¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council’s recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity’s corporate governance statement. They serve different purposes and an entity must produce each of them separately.

Corporate Governance Statement FY2022

The Board of Cardno Limited believes that the success of the Cardno business is strengthened by implementing clearly articulated policies to enhance accountability, efficiency and the reliable measurement of performance.

The governance measures adopted by the Board reflect the Board's endorsement of the recommendations contained in the ASX Corporate Governance Council's Principles and Recommendations, 4th edition, referred to as "the Principles". This Corporate Governance Statement discloses the extent to which Cardno meets the Principles and if it does not, why not. The commentary addresses the reasons for any departure from the requirements and the following legend has been used to summarise the status of Cardno's compliance with the Principles:

Cardno practices meet the Principle	
Cardno is working towards meeting the Principle	

PRINCIPLE 1 – Lay solid foundations for management and oversight

1.1	The Board has outlined in its charter, its roles and responsibilities. The Board delegates to the senior management team, responsibility for the implementation of Cardno's corporate strategy, its business plans and the day-to-day management of its operations.	
1.2	Appropriate checks have been carried out on all Board members prior to their appointment. The Company provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director at general meetings.	

1.3	All Directors and senior executives have a written agreement with the Company setting out the terms of their appointment.	☑
1.4	The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board and this is specifically outlined in both the position description for that role and under the Board Charter.	☑
1.5	<p>The Company is committed to ensuring an inclusive workplace that encourages and embraces diversity. The Company has a Diversity Policy which provides a framework for the Company to achieve workplace diversity and includes requirements for the Board to set measurable objectives.</p> <p>The Diversity Policy is available on the Company's website.</p> <p>The current Board has not established measurable targets for achieving gender diversity across the Company.</p> <p>The respective proportions of men and women on the Board, in senior executive positions and across the Company have not been reported due to the changes to and significant downsizing of staff numbers throughout the financial year in connection with the separate sale transactions of the Company's Asia Pacific and Americas consulting divisions in December 2021, and the International Development business in June 2022.</p>	⊙
1.6	At regular intervals the Board reviews and evaluates its performance against its role, corporate governance policies, and agreed goals and objectives.	☑
1.7	Performance reviews for senior executives take place at least annually and occurred within this reporting period. The Remuneration Committee has responsibility under the charter to oversee these reviews. The Company aims to ensure the appropriate disclosures in the remuneration report are made in relation to each reporting period as to the performance evaluations that were undertaken and the process that was followed.	☑

PRINCIPLE 2 – Structure the Board to be effective and add value

2.1	<p>Throughout FY22 the Nomination Committee continued to operate as a function of the full Board of Directors rather than being delegated to a permanent sub-committee. When required for specific purposes related to the composition and evaluation of the Board, a sub-committee chaired by an independent non-executive director is formed.</p> <p>The Board considers this arrangement appropriate at present given that all major Nomination Committee decisions are taken to the full Board for approval in any event.</p>	
2.2	<p>Directors with the desired skills and expertise are carefully selected for appointment to the Board. In particular, the Board considers the skills and expertise required to complement the existing Directors and the needs of the Cardno business. The strengths, weaknesses and skills of the current Directors have been identified and are considered when making new appointments to the Board. Skills and capabilities of directors are set out in the 2022 Annual Report.</p> <p>The Board Skills Matrix is as appended.</p>	
2.3 & 2.4	<p>The Board Charter sets out the criteria adopted by the Board for considering if a Director is independent. Until 9 December 2021 the Board comprised of six members, three of whom were independent. S Sherman, J Forbes and R Ranich were considered independent as none of them had a material shareholding in the Company or was an advisor or supplier to the Company or has any other material contractual relationship with the Company other than their position as a Director.</p> <p>With effect from 9 December 2021 the Board comprised of three members being, M Alscher, N Thompson and J Forbes.</p> <p>Accordingly, the Board does not presently consist of a majority of independent directors. The Board recognises and relies on the Directors' collective experience, expertise, skills, qualifications and contacts relevant to the business of the Company to discharge its obligations and for those non-independent directors to exercise independent judgement.</p>	
2.5	<p>Currently the Chair, M Alscher is not an independent Director due to his association with Crescent Capital, a majority shareholder of Cardno. The Board considers it appropriate for M Alscher to act as the Chair given Crescent Capital's majority shareholding.</p>	
2.6	<p>All Non-Executive and Executive Directors have had an extensive induction into the business of the Company prior to accepting their appointment and have received continuing information on the Company and its operations since being appointed. Directors are also given access to continuing education in relation to the Company extending to its business, the industry in which it operates, and other information required by them to discharge the responsibilities of their office.</p>	

PRINCIPLE 3 – Instill a culture of acting lawfully, ethically and responsibly

3.1	<p>Cardno has committed to a set of core values that guides the results we achieve and shapes how we deliver them. Everyone at Cardno shares our four core values and their underpinning beliefs:</p> <p>Safety: creating a safe environment for our people, clients and the communities we impact should always come first.</p> <p>Integrity: knowing and doing the right thing will lead to satisfied employees, clients, investors and better financial performance.</p> <p>People: what’s good for our people, communities and the world we live in, can be good for business.</p> <p>Excellence: the delivery of high-quality services creates value for clients, communities and investors.</p>	
3.2	<p>Cardno has adopted a code of conduct for its directors, senior executives and employees, a copy of which is available on the Company’s website.</p>	<input checked="" type="checkbox"/>

