and as at the end of each reporting period the number of times the committee met throughout the period, including the individual attendances at those meetings.*

The Risk Committee members consist of two independent directors (Ian Neal and Philip Suriano) and one executive director (Matthew Twist), and is chaired by an independent director.

The functions of the Committee are to review and make recommendations to the Board in respect of:

- a) The design and implementation of a structured risk management framework that provides Management and the Board with comfort that all risks are being identified and managed effectively.
- b) The monitoring and evaluation of the risk management framework, and its effectiveness on minimizing risk that may adversely impact on the business objectives or strategies.
- c) Ensuring the management of risk is integrated into the development of strategic and business plans, and the achievement of the Company's vision and values.
- d) The Corporate Governance Statement in the Annual Report
- e) Compliance with meeting its legal, regulatory and statutory obligations.

The risk committee has met once during the reporting period.

7.2 *The board or a committee of the board should*

- a) *Review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and*
- b) *Disclose, in relation to each reporting period, whether such a review has taken place.*

The Risk committee determines the Company's "risk profile" and is responsible for overseeing and approving the risk management strategy and policies, internal compliance and internal control. The committee's collective experience will enable accurate identification of the principal risks that may affect the Company's business. Key operational risks and their management are recurring items for consideration at Board meetings. A risk review has taken place during this reporting period.

7.3 *A listed entity should disclose if it has an internal audit function, how the function is structured and what role it performs.*

The Company has no formal internal audit function due to both the size of the Board and the business. However, the Risk Committee's role includes the requirement to ensure a systematic, disciplined approach to evaluating and continually improving the effectiveness of its risk management and internal control processes.

7.4 *A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.*

The Company has no known material exposure to environmental and social risks.

Principle 8: Remunerate Fairly and Responsibly

A listed entity should pay director remuneration sufficient to attract and retain high-quality directors and design its executive remuneration to attract, retain and motivate high-quality senior executives and to align their interests with the creation of value for security holders and with the entity's values and risk appetite.

8.1 The board of a listed entity should have a remuneration committee, which has at least three members, a majority of whom are independent directors and is chaired by an independent director. The listed entity will also disclose the charter of the committee, the members of the committee and as at the end of each reporting period the number of times the committee met throughout the period, including the original attendances at those meetings.

The Remuneration Committee members consist of two independent directors (Philip Suriano & Ian Neal) and one executive director (Matthew Twist), and is chaired by an independent director.

The functions of the Committee are to review and make recommendations to the Board in respect of:

- a) The remuneration of the CEO, including the terms of the employment contract, and conducted on an annual basis.
- b) The CEO's recommendations regarding remuneration for staff, ensuring alignment with market trends to retain staff and remain competitive.
- c) The CEO's performance and key performance indicators for the determination of short and long-term bonus components if applicable.
- d) Any incentive plans or ex-gratia payments to the CEO or other employees.
- e) Any grievances or complaints about remuneration.
- f) Diversity issues identified.
- g) The alignment of remuneration and incentive policies, practices, and performance indicators with the Board's vision, values, and overall business objectives.
- h) A review of remuneration categories including appropriateness of existing authorities as per the Delegated Authority Policy and adherence to said remuneration authorities.

The remuneration committee has met once during the reporting period.

8.2 A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive director and the remuneration of executive directors and other senior executives.

The non-executive Directors do not receive performance-based bonuses, however, up until 30 June 2021 they may have been eligible for additional remuneration as share-based payments, reviewed annually by the Board and subject to approval by shareholders at a general meeting. Effective 1st July 2022, the Board decided that non-executive directors will no longer be eligible for additional remuneration as share-based payments.

The Company's constitution provides that the remuneration of non-executive Directors will be no more than the aggregate fixed sum determined by a general meeting. The current limit, which may only be varied by Shareholders in general meetings, is an aggregate amount of \$300,000 per annum.

The remuneration of executive directors and other senior executives is reviewed and determined by the Remuneration Committee. When establishing and reviewing the remuneration of Directors and Senior Management the group will apply the broad principles of a fair and equitable standard of remuneration commensurate with the qualifications and experience each member brings to the Company. The Remuneration Committee members that have a direct or vested interest in the establishment and review of remuneration will be excluded from the process.

8.3 A listed entity which has an equity-based remuneration scheme should have a policy on whether participants are permitted to enter into transactions which limit the economic risk of participating in the scheme. The listed entity shall also disclose that policy.

- a) The Company has one existing equity-based remuneration scheme which is a tax-exempt employee share plan to recognise an employee's efforts by awarding up to \$1,000 tax-free shares per annum. An employee becomes entitled to take part in the scheme after three years of full-time employment. The shares are issued at the closing price on the ASX on the day any issue is formally approved by the board. No employee is permitted to enter into any agreement which limits their economic risk on shares issued through this scheme.
- b) Until 30 June 2021 the non-executive directors were paid quarterly fixed fees, reviewed annually. Further, if a non-executive director held their Board position for the full twelve months of each reporting period they may have been eligible for non-cash benefits of a fixed quantity of LaserBond shares reviewed annually by the Board and based on approval by shareholders at a general meeting. The last non-cash benefit for non-executive directors was related to the 2021 fiscal year with the shares issued in the 2022 fiscal year, subsequent to shareholder approval at the 2021 Annual General Meeting. From 1 July 2021 non-executive directors will only be paid quarterly fixed fees.