PRINCIPLE 4 – Safeguard the integrity of corporate reports

4.1	<p>The Board has established an audit, risk and compliance committee (ARCC). The ARCC is comprised of Non-executive and Executive Directors. Its composition being:</p> <ul style="list-style-type: none"> > Jeff Forbes (Chair, Independent Non-executive Director) > Michael Alscher (Non-executive Director) > Nathaniel Thomson (Executive Director) from 24 February 2022 <p>The 2022 Annual Report provides information on the number of times the committee met throughout the period and individual attendances of the members.</p> <p>The qualifications of the members of the ARCC are set out in the Board of Directors’ section of the 2022 Annual Report. A copy of the ARCC’s charter is available on the Company’s website.</p>	<input checked="" type="checkbox"/>
-----	--	-------------------------------------

4.2	The Board of Cardno requires declarations and management representations in respect of the financial records and information of the business from management and the CFO prior to approving both the half-year and full-year results.	☑
4.3	Cardno's external auditor will be requested to attend the AGM and make themselves available to answer questions from security holders relevant to the audit.	☑

PRINCIPLE 5 – Make timely and balanced disclosure

5.1	The Board has established a written continuous disclosure policy, a copy of which is available on the Company's website, to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability for compliance.	☑
5.2	Cardno's Company Secretary ensures that the Board receives copies of all material market announcements promptly after they have been made.	☑
5.3	All new and substantive investor or analyst presentations are released to the ASX Market Announcements Platform ahead of the presentation.	☑

PRINCIPLE 6 – Respect the rights of security holders

6.1	Cardno's website contains an easily located link to shareholder information, including corporate governance information such as details of directors and senior executives, its constitution, its board charter, charters of each of its board committees and corporate governance policies. The website also links to copies of Cardno's annual reports and financial statements, announcements to the ASX, notices of meetings and webcasts. The website is a key communication tool between the Company and its shareholders. https://cddho.com.au	☑
6.2	Cardno's investor relations program seeks to facilitate effective two-way communication with investors and a conscious effort is made to meet with investors during the year and particularly after the release of the half and full year results.	☑
6.3	The Board recognises the important rights of shareholders and strives to communicate with shareholders regularly and clearly. The Board has adopted a Shareholder Communications Policy and provides shareholders with the opportunity to participate in shareholder meetings and to have questions addressed irrespective of whether the shareholder is able to attend.	☑
6.4	All shareholders of Cardno are provided substantive resolutions at the Annual General Meeting and decided by a poll rather than by a show of hands.	☑
6.5	All shareholders of Cardno are able to communicate with the Company and its share registry electronically and in fact this method of communication is encouraged.	☑

PRINCIPLE 7 – Recognise and manage risk

7.1	The Board has established a combined audit, risk and compliance committee (ARCC). The ARCC is comprised only of Non- executive and Executive Directors. The composition is set out under principle 4.1 above. Details of qualifications of the members of the ARCC are set out in their biographies under Board of Directors in the Company's annual financial statements. A copy of the ARCC's charter is on the Company's website.	☑
-----	--	---

<p>7.2</p>	<p>Cardno has established an enterprise risk management framework for the Cardno Group, that seeks to ensure enterprise risks are identified, assessed and managed. The Board has appointed the ARCC to assist it with discharging its oversight function in respect of enterprise risks and to determine if the system of risk management is sound. The ARCC recognises that the enterprise risk framework will continue to mature and is satisfied that it is operating effectively and that management, the committee and the Board are clear on their roles and responsibilities in managing and mitigating risks.</p> <p>The ARCC reviews the framework on a regularly scheduled basis throughout each calendar year.</p> <p>A copy of Cardno’s enterprise risk management policy can be found on the Company’s website.</p>	<p style="text-align: center;">☑</p>
<p>7.3</p>	<p>Until the end of December 2021, Cardno had an independent, objective assurance and consulting Internal Audit (IA) function that assisted management and the Board of Directors (through the ARCC) in the effective discharge of their responsibilities relating to risk management and internal control. IA helped Cardno achieve its objectives by systematically evaluating and improving the effectiveness of risk management, control processes, and governance and by implementing best practices through a process of open communication, professionalism, and trust.</p> <p>Post December 2021, the significantly downsized Cardno Group could no longer support an IA function, however the objectives outlined above continue to be a focus for management across the business. All staff continue to comply with the risk management framework and delegated authorities, with regular reporting to the ARCC relating to risk management and internal controls.</p>	<p style="text-align: center;">☑</p>
<p>7.4</p>	<p>As a listed global organisation Cardno is exposed to economic sustainability risks including exposure to the Australian, USA and other international economies, plus market sectors such as commodity prices and infrastructure development. Cardno has historically sought to mitigate these risks through its business diversity and the strategic and operational actions of Board and management. With regards to the Social Sustainability of Cardno, the organisation has a Code of Conduct, Whistle Blower hotline, Anti-bribery training, Fraud Awareness training and the continued and ongoing investment in Global Health and Safety initiatives. Cardno regards its exposure to environmental sustainability risks as low.</p>	<p style="text-align: center;">☑</p>

PRINCIPLE 8 – Remunerate fairly and responsibly

8.1	During FY22 Cardno’s Board determined that all the functions of the Nominations and Remuneration Committee would be managed by the Board and that the Remuneration Committee would be dissolved. The Board believes that all Board members’ experience, views and perspectives should be leveraged through full participation in the Board’s nominations and remuneration processes and discussions	
8.2	Remuneration of Non-executive Directors is reviewed annually by the Board, considering external benchmarking. Remuneration of senior executives is also reviewed annually and is offered through a mix of fixed and variable remuneration including short and long term performance-based incentives, designed to maximise the financial performance and growth of the Company over time. Remuneration for senior executives is benchmarked against similar roles in comparable companies.	
8.3	Cardno’s Dealing in Cardno Stock Group Mandatory Requirement specifically prohibits any Director, Senior Manager, financial services employee or employee from transacting in short selling, trading in products which limit the risk associated with the holding of unvested securities or profiting from trading in securities which decrease in market value.
